#	ARTICLE	IF	CITATIONS
1	How related are hair pulling disorder (trichotillomania) and skin picking disorder? A review of evidence for comorbidity, similarities and shared etiology. Clinical Psychology Review, 2012, 32, 618-629.	11.4	139
2	Emotion regulation in pathological skin picking: Findings from a non-treatment seeking sample. Journal of Behavior Therapy and Experimental Psychiatry, 2010, 41, 238-245.	1.2	112
3	The Skin Picking Scale-Revised: Factor structure and psychometric properties. Journal of Obsessive-Compulsive and Related Disorders, 2012, 1, 133-137.	1.5	97
4	A randomized waitlist-controlled pilot trial of voice over Internet protocol-delivered behavior therapy for youth with chronic tic disorders. Journal of Telemedicine and Telecare, 2016, 22, 153-162.	2.7	84
5	Comparison of the Association Between Goal-Directed Planning and Self-reported Compulsivity vs Obsessive-Compulsive Disorder Diagnosis. JAMA Psychiatry, 2020, 77, 77.	11.0	54
6	The Trichotillomania Impact Project in Young Children (TIP-YC): Clinical Characteristics, Comorbidity, Functional Impairment and Treatment Utilization. Child Psychiatry and Human Development, 2014, 45, 24-31.	1.9	52
7	Motor Inhibition, Reflection Impulsivity, and Trait Impulsivity in Pathological Skin Picking. Behavior Therapy, 2011, 42, 521-532.	2.4	42
8	Are nonclinical obsessive-compulsive symptoms associated with bias toward habits?. Psychiatry Research, 2016, 241, 221-223.	3.3	32
9	Acceptance-Enhanced Behavior Therapy for Excoriation (Skin-Picking) Disorder in Adults: A Clinical Case Series. Cognitive and Behavioral Practice, 2015, 22, 230-239.	1.5	27
10	Skin picking disorder is associated with other body-focused repetitive behaviors: findings from an internet study. Annals of Clinical Psychiatry, 2012, 24, 292-9.	0.6	27
11	Yale-Brown Obsessive Compulsive Scale: Psychometric Properties of the Self-Report Version in a Student Sample. Journal of Psychopathology and Behavioral Assessment, 2010, 32, 226-235.	1.2	26
12	Cannabinoid Augmentation of Exposure-Based Psychotherapy for Obsessive-Compulsive Disorder. Journal of Clinical Psychopharmacology, 2020, 40, 207-210.	1.4	26
13	A latent profile analysis of age of onset in pathological skin picking. Comprehensive Psychiatry, 2018, 87, 46-52.	3.1	24
14	Optimizing psychological interventions for trichotillomania (hair-pulling disorder): an update on current empirical status. Psychology Research and Behavior Management, 2015, 8, 105.	2.8	23
15	Body dysmorphic disorder and major depressive episode have comorbidity-independent associations with suicidality in an acute psychiatric setting. Journal of Affective Disorders, 2019, 259, 266-270.	4.1	23
16	The Skin Picking Impact Scale: Factor structure, validity and development of a short version. Scandinavian Journal of Psychology, 2013, 54, 344-348.	1.5	22
17	Task-based fMRI predicts response and remission to exposure therapy in obsessive-compulsive disorder. Proceedings of the National Academy of Sciences of the United States of America, 2019, 116, 20346-20353.	7.1	22
18	Efficacy of App-Based Cognitive Behavioral Therapy for Body Dysmorphic Disorder with Coach Support: Initial Randomized Controlled Clinical Trial. Psychotherapy and Psychosomatics, 2022, 91, 277-285.	8.8	22

IVAR SNORRASON

#	Article	IF	CITATIONS
19	The Endocannabinoid System: A New Treatment Target for Obsessive Compulsive Disorder?. Cannabis and Cannabinoid Research, 2019, 4, 77-87.	2.9	20
20	†Wanting' and †liking' skin picking: A validation of the Skin Picking Reward Scale. Journal of Behavior Addictions, 2015, 4, 250-260.	al _{3.7}	19
21	Transdiagnostic dimensions in obsessive-compulsive and related disorders: associations with internalizing and externalizing symptoms. Psychological Medicine, 2021, 51, 1657-1665.	4.5	17
22	Body-focused repetitive behaviors and non-suicidal self-injury: A comparison of clinical characteristics and symptom features. Journal of Psychiatric Research, 2020, 124, 115-122.	3.1	17
23	Human Support in App-Based Cognitive Behavioral Therapies for Emotional Disorders: Scoping Review. Journal of Medical Internet Research, 2022, 24, e33307.	4.3	17
24	Do daily mood fluctuations activate ruminative thoughts as a mental habit? Results from an ecological momentary assessment study. Behaviour Research and Therapy, 2021, 140, 103832.	3.1	15
25	Nail picking disorder (onychotillomania): A case report. Journal of Anxiety Disorders, 2014, 28, 211-214.	3.2	14
26	Age-related differences in borderline personality disorder symptom networks in a transdiagnostic sample. Journal of Affective Disorders, 2020, 274, 508-514.	4.1	13
27	Maintenance of Wellness in Patients With Obsessive-Compulsive Disorder Who Discontinue Medication After Exposure/Response Prevention Augmentation. JAMA Psychiatry, 2022, 79, 193.	11.0	12
28	Rates of remission, sustained remission, and recurrence in a randomized controlled trial of cognitive behavioral therapy versus supportive psychotherapy for body dysmorphic disorder. Depression and Anxiety, 2021, 38, 700-707.	4.1	11
29	Maximizing remission from cognitive-behavioral therapy in medicated adults with obsessive-compulsive disorder. Behaviour Research and Therapy, 2021, 143, 103890.	3.1	11
30	Explicit knowledge of task structure is a primary determinant of human model-based action. Nature Human Behaviour, 2022, 6, 1126-1141.	12.0	10
31	Replacing intrusive thoughts: Investigating thought control in relation to OCD symptoms. Journal of Behavior Therapy and Experimental Psychiatry, 2014, 45, 506-515.	1.2	9
32	Sleep functioning in adults with trichotillomania (hair-pulling disorder), excoriation (skin-picking) disorder, and a non-affected comparison sample. Journal of Obsessive-Compulsive and Related Disorders, 2017, 13, 49-57.	1.5	9
33	Prevalence and clinical characteristics of skin picking among adults with skin disease symptoms. Journal of Obsessive-Compulsive and Related Disorders, 2019, 22, 100454.	1.5	9
34	Disentangling Reward Processing in Trichotillomania: â€~Wanting' and â€~Liking' Hair Pulling Have Disting Clinical Correlates. Journal of Psychopathology and Behavioral Assessment, 2019, 41, 271-279.	^{ct} 1.2	8
35	A Test of the Habit-Goal Framework of Depressive Rumination and Its Relevance to Cognitive Reactivity. Behavior Therapy, 2020, 51, 474-487.	2.4	7
36	Sex Differences in Age at Onset and Presentation of Trichotillomania and Trichobezoar: A 120-Year Systematic Review of Cases. Child Psychiatry and Human Development, 2022, 53, 165-171.	1.9	7

#	Article	IF	CITATIONS
37	Automaticity and depression: Daily mood-reactive rumination in people with and without depression history , 2022, 131, 327-340.		6
38	Behavior Therapy for Stereotypic Movement Disorder in Typically Developing Children: A Clinical Case Series. Cognitive and Behavioral Practice, 2013, 20, 544-555.	1.5	5
39	Development of a Picture-Based Measure for "Not Just Right―Experiences Associated with Compulsive Sorting, Ordering, and Arranging. Cognitive Therapy and Research, 2019, 43, 481-497.	1.9	5
40	Confirmatory factor analysis of the SLEEP-50 Questionnaire in Trichotillomania (Hair-Pulling) Tj ETQq0 0 0 rgBT /0	Dverlock 1	0
41	Body dysmorphic disorder is associated with risk for suicidality and inpatient hospitalization: A replication study. Psychiatry Research, 2020, 293, 113478.	3.3	4
42	Higher order compulsivity versus grooming dimensions as treatment targets for the DSMâ€5 obsessive–compulsive and related disorders. Depression and Anxiety, 2022, 39, 49-55.	4.1	4

43	Trichophagia and trichobezoar in trichotillomania: A narrative mini-review with clinical recommendations. Journal of Obsessive-Compulsive and Related Disorders, 2021, 31, 100680.	1.5	4
44	A latent profile analysis of age of onset in trichotillomania. Annals of Clinical Psychiatry, 2019, 31, 169-178.	0.6	4
45	The Interaction Effect of Impulsivity and Responsibility in Relation to Obsessive–Compulsive Symptoms. Cognitive Therapy and Research, 2011, 35, 79-86.	1.9	3
46	Treating Trichotillomania (Hairâ€Pulling Disorder) in a Child. Journal of Clinical Psychology, 2016, 72, 1200-1208.	1.9	3
47	A Higher Order Internalizing Dimension Predicts Response to Partial Hospitalization Treatment. Clinical Psychological Science, 2021, 9, 373-384.	4.0	3
48	The comorbidity structure of fear, distress and compulsive disorders in an acute psychiatric sample. Journal of Anxiety Disorders, 2021, 79, 102370.	3.2	3
49	Assessing Excoriation (Skin-Picking) Disorder: Clinical Recommendations and Preliminary Examination of a Comprehensive Interview. International Journal of Environmental Research and Public Health, 2022, 19, 6717.	2.6	3
50	An experimental test of the habit-goal framework: Depressive rumination is associated with heightened habitual characteristics of negative thinking but not habit-directed behavior control. Journal of Experimental Psychopathology, 2020, 11, 204380872097716.	0.8	2
51	Validation and Psychometric Properties of the Polish Version of the Skin Picking Scale-Revised. International Journal of Environmental Research and Public Health, 2022, 19, 2578.	2.6	2
52	Heightened Sense of Incompleteness in Excoriation (Skin-Picking) Disorder. Cognitive Therapy and Research, 2021, 45, 759-766.	1.9	1
53	Body Dysmorphic Disorder and Major Depressive Episode Have Comorbidity-Independent Associations With Suicidality in an Acute Psychiatric Setting. Focus (American Psychiatric Publishing), 2021, 19, 490-495.	0.8	0
