

Marcia Van Riper

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/5223942/marcia-van-riper-publications-by-year.pdf>
Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

68 papers	1,024 citations	16 h-index	30 g-index
71 ext. papers	1,179 ext. citations	2.1 avg, IF	4.71 L-index

#	Paper	IF	Citations
68	Dental health care for children with Down syndrome: Parents' description of their children's needs in dental health care settings.. <i>European Journal of Oral Sciences</i> , 2022 , e12859	2.3	0
67	Care Coordination Needs of Families of Children with Down Syndrome: A Scoping Review to Inform Development of mHealth Applications for Families. <i>Children</i> , 2021 , 8,	2.8	1
66	Parents' perceptions of oral health, general health and dental health care for children with Down syndrome in Sweden. <i>Acta Odontologica Scandinavica</i> , 2021 , 79, 248-255	2.2	3
65	Quality of life in individuals with Down syndrome aged 4 to 21 years. <i>Child: Care, Health and Development</i> , 2021 , 47, 85-93	2.8	0
64	Measurement of Family Management in Families of Individuals With Down Syndrome: A Cross-Cultural Investigation. <i>Journal of Family Nursing</i> , 2021 , 27, 8-22	2.2	2
63	Problem-solving and coping in family adaptation of children with Down Syndrome. <i>Revista Da Escola De Enfermagem Da U S P</i> , 2021 , 55, e03708	1	2
62	Family Variables and Quality of Life in Children with Down Syndrome: A Scoping Review. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	2
61	Adaptation to Technology Use in Families of Children With Complex Communication Needs: An Integrative Review and Family Theory Application. <i>Journal of Family Nursing</i> , 2020 , 26, 153-178	2.2	1
60	Parent-Reported Contribution of Family Variables to the Quality of Life in Children with Down Syndrome: Report from an International Study. <i>Journal of Pediatric Nursing</i> , 2020 , 55, 192-200	2.2	1
59	Connections between Family Assets and Positive Youth Development: The Association between Parental Monitoring and Affection with Leisure-Time Activities and Substance Use. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	2
58	mHealth Family Adaptation Intervention for Families of Young Children with Down Syndrome: A Feasibility Study. <i>Journal of Pediatric Nursing</i> , 2020 , 50, e69-e76	2.2	4
57	Family Management of Down Syndrome: Cross-Cultural Perspectives. <i>Nursing Outlook</i> , 2019 , 67, 116	2.7	2
56	Family-clinician communication in the ICU and its relationship to psychological distress of family members: A cross-sectional study. <i>International Journal of Nursing Studies</i> , 2019 , 95, 34-39	5.8	10
55	Breastfeeding Experiences of Mothers of Children with Down Syndrome. <i>Comprehensive Child and Adolescent Nursing</i> , 2019 , 42, 250-264	0.8	8
54	Sleep problems in Korean children with Down syndrome and parental quality of life. <i>Journal of Intellectual Disability Research</i> , 2019 , 63, 1346-1358	3.2	7
53	Influencing of Family Management in Families with Thalassaemic Children on Health Related Quality of Life and Family Functioning: SEM approach. <i>Walailak Journal of Science and Technology</i> , 2019 , 16, 27-38	1.5	5
52	"It's a Long-Term Process": Description of Daily Family Life When a Child Has a Feeding Disorder. <i>Journal of Pediatric Health Care</i> , 2018 , 32, 340-347	1.4	23

51	Family management of childhood chronic conditions: Does it make a difference if the child has an intellectual disability?. <i>American Journal of Medical Genetics, Part A</i> , 2018 , 176, 82-91	2.5	9
50	Adaptation and Resilience in Families of Children With Spina Bifida in South Korea. <i>Rehabilitation Nursing</i> , 2018 , 43, 343-350	1.3	6
49	Adaptation and resilience in families of individuals with down syndrome living in Ireland. <i>British Journal of Learning Disabilities</i> , 2018 , 46, 146-154	1	13
48	Management of Childhood Congenital Adrenal Hyperplasia-An Integrative Review of the Literature. <i>Journal of Pediatric Health Care</i> , 2017 , 31, 560-577	1.4	8
47	Delays and Disabilities: NP Screening and Care Management. <i>Journal for Nurse Practitioners</i> , 2017 , 13, e67-e73	0.6	1
46	Adaptation in families of children with Down syndrome in East Asian countries: an integrative review. <i>Journal of Advanced Nursing</i> , 2017 , 73, 1792-1806	3.1	10
45	How the Child's Gender Matters for Families Having a Child With Congenital Adrenal Hyperplasia. <i>Journal of Family Nursing</i> , 2017 , 23, 516-533	2.2	9
44	Is there evidence that we should screen the general population for Lynch syndrome with genetic testing? A systematic review. <i>Pharmacogenomics and Personalized Medicine</i> , 2017 , 10, 49-60	2.1	7
43	Translation and cultural adaptation of the quality of communication questionnaire for ICU family members in Korea. <i>Heart and Lung: Journal of Acute and Critical Care</i> , 2017 , 46, 458-463	2.6	5
42	Parental management of adrenal crisis in children with congenital adrenal hyperplasia. <i>Journal for Specialists in Pediatric Nursing</i> , 2017 , 22, e12190	1.3	12
41	Genetic education, knowledge and experiences between nurses and physicians in primary care in Brazil: A cross-sectional study. <i>Australian Journal of Cancer Nursing</i> , 2017 , 19, 66-74	1.9	15
40	Tips for Developing a Successful Family Research Proposal. <i>Journal of Family Nursing</i> , 2017 , 23, 450-460	2.2	2
39	Family-Clinician Communication About End-of-Life Care in Korea. <i>Journal of Hospice and Palliative Nursing</i> , 2017 , 19, 597-601	2.2	6
38	OC41 - Families of children with Down syndrome: a cross-cultural study. <i>Nursing Children and Young People</i> , 2016 , 28, 82-3	0.3	1
37	Looking for Trouble: Preventive Genomic Sequencing in the General Population and the Role of Patient Choice. <i>American Journal of Bioethics</i> , 2015 , 15, 3-14	1.1	27
36	Response to Open Peer Commentaries on "Looking for Trouble: Preventive Genomic Sequencing in the General Population and the Role of Patient Choice". <i>American Journal of Bioethics</i> , 2015 , 15, W6-9	1.1	
35	Maternal perceptions of sibling adaptation in Korean families of children with Down syndrome. <i>Journal of Intellectual Disability Research</i> , 2014 , 58, 962-77	3.2	8
34	Cancer pharmacogenomics, adoption by oncologists and patient benefit. <i>Personalized Medicine</i> , 2014 , 11, 143-153	2.2	9

33	Development and content validation of the Pediatric Eating Assessment Tool (Pedi-EAT). <i>American Journal of Speech-Language Pathology</i> , 2014 , 23, 46-59	3.1	45
32	Siblings of children with Down syndrome: an integrative review. <i>MCN the American Journal of Maternal Child Nursing</i> , 2013 , 38, 72-8	1	3
31	An update of childhood genetic disorders. <i>Journal of Nursing Scholarship</i> , 2013 , 45, 34-42	3.6	2
30	Decision making following a prenatal diagnosis of Down syndrome: an integrative review. <i>Journal of Midwifery and Women's Health</i> , 2012 , 57, 156-64	2.2	38
29	Knowledge, attitudes and education of pharmacists regarding pharmacogenetic testing. <i>Personalized Medicine</i> , 2012 , 9, 19-27	2.2	55
28	Analysis of clinicians' attitudes towards pharmacogenomics. <i>Personalized Medicine</i> , 2011 , 8, 533-540	2.2	13
27	Family-provider interactions surrounding the diagnosis of Down syndrome. <i>Genetics in Medicine</i> , 2011 , 13, 714-6	8.1	12
26	Taiwanese nursing students' perceived knowledge and clinical comfort with genetics. <i>Journal of Nursing Scholarship</i> , 2011 , 43, 125-32	3.6	13
25	Individual and family adaptation in Taiwanese families living with down syndrome. <i>Journal of Family Nursing</i> , 2011 , 17, 182-201	2.2	13
24	International Family Nursing Association (IFNA): message from the president. <i>Journal of Family Nursing</i> , 2010 , 16, 239-42	2.2	0
23	Research on caregiving in Chinese families living with mental illness: a critical review. <i>Journal of Family Nursing</i> , 2010 , 16, 68-100	2.2	31
22	Institutional profile. UNC Institute for Pharmacogenomics and Individualized Therapy: interdisciplinary research for individual care. <i>Pharmacogenomics</i> , 2010 , 11, 13-21	2.6	1
21	Genomics and the Family: Integrative Frameworks. <i>Issues in Clinical Child Psychology</i> , 2010 , 109-139	0.1	6
20	Breast cancer risk perception and lifestyle behaviors among White and Black women with a family history of the disease. <i>Cancer Nursing</i> , 2009 , 32, 299-308	2.6	42
19	Individual and family adaptation in Taiwanese families of individuals with severe and persistent mental illness (SPMI). <i>Research in Nursing and Health</i> , 2009 , 32, 307-20	2	22
18	Change of Plans: Living with Genetic Condition in the Family. <i>Australian Journal of Cancer Nursing</i> , 2007 , 9, 251-251	1.9	
17	Families of children with Down syndrome: responding to "a change in plans" with resilience. <i>Journal of Pediatric Nursing</i> , 2007 , 22, 116-28	2.2	87
16	Incidental finding of ultrasound markers for Down syndrome in the second trimester of pregnancy: a case study. <i>Journal of Midwifery and Women's Health</i> , 2005 , 50, 243-5	2.2	2

15	Genetic testing and the family. <i>Journal of Midwifery and Women's Health</i> , 2005 , 50, 227-33	2.2	26
14	Genetic testing for breast and ovarian cancer susceptibility: a family experience. <i>Journal of Midwifery and Women's Health</i> , 2004 , 49, 210-9	2.2	15
13	A change of plans. <i>American Journal of Nursing</i> , 2003 , 103, 71-4	0.6	10
12	Determining nursing faculty development needs. <i>Nursing Outlook</i> , 2003 , 51, 227-32	2.7	19
11	The Sibling Experience of Living With Childhood Chronic Illness and Disability. <i>Annual Review of Nursing Research</i> , 2003 , 21, 279-302	0.7	15
10	The sibling experience of living with childhood chronic illness and disability. <i>Annual Review of Nursing Research</i> , 2003 , 21, 279-302	0.7	5
9	Family-provider relationships and well-being in families with preterm infants in the NICU. <i>Heart and Lung: Journal of Acute and Critical Care</i> , 2001 , 30, 74-84	2.6	85
8	Caring for children with Down syndrome and their families. <i>Journal of Pediatric Health Care</i> , 2001 , 15, 123-31	1.4	16
7	Caring for children with Down syndrome and their families. <i>Journal of Pediatric Health Care</i> , 2001 , 15, 123-131	1.4	4
6	Family Variables Associated With Well-Being in Siblings of Children With Down Syndrome. <i>Journal of Family Nursing</i> , 2000 , 6, 267-286	2.2	60
5	Maternal perceptions of family-provider relationships and well-being in families of children with Down syndrome. <i>Research in Nursing and Health</i> , 1999 , 22, 357-68	2	51
4	Guided participation and development of care-giving competencies for families of low birth-weight infants. <i>Journal of Advanced Nursing</i> , 1998 , 28, 948-58	3.1	39
3	Parental and family well-being in families of children with Down syndrome: a comparative study. <i>Research in Nursing and Health</i> , 1992 , 15, 227-35	2	56
2	Families, Health, and Genomics195-218		2
1	Maternal Perceptions to Open-Ended Questions about Life with Down Syndrome in Korea		3
