

Amy Hinsley

List of Publications by Citations

Source: <https://exaly.com/author-pdf/5072255/amy-hinsley-publications-by-citations.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
40	A review of the trade in orchids and its implications for conservation. <i>Botanical Journal of the Linnean Society</i> , 2018 , 186, 435-455	2.2	97
39	Estimating the extent and structure of trade in horticultural orchids via social media. <i>Conservation Biology</i> , 2016 , 30, 1038-47	6	96
38	Illegal Wildlife Trade: Scale, Processes, and Governance. <i>Annual Review of Environment and Resources</i> , 2019 , 44, 201-228	17.2	81
37	Heterogeneity in consumer preferences for orchids in international trade and the potential for the use of market research methods to study demand for wildlife. <i>Biological Conservation</i> , 2015 , 190, 80-86	6.2	58
36	Men ask more questions than women at a scientific conference. <i>PLoS ONE</i> , 2017 , 12, e0185534	3.7	51
35	Estimating the Extent of CITES Noncompliance among Traders and End-Consumers; Lessons from the Global Orchid Trade. <i>Conservation Letters</i> , 2017 , 10, 602-609	6.9	32
34	Horizon Scan of the Belt and Road Initiative. <i>Trends in Ecology and Evolution</i> , 2020 , 35, 583-593	10.9	29
33	Net positive outcomes for nature. <i>Nature Ecology and Evolution</i> , 2020 , 4, 4-7	12.3	28
32	Asking sensitive questions using the unmatched count technique: Applications and guidelines for conservation. <i>Methods in Ecology and Evolution</i> , 2019 , 10, 308-319	7.7	26
31	Making Messy Data Work for Conservation. <i>One Earth</i> , 2020 , 2, 455-465	8.1	24
30	Illegal wildlife trade and the persistence of plant blindness. <i>Plants People Planet</i> , 2019 , 1, 173-182	4.1	22
29	Building sustainability into the Belt and Road Initiative—Traditional Chinese Medicine trade. <i>Nature Sustainability</i> , 2020 , 3, 96-100	22.1	22
28	Emerging illegal wildlife trade issues: A global horizon scan. <i>Conservation Letters</i> , 2020 , 13, e12715	6.9	21
27	Motivations for the use and consumption of wildlife products. <i>Conservation Biology</i> , 2021 , 35, 483-491	6	20
26	Wild assumptions? Questioning simplistic narratives about consumer preferences for wildlife products. <i>People and Nature</i> , 2020 , 2, 972-979	5.9	17
25	Inadequacies in establishing CITES trade bans. <i>Frontiers in Ecology and the Environment</i> , 2019 , 17, 199-209	9.5	15
24	Does the long-term success of REDD+ also depend on biodiversity?. <i>Oryx</i> , 2015 , 49, 216-221	1.5	15

23	Ten-year assessment of the 100 priority questions for global biodiversity conservation. <i>Conservation Biology</i> , 2018 , 32, 1457-1463	6	15
22	Belt and Road Initiative may create new supplies for illegal wildlife trade in large carnivores. <i>Nature Ecology and Evolution</i> , 2019 , 3, 1267-1268	12.3	14
21	Quantifying the trade in wild-collected ornamental orchids in South China: Diversity, volume and value gradients underscore the primacy of supply. <i>Biological Conservation</i> , 2019 , 238, 108204	6.2	11
20	Understanding Traditional Chinese Medicine to strengthen conservation outcomes. <i>People and Nature</i> , 2021 , 3, 115-128	5.9	10
19	Using consumer preferences to characterize the trade of wild-collected ornamental orchids in China. <i>Conservation Letters</i> , 2018 , 11, e12569	6.9	9
18	Post COVID-19: a solution scan of options for preventing future zoonotic epidemics. <i>Biological Reviews</i> , 2021 , 96, 2694-2715	13.5	9
17	The wild origin dilemma. <i>Biological Conservation</i> , 2018 , 217, 203-206	6.2	8
16	Mischaracterizing wildlife trade and its impacts may mislead policy processes. <i>Conservation Letters</i> , e12832	3.2	6
15	Assessing the extent of access and benefit sharing in the wildlife trade: lessons from horticultural orchids in Southeast Asia. <i>Environmental Conservation</i> , 2018 , 45, 261-268	3.3	5
14	Emerging illegal wildlife trade issues: a global horizon scan		5
13	Tackling Illegal Wildlife Trade by Improving Traceability: A Case Study of the Potential for Stable Isotope Analysis 2016 , 91-119		5
12	The Seven Forms of Challenges in the Wildlife Trade. <i>Tropical Conservation Science</i> , 2020 , 13, 194008292014703		3
11	Characteristics of, and uncertainties about, illegal jaguar trade in Belize and Guatemala. <i>Biological Conservation</i> , 2020 , 250, 108765	6.2	3
10	Motivations for the use and consumption of wildlife products		2
9	Uncovering prevalence of pangolin consumption using a technique for investigating sensitive behaviour. <i>Oryx</i> , 1-9	1.5	2
8	Prevalence and characteristics of illegal jaguar trade in north-western Bolivia. <i>Conservation Science and Practice</i> , 2021 , 3, e444	2.2	2
7	Orchid Obscurity: Understanding Domestic Trade in Wild-Harvested Orchids in Viet Nam. <i>Frontiers in Ecology and Evolution</i> , 2021 , 9,	3.7	2
6	Combining data from consumers and traditional medicine practitioners to provide a more complete picture of Chinese bear bile markets. <i>People and Nature</i> , 2021 , 3, 1064	5.9	1

5	Evaluating the reliability of media reports for gathering information about illegal wildlife trade seizures.. <i>PeerJ</i> , 2022 , 10, e13156	3.1	1
4	A way forward for wild fungi in international sustainability policy. <i>Conservation Letters</i> ,	6.9	0
3	Campaigning to bring about change 2020 , 277-292		
2	Accurate characterization of wildlife trade and policy instruments: Reply to D’Cruze et al. (2022) and Frank and Wilcove (2022). <i>Conservation Letters</i> ,	6.9	
1	Use of evidence for decision-making by conservation practitioners in the illegal wildlife trade. <i>People and Nature</i> , 2021 , 3, 1110	5.9
