

Guillermina Girardi

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/5170942/guillermina-girardi-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
69	Advancing research on recurrent pregnancy loss: Overcoming obstacles and opportunities for translation. <i>American Journal of Reproductive Immunology</i> , 2021 , e13508	3.8	0
68	Pravastatin plus L-arginine prevents adverse pregnancy outcomes in women with uteroplacental vascular dysfunction. <i>Vascular Pharmacology</i> , 2021 , 137, 106824	5.9	0
67	Complement C5a and Clinical Markers as Predictors of COVID-19 Disease Severity and Mortality in a Multi-Ethnic Population.. <i>Frontiers in Immunology</i> , 2021 , 12, 707159	8.4	2
66	Potential causes of male and female infertility in Qatar. <i>Journal of Reproductive Immunology</i> , 2020 , 141, 103173	4.2	4
65	Triple therapy with pravastatin, low molecular weight heparin and low dose aspirin improves placental haemodynamics and pregnancy outcomes in obstetric antiphospholipid syndrome in mice and women through a nitric oxide-dependent mechanism. <i>Biochemical Pharmacology</i> , 2020 , 182, 114217	6	6
64	Essential Role of Complement in Pregnancy: From Implantation to Parturition and Beyond. <i>Frontiers in Immunology</i> , 2020 , 11, 1681	8.4	17
63	Immunomodulatory Effects of Vitamin D in Pregnancy and Beyond. <i>Frontiers in Immunology</i> , 2019 , 10, 2739	8.4	40
62	Pravastatin for Preeclampsia Prevention and Treatment. <i>Comprehensive Gynecology and Obstetrics</i> , 2018 , 239-251	0	
61	Complement activation, a threat to pregnancy. <i>Seminars in Immunopathology</i> , 2018 , 40, 103-111	12	38
60	Pravastatin and-L-arginine combination improves umbilical artery blood flow and neonatal outcomes in dichorionic twin pregnancies through an nitric oxide-dependent vasorelaxant effect. <i>Vascular Pharmacology</i> , 2018 , 110, 64-70	5.9	6
59	Pravastatin therapy during preeclampsia prevents long-term adverse health effects in mice. <i>JCI Insight</i> , 2018 , 3,	9.9	19
58	Pravastatin to treat and prevent preeclampsia. Preclinical and clinical studies. <i>Journal of Reproductive Immunology</i> , 2017 , 124, 15-20	4.2	27
57	Complement C5a is present in CSF of human newborns and is elevated in association with preterm birth. <i>Journal of Maternal-Fetal and Neonatal Medicine</i> , 2017 , 30, 2413-2416	2	7
56	MRI-based methods to detect placental and fetal brain abnormalities in utero. <i>Journal of Reproductive Immunology</i> , 2016 , 114, 86-91	4.2	5
55	Pravastatin improves pregnancy outcomes in obstetric antiphospholipid syndrome refractory to antithrombotic therapy. <i>Journal of Clinical Investigation</i> , 2016 , 126, 2933-40	15.9	116
54	Urinary congophilia in women with hypertensive disorders of pregnancy and preexisting proteinuria or hypertension. <i>American Journal of Obstetrics and Gynecology</i> , 2016 , 215, 464.e1-7	6.4	25
53	Complement inhibition by hydroxychloroquine prevents placental and fetal brain abnormalities in antiphospholipid syndrome. <i>Journal of Autoimmunity</i> , 2016 , 75, 30-38	15.5	65

52	Complement inhibition and statins prevent fetal brain cortical abnormalities in a mouse model of preterm birth. <i>Biochimica Et Biophysica Acta - Molecular Basis of Disease</i> , 2014 , 1842, 107-15	6.9	27
51	Statins prevent cervical remodeling, myometrial contractions and preterm labor through a mechanism that involves hemoxygenase-1 and complement inhibition. <i>Molecular Human Reproduction</i> , 2014 , 20, 579-89	4.4	31
50	Clinical improvement and successful pregnancy in a preeclamptic patient with antiphospholipid syndrome treated with pravastatin. <i>Hypertension</i> , 2014 , 63, e118-9	8.5	35
49	Can statins prevent pregnancy complications?. <i>Journal of Reproductive Immunology</i> , 2014 , 101-102, 161-167	4.6	33
48	Comparison of the mechanisms responsible for cervical remodeling in preterm and term labor. <i>Journal of Reproductive Immunology</i> , 2013 , 97, 112-9	4.2	36
47	Complement activation triggers metalloproteinases release inducing cervical remodeling and preterm birth in mice. <i>American Journal of Pathology</i> , 2011 , 179, 838-49	5.8	124
46	Role of tissue factor in pregnancy complications: crosstalk between coagulation and inflammation. <i>Thrombosis Research</i> , 2011 , 127 Suppl 3, S43-6	8.2	21
45	Complement activation in animal and human pregnancies as a model for immunological recognition. <i>Molecular Immunology</i> , 2011 , 48, 1621-30	4.3	49
44	Classical complement activation as a footprint for murine and human antiphospholipid antibody-induced fetal loss. <i>Journal of Pathology</i> , 2011 , 225, 502-11	9.4	72
43	Role of complement component C1q in the onset of preeclampsia in mice. <i>Hypertension</i> , 2011 , 58, 716-28	8.5	129
42	Antiphospholipid antibodies promote leukocyte-endothelial cell adhesion and thrombosis in mice by antagonizing eNOS via α GPI and apoER2. <i>Journal of Clinical Investigation</i> , 2011 , 121, 120-31	15.9	131
41	Cervical remodeling/ripening at term and preterm delivery: the same mechanism initiated by different mediators and different effector cells. <i>PLoS ONE</i> , 2011 , 6, e26877	3.7	64
40	A new mouse model to explore therapies for preeclampsia. <i>PLoS ONE</i> , 2010 , 5, e13663	3.7	100
39	An alternative role of C1q in cell migration and tissue remodeling: contribution to trophoblast invasion and placental development. <i>Journal of Immunology</i> , 2010 , 185, 4420-9	5.3	107
38	Role of tissue factor in the maternal immunological attack of the embryo in the antiphospholipid syndrome. <i>Clinical Reviews in Allergy and Immunology</i> , 2010 , 39, 160-5	12.3	25
37	Author's response to "Statins for the treatment of obstetric complications in Antiphospholipid Syndrome?" <i>Journal of Reproductive Immunology</i> , 2010 , 84, 206-207	4.2	6
36	Pravastatin prevents miscarriages in antiphospholipid antibody-treated mice. <i>Journal of Reproductive Immunology</i> , 2009 , 82, 126-31	4.2	28
35	Chapter 5 Tissue Factor in Antiphospholipid Antibody-induced Pregnancy Loss: Thrombosis versus Inflammation. <i>Handbook of Systemic Autoimmune Diseases</i> , 2009 , 10, 69-79	0.3	1

34	Pravastatin prevents miscarriages in mice: role of tissue factor in placental and fetal injury. <i>Blood</i> , 2009 , 113, 4101-9	2.2	95
33	Role of tissue factor in a mouse model of thrombotic microangiopathy induced by antiphospholipid antibodies. <i>Blood</i> , 2009 , 114, 1675-83	2.2	57
32	Antiphospholipid Antibodies Promote Leukocyte-Endothelial Cell Adhesion by Antagonizing Endothelial NO Synthase Via b2GPI and ApoER2.. <i>Blood</i> , 2009 , 114, 3039-3039	2.2	
31	Antiphospholipid antibodies and pregnancy loss: a disorder of inflammation. <i>Journal of Reproductive Immunology</i> , 2008 , 77, 51-6	4.2	95
30	Complement inhibition keeps mothers calm and avoids fetal rejection. <i>Immunological Investigations</i> , 2008 , 37, 645-59	2.9	36
29	Guilty as charged: all available evidence implicates complement's role in fetal demise. <i>American Journal of Reproductive Immunology</i> , 2008 , 59, 183-92	3.8	23
28	Neutrophil activation by the tissue factor/Factor VIIa/PAR2 axis mediates fetal death in a mouse model of antiphospholipid syndrome. <i>Journal of Clinical Investigation</i> , 2008 , 118, 3453-61	15.9	150
27	The antiphospholipid syndrome as a disorder initiated by inflammation: implications for the therapy of pregnant patients. <i>Nature Clinical Practice Rheumatology</i> , 2007 , 3, 140-7; quiz 1 p following 187		49
26	Fetal gene defects precipitate platelet-mediated pregnancy failure in factor V Leiden mothers. <i>Journal of Experimental Medicine</i> , 2007 , 204, 1049-56	16.6	35
25	Tissue factor: a link between C5a and neutrophil activation in antiphospholipid antibody induced fetal injury. <i>Blood</i> , 2007 , 110, 2423-31	2.2	233
24	Theodore E. Woodward Award: antiphospholipid syndrome revisited: a disorder initiated by inflammation. <i>Transactions of the American Clinical and Climatological Association</i> , 2007 , 118, 99-114	0.9	17
23	Antiphospholipid Antibody-Induced Pregnancy Loss and Thrombosis 2006 , 395-402		1
22	Complement activation induces dysregulation of angiogenic factors and causes fetal rejection and growth restriction. <i>Journal of Experimental Medicine</i> , 2006 , 203, 2165-75	16.6	378
21	The complement system in the pathophysiology of pregnancy. <i>Molecular Immunology</i> , 2006 , 43, 68-77	4.3	135
20	A novel inhibitor of the alternative complement pathway prevents antiphospholipid antibody-induced pregnancy loss in mice. <i>Molecular Immunology</i> , 2005 , 42, 87-97	4.3	135
19	Complement activation: a novel pathogenic mechanism in the antiphospholipid syndrome. <i>Annals of the New York Academy of Sciences</i> , 2005 , 1051, 413-20	6.5	49
18	Heparin treatment in pregnancy loss: Potential therapeutic benefits beyond anticoagulation. <i>Journal of Reproductive Immunology</i> , 2005 , 66, 45-51	4.2	32
17	Requirement of activation of complement C3 and C5 for antiphospholipid antibody-mediated thrombophilia. <i>Arthritis and Rheumatism</i> , 2005 , 52, 2120-4		266

16	TNF-alpha is a critical effector and a target for therapy in antiphospholipid antibody-induced pregnancy loss. <i>Journal of Immunology</i> , 2005 , 174, 485-90	5.3	175
15	Anti-phospholipid antibodies restore mesenteric ischemia/reperfusion-induced injury in complement receptor 2/complement receptor 1-deficient mice. <i>Journal of Immunology</i> , 2004 , 173, 7055-61	5.3	77
14	Heparin prevents antiphospholipid antibody-induced fetal loss by inhibiting complement activation. <i>Nature Medicine</i> , 2004 , 10, 1222-6	50.5	517
13	The Role of Complement in Pregnancy and Fetal Loss 2004 , 187-199		1
12	Activation of complement mediates antiphospholipid antibody-induced pregnancy loss. <i>Lupus</i> , 2003 , 12, 535-8	2.6	65
11	The role of complement in pregnancy and fetal loss. <i>Autoimmunity</i> , 2003 , 36, 19-26	3	34
10	Complement C5a receptors and neutrophils mediate fetal injury in the antiphospholipid syndrome. <i>Journal of Clinical Investigation</i> , 2003 , 112, 1644-54	15.9	187
9	Complement C5a receptors and neutrophils mediate fetal injury in the antiphospholipid syndrome. <i>Journal of Clinical Investigation</i> , 2003 , 112, 1644-1654	15.9	457
8	Complement C3 activation is required for antiphospholipid antibody-induced fetal loss. <i>Journal of Experimental Medicine</i> , 2002 , 195, 211-20	16.6	472
7	Verapamil protection against mercuric chloride-induced renal glomerular injury in rats. <i>Toxicology and Applied Pharmacology</i> , 1998 , 152, 360-5	4.6	14
6	Glomerular compromise in mercuric chloride-induced nephrotoxicity. <i>Journal of Biochemical Toxicology</i> , 1996 , 11, 189-96		7
5	Mercuric chloride effects on rat renal redox enzymes activities: SOD protection. <i>Free Radical Biology and Medicine</i> , 1995 , 18, 61-6	7.8	44
4	Evidence for renal ischaemia as a cause of mercuric chloride nephrotoxicity. <i>Archives of Toxicology</i> , 1995 , 69, 603-7	5.8	11
3	Effect of different renal glutathione levels on renal mercury disposition and excretion in the rat. <i>Toxicology</i> , 1993 , 81, 57-67	4.4	24
2	Acetaminophen nephrotoxicity in male Wistar rats. <i>Archives of Toxicology</i> , 1992 , 66, 107-11	5.8	26
1	Effectiveness of N-acetylcysteine in protecting against mercuric chloride-induced nephrotoxicity. <i>Toxicology</i> , 1991 , 67, 155-64	4.4	55
