#	ARTICLE	IF	CITATIONS
1	A comparative study of the sarcopenia screening in older patients with interstitial lung disease. BMC Pulmonary Medicine, 2022, 22, 45.	2.0	9
2	Role of Early Mobilization on the Clinical Course of Patients who Underwent Pancreaticoduodenectomy: A Retrospective Cohort Study. Tohoku Journal of Experimental Medicine, 2021, 254, 287-294.	1.2	1
3	Comparative study of the effect of neuromuscular electrical stimulation and oral administration of branched-chain amino acid on preventing sarcopenia in patients after living-donor liver transplantation: study protocol for an open-label randomized controlled trial. Trials, 2021, 22, 137.	1.6	2
4	Determining Factors for Independent Walking in Patients Undergoing Cardiovascular Surgery: Differences between Coronary Artery Bypass Grafting, Heart Valve Surgery, and Aortic Surgery. Healthcare (Switzerland), 2021, 9, 1475.	2.0	1
5	Corticosteroids are associated with reduced skeletal muscle function in interstitial lung disease patients with mild dyspnea. Respiratory Medicine, 2020, 174, 106184.	2.9	5
6	Short-Physical Performance Battery (SPPB) score is associated with postoperative pulmonary complications in elderly patients undergoing lung resection surgery: A prospective multicenter cohort study. Chronic Respiratory Disease, 2020, 17, 147997312096184.	2.4	12
7	Factors Influencing Functional Exercise Capacity After Lung Resection for Non-Small Cell Lung Cancer. Integrative Cancer Therapies, 2020, 19, 153473542092338.	2.0	2
8	Aerobic and breathing exercises improve dyspnea, exercise capacity and quality of life in idiopathic pulmonary fibrosis patients: systematic review and meta-analysis. Journal of Thoracic Disease, 2020, 12, 1041-1055.	1.4	47
9	Frailty Is Associated With Increased Rates of Acute Cellular Rejection Within 3 Months After Liver Transplantation. Liver Transplantation, 2020, 26, 1200-1201.	2.4	1
10	Geriatric Nutritional Risk Index, a predictive assessment tool, for postoperative complications after abdominal surgery: A prospective multicenter cohort study. Geriatrics and Gerontology International, 2019, 19, 924-929.	1.5	17
11	Effects of quadriceps muscle neuromuscular electrical stimulation in living donor liver transplant recipients: phase-II single-blinded randomized controlled trial. Clinical Rehabilitation, 2019, 33, 875-884.	2.2	12
12	Effect of early mobilization on postoperative pulmonary complications in patients undergoing video-assisted thoracoscopic surgery on the esophagus. Esophagus, 2018, 15, 69-74.	1.9	23
13	Incidence of orthostatic hypotension and cardiovascular response to postoperative early mobilization in patients undergoing cardiothoracic and abdominal surgery. BMC Surgery, 2017, 17, 111.	1.3	19
14	Effect of long-term treatment with corticosteroids on skeletal muscle strength, functional exercise capacity and health status in patients with interstitial lung disease. Respiriology, 2016, 21, 1088-1093.	2.3	29
