#	ARTICLE	IF	CITATIONS
1	Screening women for intimate partner violence in healthcare settings. The Cochrane Library, 2015, 2015, CD007007.	2.8	201
2	Screening and counselling in the primary care setting for women who have experienced intimate partner violence (WEAVE): a cluster randomised controlled trial. Lancet, The, 2013, 382, 249-258.	13.7	177
3	Advocacy interventions to reduce or eliminate violence and promote the physical and psychosocial well-being of women who experience intimate partner abuse. The Cochrane Library, 2015, 2015, CD005043.	2.8	158
4	Screening women for intimate partner violence in healthcare settings: abridged Cochrane systematic review and meta-analysis. BMJ, The, 2014, 348, g2913-g2913.	6.0	143
5	Advocacy interventions to reduce or eliminate violence and promote the physical and psychosocial well-being of women who experience intimate partner abuse. , 2009, , CD005043.		136
6	Mothers' AdvocateS In the Community (MOSAIC)- non-professional mentor support to reduce intimate partner violence and depression in mothers: a cluster randomised trial in primary care. BMC Public Health, 2011, 11, 178.	2.9	104
7	Effect of Type and Severity of Intimate Partner Violence on Women's Health and Service Use. Journal of Interpersonal Violence, 2013, 28, 273-294.	2.0	99
8	Alcohol interventions, alcohol policy and intimate partner violence: a systematic review. BMC Public Health, 2014, 14, 881.	2.9	96
9	Applying normalization process theory to understand implementation of a family violence screening and care model in maternal and child health nursing practice: a mixed method process evaluation of a randomised controlled trial. Implementation Science, 2015, 10, 39.	6.9	91
10	Screening women for intimate partner violence in healthcare settings. , 2013, , CD007007.		83
11	General practitioner management of intimate partner abuse and the whole family: qualitative study. BMJ: British Medical Journal, 2004, 328, 618.	2.3	81
12	Women's journey to safety " The Transtheoretical model in clinical practice when working with women experiencing Intimate Partner Violence: A scientific review and clinical guidance. Patient Education and Counseling, 2013, 93, 536-548.	2.2	76
13	Depression and termination of pregnancy (induced abortion) in a national cohort of young Australian women: the confounding effect of women's experience of violence. BMC Public Health, 2008, 8, 75.	2.9	66
14	An online healthy relationship tool and safety decision aid for women experiencing intimate partner violence (I-DECIDE): a randomised controlled trial. Lancet Public Health, The, 2019, 4, e301-e310.	10.0	65
15	Women's evaluation of abuse and violence care in general practice: a cluster randomised controlled trial (weave). BMC Public Health, 2010, 10, 2.	2.9	62
16	Current contraceptive management in Australian general practice: an analysis of BEACH data. Medical Journal of Australia, 2012, 197, 110-114.	1.7	62
17	Childhood Sexual Abuse and Its Association With Adult Physical and Mental Health. Journal of Interpersonal Violence, 2015, 30, 1929-1944.	2.0	59
18	Maternal and child health nurse screening and care for mothers experiencing domestic violence (MOVE): a cluster randomised trial. BMC Medicine, 2015, 13, 150.	5.5	56

#	ARTICLE	IF	CITATIONS
19	Unintended and unwanted pregnancy in Australia: a cross-sectional, national random telephone survey of prevalence and outcomes. Medical Journal of Australia, 2018, 209, 407-408.	1.7	51
20	Fractured Identity in the Context of Intimate Partner Violence. Violence Against Women, 2016, 22, 225-248.	1.7	48
21	Violence against young Australian women and association with reproductive events: a cross-sectional analysis of a national population sample. Australian and New Zealand Journal of Public Health, 2004, 28, 324-329.	1.8	47
22	Using reflexivity to enhance in-depth interviewing skills for the clinician researcher. BMC Medical Research Methodology, 2008, 8, 73.	3.1	47
23	Violence between intimate partners: working with the whole family. BMJ: British Medical Journal, 2008, 337, a839-a839.	2.3	47
24	Reflections on maternal health care within the Victorian Maternal and Child Health Service. Australian Journal of Primary Health, 2016, 22, 77.	0.9	46
25	Psychological therapies for women who experience intimate partner violence. The Cochrane Library, 2020, 2020, CD013017.	2.8	46
26	I-DECIDE: An Online Intervention Drawing on the Psychosocial Readiness Model for Women Experiencing Domestic Violence. Women's Health Issues, 2016, 26, 208-216.	2.0	45
27	Living the cycle of drinking and violence: A qualitative study of women's experience of alcohol-related intimate partner violence. Drug and Alcohol Review, 2017, 36, 115-124.	2.1	45
28	The Enhanced Maternal and Child Health nursing program in Victoria: a cross-sectional study of clinical practice. Australian Journal of Primary Health, 2019, 25, 281.	0.9	44
29	MOSAIC (MOthers' Advocates In the Community): protocol and sample description of a cluster randomised trial of mentor mother support to reduce intimate partner violence among pregnant or recent mothers. BMC Public Health, 2009, 9, 159.	2.9	40
30	From silence to sensitivity: A new Identity Disclosure model to facilitate disclosure for same-sex attracted women in general practice consultations. Social Science and Medicine, 2012, 75, 208-216.	3.8	38
31	Termination of pregnancy: associations with partner violence and other factors in a national cohort of young Australian women. Australian and New Zealand Journal of Public Health, 2007, 31, 135-142.	1.8	37
32	Provision of the emergency contraceptive pill without prescription: attitudes and practices of pharmacists in Australia. Contraception, 2011, 83, 159-166.	1.5	37
33	Access, equity and costs of induced abortion services in Australia: a cross-sectional study. Australian and New Zealand Journal of Public Health, 2017, 41, 309-314.	1.8	37
34	Pharmacy access to the emergency contraceptive pill: a national survey of a random sample of Australian women. Contraception, 2011, 83, 151-158.	1.5	36
35	Are men and women equally violent to intimate partners?. Australian and New Zealand Journal of Public Health, 2001, 25, 498-500.	1.8	34
36	Excessive alcohol use and its association with risky sexual behaviour: a cross-sectional analysis of data from Victorian secondary school students. Australian and New Zealand Journal of Public Health, 2013, 37, 76-82.	1.8	34

#	ARTICLE	IF	CITATIONS
37	The impact of violence against women on reproductive health and child mortality in Timor-Leste. Australian and New Zealand Journal of Public Health, 2015, 39, 177-181.	1.8	33
38	Protocol for a randomised controlled trial of a web-based healthy relationship tool and safety decision aid for women experiencing domestic violence (I-DECIDE). BMC Public Health, 2015, 15, 736.	2.9	31
39	Understanding sustained domestic violence identification in maternal and child health nurse care: process evaluation from a 2-year follow-up of the MOVE trial. Journal of Advanced Nursing, 2016, 72, 533-544.	3.3	31
40	Interventions to support recovery after domestic and sexual violence in primary care. International Review of Psychiatry, 2016, 28, 519-532.	2.8	30
41	Increasing long-acting reversible contraceptives: the Australian Contraceptive Choice project (ACCORD) cluster randomized trial. American Journal of Obstetrics and Gynecology, 2020, 222, S921.e1-S921.e13.	1.3	26
42	Intimate partner violence and the experience of early motherhood: A cross-sectional analysis of factors associated with a poor experience of motherhood. Midwifery, 2016, 34, 88-94.	2.3	24
43	Physical and social predictors of partner abuse in women attending general practice: a cross-sectional study. British Journal of General Practice, 2008, 58, 484-487.	1.4	23
44	Associations of Self-Reported Violence with Age at Menarche, First Intercourse, and First Birth Among a National Population Sample of Young Australian Women. Women's Health Issues, 2007, 17, 281-289.	2.0	22
45	Enhanced maternal and child health nurse care for women experiencing intimate partner/family violence: protocol for MOVE, a cluster randomised trial of screening and referral in primary health care. BMC Public Health, 2012, 12, 811.	2.9	22
46	Domestic violence against women, public policies and community health workers in Brazilian Primary Health Care. Ciencia E Saude Coletiva, 2018, 23, 93-102.	0.5	22
