#	Paper	IF	Citations
195	Better reporting of interventions: template for intervention description and replication (TIDieR) checklist and guide. <i>BMJ, The</i> , 2014 , 348, g1687	5.9	3570
194	Synthesising qualitative and quantitative evidence: a review of possible methods. <i>Journal of Health Services Research and Policy</i> , 2005 , 10, 45-53	2.4	960
193	Conducting a critical interpretive synthesis of the literature on access to healthcare by vulnerable groups. <i>BMC Medical Research Methodology</i> , 2006 , 6, 35	4.7	895
192	How can systematic reviews incorporate qualitative research? A critical perspective. <i>Qualitative Research</i> , 2006 , 6, 27-44	2.2	487
191	Explaining Michigan: developing an ex post theory of a quality improvement program. <i>Milbank Quarterly</i> , 2011 , 89, 167-205	3.9	404
190	Demystifying theory and its use in improvement. <i>BMJ Quality and Safety</i> , 2015 , 24, 228-38	5.4	392
189	The problem of appraising qualitative research. <i>Quality and Safety in Health Care</i> , 2004 , 13, 223-5		383
188	Synthesising qualitative and quantitative evidence: a review of possible methods. <i>Journal of Health Services Research and Policy</i> , 2005 , 10, 45-53	2.4	381
187	Appraising qualitative research for inclusion in systematic reviews: a quantitative and qualitative comparison of three methods. <i>Journal of Health Services Research and Policy</i> , 2007 , 12, 42-7	2.4	358
186	Ten challenges in improving quality in healthcare: lessons from the Health Foundation's programme evaluations and relevant literature. <i>BMJ Quality and Safety</i> , 2012 , 21, 876-84	5.4	330
185	Culture and behaviour in the English National Health Service: overview of lessons from a large multimethod study. <i>BMJ Quality and Safety</i> , 2014 , 23, 106-15	5.4	256
184	Managing communication with young people who have a potentially life threatening chronic illness: qualitative study of patients and parents. <i>BMJ, The</i> , 2003 , 326, 305	5.9	212
183	Parenting in a crisis: conceptualising mothers of children with cancer. <i>Social Science and Medicine</i> , 2002 , 55, 1835-47	5.1	192
182	Finding qualitative research: an evaluation of search strategies. <i>BMC Medical Research Methodology</i> , 2004 , 4, 5	4.7	184
181	Including qualitative research in systematic reviews: opportunities and problems. <i>Journal of Evaluation in Clinical Practice</i> , 2001 , 7, 125-33	2.5	181
180	The social licence for research: why care.data ran into trouble. <i>Journal of Medical Ethics</i> , 2015 , 41, 404-9	2.5	180
179	Explaining Matching Michigan: an ethnographic study of a patient safety program. <i>Implementation Science</i> , 2013 , 8, 70	8.4	171

178	Writing wrongs? An analysis of published discourses about the use of patient information leaflets. <i>Social Science and Medicine</i> , 2001 , 52, 1417-32	5.1	161
177	How to study improvement interventions: a brief overview of possible study types. <i>BMJ Quality and Safety</i> , 2015 , 24, 325-36	5.4	156
176	Does quality improvement improve quality?. <i>Future Hospital Journal</i> , 2016 , 3, 191-194		131
175	Promotion of improvement as a science. <i>Lancet, The</i> , 2013 , 381, 419-21	4.0	127
174	Parents' accounts of obtaining a diagnosis of childhood cancer. <i>Lancet, The</i> , 2001 , 357, 670-4	4.0	126
173	Reporting of stepped wedge cluster randomised trials: extension of the CONSORT 2010 statement with explanation and elaboration. <i>BMJ, The</i> , 2018 , 363, k1614	5.9	119
172	Factors affecting uptake of childhood immunisation: a Bayesian synthesis of qualitative and quantitative evidence. <i>Lancet, The</i> , 2002 , 360, 1596-9	4.0	116
171	Optimizing patient involvement in quality improvement. <i>Health Expectations</i> , 2013 , 16, e36-47	3.7	112
170	Why is U.K. medicine no longer a self-regulating profession? The role of scandals involving "bad apple" doctors. <i>Social Science and Medicine</i> , 2011 , 73, 1452-9	5.1	109
169	Large scale organisational intervention to improve patient safety in four UK hospitals: mixed method evaluation. <i>BMJ, The</i> , 2011 , 342, d195	5.9	109
168	Beyond "misunderstanding": written information and decisions about taking part in a genetic epidemiology study. <i>Social Science and Medicine</i> , 2007 , 65, 2212-22	5.1	108
167	The problem with root cause analysis. <i>BMJ Quality and Safety</i> , 2017 , 26, 417-422	5.4	106
166	Beyond metrics? Utilizing 'soft intelligence' for healthcare quality and safety. <i>Social Science and Medicine</i> , 2015 , 142, 19-26	5.1	102
165	Patient focused registries can improve health, care, and science. <i>BMJ, The</i> , 2016 , 354, i3319	5.9	95
164	Quality improvement through clinical communities: eight lessons for practice. <i>Journal of Health Organization and Management</i> , 2012 , 26, 158-74	1.9	93
163	What counts? An ethnographic study of infection data reported to a patient safety program. <i>Milbank Quarterly</i> , 2012 , 90, 548-91	3.9	92
162	Why is patient safety so hard? A selective review of ethnographic studies. <i>Journal of Health Services Research and Policy</i> , 2010 , 15 Suppl 1, 11-6	2.4	90
161	Receiving a summary of the results of a trial: qualitative study of participants' views. <i>BMJ, The</i> , 2006 , 332, 206-10	5.9	84

160	Medical and lay views of irritable bowel syndrome. <i>Family Practice</i> , 2000 , 17, 108-13	1.9	83
159	An ethnographic study of classifying and accounting for risk at the sharp end of medical wards. <i>Social Science and Medicine</i> , 2009 , 69, 362-9	5.1	79
158	Response to Kennedy and Farthing. <i>Journal of the Royal Society of Medicine</i> , 2010 , 103, 214-214	2.3	78
157	Multiple component patient safety intervention in English hospitals: controlled evaluation of second phase. <i>BMJ, The</i> , 2011 , 342, d199	5.9	78
156	A qualitative study comparing experiences of the surgical safety checklist in hospitals in high-income and low-income countries. <i>BMJ Open</i> , 2013 , 3, e003039	3	76
155	Informed consent for elective and emergency surgery: questionnaire study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2004 , 111, 1133-8	3.7	68
154	Doing accountability: a discourse analysis of research ethics committee letters. <i>Sociology of Health and Illness</i> , 2009 , 31, 246-61	3	66
153	Patients' perceptions of written consent: questionnaire study. <i>BMJ, The</i> , 2006 , 333, 528	5.9	66
152	Patient safety and the problem of many hands. <i>BMJ Quality and Safety</i> , 2016 , 25, 485-8	5.4	65
151	Why is compliance with occlusion therapy for amblyopia so hard? A qualitative study. <i>Archives of Disease in Childhood</i> , 2006 , 91, 491-4	2.2	62
150	What can ethnography do for quality and safety in health care?. <i>Quality and Safety in Health Care</i> , 2003 , 12, 326-7		62
149	Education and self-management for people newly diagnosed with type 2 diabetes: a qualitative study of patients' views. <i>Chronic Illness</i> , 2008 , 4, 28-37	1.4	60
148	Why do women consent to surgery, even when they do not want to? An interactionist and Bourdieusian analysis. <i>Social Science and Medicine</i> , 2006 , 62, 2742-53	5.1	60
147	Problems and promises of innovation: why healthcare needs to rethink its love/hate relationship with the new. <i>BMJ Quality and Safety</i> , 2011 , 20 Suppl 1, i47-51	5.4	57
146	Challenges, solutions and future directions in the evaluation of service innovations in health care and public health. <i>Health Services and Delivery Research</i> , 2016 , 4, 1-136	1.5	57
145	What is the role of individual accountability in patient safety? A multi-site ethnographic study. <i>Sociology of Health and Illness</i> , 2016 , 38, 216-32	3	57
144	Why do people cooperate with medical research? Findings from three studies. <i>Social Science and Medicine</i> , 2009 , 68, 2215-22	5.1	56
143	How to improve healthcare improvement-an essay by Mary Dixon-Woods. <i>BMJ, The</i> , 2019 , 367, l5514	5.9	54

142	Partnerships with children. <i>BMJ: British Medical Journal</i> , 1999 , 319, 778-80		54
141	Participating in a trial in a critical situation: a qualitative study in pregnancy. <i>Quality and Safety in Health Care</i> , 2006 , 15, 98-101		53
140	Choosing and using services for sexual health: a qualitative study of women's views. <i>Sexually Transmitted Infections</i> , 2001 , 77, 335-9	2.8	50
139	Professionalism Redundant, Reshaped, or Reinvigorated? Realizing the "Third Logic" in Contemporary Health Care. <i>Journal of Health and Social Behavior</i> , 2015 , 56, 378-97	4.5	48
138	Continuity and trust in primary care: a qualitative study informed by game theory. <i>Annals of Family Medicine</i> , 2010 , 8, 440-6	2.9	47
137	Did a quality improvement collaborative make stroke care better? A cluster randomized trial. <i>Implementation Science</i> , 2014 , 9, 40	8.4	46
136	Regulation and the social licence for medical research. <i>Medicine, Health Care and Philosophy</i> , 2008 , 11, 381-91	2	46
135	An analysis of decision letters by research ethics committees: the ethics/scientific quality boundary examined. <i>Quality and Safety in Health Care</i> , 2008 , 17, 131-6		45
134	Why is patient safety so hard in low-income countries? A qualitative study of healthcare workers' views in two African hospitals. <i>Globalization and Health</i> , 2015 , 11, 6	10	44
133	A qualitative study of the health-related quality of life of disabled children. <i>Developmental Medicine and Child Neurology</i> , 2007 , 49, 660-5	3.3	43
132	Written work: the social functions of Research Ethics Committee letters. <i>Social Science and Medicine</i> , 2007 , 65, 792-802	5.1	41
131	Using clinical simulation to study how to improve quality and safety in healthcare. <i>BMJ Simulation and Technology Enhanced Learning</i> , 2020 , 6, 87-94	1.1	41
130	Improving recruitment to clinical trials for cancer in childhood. <i>Lancet Oncology, The</i> , 2008 , 9, 392-9	21.7	40
129	Teaching and learning about human sexuality in undergraduate medical education. <i>Medical Education</i> , 2002 , 36, 432-40	3.7	40
128	Factors influencing repeat caesarean section: qualitative exploratory study of obstetricians' and midwives' accounts. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2005 , 112, 1054-60	3.7	40
127	Estimating deaths due to medical error: the ongoing controversy and why it matters. <i>BMJ Quality and Safety</i> , 2017 , 26, 423-428	5.4	40
126	Between surveillance and subjectification: professionals and the governance of quality and patient safety in English hospitals. <i>Social Science and Medicine</i> , 2013 , 99, 80-8	5.1	37
125	A qualitative study of families of a child with a nut allergy. <i>Chronic Illness</i> , 2011 , 7, 255-66	1.4	37

124	Parents' accounts of wheeze and asthma related symptoms: a qualitative study. <i>Archives of Disease in Childhood</i> , 2002 , 87, 131-4	2.2	36
123	Commodification of Body Parts: By Medicine or by Media?. <i>Body and Society</i> , 2006 , 12, 25-42	1.6	35
122	How to be a very safe maternity unit: An ethnographic study. <i>Social Science and Medicine</i> , 2019 , 223, 64-72	1.1	34
121	'New' and distributed leadership in quality and safety in health care, or 'old' and hierarchical? An interview study with strategic stakeholders. <i>Journal of Health Services Research and Policy</i> , 2013 , 18, 11-9	2.4	33
120	Practices and views on fetal heart monitoring: a structured observation and interview study. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2006 , 113, 409-18	3.7	33
119	Making soft intelligence hard: a multi-site qualitative study of challenges relating to voice about safety concerns. <i>BMJ Quality and Safety</i> , 2018 , 27, 710-717	5.4	32
118	How collaborative are quality improvement collaboratives: a qualitative study in stroke care. <i>Implementation Science</i> , 2014 , 9, 32	8.4	32
117	Improving quality and safety of care using "technovigilance": an ethnographic case study of secondary use of data from an electronic prescribing and decision support system. <i>Milbank Quarterly</i> , 2013 , 91, 424-54	3.9	32
116	Design-based regulation and patient safety: a regulatory studies perspective. <i>Social Science and Medicine</i> , 2010 , 71, 502-509	5.1	32
115	Women's accounts of consenting to surgery: is consent a quality problem?. <i>Quality and Safety in Health Care</i> , 2004 , 13, 422-7		32
114	The problem with composite indicators. <i>BMJ Quality and Safety</i> , 2019 , 28, 338-344	5.4	31
113	Human Tissue and the Public – The Case of Childhood Cancer Tumour Banking. <i>BioSocieties</i> , 2008 , 3, 57-80	1.5	31
112	Consistency in decision making by research ethics committees: a controlled comparison. <i>Journal of Medical Ethics</i> , 2006 , 32, 662-4	2.5	30
111	Getting women to hospital is not enough: a qualitative study of access to emergency obstetric care in Bangladesh. <i>Quality and Safety in Health Care</i> , 2006 , 15, 214-9		29
110	Identity and role in parenting a child with cancer. <i>Developmental Neurorehabilitation</i> , 2002 , 5, 209-14		28
109	Researching chronic childhood illness: the example of childhood cancer. <i>Chronic Illness</i> , 2006 , 2, 165-77	1.4	26
108	Representing childhood cancer: accounts from newspapers and parents. <i>Sociology of Health and Illness</i> , 2003 , 25, 143-64	3	26
107	How Well Is Quality Improvement Described in the Perioperative Care Literature? A Systematic Review. <i>Joint Commission Journal on Quality and Patient Safety</i> , 2016 , 42, 196-206	1.4	26

106	A qualitative study of speaking out about patient safety concerns in intensive care units. <i>Social Science and Medicine</i> , 2017 , 193, 8-15	5.1	25
105	Provision of cancer information as a "support for navigating the knowledge landscape": findings from a critical interpretive literature synthesis. <i>European Journal of Oncology Nursing</i> , 2013 , 17, 360-9	2.8	25
104	How to study improvement interventions: a brief overview of possible study types. <i>Postgraduate Medical Journal</i> , 2015 , 91, 343-54	2	25
103	Women's views and experiences of a patient preference trial in surgery: a qualitative study of the CARPET1 trial. <i>Clinical Trials</i> , 2010 , 7, 696-704	2.2	25
102	Effect of NHS walk-in centre on local primary healthcare services: before and after observational study. <i>BMJ, The</i> , 2003 , 326, 530	5.9	25
101	A qualitative study of experiences of NHS mental healthcare workers during the Covid-19 pandemic. <i>BMC Psychiatry</i> , 2021 , 21, 250	4.2	24
100	Qualitative study of views and experiences of performance management for healthcare-associated infections. <i>Journal of Hospital Infection</i> , 2016 , 94, 41-7	6.9	23
99	Do informed consent documents for cancer trials do what they should? A study of manifest and latent functions. <i>Sociology of Health and Illness</i> , 2012 , 34, 1230-45	3	23
98	Gender and access to healthcare in the UK: a critical interpretive synthesis of the literature. <i>Evidence and Policy</i> , 2007 , 3, 463-486	2.1	23
97	Lay evaluation of services for childhood asthma. <i>Health and Social Care in the Community</i> , 2002 , 10, 503-16	16	23
96	Learning through observation: the role of ethnography in improving critical care. <i>Current Opinion in Critical Care</i> , 2010 , 16, 639-42	3.5	22
95	Tissue Samples as Gifts For Research: A Qualitative Study of Families and Professionals. <i>Medical Law International</i> , 2008 , 9, 131-150	0.7	22
94	Remote care for mental health: qualitative study with service users, carers and staff during the COVID-19 pandemic. <i>BMJ Open</i> , 2021 , 11, e049210	3	22
93	What to expect when you're evaluating healthcare improvement: a concordat approach to managing collaboration and uncomfortable realities. <i>BMJ Quality and Safety</i> , 2015 , 24, 318-24	5.4	21
92	Research involving adults who lack capacity: how have research ethics committees interpreted the requirements?. <i>Journal of Medical Ethics</i> , 2009 , 35, 377-81	2.5	20
91	Do research ethics committees identify process errors in applications for ethical approval?. <i>Journal of Medical Ethics</i> , 2009 , 35, 130-2	2.5	19
90	Breaking the ceremonial order: patients' and doctors' accounts of removal from a general practitioner's list. <i>Sociology of Health and Illness</i> , 2006 , 28, 611-36	3	19
89	Is 'inconsistency' in research ethics committee decision-making really a problem? An empirical investigation and reflection. <i>Clinical Ethics</i> , 2007 , 2, 92-99	1	18

88	Taking the heat or taking the temperature? A qualitative study of a large-scale exercise in seeking to measure for improvement, not blame. <i>Social Science and Medicine</i> , 2018 , 198, 157-164	5.1	17
87	Learning from high risk industries may not be straightforward: a qualitative study of the hierarchy of risk controls approach in healthcare. <i>International Journal for Quality in Health Care</i> , 2018 , 30, 39-43	1.9	16
86	Can an electronic prescribing system detect doctors who are more likely to make a serious prescribing error?. <i>Journal of the Royal Society of Medicine</i> , 2011 , 104, 208-18	2.3	16
85	Reciprocal peer review for quality improvement: an ethnographic case study of the Improving Lung Cancer Outcomes Project. <i>BMJ Quality and Safety</i> , 2012 , 21, 1034-41	5.4	16
84	The role of primary care professionals in women's experiences of cervical cancer screening: a qualitative study. <i>Family Practice</i> , 2012 , 29, 462-6	1.9	16
83	Childhood cancer and users' views: a critical perspective. <i>European Journal of Cancer Care</i> , 2002 , 11, 173-74	7.4	16
82	Improving Employee Voice About Transgressive or Disruptive Behavior: A Case Study. <i>Academic Medicine</i> , 2019 , 94, 579-585	3.9	16
81	Walkrounds in practice: corrupting or enhancing a quality improvement intervention? A qualitative study. <i>Joint Commission Journal on Quality and Patient Safety</i> , 2014 , 40, 303-10	1.4	15
80	Providing the results of research to participants: a mixed-method study of the benefits and challenges of a consultative approach. <i>Clinical Trials</i> , 2011 , 8, 330-41	2.2	15
79	Effect of media portrayals of removal of children's tissue on UK tumour bank. <i>BMJ, The</i> , 2005 , 331, 401-3	5.9	15
78	A qualitative study of choosing and using an NHS Walk-in Centre. <i>Family Practice</i> , 2005 , 22, 269-74	1.9	15
77	Recruitment of women into trials. <i>Lancet, The</i> , 2002 , 359, 164-5	4.0	15
76	Consent for childhood cancer tissue banking in the UK: the effect of the Human Tissue Act 2004. <i>Lancet Oncology, The</i> , 2007 , 8, 266-72	21.7	14
75	Ending the doctor-patient relationship in general practice: a proposed model. <i>Family Practice</i> , 2004 , 21, 507-14	1.9	14
74	Frameworks for change in healthcare organisations: a formative evaluation of the NHS Change Model. <i>Health Services Management Research</i> , 2013 , 26, 65-75	1	13
73	Breast cancer awareness month. Still awaiting screening facts. <i>BMJ, The</i> , 2010 , 341, c6152	5.9	13
72	Harveian Oration 2018: Improving quality and safety in healthcare. <i>Clinical Medicine</i> , 2019 , 19, 47-56	1.9	12
71	Clinical negligence costs: taking action to safeguard NHS sustainability. <i>BMJ, The</i> , 2020 , 368, m552	5.9	12

70	Ethnographic process evaluation of a quality improvement project to improve transitions of care for older people. <i>BMJ Open</i> , 2016 , 6, e010988	3	12
69	What do research ethics committees say about applications to conduct research involving children?. <i>Archives of Disease in Childhood</i> , 2010 , 95, 915-7	2.2	12
68	A mixed-methods study of challenges experienced by clinical teams in measuring improvement. <i>BMJ Quality and Safety</i> , 2021 , 30, 106-115	5.4	12
67	Consent revisited: the impact of return of results on participants' views and expectations about trial participation. <i>Health Expectations</i> , 2015 , 18, 2042-53	3.7	11
66	How will it work? A qualitative study of strategic stakeholders' accounts of a patient safety initiative. <i>Quality and Safety in Health Care</i> , 2010 , 19, 74-8		11
65	Patients' accounts of being removed from their general practitioner's list: qualitative study. <i>BMJ, The</i> , 2003 , 326, 1316	5.9	11
64	What do they know?: a content analysis of women's perceptions of trial information. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2004 , 111, 1341-5	3.7	11
63	A modified Delphi study to identify the features of high quality measurement plans for healthcare improvement projects. <i>BMC Medical Research Methodology</i> , 2020 , 20, 8	4.7	10
62	Towards a new era of tissue-based diagnosis and research. <i>Chronic Illness</i> , 2007 , 3, 301-9	1.4	10
61	Breaking up is never easy: GPs' accounts of removing patients from their lists. <i>Family Practice</i> , 2003 , 20, 628-34	1.9	10
60	Organising services for influenza vaccination for older people. <i>Journal of Health Services Research and Policy</i> , 2004 , 9, 85-90	2.4	10
59	A qualitative study of participants' views on re-consent in a longitudinal biobank. <i>BMC Medical Ethics</i> , 2017 , 18, 22	2.9	9
58	What do research ethics committees say about applications to do cancer trials?. <i>Lancet Oncology, The</i> , 2008 , 9, 700-1	21.7	9
57	Referral and attendance at a specialist antenatal clinic: qualitative study of women's views. <i>BJOG: an International Journal of Obstetrics and Gynaecology</i> , 2006 , 113, 909-13	3.7	9
56	Revising ethical guidance for the evaluation of programmes and interventions not initiated by researchers. <i>Journal of Medical Ethics</i> , 2020 , 46, 26-30	2.5	9
55	Senior stakeholder views on policies to foster a culture of openness in the English National Health Service: a qualitative interview study. <i>Journal of the Royal Society of Medicine</i> , 2019 , 112, 153-159	2.3	8
54	How not to waste a crisis: a qualitative study of problem definition and its consequences in three hospitals. <i>Journal of Health Services Research and Policy</i> , 2019 , 24, 145-154	2.4	8
53	A qualitative study of design stakeholders' views of developing and implementing a registry-based learning health system. <i>Implementation Science</i> , 2020 , 15, 16	8.4	8

52	Seeking consent to tissue banking: a survey of health professionals in childhood cancer. <i>European Journal of Cancer Care</i> , 2009 , 18, 391-400	2.4	8
51	Consent to tissue banking for research: qualitative study and recommendations. <i>Archives of Disease in Childhood</i> , 2012 , 97, 632-6	2.2	8
50	Qualitative research on breastfeeding in the UK: a narrative review and methodological reflection. <i>Evidence and Policy</i> , 2007 , 3, 197-230	2.1	8
49	Why is reporting quality improvement so hard? A qualitative study in perioperative care. <i>BMJ Open</i> , 2019 , 9, e030269	3	8
