

Yu-Wei Chang

List of Publications by Citations

Source: <https://exaly.com/author-pdf/5400687/yu-wei-chang-publications-by-citations.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
26	Characteristics of research output in social sciences and humanities: From a research evaluation perspective. <i>Journal of the Association for Information Science and Technology</i> , 2008 , 59, 1819-1828		95
25	Evolution of research subjects in library and information science based on keyword, bibliographical coupling, and co-citation analyses. <i>Scientometrics</i> , 2015 , 105, 2071-2087	3	93
24	A study of the evolution of interdisciplinarity in library and information science: Using three bibliometric methods. <i>Journal of the Association for Information Science and Technology</i> , 2012 , 63, 22-33		66
23	A comparative study of interdisciplinary changes between information science and library science. <i>Scientometrics</i> , 2012 , 91, 789-803	3	24
22	A comparison of citation contexts between natural sciences and social sciences and humanities. <i>Scientometrics</i> , 2013 , 96, 535-553	3	16
21	Examining interdisciplinarity of library and information science (LIS) based on LIS articles contributed by non-LIS authors. <i>Scientometrics</i> , 2018 , 116, 1589-1613	3	16
20	The influence of Taylor's paper, Question-Negotiation and Information-Seeking in Libraries. <i>Information Processing and Management</i> , 2013 , 49, 983-994	6.3	15
19	Definition of authorship in social science journals. <i>Scientometrics</i> , 2019 , 118, 563-585	3	14
18	Influence of human behavior and the principle of least effort on library and information science research. <i>Information Processing and Management</i> , 2016 , 52, 658-669	6.3	12
17	Librarians' Contribution to Open Access Journal Publishing in Library and Information Science From the Perspective of Authorship. <i>Journal of Academic Librarianship</i> , 2015 , 41, 660-668	1.5	10
16	Exploring the interdisciplinary characteristics of library and information science (LIS) from the perspective of interdisciplinary LIS authors. <i>Library and Information Science Research</i> , 2018 , 40, 125-134	1.9	10
15	Influence of the principle of least effort across disciplines. <i>Scientometrics</i> , 2016 , 106, 1117-1133	3	7
14	Characteristics of Articles Coauthored by Researchers and Practitioners in Library and Information Science Journals. <i>Journal of Academic Librarianship</i> , 2016 , 42, 535-541	1.5	7
13	Comparative study of characteristics of authors between open access and non-open access journals in library and information science. <i>Library and Information Science Research</i> , 2017 , 39, 8-15	1.9	6
12	Are articles in library and information science (LIS) journals primarily contributed to by LIS authors?. <i>Scientometrics</i> , 2019 , 121, 81-104	3	5
11	Exploring scientific articles contributed by industries in Taiwan. <i>Scientometrics</i> , 2014 , 99, 599-613	3	5
10	Characteristics and trends of research articles authored by researchers affiliated with institute of chemical engineering in Taiwan. <i>Journal of the Taiwan Institute of Chemical Engineers</i> , 2012 , 43, 331-338	5.3	4

9	Discovering types of research performance of scientists with significant contributions. <i>Scientometrics</i> , 2020 , 124, 1529-1552	3	2
8	Multi-institutional authorship in genetics and high-energy physics. <i>Physica A: Statistical Mechanics and Its Applications</i> , 2018 , 505, 549-558	3.3	2
7	Analysis of coactivity in the field of fuel cells at institutional and individual levels. <i>Scientometrics</i> , 2016 , 109, 143-158	3	2
6	Potential Value of Patents With Provisional Applications: An Assessment of Bibliometric Approach. <i>IEEE Transactions on Engineering Management</i> , 2019 , 1-20	2.6	1
5	A comparison of researcher-practitioner collaborations in library and information science, education, and sociology. <i>Journal of Librarianship and Information Science</i> , 2019 , 51, 208-217	1.4	1
4	Characteristics of high research performance authors in the field of library and information science and those of their articles. <i>Scientometrics</i> , 2021 , 126, 3373-3391	3	1
3	Research Collaboration by Practitioners in Computer Science, Library Science, and Management. <i>Portal</i> , 2018 , 18, 473-490	0.8	1
2	Do extraordinary science and technology scientists balance their publishing and patenting activities?. <i>PLoS ONE</i> , 2021 , 16, e0259453	3.7	
1	Identifying the contribution-influence gap in the science and technology community. <i>Proceedings of the Association for Information Science and Technology</i> , 2019 , 56, 622-623	0.4
