#	ARTICLE	IF	CITATIONS
1	Stay Strong: Aboriginal leaders deliver COVID-19 health messages. Health Promotion Journal of Australia, 2021, 32, 203-204.	1.2	11
2	Narrative Review of Hyperferritinemia, Iron Deficiency, and the Challenges of Managing Anemia in Aboriginal and Torres Strait Islander Australians With CKD. Kidney International Reports, 2021, 6, 501-512.	0.8	7
3	Do remote dialysis services really cost more? An economic analysis of hospital and dialysis modality costs associated with dialysis services in urban, rural and remote settings. BMC Health Services Research, 2021, 21, 582.	2.2	7
4	INFERR-Iron infusion in haemodialysis study: INtravenous iron polymaltose for First Nations Australian patients with high FERRitin levels on haemodialysis—a protocol for a prospective open-label blinded endpoint randomised controlled trial. Trials, 2021, 22, 868.	1.6	2
5	Chronic kidney disease and socio-economic status: a cross sectional study. Ethnicity and Health, 2020, 25, 93-109.	2.5	15
6	Socioeconomic status and dialysis quality of care. Nephrology, 2020, 25, 421-428.	1.6	3
7	Cost of dialysis therapies in rural and remote Australia – a micro-costing analysis. BMC Nephrology, 2019, 20, 231.	1.8	14
8	Does delay in planned diabetes care influence outcomes for aboriginal Australians? A study of quality in health care. BMC Health Services Research, 2019, 19, 582.	2.2	5
9	Is hyperfiltration associated with higher urine albumin-to-creatinine ratio at follow up among Indigenous Australians? The eGFR follow-up study. Journal of Diabetes and Its Complications, 2019, 33, 343-349.	2.3	6
10	Addressing Profound Disadvantages to Improve Indigenous Health and Reduce Hospitalisation: A Collaborative Community Program in Remote Northern Territory. International Journal of Environmental Research and Public Health, 2019, 16, 4306.	2.6	18
11	High Baseline Levels of Tumor Necrosis Factor Receptor 1 Are Associated With Progression of Kidney Disease in Indigenous Australians With Diabetes: The eGFR Follow-up Study. Diabetes Care, 2018, 41, 739-747.	8.6	32
12	Trajectories of eGFR decline over a four year period in an Indigenous Australian population at high risk of CKD-the eGFR follow up study. Clinical Biochemistry, 2018, 53, 58-64.	1.9	3
13	Contribution of cardiometabolic risk factors to estimated glomerular filtration rate decline in Indigenous Australians with and without albuminuria –the eGFR Follow-up Study. Nephrology, 2018, 23, 682-689.	1.6	5
14	Projecting demands for renal replacement therapy in the Northern Territory: a stochastic Markov model. Australian Health Review, 2018, 42, 380.	1.1	6
15	Cross-sectional associations of albuminuria among Aboriginal and Torres Strait Islander adults: the eGFR Study. Nephrology, 2018, 23, 37-45.	1.6	6
16	Disparity of access to kidney transplantation by Indigenous and non-Indigenous Australians. Medical Journal of Australia, 2018, 209, 261-266.	1.7	38
17	Estimating the total prevalence and incidence of end-stage kidney disease among Aboriginal and non-Aboriginal populations in the Northern Territory of Australia, using multiple data sources. BMC Nephrology, 2018, 19, 15.	1.8	12
18	Response to an expanded nationwide view of chronic kidney disease in Aboriginal Australians, Nephrology, 21 (2016), 916–922. Nephrology, 2017, 22, 182-182.	1.6	1

#	ARTICLE	IF	CITATIONS
19	Comparison of creatinine and cystatin C based eGFR in the estimation of glomerular filtration rate in Indigenous Australians: The eGFR Study. <i>Clinical Biochemistry</i> , 2017, 50, 301-308.	1.9	17
20	Organ Transplantation in Australia. <i>Transplantation</i> , 2017, 101, e345-e346.	1.0	11
21	Assessing the Association between Serum Ferritin, Transferrin Saturation, and C-Reactive Protein in Northern Territory Indigenous Australian Patients with High Serum Ferritin on Maintenance Haemodialysis. <i>International Journal of Nephrology</i> , 2017, 2017, 1-8.	1.3	6
22	Economic and quality of care evaluation of dialysis service models in remote Australia: protocol for a mixed methods study. <i>BMC Health Services Research</i> , 2017, 17, 320.	2.2	10
23	Residential Location and Kidney Transplant Outcomes in Indigenous Compared With Nonindigenous Australians. <i>Transplantation</i> , 2016, 100, 2168-2176.	1.0	20
24	Progression of Kidney Disease in Indigenous Australians: The eGFR Follow-up Study. <i>Clinical Journal of the American Society of Nephrology: CJASN</i> , 2016, 11, 993-1004.	4.5	23
25	Lifetime direct costs of stroke for indigenous patients adjusted for comorbidities. <i>Neurology</i> , 2016, 87, 458-465.	1.1	16
26	Resting heart rate, physiological stress and disadvantage in Aboriginal and Torres Strait Islander Australians: analysis from a cross-sectional study. <i>BMC Cardiovascular Disorders</i> , 2016, 16, 36.	1.7	10
27	Chronic kidney disease in the Top End of the Northern Territory of Australia, 2002-2011: a retrospective cohort study using existing laboratory data. <i>BMC Nephrology</i> , 2015, 16, 168.	1.8	12
28	Survival of Indigenous Australians receiving renal replacement therapy: closing the gap?. <i>Medical Journal of Australia</i> , 2015, 202, 200-204.	1.7	15
29	Hyperfiltration in Indigenous Australians with and without diabetes. <i>Nephrology Dialysis Transplantation</i> , 2015, 30, 1877-1884.	0.7	12
30	Adding Measures of Body Composition to the CKD-EPI GFR Estimating Equation in Indigenous Australians: The eGFR Study. <i>American Journal of Kidney Diseases</i> , 2015, 65, 632-634.	1.9	3
31	Inflammation, high ferritin, and erythropoietin resistance in indigenous maintenance hemodialysis patients from the Northern Territory of Australia. <i>Hemodialysis International</i> , 2014, 18, 740-750.	0.9	10
32	Performance of formulas for estimating glomerular filtration rate in Indigenous Australians with and without Type 2 diabetes: the eGFR Study. <i>Diabetic Medicine</i> , 2014, 31, 829-838.	2.3	25
33	Does relative remoteness affect chronic disease outcomes? Geographic variation in chronic disease mortality in Australia, 2002-2006. <i>Australian and New Zealand Journal of Public Health</i> , 2014, 38, 117-121.	1.8	37
34	Serum vitamin D levels, diabetes and cardio-metabolic risk factors in Aboriginal and Torres Strait Islander Australians. <i>Diabetology and Metabolic Syndrome</i> , 2014, 6, 78.	2.7	11
35	The relationship between number of primary health care visits and hospitalisations: evidence from linked clinic and hospital data for remote Indigenous Australians. <i>BMC Health Services Research</i> , 2013, 13, 466.	2.2	27
36	Accurate Assessment of Kidney Function in Indigenous Australians: The Estimated GFR Study. <i>American Journal of Kidney Diseases</i> , 2012, 60, 680-682.	1.9	40

#	ARTICLE	IF	CITATIONS
37	Secondary amyloidosis in Indigenous Australians. Internal Medicine Journal, 2012, 42, 1043-1046.	0.8	1
38	Chronic kidney disease and automatic reporting of estimated glomerular filtration rate: new developments and revised recommendations. Medical Journal of Australia, 2012, 197, 222-223.	1.7	112
39	Plasma cell infiltrates and renal allograft outcomes in indigenous and non-indigenous people of the Northern Territory of Australia. Nephrology, 2011, 16, 777-783.	1.6	13
40	High rates of albuminuria but not of low eGFR in Urban Indigenous Australians: the DRUID Study. BMC Public Health, 2011, 11, 346.	2.9	22
41	Study Protocol - Accurate assessment of kidney function in Indigenous Australians: aims and methods of the eGFR Study. BMC Public Health, 2010, 10, 80.	2.9	31
42	Indigenous Australians and Living Kidney Donation. New England Journal of Medicine, 2009, 361, 1513-1516.	27.0	25
43	Heparin leak from a hemodialysis catheter causing major bleeding, ultimately leading to transplant rejection and death. Hemodialysis International, 2008, 12, 431-433.	0.9	4
44	Sustainability science: an integrated approach for health-programme planning. Lancet, The, 2008, 372, 1579-1589.	13.7	316
45	Ischaemic monomelic neuropathy in a non-diabetic patient following creation of an upper limb arteriovenous fistula. Nephrology Dialysis Transplantation, 2007, 22, 933-935.	0.7	27
46	Northern Australian kidney transplant unit: A viable option?. Nephrology, 2007, 12, 308-313.	1.6	6
47	Thrombotic microangiopathy from Australian brown snake (<i>Pseudonaja</i>) envenoming. Internal Medicine Journal, 2007, 37, 523-528.	0.8	72
48	Kidney Transplant Outcomes in the Indigenous Population in the Northern Territory of Australia. Transplantation, 2006, 82, 882-886.	1.0	23
49	Prediction of failure of native arteriovenous fistulas using 'on-line' fistula flow measurements. Nephrology, 2005, 10, 136-141.	1.6	7
50	Everybody's business. Nephrology, 2004, 9, S117-S120.	1.6	3
