#	Paper	IF	Citations
106	Predictors of psychological morbidity in parents of children with intellectual disabilities. <i>Journal of Pediatric Psychology</i> , <b>2008</b> , 33, 1129-36	3.2	99
105	The Experiences of Parents During Diagnosis and Forward Planning for Children with Autism Spectrum Disorder. <i>Journal of Applied Research in Intellectual Disabilities</i> , <b>2010</b> , 23, 390-397	2.2	81
104	Parental stress is associated with poor sleep quality in parents caring for children with developmental disabilities. <i>Journal of Pediatric Psychology</i> , <b>2010</b> , 35, 728-37	3.2	72
103	Parental caregivers of children with developmental disabilities mount a poor antibody response to pneumococcal vaccination. <i>Brain, Behavior, and Immunity</i> , <b>2009</b> , 23, 338-46	16.6	70
102	Happy and a bit Nervous—the experiences of children with autism in physical education. <i>British Journal of Learning Disabilities</i> , <b>2013</b> , 41, 222-228	1	69
101	A comparison of acute and long-term health-care personnel's attitudes towards older adults. <i>International Journal of Nursing Practice</i> , <b>2006</b> , 12, 273-9	2.3	66
100	Loneliness and acute stress reactivity: A systematic review of psychophysiological studies. <i>Psychophysiology</i> , <b>2018</b> , 55, e13031	4.1	63
99	Depression and chronic health conditions in parents of children with and without developmental disabilities: the growing up in Ireland cohort study. <i>Research in Developmental Disabilities</i> , <b>2014</b> , 35, 448-54	2.7	58
98	Loneliness, Living Alone, and All-Cause Mortality: The Role of Emotional and Social Loneliness in the Elderly During 19 Years of Follow-Up. <i>Psychosomatic Medicine</i> , <b>2019</b> , 81, 521-526	3.7	56
97	Social support and mastery influence the association between stress and poor physical health in parents caring for children with developmental disabilities. <i>Research in Developmental Disabilities</i> , <b>2014</b> , 35, 2215-23	2.7	53
96	The influence of self-esteem and social support on the relationship between stigma and depressive symptomology in parents caring for children with intellectual disabilities. <i>Journal of Intellectual Disability Research</i> , <b>2015</b> , 59, 948-57	3.2	52
95	Social support is associated with blood pressure responses in parents caring for children with developmental disabilities. <i>Research in Developmental Disabilities</i> , <b>2012</b> , 33, 2099-105	2.7	48
94	Preliminary evidence that morning vaccination is associated with an enhanced antibody response in men. <i>Psychophysiology</i> , <b>2008</b> , 45, 663-6	4.1	46
93	Enhancing social relationships through positive psychology activities: a randomised controlled trial. <i>Journal of Positive Psychology</i> , <b>2016</b> , 11, 149-162	3.2	42
92	The association between stress and physical health in parents caring for children with intellectual disabilities is moderated by children's challenging behaviours. <i>Journal of Health Psychology</i> , <b>2013</b> , 18, 1220-31	3.1	40
91	Social support, social intimacy, and cardiovascular reactions to acute psychological stress. <i>Annals of Behavioral Medicine</i> , <b>2009</b> , 37, 38-45	4.5	40
90	Caregiving is associated with low secretion rates of immunoglobulin A in saliva. <i>Brain, Behavior, and Immunity</i> , <b>2008</b> , 22, 565-72	16.6	40

89	Social support mediates the association between benefit finding and quality of life in caregivers. <i>Journal of Health Psychology</i> , <b>2016</b> , 21, 1126-36	3.1	39
88	Parents' concerns about future pregnancy after stillbirth: a qualitative study. <i>Health Expectations</i> , <b>2017</b> , 20, 555-562	3.7	36
87	Determinants of older adults' intentions to vaccinate against influenza: a theoretical application. <i>Journal of Public Health</i> , <b>2006</b> , 28, 139-44	3.5	34
86	Caregiving for children with developmental disabilities is associated with a poor antibody response to influenza vaccination. <i>Psychosomatic Medicine</i> , <b>2009</b> , 71, 341-4	3.7	33
85	Behaviour change interventions to promote physical activity in rheumatoid arthritis: a systematic review. <i>Rheumatology International</i> , <b>2015</b> , 35, 1631-40	3.6	32
84	Social identity influences stress appraisals and cardiovascular reactions to acute stress exposure. <i>British Journal of Health Psychology</i> , <b>2014</b> , 19, 566-79	8.3	32
83	Symptoms of depression in non-routine caregivers: the role of caregiver strain and burden. <i>British Journal of Clinical Psychology</i> , <b>2009</b> , 48, 335-46	3.6	32
82	Feeling Thanks and Saying Thanks: A Randomized Controlled Trial Examining If and How Socially Oriented Gratitude Journals Work. <i>Journal of Clinical Psychology</i> , <b>2017</b> , 73, 1280-1300	2.8	29
81	Affiliative and "self-as-doer" identities: Relationships between social identity, social support, and emotional status amongst survivors of acquired brain injury (ABI). <i>Neuropsychological Rehabilitation</i> , <b>2015</b> , 25, 555-73	3.1	29
80	Effect of exercising at minimum recommendations of the multiple sclerosis exercise guideline combined with structured education or attention control education - secondary results of the step it up randomised controlled trial. <i>BMC Neurology</i> , <b>2017</b> , 17, 119	3.1	29
79	Risk of depression in family caregivers: unintended consequence of COVID-19. <i>BJPsych Open</i> , <b>2020</b> , 6, e119	5	29
78	Psychosocial factors are associated with the antibody response to both thymus-dependent and thymus-independent vaccines. <i>Brain, Behavior, and Immunity</i> , <b>2008</b> , 22, 456-60	16.6	27
77	The impact of anticipated stigma on psychological and physical health problems in the unemployed group. <i>Frontiers in Psychology</i> , <b>2015</b> , 6, 1263	3.4	26
76	A Cluster Analysis of Reported Sleeping Patterns of 9-Month Old Infants and the Association with Maternal Health: Results from a Population Based Cohort Study. <i>Maternal and Child Health Journal</i> , <b>2015</b> , 19, 1881-9	2.4	25
75	Social support is positively associated with the immunoglobulin M response to vaccination with pneumococcal polysaccharides. <i>Biological Psychology</i> , <b>2008</b> , 78, 211-5	3.2	25
74	Changing Physical Activity Behavior in People With Multiple Sclerosis: A Systematic Review and Meta-Analysis. <i>Archives of Physical Medicine and Rehabilitation</i> , <b>2018</b> , 99, 2059-2075	2.8	24
73	Evaluating personality as a moderator of the association between life events stress and cardiovascular reactivity to acute stress. <i>International Journal of Psychophysiology</i> , <b>2018</b> , 126, 52-59	2.9	24
72	Parental decision making around perinatal autopsy: a qualitative investigation. <i>Health Expectations</i> , <b>2015</b> , 18, 3160-71	3.7	24

71	Happy but unhealthy: The relationship between social ties and health in an emerging network. <i>European Journal of Social Psychology</i> , <b>2014</b> , 44, 612-621	2.9	23
70	Randomised controlled pilot trial of an exercise plus behaviour change intervention in people with multiple sclerosis: the Step it Up study. <i>BMJ Open</i> , <b>2017</b> , 7, e016336	3	22
69	Acquired brain injury: combining social psychological and neuropsychological perspectives. <i>Health Psychology Review</i> , <b>2014</b> , 8, 458-72	7.1	22
68	A randomised controlled trial of an exercise plus behaviour change intervention in people with multiple sclerosis: the step it up study protocol. <i>BMC Neurology</i> , <b>2014</b> , 14, 241	3.1	22
67	The association between spirituality and depression in parents caring for children with developmental disabilities: social support and/or last resort. <i>Journal of Religion and Health</i> , <b>2015</b> , 54, 358-70	2.6	21
66	How Does Bereavement Get Under the Skin? The Effects of Late-Life Spousal Loss on Cortisol Levels. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , <b>2015</b> , 70, 341-7	4.6	20
65	Mediating effects of loneliness on the gratitude-health link. <i>Personality and Individual Differences</i> , <b>2016</b> , 98, 179-183	3.3	20
64	Examining Psychosocial Pathways Underlying Gratitude Interventions: A Randomized Controlled Trial. <i>Journal of Happiness Studies</i> , <b>2018</b> , 19, 2421-2444	3.7	18
63	Social Cognitive Theory Correlates of Physical Activity in Inactive Adults with Multiple Sclerosis. <i>International Journal of MS Care</i> , <b>2018</b> , 20, 129-135	2.3	18
62	Antibody response to vaccination as a marker of in vivo immune function in psychophysiological research. <i>Neuroscience and Biobehavioral Reviews</i> , <b>2010</b> , 35, 122-6	9	17
61	Optimism and benefit finding in parents of children with developmental disabilities: The role of positive reappraisal and social support. <i>Research in Developmental Disabilities</i> , <b>2017</b> , 65, 12-22	2.7	16
60	Loneliness and cardiovascular reactivity to acute stress in younger adults. <i>International Journal of Psychophysiology</i> , <b>2019</b> , 135, 121-125	2.9	16
59	Unemployment as a chronic stressor: A systematic review of cortisol studies. <i>Psychology and Health</i> , <b>2017</b> , 32, 289-311	2.9	15
58	Promoting physical activity in rheumatoid arthritis: a narrative review of behaviour change theories. <i>Disability and Rehabilitation</i> , <b>2015</b> , 37, 2359-66	2.4	15
57	Do multiple sclerosis symptoms moderate the relationship between self-efficacy and physical activity in people with multiple sclerosis?. <i>Rehabilitation Psychology</i> , <b>2018</b> , 63, 104-110	2.7	13
56	The effects of exercise interventions on health and fitness of firefighters: A meta-analysis. <i>Scandinavian Journal of Medicine and Science in Sports</i> , <b>2019</b> , 29, 780-790	4.6	13
55	Loneliness and depression in patients with cancer during COVID-19. <i>Journal of Psychosocial Oncology</i> , <b>2021</b> , 39, 445-451	2.8	13
54	Caregiving alters immunity and stress hormones: a review of recent research. <i>Current Opinion in Behavioral Sciences</i> , <b>2019</b> , 28, 93-97	4	12

53	Unemployment is associated with lower cortisol awakening and blunted dehydroepiandrosterone responses. <i>Psychoneuroendocrinology</i> , <b>2016</b> , 69, 41-9	5	12
52	Randomised Controlled Trials in WOHP Interventions: A Review and Guidelines for Use. <i>Applied Psychology</i> , <b>2016</b> , 65, 190-222	4.3	11
51	Social Context and Sex Moderate the Association Between Type D Personality and Cardiovascular Reactivity. <i>Applied Psychophysiology Biofeedback</i> , <b>2019</b> , 44, 321-330	3.4	11
50	'It might hurt, but still it's good': People with rheumatoid arthritis beliefs and expectations about physical activity interventions. <i>Journal of Health Psychology</i> , <b>2017</b> , 22, 1678-1690	3.1	10
49	'Soft and fluffy': medical students' attitudes towards psychology in medical education. <i>Journal of Health Psychology</i> , <b>2015</b> , 20, 91-101	3.1	9
48	State, but not trait gratitude is associated with cardiovascular responses to acute psychological stress. <i>Physiology and Behavior</i> , <b>2020</b> , 221, 112896	3.5	9
47	ABA-Based Programs for Children Diagnosed With Autism Spectrum Disorder: Parental and Professional Experiences at School and at Home. <i>Child and Family Behavior Therapy</i> , <b>2012</b> , 34, 111-129	1	9
46	Perceived social support mediates the association between attachment and cardiovascular reactivity in young adults. <i>Psychophysiology</i> , <b>2020</b> , 57, e13496	4.1	9
45	If a joint is hot it's not the time: health professionals' views on developing an intervention to promote physical activity in rheumatoid arthritis. <i>Disability and Rehabilitation</i> , <b>2017</b> , 39, 1106-1113	2.4	8
44	Clinicians' gaze behaviour in simulated paediatric emergencies. <i>Archives of Disease in Childhood</i> , <b>2018</b> , 103, 1146-1149	2.2	8
43	Gerontology and applied social technology. <i>European Journal of Behavior Analysis</i> , <b>2006</b> , 7, 77-86	1	7
42	Personality, cardiovascular, and cortisol reactions to acute psychological stress in the Midlife in the United States (MIDUS) study. <i>International Journal of Psychophysiology</i> , <b>2020</b> , 148, 67-74	2.9	7
41	Multivariate Testing Confirms the Effect of Age-Gender Congruence on Click-Through Rates from Online Social Network Digital Advertisements. <i>Cyberpsychology, Behavior, and Social Networking</i> , <b>2018</b> , 21, 646-654	4.4	7
40	Child problem behaviours are associated with obesity in parents caring for children with developmental disabilities. <i>Research in Developmental Disabilities</i> , <b>2015</b> , 36C, 358-365	2.7	6
39	Prior depressive symptoms and persistent child problem behaviours predict future depression in parents of children with developmental disabilities: The growing up in Ireland cohort study. <i>Research in Developmental Disabilities</i> , <b>2018</b> , 80, 170-179	2.7	6
38	Developing a recovery college: a preliminary exercise in establishing regional readiness and community needs. <i>Journal of Mental Health</i> , <b>2017</b> , 26, 150-155	2.7	6
37	Wearable technology-based metrics for predicting operator performance during cardiac catheterisation. <i>International Journal of Computer Assisted Radiology and Surgery</i> , <b>2019</b> , 14, 645-657	3.9	6
36	Water, sanitation and hygiene (WASH) behaviour change research: why an analysis of contingencies of reinforcement is needed. <i>International Journal of Environmental Health Research</i> , <b>2021</b> , 31, 715-728	3.6	6

35	Type D personality and life event stress: the mediating effects of social support and negative social relationships. <i>Anxiety, Stress and Coping</i> , <b>2020</b> , 33, 452-465	3.1	5
34	A Longitudinal Study of Relationships between Identity Continuity and Anxiety Following Brain Injury. <i>Frontiers in Psychology</i> , <b>2017</b> , 8, 648	3.4	5
33	Unemployment, employment precarity, and inflammation. <i>Brain, Behavior, and Immunity</i> , <b>2020</b> , 83, 303-308	3.6	5
32	State gratitude is associated with lower cardiovascular responses to acute psychological stress: A replication and extension. <i>International Journal of Psychophysiology</i> , <b>2020</b> , 158, 238-247	2.9	5
31	Profile of refractive errors in European Caucasian children with Autistic Spectrum Disorder; increased prevalence and magnitude of astigmatism. <i>Ophthalmic and Physiological Optics</i> , <b>2016</b> , 36, 395-403	4.3	5
30	Making the leap and finding your feet: A qualitative study of disclosure and social support in university students with type 1 diabetes. <i>Journal of Health Psychology</i> , <b>2021</b> , 26, 260-269	3.1	5
29	Differential hemodynamic effects during the provision of active and passive support in the laboratory. <i>Psychology and Health</i> , <b>2015</b> , 30, 1088-102	2.9	4
28	Type D personality and cardiovascular reactivity to acute stress: The mediating effects of social support and negative social relationships. <i>Psychophysiology</i> , <b>2020</b> , 57, e13660	4.1	4
27	Personality pathways to mortality: Interleukin-6 links conscientiousness to mortality risk. <i>Brain, Behavior, and Immunity</i> , <b>2021</b> , 93, 238-244	16.6	4
26	Community-based intervention to promote physical activity in rheumatoid arthritis (CIPPA-RA): a study protocol for a pilot randomised control trial. <i>Rheumatology International</i> , <b>2017</b> , 37, 2095-2103	3.6	3
25	Relationship between self-efficacy, beliefs, and physical activity in inflammatory arthritis. <i>Hong Kong Physiotherapy Journal</i> , <b>2016</b> , 34, 33-40	1	3
24	Merging Separately Established Functional Equivalence Classes. <i>Psychological Record</i> , <b>2015</b> , 65, 435-450	1.1	2
23	Anticytomegalovirus antibody titres are not associated with caregiving burden in younger caregivers. <i>British Journal of Health Psychology</i> , <b>2015</b> , 20, 68-84	8.3	2
22	Building Resources in Caregivers: Feasibility of a Brief Writing Intervention to Increase Benefit Finding in Caregivers. <i>Applied Psychology: Health and Well-Being</i> , <b>2020</b> , 12, 513-531	6.8	2
21	A randomised controlled trial of benefit finding in caregivers: The Building Resources in Caregivers Study Protocol. <i>Health Psychology Open</i> , <b>2015</b> , 2, 2055102915595019	1.9	2
20	Life satisfaction, social participation and symptoms of depression in young adult carers: evidence from 21 European countries. <i>International Journal of Adolescence and Youth</i> , <b>2022</b> , 27, 60-71	3.3	2
19	Risk of Depression in Family Caregivers: Unintended Consequence of COVID-19		2
18	Social support, social participation, and cardiovascular reactivity to stress in the Midlife in the United States (MIDUS) study. <i>Biological Psychology</i> , <b>2020</b> , 155, 107921	3.2	2

17	The impact of COVID-19 on clinical research: the PIPPRA and MEDRA experience. <i>HRB Open Research</i> ,4, 55	1.2	2
16	The cardiovascular response to acute psychological stress is related to subjectively giving and receiving social support. <i>International Journal of Psychophysiology</i> , <b>2021</b> , 164, 95-102	2.9	2
15	Motivational orientation mediates the association between depression and cardiovascular reactivity to acute psychological stress. <i>Psychophysiology</i> , <b>2021</b> , 58, e13732	4.1	2
14	Sources of Variability in Physical Activity Among Inactive People with Multiple Sclerosis. <i>International Journal of Behavioral Medicine</i> , <b>2018</b> , 25, 259-264	2.6	1
13	Cardiovascular reactivity to acute stress: Attachment styles and invisible stranger support. <i>International Journal of Psychophysiology</i> , <b>2021</b> , 164, 121-129	2.9	1
12	Type D personality is associated with lower cardiovascular reactivity to stress in women.. <i>Psychology and Health</i> , <b>2022</b> , 1-21	2.9	0
11	Gratitude, social support and cardiovascular reactivity to acute psychological stress. <i>Biological Psychology</i> , <b>2021</b> , 162, 108090	3.2	0
10	Physiological stress responses to inequality across income groups in a virtual society. <i>Journal of Applied Social Psychology</i> , <b>2021</b> , 51, 878-888	2.1	0
9	Allostatic load and mental health during COVID-19: The moderating role of neuroticism. <i>Brain, Behavior, &amp; Immunity - Health</i> , <b>2021</b> , 16, 100311	5.1	0
8	Eveningness, depression and cardiovascular reactivity to acute psychological stress: a mediation model. <i>Physiology and Behavior</i> , <b>2021</b> , 240, 113550	3.5	0
7	Blunted cardiovascular reactivity to psychological stress and prospective health: A systematic review.. <i>Health Psychology Review</i> , <b>2022</b> , 1-56	7.1	0
6	A Commentary on "Positive Psychology Interventions for Patients With Heart Disease: A Preliminary Randomized Trial". <i>Psychosomatics</i> , <b>2017</b> , 58, 329-330	2.6	
5	A commentary on 'The effects of identification with a support group on the mental health of people with multiple sclerosis'. <i>Journal of Psychosomatic Research</i> , <b>2013</b> , 75, 294	4.1	
4	Experiences of adolescent participation in a four-week community-based workshop designed to improve psychosocial skills: what are the key benefits?. <i>Community, Work and Family</i> , <b>2012</b> , 15, 209-216	1.4	
3	Experiences of people with multiple sclerosis participating in a social cognitive behavior change physical activity intervention.. <i>Physiotherapy Theory and Practice</i> , <b>2022</b> , 1-9	1.5	
2	Loneliness and cardiovascular reactivity to acute stress in older adults.. <i>Psychophysiology</i> , <b>2022</b> , e14012	4.1	
1	Religion/Spirituality <b>2016</b> , 1-3
