citing authors

#	ARTICLE	IF	CITATIONS
1	Consensus statement on measures to promote equitable authorship in the publication of research from international partnerships. <i>Anaesthesia</i> , 2022, 77, 264-276.	1.8	110
2	Reduction of NETosis by targeting CXCR1/2 reduces thrombosis, lung injury, and mortality in experimental human and murine sepsis. <i>British Journal of Anaesthesia</i> , 2022, 128, 283-293.	1.5	33
3	Equity in global health research: A proposal to adopt author reflexivity statements. <i>PLOS Global Public Health</i> , 2022, 2, e0000160.	0.5	14
4	Position statement from the Editors of <i>Anaesthesia</i> on equity, diversity and inclusion. <i>Anaesthesia</i> , 2022, 77, 1018-1022.	1.8	4
5	“If not TB, what could it be?” Chest X-ray findings from the 2016 Kenya Tuberculosis Prevalence Survey. <i>Thorax</i> , 2021, 76, 607-614.	2.7	22
6	An Improvised Pulmonary Telerehabilitation Program for Postacute COVID-19 Patients Would Be Feasible and Acceptable in a Low-Resource Setting. <i>American Journal of Physical Medicine and Rehabilitation</i> , 2021, 100, 209-212.	0.7	19
7	Becoming the temporary surgeon: A grounded theory examination of anaesthetists performing emergency front of neck access in inter-disciplinary simulation-based training. <i>PLoS ONE</i> , 2021, 16, e0249070.	1.1	2
8	“At first, I was very afraid” a qualitative description of participants’ views and experiences in the first Human Infection Study in Malawi. <i>Wellcome Open Research</i> , 2021, 6, 89.	0.9	4
9	Exploring smoke: an ethnographic study of air pollution in rural Malawi. <i>BMJ Global Health</i> , 2021, 6, e004970.	2.0	8
10	Distinct clinical and immunological profiles of patients with evidence of SARS-CoV-2 infection in sub-Saharan Africa. <i>Nature Communications</i> , 2021, 12, 3554.	5.8	21
11	A feasibility study of controlled human infection with <i>Streptococcus pneumoniae</i> in Malawi. <i>EBioMedicine</i> , 2021, 72, 103579.	2.7	11
12	Credit local authors fairly on international research papers. <i>Nature</i> , 2021, 598, 415-415.	13.7	5
13	Emergency front-of-neck airway: robust theatre multidisciplinary team training optimises performance and saves time. <i>British Journal of Anaesthesia</i> , 2020, 124, e11-e13.	1.5	3
14	Diagnostic accuracy of combined thoracic and cardiac sonography for the diagnosis of pulmonary embolism: A systematic review and meta-analysis. <i>PLoS ONE</i> , 2020, 15, e0235940.	1.1	11
15	Establishment of a high-dependency unit in Malawi. <i>BMJ Global Health</i> , 2020, 5, e004041.	2.0	13
16	Clinician perception of long-term survival at the point of critical care discharge: a prospective cohort study. <i>Anaesthesia</i> , 2020, 75, 896-903.	1.8	0
17	Neutrophil function is impaired in paediatric patients with malignancy and may be a useful clinical marker. <i>Clinical and Translational Oncology</i> , 2020, 22, 2121-2125.	1.2	3
18	Difficult Airway Society guidelines for awake tracheal intubation in adults “ is lidocaine topicalisation safe?. <i>Anaesthesia</i> , 2020, 75, 1259-1260.	1.8	5

#	ARTICLE	IF	CITATIONS
19	The whole blood phagocytosis assay: a clinically relevant test of neutrophil function and dysfunction in community-acquired pneumonia. BMC Research Notes, 2020, 13, 203.	0.6	7
20	Effect of Reduced Exposure to Vasopressors on 90-Day Mortality in Older Critically Ill Patients With Vasodilatory Hypotension. JAMA - Journal of the American Medical Association, 2020, 323, 938.	3.8	169
21	A pneumococcal controlled human infection model in Malawi: Transfer of an established pneumococcal carriage model from Liverpool, UK to Blantyre, Malawi – A feasibility study. Wellcome Open Research, 2020, 5, 25.	0.9	8
22	A pneumococcal controlled human infection model in Malawi: Transfer of an established pneumococcal carriage model from Liverpool, UK to Blantyre, Malawi – A feasibility study. Wellcome Open Research, 2020, 5, 25.	0.9	12
23	The impact of “unofficial trauma”™ on a Major Trauma Centre: A service evaluation of accident and emergency department trauma team activations. Trauma, 2020, 22, 278-284.	0.2	0
24	Understanding antimicrobial prescribing in suspected ventilator-associated pneumonia: a prospective cohort study. Access Microbiology, 2020, 2, .	0.2	0
25	A novel assay of neutrophil extracellular trap (NET) formation identifies anti-IL-8 therapies to reduce disseminated intravascular coagulation and mortality in the intensive care unit. Clinical Medicine, 2020, 20, s114-s115.	0.8	0
26	Long term outcomes for elderly patients after emergency intensive care admission: A cohort study. PLoS ONE, 2020, 15, e0241244.	1.1	0
27	First case report of a successfully managed severe COVID-19 infection in Malawi. Malawi Medical Journal, 2020, 32, 226-228.	0.2	2
28	Title is missing!. , 2020, 15, e0235940.		0
29	Title is missing!. , 2020, 15, e0235940.		0
30	Title is missing!. , 2020, 15, e0235940.		0
31	Title is missing!. , 2020, 15, e0235940.		0
32	A mixed-methods pilot study to evaluate a collaborative anaesthetic and surgical training package for emergency surgical cricothyroidotomy. Anaesthesia and Intensive Care, 2019, 47, 357-367.	0.2	8
33	Performance of emergency surgical front of neck airway access by head and neck surgeons, general surgeons, or anaesthetists: an in-situ simulation study. British Journal of Anaesthesia, 2019, 123, 696-703.	1.5	20
34	A Novel Assay for Neutrophil Extracellular Trap Formation Independently Predicts Disseminated Intravascular Coagulation and Mortality in Critically Ill Patients. American Journal of Respiratory and Critical Care Medicine, 2019, 200, 869-880.	2.5	85
35	Assessing ethical climates in critical care and their impact on patient outcomes. Breathe, 2019, 15, 84-87.	0.6	4
36	Two Randomized Trials of the Effect of Live Attenuated Influenza Vaccine on Pneumococcal Colonization. American Journal of Respiratory and Critical Care Medicine, 2019, 199, 1160-1163.	2.5	27

#	ARTICLE	IF	CITATIONS
37	Modelling the Impact of Point of Care Tests for Sepsis on Outcomes of Patients Admitted to Hospitals in Sub-Saharan Africa. , 2019, , .		0
38	A Novel Assay of Neutrophil Extracellular Traps (NETs) Formation Independently Predicts DIC and Identifies the Rationale for Anti-IL-8 Therapies. <i>Blood</i> , 2019, 134, 440-440.	0.6	1
39	Human factors in preventing complications in anaesthesia: a systematic review. <i>Anaesthesia</i> , 2018, 73, 12-24.	1.8	76
40	Socioeconomic status and 30-day mortality after minor and major trauma: A retrospective analysis of the Trauma Audit and Research Network (TARN) dataset for England. <i>PLoS ONE</i> , 2018, 13, e0210226.	1.1	15
41	The Early Recognition and Management of Sepsis in Sub-Saharan African Adults: A Systematic Review and Meta-Analysis. <i>International Journal of Environmental Research and Public Health</i> , 2018, 15, 2017.	1.2	25
42	Long-Term Outcome Following Tracheostomy in Critical Care. <i>Critical Care Medicine</i> , 2016, 44, 617-628.	0.4	45
43	Augmented Passive Immunotherapy with P4 Peptide Improves Phagocyte Activity in Severe Sepsis. <i>Shock</i> , 2016, 46, 635-641.	1.0	15
44	Systematic review of the anaesthetic management of non-iatrogenic acute adult airway trauma. <i>British Journal of Anaesthesia</i> , 2016, 117, i49-i59.	1.5	37
45	Oxygen exchange and C-reactive protein predict safe discharge in patients with H1N1 influenza. <i>QJM - Monthly Journal of the Association of Physicians</i> , 2016, 110, hcw176.	0.2	4
46	Performance of influenza-specific triage tools in an H1N1-positive cohort: P/F ratio better predicts the need for mechanical ventilation and critical care admission. <i>British Journal of Anaesthesia</i> , 2015, 114, 927-933.	1.5	15
47	First Human Challenge Testing of a Pneumococcal Vaccine. Double-Blind Randomized Controlled Trial. <i>American Journal of Respiratory and Critical Care Medicine</i> , 2015, 192, 853-858.	2.5	81
48	A Retrospective Evaluation of Critical Care Blood Culture Yield – Do Support Services Contribute to the “Weekend Effect?”. <i>PLoS ONE</i> , 2015, 10, e0141361.	1.1	24
49	T4 Pneumococcal Conjugate Vaccine Reduces Rate, Density And Duration Of Experimental Human Pneumococcal Colonisation: First Human Challenge Testing Of A Pneumococcal Vaccine. <i>Thorax</i> , 2014, 69, A2-A2.	2.7	2
50	Immunomodulatory adjuvant therapy in severe community-acquired pneumonia. <i>Expert Review of Respiratory Medicine</i> , 2014, 8, 587-596.	1.0	28
51	The influence of pneumococcal conjugate vaccine-13 on nasal colonisation in a controlled human infection model of pneumococcal carriage in Malawi: a double-blinded randomised controlled trial protocol. <i>Wellcome Open Research</i> , 0, 6, 240.	0.9	3
52	Point of care ultrasound in acutely breathless patients-A qualitative study of the enablers and challenges in a teaching hospital in Kenya. , 0, 2, 130-139.		4
53	High SARS-CoV-2 seroprevalence in health care workers but relatively low numbers of deaths in urban Malawi. <i>Wellcome Open Research</i> , 0, 5, 199.	0.9	24
54	High SARS-CoV-2 seroprevalence in health care workers but relatively low numbers of deaths in urban Malawi. <i>Wellcome Open Research</i> , 0, 5, 199.	0.9	29

#	ARTICLE	IF	CITATIONS
55	“At first, I was very afraid” a qualitative description of participants’ views and experiences in the first Human Infection Study in Malawi. Wellcome Open Research, 0, 6, 89.	0.9	5
56	The accuracy of a mobile phone application (Wulira app) compared to standard audiometry in assessing hearing loss among patients on treatment for multidrug-resistant tuberculosis in Uganda. , 0, 1, 20-25.		2
57	“An increase in COVID-19 patients would be overwhelming” a qualitative description of healthcare workers’ experiences during the first wave of COVID-19 (March 2020 to October) Tj ETQq1 d.0.7843 14 rgBT / 0		
58	The influence of pneumococcal conjugate vaccine-13 on nasal colonisation in a controlled human infection model of pneumococcal carriage in Malawi: a double-blinded randomised controlled trial protocol. Wellcome Open Research, 0, 6, 240.	0.9	1
