#	ARTICLE	IF	CITATIONS
1	Radiation therapy-related cardiotoxicity: Every detail counts?. International Journal of Cardiology, 2022, 350, 94-95.	1.7	1
2	Carotid pulse wave velocity by ultrafast ultrasound: A step forward for noninvasive assessment of diabetic patients. Journal of Clinical Ultrasound, 2022, 50, 317-318.	0.8	1
3	Outcomes of culture-negative vs. culture-positive infective endocarditis: the ESC-EORP EURO-ENDO registry. European Heart Journal, 2022, 43, 2770-2780.	2.2	24
4	Índices de Mortalidade por Infarto do Miocárdio Agudo no Brasil – Uma Pequena Luz no Fim do Túnel. Arquivos Brasileiros De Cardiologia, 2021, 117, 327-328.	0.8	1
5	Is There a Second Wind for Glycoprotein IIb/IIIa Inhibitors in Elderly Diabetic Females with ST-Elevation Myocardial Infarction, or are We on Thin Ice?. Arquivos Brasileiros De Cardiologia, 2021, 116, 236-237.	0.8	0
6	Three-dimensional speckle-tracking echocardiography for the global and regional assessments of left ventricle myocardial deformation in breast cancer patients treated with anthracyclines. Clinical Research in Cardiology, 2020, 109, 673-684.	3.3	16
7	Cuidados intensivos cardíacos em Portugal: projetar a mudança. Revista Portuguesa De Cardiologia, 2020, 39, 401-406.	0.5	0
8	Indirect costs of myocardial infarction in Portugal. Revista Portuguesa De Cardiologia, 2020, 39, 245-251.	0.5	5
9	Gender balance at the heart of science. Cardiovascular Research, 2020, 116, e115-e117.	3.8	3
10	Ainda persiste um gap de género na investigação cardiológica nacional? Uma revisão de dados da Revista Portuguesa de Cardiologia. Revista Portuguesa De Cardiologia, 2020, 40, 501-501.	0.5	1
11	Indirect costs of myocardial infarction in Portugal. Revista Portuguesa De Cardiologia (English) Tj ETQq1 1 0.784314 rgBT /Overlock 10	0.2	0
12	Unidades de insuficiência cardíaca: estado da arte na abordagem da insuficiência cardíaca. Revista Portuguesa De Cardiologia, 2020, 39, 341-350.	0.5	2
13	Quality of life in adults living in the community with previous self-reported myocardial infarction. Revista Portuguesa De Cardiologia, 2020, 39, 367-373.	0.5	6
14	Tendências da Insuficiência Cardíaca na Paraíba: Diagnóstico mais Precoce ou Melhor Tratamento? Eis uma das Questões. Arquivos Brasileiros De Cardiologia, 2020, 114, 232-233.	0.8	0
15	O Escore de Risco GRACE – o Santo Graal na Estratificação de Risco ou Podemos Melhorá-lo ainda mais com Biomarcadores Adicionais?. Arquivos Brasileiros De Cardiologia, 2020, 114, 673-674.	0.8	0
16	Is metabolic syndrome a prognostic marker in patients at high cardiovascular risk? A long-term cohort study. Revista Portuguesa De Cardiologia (English Edition), 2019, 38, 325-332.	0.2	5
17	Será a síndrome metabólica um marcador de prognóstico em doentes com elevado risco cardiovascular? Um estudo de coorte a longo prazo. Revista Portuguesa De Cardiologia, 2019, 38, 325-332.	0.5	4
18	Cardiotoxicity in breast cancer treatment: What about left ventricular diastolic function and left atrial function?. Echocardiography, 2019, 36, 1806-1813.	0.9	14

#	ARTICLE	IF	CITATIONS
19	Prognostic impact of bundle branch block after acute coronary syndrome. Does it matter if it is left of right?. <i>IJC Heart and Vasculature</i> , 2019, 22, 31-34.	1.1	11
20	Is copeptin ready for clinical use in a dual-marker strategy with high-sensitivity cardiac troponin to rule-out acute myocardial infarction?. <i>International Journal of Cardiology</i> , 2019, 276, 271-272.	1.7	0
21	Has carotid intima-media thickness prognostic impact in patients with high cardiovascular risk? A long-term cohort study. <i>Echocardiography</i> , 2019, 36, 125-132.	0.9	4
22	Is ProACS Score Just another Risk Stratification Score, or is it Ready for Implementation in Clinical Practice?. <i>Arquivos Brasileiros De Cardiologia</i> , 2019, 113, 31-32.	0.8	0
23	Assessment of quality performance measures in patients with acute coronary syndromes: Data from the Portuguese Registry of Acute Coronary Syndromes (ProACS), a nationwide registry. <i>Journal of Evaluation in Clinical Practice</i> , 2018, 24, 439-446.	1.8	19
24	2017 ESC Guidelines for the management of acute myocardial infarction in patients presenting with ST-segment elevation. <i>European Heart Journal</i> , 2018, 39, 119-177.	2.2	7,100
25	What is the role of beta-blockers in a contemporary treatment cohort of patients with acute coronary syndrome? A propensity-score matching analysis. <i>Revista Portuguesa De Cardiologia</i> , 2018, 37, 901-908.	0.5	10
26	Diet in patients with metabolic syndrome: What is the ideal macronutrient composition?. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2018, 37, 1001-1006.	0.2	5
27	Longitudinal strain by two-dimensional speckle tracking to assess ventricular function in adults with transposition of the great arteries: Can serial assessment be simplified?. <i>Revista Portuguesa De Cardiologia</i> , 2018, 37, 739-745.	0.5	2
28	Ainda haver lugar para novos parâmetros ecocardiográficos na estratificação de risco após enfarte agudo do miocárdio?. <i>Revista Portuguesa De Cardiologia</i> , 2018, 37, 809-810.	0.5	0
29	Longitudinal strain by two-dimensional speckle tracking to assess ventricular function in adults with transposition of the great arteries: Can serial assessment be simplified?. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2018, 37, 739-745.	0.2	0
30	The smoker's paradox in acute coronary syndrome: Is it real?. <i>Revista Portuguesa De Cardiologia</i> , 2018, 37, 847-855.	0.5	10
31	RoPE Score as a Predictor of Recurrent Ischemic Events After Percutaneous Patent Foramen Ovale Closure. <i>International Heart Journal</i> , 2018, 59, 1327-1332.	1.0	27
32	Dieta em doentes com síndrome metabólica: qual a composição ideal de macronutrientes?. <i>Revista Portuguesa De Cardiologia</i> , 2018, 37, 1001-1006.	0.5	7
33	Registo Nacional de Síndromes Coronárias Agudas: 15 anos de um registo prospetivo contínuo. <i>Revista Portuguesa De Cardiologia</i> , 2018, 37, 563-573.	0.5	46
34	The value of right ventricular longitudinal strain in the evaluation of adult patients with repaired tetralogy of Fallot: a new tool for a contemporary challenge. <i>Cardiology in the Young</i> , 2017, 27, 498-506.	0.8	18
35	Usefulness of right ventricular and right atrial two-dimensional speckle tracking strain to predict late arrhythmic events in adult patients with repaired Tetralogy of Fallot. <i>Revista Portuguesa De Cardiologia</i> , 2017, 36, 21-29.	0.5	17
36	Flexopneia: um novo sintoma a utilizar no diagnóstico diferencial de patologias crônicas cardiopulmonares?. <i>Revista Portuguesa De Cardiologia</i> , 2017, 36, 187-188.	0.5	0

#	ARTICLE	IF	CITATIONS
37	ProACS risk score: An early and simple score for risk stratification of patients with acute coronary syndromes. <i>Revista Portuguesa De Cardiologia</i> , 2017, 36, 77-83.	0.5	23
38	Usefulness of right ventricular and right atrial two-dimensional speckle tracking strain to predict late arrhythmic events in adult patients with repaired Tetralogy of Fallot. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2017, 36, 21-29.	0.2	7
39	Bendopnea: A new symptom for the differential diagnosis of chronic cardiopulmonary disease?. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2017, 36, 187-188.	0.2	0
40	ProACS risk score: An early and simple score for risk stratification of patients with acute coronary syndromes. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2017, 36, 77-83.	0.2	15
41	Importância da deformação longitudinal na deteção da cardiotoxicidade induzida por quimioterapia e na identificação de padrões específicos de afetação segmentar. <i>Revista Portuguesa De Cardiologia</i> , 2017, 36, 9-15.	0.5	18
42	Bicuspid aortic valve outcomes. <i>Cardiology in the Young</i> , 2017, 27, 518-529.	0.8	35
43	Response to Letter to the Editor "Risk stratification in acute coronary syndromes: Graced by a new score?". <i>Revista Portuguesa De Cardiologia</i> , 2017, 36, 681-682.	0.5	0
44	Vascular function long term after Kawasaki disease: another piece of the puzzle?. <i>Cardiology in the Young</i> , 2017, 27, 488-497.	0.8	9
45	External validation of the ProACS score for risk stratification of patients with acute coronary syndromes. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2016, 35, 323-328.	0.2	7
46	Is there still a place for improvement in acute coronary syndrome risk stratification?: Table 1. <i>Heart</i> , 2016, 102, 1423-1424.	2.9	0
47	Validation of two US risk scores for percutaneous coronary intervention in a single-center Portuguese population of patients with acute coronary syndrome. <i>Revista Portuguesa De Cardiologia</i> , 2016, 35, 73-78.	0.5	8
48	Validação externa do score de risco ProACS para estratificação de risco de doentes com síndrome coronária aguda. <i>Revista Portuguesa De Cardiologia</i> , 2016, 35, 323-328.	0.5	6
49	Role of intra-aortic balloon pump counterpulsation in the treatment of acute myocardial infarction complicated by cardiogenic shock: Evidence from the Portuguese nationwide registry. <i>European Heart Journal: Acute Cardiovascular Care</i> , 2016, 5, 23-31.	1.0	14
50	Predictive impact on medium-term mortality of hematological parameters in Acute Coronary Syndromes: added value on top of GRACE risk score. <i>European Heart Journal: Acute Cardiovascular Care</i> , 2015, 4, 172-179.	1.0	23
51	Prognostic impact of admission blood glucose for all-cause mortality in patients with acute coronary syndromes: added value on top of GRACE risk score. <i>European Heart Journal: Acute Cardiovascular Care</i> , 2014, 3, 257-263.	1.0	25
52	Is it possible to simplify risk stratification scores for patients with ST-segment elevation myocardial infarction undergoing primary angioplasty?. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2013, 32, 967-973.	0.2	13
53	Is it possible to simplify risk stratification scores for patients with ST-segment elevation myocardial infarction undergoing primary angioplasty?. <i>Revista Portuguesa De Cardiologia</i> , 2013, 32, 967-973.	0.5	14
54	Serum uric acid: a forgotten prognostic marker in acute coronary syndromes?. <i>European Heart Journal: Acute Cardiovascular Care</i> , 2013, 2, 44-52.	1.0	20

#	ARTICLE	IF	CITATIONS
55	Carotid Intima-Media Thickness and Carotid Plaques Improves Prediction of Obstructive Angiographic Coronary Artery Disease in Women. <i>Angiology</i> , 2013, 64, 57-63.	1.8	21
56	Does metabolic syndrome predict significant angiographic coronary artery disease?. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2012, 31, 769-778.	0.2	2
57	Does metabolic syndrome predict significant angiographic coronary artery disease?. <i>Revista Portuguesa De Cardiologia</i> , 2012, 31, 769-778.	0.5	5
58	Can Metabolic Syndrome Presence Predict Carotid Intima-Media Thickness?. <i>Journal of Clinical Hypertension</i> , 2012, 14, 507-513.	2.0	8
59	Prevalence of metabolic syndrome and diabetes on a high-risk population with suspected coronary artery disease. <i>Acta Medica Portuguesa</i> , 2012, 25, 83-90.	0.4	4
60	Admission heart rate as a predictor of mortality in patients with acute coronary syndromes. <i>Acute Cardiac Care</i> , 2011, 13, 205-210.	0.2	12
61	Impact of body mass index in the results after primary angioplasty in patients with ST segment elevation acute myocardial infarction. <i>Acute Cardiac Care</i> , 2011, 13, 123-128.	0.2	15
62	Impact of age on treatment and outcomes after acute myocardial infarction, particularly in very elderly patients. <i>Revista Portuguesa De Cardiologia (English Edition)</i> , 2011, 30, 897-903.	0.2	15
63	Incidence of ventricular arrhythmias in patients with severe left ventricular systolic dysfunction: is there a benefit after cardiac resynchronization therapy?. <i>Revista Portuguesa De Cardiologia (English Edition)</i> Tj ETQq1 1 0.784314 rgBT /Over	0.2	4
64	Primary angiosarcoma of the pericardium: case report and review of the literature. <i>Kardiologia Polska</i> , 2010, 68, 802-5.	0.6	12
65	Impact of obesity on results after primary angioplasty in patients with ST segment elevation acute myocardial infarction. <i>Revista Portuguesa De Cardiologia</i> , 2010, 29, 999-1008.	0.5	3
66	Echocardiographic variables predictive of appropriate therapies for ventricular tachyarrhythmia in patients undergoing combined cardiac resynchronization therapy. <i>Revista Portuguesa De Cardiologia</i> , 2010, 29, 1009-19.	0.5	4
67	Expression of subclinical atherosclerosis for different cardiovascular risk factors in young populations. <i>Revista Portuguesa De Cardiologia</i> , 2010, 29, 1181-90.	0.5	2
68	Inducibility of atrial fibrillation during electrophysiologic evaluation is associated with increased dispersion of atrial refractoriness. <i>International Journal of Cardiology</i> , 2009, 136, 130-135.	1.7	20
69	Does admission NT-proBNP increase the prognostic accuracy of GRACE risk score in the prediction of short-term mortality after acute coronary syndromes?. <i>Acute Cardiac Care</i> , 2009, 11, 236-242.	0.2	10
70	Primary idiopathic chylopericardium. <i>Revista Portuguesa De Cardiologia</i> , 2009, 28, 325-32.	0.5	1
71	Head-up tilt testing with different nitroglycerin dosages: experience in elderly patients with unexplained syncope. <i>Europace</i> , 2008, 10, 1091-1094.	1.7	10
72	Mitral valve myxomas: an unusual entity. <i>European Heart Journal Cardiovascular Imaging</i> , 2008, 9, 181-183.	1.2	11

#	ARTICLE	IF	CITATIONS
73	Adherence to guidelines in the treatment of acute coronary syndromes: progress over time. <i>Revista Portuguesa De Cardiologia</i> , 2008, 27, 803-12.	0.5	1
74	Isolated cleft of the anterior mitral valve leaflet. <i>European Journal of Echocardiography</i> , 2007, 8, 59-62.	2.3	8
75	Temporal Variations in Microvolt T-Wave Alternans Testing after Acute Myocardial Infarction. <i>Annals of Noninvasive Electrocardiology</i> , 2007, 12, 98-103.	1.1	11
76	Is chronic nitrate therapy associated with a different clinical presentation of acute coronary syndrome?. <i>Revista Portuguesa De Cardiologia</i> , 2007, 26, 135-43.	0.5	3
77	Use of nitroglycerin in the active phase of tilt testing: is there a difference in elderly patients?. <i>Revista Portuguesa De Cardiologia</i> , 2007, 26, 321-30.	0.5	0
78	An unusual case of fungal endocarditis. <i>Revista Portuguesa De Cardiologia</i> , 2007, 26, 661-6.	0.5	2
79	Identifying a cardiac source of embolism by transesophageal echocardiography: review of a 12-year experience. <i>Revista Portuguesa De Cardiologia</i> , 2007, 26, 993-1006.	0.5	2
80	Impact of combination medical therapy on mortality in patients with acute coronary syndromes. <i>Revista Portuguesa De Cardiologia</i> , 2006, 25, 1109-18.	0.5	2
81	Tilt test in elderly patients with syncope of unknown etiology: experience with pharmacological stimulation with nitroglycerin. <i>Revista Portuguesa De Cardiologia</i> , 2005, 24, 945-53.	0.5	1
82	The prognostic impact of renal failure in patients with ST-segment elevation acute myocardial infarction. <i>Kardiologia Polska</i> , 2005, 63, 373-8; discussion 379-80.	0.6	3
83	Importance of complex additional stenosis after primary angioplasty for acute myocardial infarction in medium-term prognosis. <i>Revista Portuguesa De Cardiologia</i> , 2004, 23, 853-64.	0.5	0
84	Complications of the cardiopulmonary stress test in patients with depressed left ventricular systolic function. <i>Revista Portuguesa De Cardiologia</i> , 2004, 23, 1519-30.	0.5	0
85	Prognostic impact of peak oxygen uptake and percentage of predicted value of peak oxygen uptake in patients with left ventricular dysfunction. <i>Revista Portuguesa De Cardiologia</i> , 2003, 22, 203-11.	0.5	0
86	Safety evaluation of the use of femoral percutaneous closure systems with simultaneous use of abciximab. <i>Revista Portuguesa De Cardiologia</i> , 2003, 22, 1063-72.	0.5	2
87	Lymphoma with clinical presentation of a primary pericardial tumor. <i>Revista Portuguesa De Cardiologia</i> , 2003, 22, 1385-91.	0.5	0
88	Nitric oxide in the management of pulmonary hypertension in the context of cardiac surgery in the adult. <i>Revista Portuguesa De Cardiologia</i> , 2003, 22, 1503-11.	0.5	0
