#	ARTICLE	IF	CITATIONS
1	The impact of COVID-19 on hospital admissions and emergency department visits: A population-based study. <i>PLoS ONE</i> , 2021, 16, e0252441.	2.5	112
2	De-implementing wisely: developing the evidence base to reduce low-value care. <i>BMJ Quality and Safety</i> , 2020, 29, 409-417.	3.7	110
3	Accuracy of Ottawa Ankle Rules to Exclude Fractures of the Ankle and Midfoot in Children: A Meta-analysis. <i>Academic Emergency Medicine</i> , 2009, 16, 277-287.	1.8	100
4	How do physicians behave when they participate in audit and feedback activities in a group with their peers?. <i>Implementation Science</i> , 2018, 13, 104.	6.9	37
5	The Calgary Audit and Feedback Framework: a practical, evidence-informed approach for the design and implementation of socially constructed learning interventions using audit and group feedback. <i>Implementation Science</i> , 2018, 13, 136.	6.9	36
6	Association of out-of-hospital advanced airway management with outcomes after traumatic brain injury and hemorrhagic shock in the ROC hypertonic saline trial. <i>Emergency Medicine Journal</i> , 2014, 31, 186-191.	1.0	26
7	Review of implementation strategies to change healthcare provider behaviour in the emergency department. <i>Canadian Journal of Emergency Medicine</i> , 2018, 20, 453-460.	1.1	20
8	Use of the Ottawa Ankle Rules in children: a survey of physicians' practice patterns. <i>Canadian Journal of Emergency Medicine</i> , 2011, 13, 333-338.	1.1	16
9	How do emergency departments and emergency leaders catalyze positive change through quality improvement collaborations?. <i>Canadian Journal of Emergency Medicine</i> , 2019, 21, 542-549.	1.1	10
10	Quality improvement in the time of coronavirus disease 2019 – A change strategy well suited to pandemic response. <i>Canadian Journal of Emergency Medicine</i> , 2020, 22, 422-425.	1.1	10
11	Implementation and Evaluation of Audit and Feedback for Monitoring Treat-to-Target (T2T) Strategies in Rheumatoid Arthritis Using Performance Measures. <i>Rheumatology and Therapy</i> , 2020, 7, 909-925.	2.3	8
12	Postpartum hypertensive disorders in the Emergency Department – A retrospective review of local practice in Calgary, Alberta. <i>Pregnancy Hypertension</i> , 2020, 19, 212-217.	1.4	7
13	Use of the Ottawa Ankle Rules in children: a survey of physicians' practice patterns. <i>Canadian Journal of Emergency Medicine</i> , 2011, 13, 333-8; E44-6.	1.1	7
14	Accuracy of the Ottawa Ankle Rules applied by non-physician providers in a pediatric emergency department. <i>Canadian Journal of Emergency Medicine</i> , 2018, 20, 746-752.	1.1	5
15	Choosing Wisely Canada's emergency medicine recommendations: Time for a revision. <i>Canadian Journal of Emergency Medicine</i> , 2019, 21, 717-720.	1.1	5
16	Group-facilitated audit and feedback to improve bronchiolitis care in the emergency department. <i>Canadian Journal of Emergency Medicine</i> , 2020, 22, 678-686.	1.1	5
17	Review of the CATCH study: a clinical decision rule for the use of computed tomography in children with minor head injury. <i>Canadian Journal of Emergency Medicine</i> , 2012, 14, 247-251.	1.1	4
18	Dopamine versus norepinephrine in the treatment of shock. <i>Canadian Journal of Emergency Medicine</i> , 2011, 13, 395-7.	1.1	4

#	ARTICLE	IF	CITATIONS
19	Choosing Wisely Canada: scratching the 7-year itch. Canadian Journal of Emergency Medicine, 2022, 24, 569-573.	1.1	4
20	Audit and feedback for individual practitioners in the emergency department: an evidence-based and practical approach. Canadian Journal of Emergency Medicine, 2020, 22, 528-533.	1.1	3
21	Do Low-Risk Patients With Dyspepsia Need a Gastroscopy? Use of Gastroscopy for Otherwise Healthy Patients With Dyspepsia. Journal of the Canadian Association of Gastroenterology, 2022, 5, 32-38.	0.3	3
22	A Systematic Review Protocol to Determine the Most Effective Strategies to Reduce Computed Tomography Usage in the Emergency Department. Cureus, 2020, 12, e9509.	0.5	3
23	Ultrasonography versus computed tomography for initial investigation of suspected nephrolithiasis. Canadian Journal of Emergency Medicine, 2016, 18, 315-318.	1.1	2
24	Interventions for Treating Low-Risk Ankle Fractures in Children. Paediatrics and Child Health, 2017, 22, 393-394.	0.6	1
25	Virtual grand rounds in the Calgary Emergency Medicine Department. Canadian Journal of Emergency Medicine, 2021, 23, 414-414.	1.1	1
26	Does the tonicity or rate of intravenous fluid infusion affect neurologic outcomes in children with diabetic ketoacidosis?. Canadian Journal of Emergency Medicine, 2019, 21, 710-712.	1.1	0
27	Does the CATCH clinical decision rule adequately determine which children with minor head injury require computed tomography (CT) imaging?. Canadian Journal of Emergency Medicine, 2020, 22, 33-35.	1.1	0
28	Just the Facts: Risk stratifying non-traumatic back pain for spinal epidural abscess in the emergency department. Canadian Journal of Emergency Medicine, 2020, 22, 753-755.	1.1	0
29	A Realist Evaluation of a 72-Hour Readmission Audit and Feedback (A&F) Intervention in Emergency Medicine. Cureus, 2021, 13, e18402.	0.5	0
30	Mixed methods analysis of an automated email audit and feedback intervention for fostering (emergency) physician reflection. Canadian Journal of Emergency Nursing, 2020, 43, 14-15.	0.0	0
