#	Paper	IF	Citations
165	Changes in mental health problems and suicidal behaviour in students and their associations with COVID-19-related restrictions in Norway: a national repeated cross-sectional analysis.. <i>BMJ Open</i> , 2022 , 12, e057492	3	3
164	A bio-what? Medical companions' perceptions towards biosimilars and information needs in rheumatology. <i>Rheumatology International</i> , 2021 , 1	3.6	1
163	Changing understanding, perceptions, pain relief of and preference for generic medicines with patient education: An experimental intervention study. <i>Research in Social and Administrative Pharmacy</i> , 2021 , 17, 1288-1299	2.9	0
162	The Epidemiology of Insomnia and Sleep Duration Across Mental and Physical Health: The SHoT Study. <i>Frontiers in Psychology</i> , 2021 , 12, 662572	3.4	3
161	Patients' beliefs and behaviours are associated with perceptions of safety and concerns in a hypothetical biosimilar switch. <i>Rheumatology International</i> , 2021 , 41, 163-171	3.6	10
160	What Should Clinicians Tell Patients about Placebo and Nocebo Effects? Practical Considerations Based on Expert Consensus. <i>Psychotherapy and Psychosomatics</i> , 2021 , 90, 49-56	9.4	14
159	When symptoms become side effects: Development of the side effect attribution scale (SEAS). <i>Journal of Psychosomatic Research</i> , 2021 , 141, 110340	4.1	1
158	Predictors of parental stress from admission to discharge in the neonatal special care unit. <i>Child: Care, Health and Development</i> , 2021 , 47, 243-251	2.8	1
157	"An apple pie a day does not keep the doctor away": Fictional depictions of gout in contemporary film and television. <i>BMC Rheumatology</i> , 2021 , 5, 4	2.9	2
156	What makes an idea worth spreading? Language markers of popularity in TED talks by academics and other speakers. <i>Journal of the Association for Information Science and Technology</i> , 2021 , 72, 1028	2.7	1
155	Is Three a Crowd? The Influence of Companions on a Patient's Decision to Transition to a Biosimilar. <i>Annals of Behavioral Medicine</i> , 2021 ,	4.5	2
154	The mode of delivery and content of communication strategies used in mandatory and non-mandatory biosimilar transitions: a systematic review with meta-analysis. <i>Health Psychology Review</i> , 2021 , 1-21	7.1	0
153	Increasing and dampening the nocebo response following medicine-taking: A randomised controlled trial. <i>Journal of Psychosomatic Research</i> , 2021 , 150, 110630	4.1	0
152	"Consensus on Placebo and Nocebo Effects Connects Science with Practice:" Reply to "Questioning the Consensus on Placebo and Nocebo Effects". <i>Psychotherapy and Psychosomatics</i> , 2021 , 90, 213-214	9.4	0
151	Optimizing patient expectations to improve therapeutic response to medical treatment: A randomized controlled trial of iron infusion therapy. <i>British Journal of Health Psychology</i> , 2020 , 25, 639-657	8.3	0
150	Not Every Picture Tells a Story: A Content Analysis of Visual Images in Patient Educational Resources About Gout. <i>Journal of Rheumatology</i> , 2020 , 47, 1815-1821	4.1	2
149	The effect of television and print news stories on the nocebo responding following a generic medication switch. <i>Clinical Psychology in Europe</i> , 2020 , 2,	2.5	2

148	The effect of different styles of medical illustration on information comprehension, the perception of educational material and illness beliefs. <i>Patient Education and Counseling</i> , 2020 , 103, 556-562	3.1	8
147	Internalized and Anticipated Stigmatization in Patients With Gout. <i>ACR Open Rheumatology</i> , 2020 , 2, 11-17	3.5	6
146	Interventions to Enhance Adherence to Oral Antineoplastic Agents: A Scoping Review. <i>Journal of the National Cancer Institute</i> , 2020 , 112, 443-465	9.7	11
145	The effect of symptom-tracking apps on symptom reporting. <i>British Journal of Health Psychology</i> , 2020 , 25, 1074-1085	8.3	3
144	Development of the generic, multidimensional Treatment Expectation Questionnaire (TEX-Q) through systematic literature review, expert surveys and qualitative interviews. <i>BMJ Open</i> , 2020 , 10, e036169	3	5
143	Does seeing personal medical images change beliefs about illness and treatment in people with gout? A randomised controlled trial. <i>Psychology and Health</i> , 2020 , 35, 107-123	2.9	3
142	Effects of Message Framing on Patients' Perceptions and Willingness to Change to a Biosimilar in a Hypothetical Drug Switch. <i>Arthritis Care and Research</i> , 2020 , 72, 1323-1330	4.7	17
141	The impact of the illness label 'gout' on illness and treatment perceptions in Māori (Indigenous New Zealanders). <i>BMC Rheumatology</i> , 2020 , 4, 23	2.9	2
140	The effect of rebranding generic medicines on drug efficacy and side effects. <i>Psychology and Health</i> , 2019 , 34, 1470-1485	2.9	1
139	Development and validation of the Health Visual Information Preference Scale. <i>British Journal of Health Psychology</i> , 2019 , 24, 593-609	8.3	3
138	Googling Gout: Exploring Perceptions About Gout Through a Linguistic Analysis of Online Search Activities. <i>Arthritis Care and Research</i> , 2019 , 71, 419-426	4.7	5
137	Psychobiological Mechanisms of Placebo and Nocebo Effects: Pathways to Improve Treatments and Reduce Side Effects. <i>Annual Review of Psychology</i> , 2019 , 70, 599-625	26.1	96
136	Interplay of subjective and objective economic well-being on the mental health of Norwegian adolescents. <i>SSM - Population Health</i> , 2019 , 9, 100471	3.8	15
135	Association Between User Engagement of a Mobile Health App for Gout and Improvements in Self-Care Behaviors: Randomized Controlled Trial. <i>JMIR MHealth and UHealth</i> , 2019 , 7, e15021	5.5	7
134	Evidence of a Media-Induced Nocebo Response Following a Nationwide Antidepressant Drug Switch. <i>Clinical Psychology in Europe</i> , 2019 , 1,	2.5	8
133	OK Computer? A Time Analysis of Google Searches About Symptoms. <i>Clinical Psychology in Europe</i> , 2019 , 1,	2.5	2
132	Using animated visualization to improve postoperative mobilization: A randomized controlled trial. <i>Health Psychology</i> , 2019 , 38, 748-758	5	2
131	The surgical anxiety questionnaire (SAQ): development and validation. <i>Psychology and Health</i> , 2019 , 34, 129-146	2.9	10

130	The Use of a Brief, Active Visualisation Intervention to Improve Adherence to Antiretroviral Therapy in Non-adherent Patients in South Africa. <i>AIDS and Behavior</i> , 2019 , 23, 2121-2129	4.3	5
129	Open-label Placebos for Wound Healing: A Randomized Controlled Trial. <i>Annals of Behavioral Medicine</i> , 2018 , 52, 902-908	4.5	11
128	Which Aspects of Positive Affect Are Related to Mortality? Results From a General Population Longitudinal Study. <i>Annals of Behavioral Medicine</i> , 2018 , 52, 571-581	4.5	17
127	Cumulative effects of negative life events and family stress on children's mental health: the Bergen Child Study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2018 , 53, 1-9	4.5	41
126	Characteristics of individuals who prefer branded innovator over generic medicines: a New Zealand general population survey. <i>Drugs and Therapy Perspectives</i> , 2018 , 34, 478-483	1.5	5
125	The Influence of Social Modeling, Gender, and Empathy on Treatment Side Effects. <i>Annals of Behavioral Medicine</i> , 2018 , 52, 560-570	4.5	14
124	Parental experiences of family-centred care from admission to discharge in the neonatal intensive care unit. <i>Journal of Paediatrics and Child Health</i> , 2018 , 54, 1227-1233	1.3	17
123	An illness by any other name: The effect of renaming gout on illness and treatment perceptions. <i>Health Psychology</i> , 2018 , 37, 37-41	5	13
122	The Intentional Non-Adherence Scale (INAS): Initial development and validation. <i>Journal of Psychosomatic Research</i> , 2018 , 115, 110-116	4.1	16
121	Predicting patient reassurance after colonoscopy: The role of illness beliefs. <i>Journal of Psychosomatic Research</i> , 2018 , 114, 58-61	4.1	3
120	What is associated with increased side effects and lower perceived efficacy following switching to a generic medicine? A New Zealand cross-sectional patient survey. <i>BMJ Open</i> , 2018 , 8, e023667	3	12
119	Insomnia before and after childbirth: The risk of developing postpartum pain-A longitudinal population-based study. <i>European Journal of Obstetrics, Gynecology and Reproductive Biology</i> , 2017 , 210, 348-354	2.4	15
118	Randomised trial assessing the impact of framing of fracture risk and osteoporosis treatment benefits in patients undergoing bone densitometry. <i>BMJ Open</i> , 2017 , 7, e013703	3	11
117	Enhancing treatment effectiveness through social modelling: A pilot study. <i>Psychology and Health</i> , 2017 , 32, 626-637	2.9	3
116	Medical specialists' attitudes to prescribing biosimilars. <i>Pharmacoepidemiology and Drug Safety</i> , 2017 , 26, 570-577	2.6	29
115	Understanding the Dimensions of Anti-Vaccination Attitudes: the Vaccination Attitudes Examination (VAX) Scale. <i>Annals of Behavioral Medicine</i> , 2017 , 51, 652-660	4.5	81
114	Preoperative optimization of patient expectations improves long-term outcome in heart surgery patients: results of the randomized controlled PSY-HEART trial. <i>BMC Medicine</i> , 2017 , 15, 4	11.4	102
113	"What say ye gout experts?" a content analysis of questions about gout posted on the social news website Reddit. <i>BMC Musculoskeletal Disorders</i> , 2017 , 18, 488	2.8	18

112	Moving into poverty during childhood is associated with later sleep problems. <i>Sleep Medicine</i> , 2017 , 37, 54-59	4.6	20
111	The Impact of 3-D Models versus Animations on Perceptions of Osteoporosis and Treatment Motivation: A Randomised Trial. <i>Annals of Behavioral Medicine</i> , 2017 , 51, 899-911	4.5	6
110	Economic volatility in childhood and subsequent adolescent mental health problems: a longitudinal population-based study of adolescents. <i>BMJ Open</i> , 2017 , 7, e017030	3	14
109	Parental work absenteeism is associated with increased symptom complaints and school absence in adolescent children. <i>BMC Public Health</i> , 2017 , 17, 439	4.1	5
108	Illness Perceptions and Mortality in Patients With Gout: A Prospective Observational Study. <i>Arthritis Care and Research</i> , 2017 , 69, 1444-1448	4.7	11
107	Psychometric Properties and Normative Data for a Swedish Version of the Modern Health Worries Scale. <i>International Journal of Behavioral Medicine</i> , 2017 , 24, 54-65	2.6	8
106	The social gradient of sleep in adolescence: results from the youth@hordaland survey. <i>European Journal of Public Health</i> , 2017 , 27, 65-71	2.1	3
105	Impact of brand or generic labeling on medication effectiveness and side effects. <i>Health Psychology</i> , 2016 , 35, 187-90	5	32
104	The Validity and Clinical Utility of the COVERS Scale and Pain Assessment Tool for Assessing Pain in Neonates Admitted to an Intensive Care Unit. <i>Clinical Journal of Pain</i> , 2016 , 32, 51-7	3.5	8
103	You Can't Always Get What You Want: The Influence of Choice on Nocebo and Placebo Responding. <i>Annals of Behavioral Medicine</i> , 2016 , 50, 445-51	4.5	31
102	3-D bone models to improve treatment initiation among patients with osteoporosis: A randomised controlled pilot trial. <i>Psychology and Health</i> , 2016 , 31, 487-97	2.9	12
101	Changing perceptions and efficacy of generic medicines: An intervention study. <i>Health Psychology</i> , 2016 , 35, 1246-1253	5	11
100	Can Psychological Expectation Models Be Adapted for Placebo Research?. <i>Frontiers in Psychology</i> , 2016 , 7, 1876	3.4	23
99	Barriers to and facilitative processes of endocrine therapy adherence among women with breast cancer. <i>Breast Cancer Research and Treatment</i> , 2016 , 158, 243-51	4.4	27
98	"You Don't Have to Be a Drinker to Get Gout, But It Helps": A Content Analysis of the Depiction of Gout in Popular Newspapers. <i>Arthritis Care and Research</i> , 2016 , 68, 1721-1725	4.7	26
97	From Me to You: The Effect of Social Modeling on Treatment Outcomes. <i>Current Directions in Psychological Science</i> , 2016 , 25, 438-443	6.5	18
96	Public Perceptions and Knowledge of the Ebola Virus, Willingness to Vaccinate, and Likely Behavioral Responses to an Outbreak. <i>Disaster Medicine and Public Health Preparedness</i> , 2016 , 10, 674-80	2.8	13
95	Symptom reporting after the introduction of a new high-voltage power line: a prospective field study. <i>Environmental Research</i> , 2015 , 138, 112-7	7.9	14

94	A systematic review and meta-analysis of the Brief Illness Perception Questionnaire. <i>Psychology and Health</i> , 2015 , 30, 1361-85	2.9	289
93	Health complaints and wind turbines: The efficacy of explaining the nocebo response to reduce symptom reporting. <i>Environmental Research</i> , 2015 , 140, 449-55	7.9	41
92	Stress, Coping and Health 2015 , 551-555		2
91	Does the early feedback of results improve reassurance following diagnostic testing? A randomized controlled trial in patients undergoing cardiac investigation. <i>Health Psychology</i> , 2015 , 34, 216-221	5	4
90	The relationship between the belief in a genetic cause for breast cancer and bilateral mastectomy. <i>Health Psychology</i> , 2015 , 34, 473-6	5	10
89	Seeing is believing: Impact of social modeling on placebo and nocebo responding. <i>Health Psychology</i> , 2015 , 34, 880-5	5	33
88	Perceptions of generic medication in the general population, doctors and pharmacists: a systematic review. <i>BMJ Open</i> , 2015 , 5, e008915	3	84
87	Framing sound: Using expectations to reduce environmental noise annoyance. <i>Environmental Research</i> , 2015 , 142, 609-14	7.9	16
86	High perceived sensitivity to medicines is associated with higher medical care utilisation, increased symptom reporting and greater information-seeking about medication. <i>Pharmacoepidemiology and Drug Safety</i> , 2015 , 24, 592-9	2.6	24
85	Symptoms and Symptom Attribution Among Women on Endocrine Therapy for Breast Cancer. <i>Oncologist</i> , 2015 , 20, 598-604	5.7	24
84	Accentuate the positive: Counteracting psychogenic responses to media health messages in the age of the Internet. <i>Journal of Psychosomatic Research</i> , 2015 , 79, 185-9	4.1	21
83	Unhelpful information about adverse drug reactions. <i>BMJ, The</i> , 2014 , 349, g5019	5.9	37
82	Factors related to non-recovery from whiplash. The Nord-Trøndelag Health Study (HUNT). <i>International Journal of Behavioral Medicine</i> , 2014 , 21, 430-8	2.6	10
81	How common are symptoms? Evidence from a New Zealand national telephone survey. <i>BMJ Open</i> , 2014 , 4, e005374	3	58
80	The power of positive and negative expectations to influence reported symptoms and mood during exposure to wind farm sound. <i>Health Psychology</i> , 2014 , 33, 1588-92	5	36
79	Can expectations produce symptoms from infrasound associated with wind turbines?. <i>Health Psychology</i> , 2014 , 33, 360-4	5	63
78	Authors' reply to MacDonald and Etminan. <i>BMJ, The</i> , 2014 , 349, g5523	5.9	
77	The Link between Health Complaints and Wind Turbines: Support for the Nocebo Expectations Hypothesis. <i>Frontiers in Public Health</i> , 2014 , 2, 220	6	21

76	Seeing what's happening on the inside: patients' views of the value of diagnostic cardiac computed tomography angiography. <i>British Journal of Health Psychology</i> , 2014 , 19, 810-22	8.3	7
75	Effect of a smartphone application incorporating personalized health-related imagery on adherence to antiretroviral therapy: a randomized clinical trial. <i>AIDS Patient Care and STDs</i> , 2014 , 28, 579-86	5.8	121
74	Normal diagnostic test results do not reassure patients. <i>Evidence-Based Medicine</i> , 2014 , 19, 14		9
73	The perceived sensitivity to medicines (PSM) scale: an evaluation of validity and reliability. <i>British Journal of Health Psychology</i> , 2013 , 18, 18-30	8.3	69
72	The effect of an apparent change to a branded or generic medication on drug effectiveness and side effects. <i>Psychosomatic Medicine</i> , 2013 , 75, 90-6	3.7	58
71	What characterizes individuals developing chronic whiplash?: The Nord-Trøndelag Health Study (HUNT). <i>Journal of Psychosomatic Research</i> , 2013 , 74, 393-400	4.1	21
70	Beliefs about medicine and illness are associated with fear of cancer recurrence in women taking adjuvant endocrine therapy for breast cancer. <i>British Journal of Health Psychology</i> , 2013 , 18, 168-81	8.3	44
69	The nocebo effect: patient expectations and medication side effects. <i>Postgraduate Medical Journal</i> , 2013 , 89, 540-6	2	119
68	The experience and impact of gout in Māori and Pacific people: a prospective observational study. <i>Clinical Rheumatology</i> , 2013 , 32, 247-51	3.9	28
67	How distressing is it to participate in medical research? A calibration study using an everyday events questionnaire. <i>JRSM Short Reports</i> , 2013 , 4, 2042533313493271		8
66	The psychological impact of test results following diagnostic coronary CT angiography. <i>Health Psychology</i> , 2012 , 31, 738-44	5	13
65	Illness perception ratings of high-risk newborns by mothers and clinicians: relationship to illness severity and maternal stress. <i>Health Psychology</i> , 2012 , 31, 632-9	5	13
64	A text message programme designed to modify patients' illness and treatment beliefs improves self-reported adherence to asthma preventer medication. <i>British Journal of Health Psychology</i> , 2012 , 17, 74-84	8.3	254
63	Patients' Perceptions of Their Illness: The Dynamo of Volition in Health Care. <i>Current Directions in Psychological Science</i> , 2012 , 21, 60-65	6.5	149
62	The relationship of modern health worries to depression, symptom reporting and quality of life in a general population survey. <i>Journal of Psychosomatic Research</i> , 2012 , 72, 318-20	4.1	49
61	Prescription and dosing of urate-lowering therapy, rather than patient behaviours, are the key modifiable factors associated with targeting serum urate in gout. <i>BMC Musculoskeletal Disorders</i> , 2012 , 13, 174	2.8	25
60	Public anxiety and information seeking following the H1N1 outbreak: blogs, newspaper articles, and Wikipedia visits. <i>Health Communication</i> , 2012 , 27, 179-85	3.2	113
59	Impact of television coverage on the number and type of symptoms reported during a health scare: a retrospective pre-post observational study. <i>BMJ Open</i> , 2012 , 2,	3	49

58	Clinical Health Psychology 2011 , 53-82		1
57	Illness perceptions in patients with gout and the relationship with progression of musculoskeletal disability. <i>Arthritis Care and Research</i> , 2011 , 63, 1605-12	4.7	81
56	Expressive Writing in Patients Diagnosed with Cancer 2011 , 297-306		2
55	Illness beliefs before cardiac surgery predict disability, quality of life, and depression 3 months later. <i>Journal of Psychosomatic Research</i> , 2010 , 68, 553-60	4.1	102
54	Man of unconscious sorrow. <i>Journal of Psychosomatic Research</i> , 2010 , 69, 417-8	4.1	
53	Do healthy people worry? Modern health worries, subjective health complaints, perceived health, and health care utilization. <i>International Journal of Behavioral Medicine</i> , 2010 , 17, 182-8	2.6	52
52	Can an illness perception intervention reduce illness anxiety in spouses of myocardial infarction patients? A randomized controlled trial. <i>Journal of Psychosomatic Research</i> , 2009 , 67, 11-5	4.1	67
51	Further development of an illness perception intervention for myocardial infarction patients: a randomized controlled trial. <i>Journal of Psychosomatic Research</i> , 2009 , 67, 17-23	4.1	290
50	Medicine and the Media. Thyroxine: anatomy of a health scare. <i>BMJ, The</i> , 2009 , 339, b5613	5.9	40
49	Psychological responses to cardiac diagnosis: changes in illness representations immediately following coronary angiography. <i>Journal of Psychosomatic Research</i> , 2008 , 65, 553-6	4.1	21
48	Things we said today: A linguistic analysis of the Beatles.. <i>Psychology of Aesthetics, Creativity, and the Arts</i> , 2008 , 2, 197-202	4.9	30
47	Buddhist values are associated with better diabetes control in Thai patients. <i>International Journal of Psychiatry in Medicine</i> , 2008 , 38, 481-91	1	6
46	Expressive writing in context: the effects of a confessional setting and delivery of instructions on participant experience and language in writing. <i>British Journal of Health Psychology</i> , 2008 , 13, 27-30	8.3	6
45	Effect of providing information about normal test results on patients' reassurance: randomised controlled trial. <i>BMJ, The</i> , 2007 , 334, 352	5.9	84
44	Ethnic differences in illness perceptions, self-efficacy and diabetes self-care. <i>Psychology and Health</i> , 2007 , 22, 787-811	2.9	81
43	The role of illness perceptions in patients with medical conditions. <i>Current Opinion in Psychiatry</i> , 2007 , 20, 163-7	4.9	266
42	You eat what you are: modern health worries and the acceptance of natural and synthetic additives in functional foods. <i>Appetite</i> , 2007 , 48, 333-7	4.5	134
41	Patients' drawings illustrate psychological and functional status in heart failure. <i>Journal of Psychosomatic Research</i> , 2007 , 63, 525-32	4.1	44

40	Why illness perceptions matter. <i>Clinical Medicine</i> , 2006 , 6, 536-9	1.9	273
39	Illness perceptions predict reassurance following a negative exercise stress testing result. <i>Psychology and Health</i> , 2006 , 21, 421-430	2.9	37
38	The brief illness perception questionnaire. <i>Journal of Psychosomatic Research</i> , 2006 , 60, 631-7	4.1	1751
37	Psychosocial responses to environmental incidents: a review and a proposed typology. <i>Journal of Psychosomatic Research</i> , 2006 , 60, 413-22	4.1	34
36	Changes in patient drawings of the heart identify slow recovery after myocardial infarction. <i>Psychosomatic Medicine</i> , 2006 , 68, 910-3	3.7	64
35	Worries about modernity predict symptom complaints after environmental pesticide spraying. <i>Psychosomatic Medicine</i> , 2005 , 67, 778-82	3.7	94
34	What do patients expect from their first visit to a pain clinic?. <i>Clinical Journal of Pain</i> , 2005 , 21, 297-301	3.5	38
33	Trait negative affectivity and responses to a health education intervention for myocardial infarction patients. <i>Psychology and Health</i> , 2005 , 20, 1-18	2.9	67
32	Symptom experiences, symptom attributions, and causal attributions in patients following first-time myocardial infarction. <i>International Journal of Behavioral Medicine</i> , 2005 , 12, 30-8	2.6	28
31	The relationship of negative affect and perceived sensitivity to symptom reporting following vaccination. <i>British Journal of Health Psychology</i> , 2004 , 9, 101-11	8.3	50
30	Fatigue self-management strategies and reported fatigue in international pilots. <i>Ergonomics</i> , 2004 , 47, 461-8	2.9	37
29	A picture of health--myocardial infarction patients' drawings of their hearts and subsequent disability: a longitudinal study. <i>Journal of Psychosomatic Research</i> , 2004 , 57, 583-7	4.1	81
28	Effect of written emotional expression on immune function in patients with human immunodeficiency virus infection: a randomized trial. <i>Psychosomatic Medicine</i> , 2004 , 66, 272-5	3.7	158
27	Assessing illness behaviour: what condition is my condition in?. <i>Journal of Psychosomatic Research</i> , 2003 , 54, 415-6	4.1	5
26	The relationship of symptoms and psychological factors to delay in seeking medical care for breast symptoms. <i>Preventive Medicine</i> , 2003 , 36, 374-8	4.3	77
25	Symptom complaints following aerial spraying with biological insecticide Foray 48B. <i>New Zealand Medical Journal</i> , 2003 , 116, U354	0.8	5
24	RADIOFREQUENCY RADIATION FROM TRANSMITTER SITES: FACTORS AFFECTING ACCEPTABILITY OF RISK AND PROTECTION STANDARDS. <i>Journal of Environmental Assessment Policy and Management</i> , 2002 , 04, 449-463	1.3	
23	Changing illness perceptions after myocardial infarction: an early intervention randomized controlled trial. <i>Psychosomatic Medicine</i> , 2002 , 64, 580-6	3.7	615

22	The Revised Illness Perception Questionnaire (IPQ-R). <i>Psychology and Health</i> , 2002 , 17, 1-16	2.9	1860
21	Symptom perception 2001 , 219-223		3
20	Redefining medical students' disease to reduce morbidity. <i>Medical Education</i> , 2001 , 35, 724-8	3.7	24
