#	Paper	IF	Citations
85	Child and adolescent deaths: a call for strengthening mortality surveillance systems.. <i>The Lancet Global Health</i> , 2022 , 10, e299-e300	13.6	
84	Regularized Bayesian transfer learning for population-level etiological distributions. <i>Biostatistics</i> , 2021 , 22, 836-857	3.7	3
83	Estimating population-based coverage of reproductive, maternal, newborn, and child health (RMNCH) interventions from health management information systems: a comprehensive review. <i>BMC Health Services Research</i> , 2021 , 21, 1083	2.9	0
82	Immediate newborn care and breastfeeding: EN-BIRTH multi-country validation study. <i>BMC Pregnancy and Childbirth</i> , 2021 , 21, 237	3.2	11
81	Assessment of the validity of the measurement of newborn and maternal health-care coverage in hospitals (EN-BIRTH): an observational study. <i>The Lancet Global Health</i> , 2021 , 9, e267-e279	13.6	23
80	Kangaroo mother care: EN-BIRTH multi-country validation study. <i>BMC Pregnancy and Childbirth</i> , 2021 , 21, 231	3.2	6
79	A call for standardised age-disaggregated health data. <i>The Lancet Healthy Longevity</i> , 2021 , 2, e436-e443	9.5	2
78	Methodological considerations for linking household and healthcare provider data for estimating effective coverage: a systematic review. <i>BMJ Open</i> , 2021 , 11, e045704	3	1
77	Measuring coverage of maternal and child health services using routine health facility data: a Sierra Leone case study. <i>BMC Health Services Research</i> , 2021 , 21, 547	2.9	1
76	Using health facility deaths to estimate population causes of neonatal and child mortality in four African countries. <i>BMC Medicine</i> , 2020 , 18, 183	11.4	2
75	Basic maternal health care coverage among adolescents in 22 sub-Saharan African countries with high adolescent birth rate. <i>Journal of Global Health</i> , 2020 , 10, 021401	4.3	1
74	Wealth-related inequalities in the coverage of reproductive, maternal, newborn and child health interventions in 36 countries in the African Region. <i>Bulletin of the World Health Organization</i> , 2020 , 98, 394-405	8.2	6
73	Improving birth and death data for African decision making. <i>The Lancet Global Health</i> , 2020 , 8, e35-e36	13.6	4
72	Trends and inequalities in the nutritional status of adolescent girls and adult women in sub-Saharan Africa since 2000: a cross-sectional series study. <i>BMJ Global Health</i> , 2020 , 5,	6.6	5
71	National Sample Vital Registration System: A sustainable platform for COVID-19 and other infectious diseases surveillance in low and middle-income countries. <i>Journal of Global Health</i> , 2020 , 10, 020368	4.3	6
70	Closing the inequality gaps in reproductive, maternal, newborn and child health coverage: slow and fast progressors. <i>BMJ Global Health</i> , 2020 , 5, e002230	6.6	8
69	Large and persistent subnational inequalities in reproductive, maternal, newborn and child health intervention coverage in sub-Saharan Africa. <i>BMJ Global Health</i> , 2020 , 5, e002232	6.6	10

68	Discordance in postnatal care between mothers and newborns: Measurement artifact or missed opportunity?. <i>Journal of Global Health</i> , 2020 , 10, 010505	4.3	3
67	Socioeconomic factors contributing to under-five mortality in sub-Saharan Africa: a decomposition analysis. <i>BMC Public Health</i> , 2019 , 19, 760	4.1	45
66	"-BIRTH" protocol: observational study validating indicators for coverage and quality of maternal and newborn health care in Bangladesh, Nepal and Tanzania. <i>Journal of Global Health</i> , 2019 , 9, 010902	4.3	33
65	Advances in the measurement of coverage for RMNCH and nutrition: from contact to effective coverage. <i>BMJ Global Health</i> , 2019 , 4, e001297	6.6	35
64	Generating statistics from health facility data: the state of routine health information systems in Eastern and Southern Africa. <i>BMJ Global Health</i> , 2019 , 4, e001849	6.6	27
63	Is there a prospect for mass drug administration of azithromycin to reduce child mortality in sub-Saharan Africa?. <i>BMJ Evidence-Based Medicine</i> , 2019 , 24, e7-e8	2.7	
62	Countdown to 2030: tracking progress towards universal coverage for reproductive, maternal, newborn, and child health. <i>Lancet, The</i> , 2018 , 391, 1538-1548	4.0	179
61	Disparities in caesarean section prevalence and determinants across sub-Saharan Africa countries. <i>Global Health Research and Policy</i> , 2018 , 3, 19	7.6	29
60	Why some women fail to give birth at health facilities: A comparative study between Ethiopia and Nigeria. <i>PLoS ONE</i> , 2018 , 13, e0196896	3.7	35
59	Mass media exposure and its impact on malaria prevention behaviour among adult women in sub-Saharan Africa: results from malaria indicator surveys. <i>Global Health Research and Policy</i> , 2018 , 3, 20	7.6	18
58	Inequalities in maternal health care utilization in Benin: a population based cross-sectional study. <i>BMC Pregnancy and Childbirth</i> , 2018 , 18, 194	3.2	51
57	Using community-based reporting of vital events to monitor child mortality: Lessons from rural Ghana. <i>PLoS ONE</i> , 2018 , 13, e0192034	3.7	5
56	Thermal care of newborns: drying and bathing practices in Malawi and Bangladesh. <i>Journal of Global Health</i> , 2018 , 8, 010901	4.3	3
55	Use of Intermittent Preventive Treatment among Pregnant Women in Sub-Saharan Africa: Evidence from Malaria Indicator Surveys. <i>Tropical Medicine and Infectious Disease</i> , 2018 , 3,	3.5	28
54	Choosing Not to Give Birth at a Health Facility in Nigeria: Where and Why?. <i>Womens Reproductive Health</i> , 2018 , 5, 132-143	1	2
53	Prevalence and determinants of terminated and unintended pregnancies among married women: analysis of pooled cross-sectional surveys in Nigeria. <i>BMJ Global Health</i> , 2018 , 3, e000707	6.6	18
52	Socioeconomic Inequalities Persist Despite Declining Stunting Prevalence in Low- and Middle-Income Countries. <i>Journal of Nutrition</i> , 2018 , 148, 254-258	4.1	19
51	The contribution of poor and rural populations to national trends in reproductive, maternal, newborn, and child health coverage: analyses of cross-sectional surveys from 64 countries. <i>The Lancet Global Health</i> , 2017 , 5, e402-e407	13.6	39

50	Protocol for a scoping review to identify and map the global health personnel considered skilled attendants at birth in low and middle-income countries between 2000 and 2015. <i>BMJ Open</i> , 2017 , 7, e017229	3	3
49	Evidence from household surveys for measuring coverage of newborn care practices. <i>Journal of Global Health</i> , 2017 , 7, 020503	4.3	4
48	Gap between contact and content in maternal and newborn care: An analysis of data from 20 countries in sub-Saharan Africa. <i>Journal of Global Health</i> , 2017 , 7, 020501	4.3	32
47	Does health facility service environment matter for the receipt of essential newborn care? Linking health facility and household survey data in Malawi. <i>Journal of Global Health</i> , 2017 , 7, 020508	4.3	7
46	Determinants of Integrated Management of Childhood Illness (IMCI) non-severe pneumonia classification and care in Malawi health facilities: Analysis of a national facility census. <i>Journal of Global Health</i> , 2017 , 7, 020408	4.3	11
45	The importance of skin-to-skin contact for early initiation of breastfeeding in Nigeria and Bangladesh. <i>Journal of Global Health</i> , 2017 , 7, 020505	4.3	29
44	Skilled attendant at birth and newborn survival in Sub-Saharan Africa. <i>Journal of Global Health</i> , 2017 , 7, 020504	4.3	19
43	Contribution of community health workers to improving access to timely and appropriate case management of childhood fever in Mozambique. <i>Journal of Global Health</i> , 2017 , 7, 010402	4.3	7
42	A qualitative exploration of care-seeking pathways for sick children in the rural Oromia region of Ethiopia. <i>BMC Health Services Research</i> , 2017 , 17, 184	2.9	7
41	Predicting high risk births with contraceptive prevalence and contraceptive method-mix in an ecologic analysis. <i>BMC Public Health</i> , 2017 , 17, 786	4.1	
40	Countdown to 2030 for reproductive, maternal, newborn, child, and adolescent health and nutrition. <i>The Lancet Global Health</i> , 2016 , 4, e775-e776	13.6	31
39	Independent Evaluation of the integrated Community Case Management of Childhood Illness Strategy in Malawi Using a National Evaluation Platform Design. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 574-583	3.2	31
38	Access to integrated community case management of childhood illnesses services in rural Ethiopia: a qualitative study of the perspectives and experiences of caregivers. <i>Health Policy and Planning</i> , 2016 , 31, 656-66	3.4	27
37	Malawi and Millennium Development Goal 4: a Countdown to 2015 country case study. <i>The Lancet Global Health</i> , 2016 , 4, e201-14	13.6	86
36	Effects of the integrated Community Case Management of Childhood Illness Strategy on Child Mortality in Ethiopia: A Cluster Randomized Trial. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 596-604	3.2	48
35	Stillbirths: rates, risk factors, and acceleration towards 2030. <i>Lancet, The</i> , 2016 , 387, 587-603	4.0	832
34	"Real-Time" Monitoring of Under-Five Mortality: Lessons for Strengthened Vital Statistics Systems. <i>PLoS Medicine</i> , 2016 , 13, e1001904	11.6	5
33	Strengthening Community-Based Vital Events Reporting for Real-Time Monitoring of Under-Five Mortality: Lessons Learned from the Balaka and Salima Districts in Malawi. <i>PLoS ONE</i> , 2016 , 11, e0138408	3.7	13

32	Understanding Misclassification between Neonatal Deaths and Stillbirths: Empirical Evidence from Malawi. <i>PLoS ONE</i> , 2016 , 11, e0168743	3.7	38
31	Independent Evaluation of the Integrated Community Case Management of Childhood Illness Strategy in Malawi Using a National Evaluation Platform Design. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 1434-1435	3.2	3
30	Patterns and determinants of antenatal care utilization: analysis of national survey data in seven countdown countries. <i>Journal of Global Health</i> , 2016 , 6, 010404	4.3	68
29	Assessment of the impact of quality improvement interventions on the quality of sick child care provided by Health Extension Workers in Ethiopia. <i>Journal of Global Health</i> , 2016 , 6, 020404	4.3	15
28	Verbal/Social Autopsy in Niger 2012-2013: A new tool for a better understanding of the neonatal and child mortality situation. <i>Journal of Global Health</i> , 2016 , 6, 010602	4.3	15
27	Verbal/social autopsy study helps explain the lack of decrease in neonatal mortality in Niger, 2007-2010. <i>Journal of Global Health</i> , 2016 , 6, 010604	4.3	18
26	Improved measurement for mothers, newborns and children in the era of the Sustainable Development Goals. <i>Journal of Global Health</i> , 2016 , 6, 010506	4.3	32
25	Diarrhea management in children under five in sub-Saharan Africa: does the source of care matter? A Countdown analysis. <i>BMC Public Health</i> , 2016 , 16, 830	4.1	43
24	Can Community Health Workers Report Accurately on Births and Deaths? Results of Field Assessments in Ethiopia, Malawi and Mali. <i>PLoS ONE</i> , 2016 , 11, e0144662	3.7	18
23	Evaluation of a mHealth Data Quality Intervention to Improve Documentation of Pregnancy Outcomes by Health Surveillance Assistants in Malawi: A Cluster Randomized Trial. <i>PLoS ONE</i> , 2016 , 11, e0145238	3.7	20
22	Maternal, newborn, and child health and the Sustainable Development Goals--a call for sustained and improved measurement. <i>Lancet, The</i> , 2015 , 386, 1511-4	4.0	36
21	Real-time assessments of the strength of program implementation for community case management of childhood illness: validation of a mobile phone-based method in Malawi. <i>American Journal of Tropical Medicine and Hygiene</i> , 2015 , 92, 660-665	3.2	13
20	Count every newborn; a measurement improvement roadmap for coverage data. <i>BMC Pregnancy and Childbirth</i> , 2015 , 15 Suppl 2, S8	3.2	105
19	Patterns and trends of contraceptive use among sexually active adolescents in Burkina Faso, Ethiopia, and Nigeria: evidence from cross-sectional studies. <i>Global Health Action</i> , 2015 , 8, 29737	3	28
18	Contraceptive use and distribution of high-risk births in Nigeria: a sub-national analysis. <i>Global Health Action</i> , 2015 , 8, 29745	3	22
17	Trends and patterns of modern contraceptive use and relationships with high-risk births and child mortality in Burkina Faso. <i>Global Health Action</i> , 2015 , 8, 29736	3	13
16	Trends in contraceptive use and distribution of births with demographic risk factors in Ethiopia: a sub-national analysis. <i>Global Health Action</i> , 2015 , 8, 29720	3	8
15	Determinants of Utilization of Health Extension Workers in the Context of Scale-Up of Integrated Community Case Management of Childhood Illnesses in Ethiopia. <i>American Journal of Tropical Medicine and Hygiene</i> , 2015 , 93, 636-647	3.2	25

14	Using Health Extension Workers for Monitoring Child Mortality in Real-Time: Validation against Household Survey Data in Rural Ethiopia. <i>PLoS ONE</i> , 2015 , 10, e0126909	3.7	14
13	Assessing the Quality of Sick Child Care Provided by Community Health Workers. <i>PLoS ONE</i> , 2015 , 10, e0142010	3.7	13
12	Monitoring Change in Child Mortality through Household Surveys. <i>PLoS ONE</i> , 2015 , 10, e0137713	3.7	8
11	Social autopsy of neonatal mortality suggests needed improvements in maternal and neonatal interventions in Balaka and Salima districts of Malawi. <i>Journal of Global Health</i> , 2015 , 5, 010416	4.3	13
10	Where is the gap?: the contribution of disparities within developing countries to global inequalities in under-five mortality. <i>BMC Public Health</i> , 2014 , 14, 216	4.1	22
9	Integrated community case management of childhood illness in Ethiopia: implementation strength and quality of care. <i>American Journal of Tropical Medicine and Hygiene</i> , 2014 , 91, 424-434	3.2	115
8	Assessing the impact of integrated community case management (iCCM) programs on child mortality: Review of early results and lessons learned in sub-Saharan Africa. <i>Journal of Global Health</i> , 2014 , 4, 020411	4.3	43
7	Monitoring child mortality through community health worker reporting of births and deaths in Malawi: validation against a household mortality survey. <i>PLoS ONE</i> , 2014 , 9, e88939	3.7	16
6	Reduction in child mortality in Niger - AuthorsReply. <i>Lancet, The</i> , 2013 , 381, 26-7	4.0	
5	Quality of sick child care delivered by Health Surveillance Assistants in Malawi. <i>Health Policy and Planning</i> , 2013 , 28, 573-85	3.4	59
4	Monitoring child survival in Real timeUsing routine health facility records: results from Malawi. <i>Tropical Medicine and International Health</i> , 2013 , 18, 1231-9	2.3	25
3	Reduction in child mortality in Niger: a Countdown to 2015 country case study. <i>Lancet, The</i> , 2012 , 380, 1169-78	4.0	109
2	How well does LiST capture mortality by wealth quintile? A comparison of measured versus modelled mortality rates among children under-five in Bangladesh. <i>International Journal of Epidemiology</i> , 2010 , 39 Suppl 1, i186-92	7.8	29
1	Evaluation of the PSAMAO "Roulez Protégé" mass media campaign in Burkina Faso. Prévention du SIDA sur les Axes Migratoires de l'Afrique de l'Ouest. <i>AIDS Education and Prevention</i> , 2003 , 15, 33-48	2	26
