#	Paper	IF	Citations
200	PASS: A checklist for assessing the quality of systematic reviews of prevalence studies.. <i>General Hospital Psychiatry</i> , 2022 ,	5.6	0
199	Psychiatric comorbidity and risk of premature mortality and suicide among those with chronic respiratory diseases, cardiovascular diseases, and diabetes in Sweden: A nationwide matched cohort study of over 1 million patients and their unaffected siblings.. <i>PLoS Medicine</i> , 2022 , 19, e1003864	11.6	0
198	Implementing collaborative care for major depression in a cancer center: An observational study using mixed-methods.. <i>General Hospital Psychiatry</i> , 2022 , 76, 3-15	5.6	0
197	Depression and anxiety during the year before death from cancer.. <i>Journal of Psychosomatic Research</i> , 2022 , 158, 110922	4.1	0
196	Major Depression and Survival in People With Cancer. <i>Psychosomatic Medicine</i> , 2021 , 83, 410-416	3.7	5
195	The effectiveness of inpatient consultation-liaison psychiatry service models: A systematic review of randomized trials. <i>General Hospital Psychiatry</i> , 2021 , 71, 11-19	5.6	0
194	The prevalence of anxiety in general hospital inpatients: A systematic review and meta-analysis. <i>General Hospital Psychiatry</i> , 2021 , 72, 131-140	5.6	0
193	The HOME Study: Statistical and economic analysis plan for a randomised controlled trial comparing the addition of Proactive Psychological Medicine to usual care, with usual care alone, on the time spent in hospital by older acute hospital inpatients. <i>Trials</i> , 2020 , 21, 373	2.8	2
192	Probability of major depression diagnostic classification based on the SCID, CIDI and MINI diagnostic interviews controlling for Hospital Anxiety and Depression Scale - Depression subscale scores: An individual participant data meta-analysis of 73 primary studies. <i>Journal of Psychosomatic Research</i> , 2020 , 139, 110256	4.1	22
191	Depression prevalence using the HADS-D compared to SCID major depression classification: An individual participant data meta-analysis. <i>Journal of Psychosomatic Research</i> , 2020 , 139, 110256	4.1	4
190	Proactive Integrated Consultation-Liaison Psychiatry: A new service model for the psychiatric care of general hospital inpatients. <i>General Hospital Psychiatry</i> , 2020 , 66, 9-15	5.6	6
189	Different independent associations of depression and anxiety with survival in patients with cancer. <i>Journal of Psychosomatic Research</i> , 2020 , 138, 110218	4.1	4
188	Predisposing Risk Factors for Functional Limb Weakness: A Case-Control Study. <i>Journal of Neuropsychiatry and Clinical Neurosciences</i> , 2020 , 32, 50-57	2.7	15
187	Time to transcend "physical" and "mental" health. <i>BMJ, The</i> , 2020 , 368, m609	5.9	
186	Is improvement in comorbid major depression associated with longer survival in people with cancer? A long-term follow-up of participants in the SMaRT Oncology-2 and 3 trials. <i>Journal of Psychosomatic Research</i> , 2019 , 116, 106-112	4.1	3
185	The PACE trial of treatments for chronic fatigue syndrome: a response to WILSHIRE et al. <i>BMC Psychology</i> , 2019 , 7, 15	2.8	5
184	The HOME Study: study protocol for a randomised controlled trial comparing the addition of Proactive Psychological Medicine to usual care, with usual care alone, on the time spent in hospital by older acute hospital inpatients. <i>Trials</i> , 2019 , 20, 483	2.8	8

183	Chronic fatigue syndrome and an illness-focused approach to care: controversy, morality and paradox. <i>Medical Humanities</i> , 2019 , 45, 183-187	1.4	17
182	Does depression treatment improve the survival of depressed patients with cancer? A long-term follow-up of participants in the SMaRT Oncology-2 and 3 trials. <i>Lancet Psychiatry</i> , 2018 , 5, 321-326	23.3	34
181	The prevalence of depression in general hospital inpatients: a systematic review and meta-analysis of interview-based studies. <i>Psychological Medicine</i> , 2018 , 48, 2285-2298	6.9	36
180	A European Research Agenda for Somatic Symptom Disorders, Bodily Distress Disorders, and Functional Disorders: Results of an Estimate-Talk-Estimate Delphi Expert Study. <i>Frontiers in Psychiatry</i> , 2018 , 9, 151	5	19
179	What about treatment of smoking to improve survival and reduce depression? - Authors' reply. <i>Lancet Psychiatry</i> , 2018 , 5, 464-465	23.3	
178	Tutorial: The practical application of longitudinal structural equation mediation models in clinical trials. <i>Psychological Methods</i> , 2018 , 23, 191-207	7.1	33
177	Pain Management in Cancer Center Inpatients: A Cluster Randomized Trial to Evaluate a Systematic Integrated Approach-The Edinburgh Pain Assessment and Management Tool. <i>Journal of Clinical Oncology</i> , 2018 , 36, 1284-1290	2.2	12
176	Exercise therapy for chronic fatigue syndrome (individual patient data). <i>The Cochrane Library</i> , 2018 ,	5.2	3
175	Screening Medical Patients for Depression: Lessons From a National Program in Cancer Clinics. <i>Psychosomatics</i> , 2017 , 58, 274-280	2.6	5
174	Long-term economic evaluation of cognitive-behavioural group treatment versus enhanced usual care for functional somatic syndromes. <i>Journal of Psychosomatic Research</i> , 2017 , 94, 73-81	4.1	10
173	Do more people recover from chronic fatigue syndrome with cognitive behaviour therapy or graded exercise therapy than with other treatments?. <i>Fatigue: Biomedicine, Health and Behavior</i> , 2017 , 5, 57-61	2.3	5
172	Response to the editorial by Dr Geraghty. <i>Journal of Health Psychology</i> , 2017 , 22, 1113-1117	3.1	10
171	Linked symptom monitoring and depression treatment programmes for specialist cancer services: protocol for a mixed-methods implementation study. <i>BMJ Open</i> , 2017 , 7, e016186	3	2
170	Controversy over exercise therapy for chronic fatigue syndrome: Continuing the debate. <i>BJ Psych Advances</i> , 2017 , 23, 288-291	0.8	3
169	A history of liaison psychiatry in the UK. <i>BJPsych Bulletin</i> , 2016 , 40, 199-203	1.2	12
168	Patient reaction to the PACE trial - Authors' reply. <i>Lancet Psychiatry</i> , 2016 , 3, e8-9	23.3	4
167	Integration of mental and physical health care: from aspiration to practice. <i>Lancet Psychiatry</i> , 2016 , 3, 312-3	23.3	9
166	Selecting, training and supervising nurses to treat depression in the medically ill: experience and recommendations from the SMaRT oncology collaborative care trials. <i>General Hospital Psychiatry</i> , 2015 , 37, 518-21	5.6	4

165	Updates in Psychosomatic Medicine: 2014. <i>Psychosomatics</i> , 2015 , 56, 445-59	2.6	3
164	Differences in relatives' and patients' illness perceptions in functional neurological symptom disorders compared with neurological diseases. <i>Epilepsy and Behavior</i> , 2015 , 42, 159-64	3.2	18
163	Wayne Katon, MD (1950-2015). <i>Journal of Psychosomatic Research</i> , 2015 , 78, 635-636	4.1	
162	Methods and outcome reporting in the PACE trial--Author's reply. <i>Lancet Psychiatry</i> , 2015 , 2, e10-1	23.3	1
161	The science of clinical practice: disease diagnosis or patient prognosis? Evidence about "what is likely to happen" should shape clinical practice. <i>BMC Medicine</i> , 2015 , 13, 20	11.4	113
160	Implementing collaborative care programs for psychiatric disorders in medical settings: a practical guide. <i>General Hospital Psychiatry</i> , 2015 , 37, 522-7	5.6	14
159	Somatic symptom count scores do not identify patients with symptoms unexplained by disease: a prospective cohort study of neurology outpatients. <i>Journal of Neurology, Neurosurgery and Psychiatry</i> , 2015 , 86, 295-301	5.5	29
158	A collaborative care approach delivering treatment to patients with depression comorbid with diabetes or cardiovascular disease achieves significant but small improvements over usual care in depression and patient satisfaction. <i>Evidence-Based Mental Health</i> , 2015 , 18, 122	11.1	2
157	The planning, implementation and publication of a complex intervention trial for chronic fatigue syndrome: the PACE trial. <i>BJPsych Bulletin</i> , 2015 , 39, 24-7	1.2	8
156	Interventions for post-stroke fatigue. <i>The Cochrane Library</i> , 2015 , CD007030	5.2	46
155	Not all forms of collaborative care are the same. <i>BMJ, The</i> , 2015 , 350, h1287	5.9	0
154	Differences in illness perceptions between patients with non-epileptic seizures and functional limb weakness. <i>Journal of Psychosomatic Research</i> , 2015 , 79, 246-9	4.1	22
153	Exploratory longitudinal cohort study of associations of fatigue after stroke. <i>Stroke</i> , 2015 , 46, 1052-8	6.7	53
152	Cost-effectiveness of integrated collaborative care for comorbid major depression in patients with cancer. <i>Journal of Psychosomatic Research</i> , 2015 , 79, 465-70	4.1	26
151	Medically unexplained symptom management. <i>Lancet Psychiatry</i> , 2015 , 2, 587-8	23.3	16
150	Rehabilitative treatments for chronic fatigue syndrome: long-term follow-up from the PACE trial. <i>Lancet Psychiatry</i> , 2015 , 2, 1067-74	23.3	64
149	Rehabilitative therapies for chronic fatigue syndrome: a secondary mediation analysis of the PACE trial. <i>Lancet Psychiatry</i> , 2015 , 2, 141-52	23.3	84
148	Clinically significant fatigue after stroke: a longitudinal cohort study. <i>Journal of Psychosomatic Research</i> , 2014 , 77, 368-73	4.1	29

147	Integrated collaborative care for major depression comorbid with a poor prognosis cancer (SMaRT Oncology-3): a multicentre randomised controlled trial in patients with lung cancer. <i>Lancet Oncology, The</i> , 2014 , 15, 1168-76	21.7	97
146	Integrated collaborative care for comorbid major depression in patients with cancer (SMaRT Oncology-2): a multicentre randomised controlled effectiveness trial. <i>Lancet, The</i> , 2014 , 384, 1099-108	4.0	164
145	Prevalence, associations, and adequacy of treatment of major depression in patients with cancer: a cross-sectional analysis of routinely collected clinical data. <i>Lancet Psychiatry, the</i> , 2014 , 1, 343-50	23.3	192
144	Adverse events and deterioration reported by participants in the PACE trial of therapies for chronic fatigue syndrome. <i>Journal of Psychosomatic Research</i> , 2014 , 77, 20-6	4.1	30
143	Author's reply: To PMID 25029694. <i>British Journal of Psychiatry</i> , 2014 , 204, 493	5.4	1
142	Exercise therapy for chronic fatigue syndrome (individual patient data). <i>The Cochrane Library</i> , 2014 ,	5.2	6
141	Integrated management of major depression for people with cancer. <i>International Review of Psychiatry</i> , 2014 , 26, 657-68	3.6	5
140	Essential articles on collaborative care models for the treatment of psychiatric disorders in medical settings: a publication by the academy of psychosomatic medicine research and evidence-based practice committee. <i>Psychosomatics</i> , 2014 , 55, 109-22	2.6	89
139	A randomised trial of adaptive pacing therapy, cognitive behaviour therapy, graded exercise, and specialist medical care for chronic fatigue syndrome (PACE): statistical analysis plan. <i>Trials</i> , 2013 , 14, 386	2.8	15
138	Somatic symptom disorder: an important change in DSM. <i>Journal of Psychosomatic Research</i> , 2013 , 75, 223-8	4.1	123
137	Treatment of depression in people with lung cancer: a systematic review. <i>Lung Cancer</i> , 2013 , 79, 46-53	5.9	26
136	Training, supervision and therapists' adherence to manual-based therapy. <i>International Journal of Therapy and Rehabilitation</i> , 2013 , 20, 180-186	0.4	3
135	Enhanced care by generalists for functional somatic symptoms and disorders in primary care. <i>The Cochrane Library</i> , 2013 , CD008142	5.2	33
134	Pain in patients attending a specialist cancer service: prevalence and association with emotional distress. <i>Journal of Pain and Symptom Management</i> , 2012 , 43, 29-38	4.8	28
133	Outcome measurement in functional somatic syndromes: SF-36 summary scores and some scales were not valid. <i>Journal of Clinical Epidemiology</i> , 2012 , 65, 30-41	5.7	26
132	Healthcare costs incurred by patients repeatedly referred to secondary medical care with medically unexplained symptoms: a cost of illness study. <i>Journal of Psychosomatic Research</i> , 2012 , 72, 242-7	4.1	33
131	Is co-morbid depression adequately treated in patients repeatedly referred to specialist medical services with symptoms of a medical condition?. <i>Journal of Psychosomatic Research</i> , 2012 , 72, 419-21	4.1	5
130	Sleep problems in cancer patients: prevalence and association with distress and pain. <i>Psycho-Oncology</i> , 2012 , 21, 1003-9	3.9	64

129	Functional weakness: clues to mechanism from the nature of onset. <i>Journal of Neurology, Neurosurgery and Psychiatry</i> , 2012 , 83, 67-9	5.5	69
128	Integrating psychosocial care into cancer services. <i>Journal of Clinical Oncology</i> , 2012 , 30, 1178-86	2.2	107
127	A primary care Symptoms Clinic for patients with medically unexplained symptoms: pilot randomised trial. <i>BMJ Open</i> , 2012 , 2, e000513	3	29
126	Cognitive-behavioural group treatment for a range of functional somatic syndromes: randomised trial. <i>British Journal of Psychiatry</i> , 2012 , 200, 499-507	5.4	63
125	Adaptive pacing, cognitive behaviour therapy, graded exercise, and specialist medical care for chronic fatigue syndrome: a cost-effectiveness analysis. <i>PLoS ONE</i> , 2012 , 7, e40808	3.7	54
124	Measuring disability in patients with chronic fatigue syndrome: reliability and validity of the Work and Social Adjustment Scale. <i>Journal of Psychosomatic Research</i> , 2011 , 71, 124-8	4.1	63
123	Conversion disorder: current problems and potential solutions for DSM-5. <i>Journal of Psychosomatic Research</i> , 2011 , 71, 369-76	4.1	123
122	What do physicians think of somatoform disorders?. <i>Psychosomatics</i> , 2011 , 52, 154-9	2.6	26
121	Thoughts of death and suicide reported by cancer patients who endorsed the "suicidal thoughts" item of the PHQ-9 during routine screening for depression. <i>Psychosomatics</i> , 2011 , 52, 424-7	2.6	65
120	Can neuroimaging help us to understand and classify somatoform disorders? A systematic and critical review. <i>Psychosomatic Medicine</i> , 2011 , 73, 173-84	3.7	68
119	Psychostimulants for the management of cancer-related fatigue: a systematic review and meta-analysis. <i>Journal of Pain and Symptom Management</i> , 2011 , 41, 761-7	4.8	103
118	The interpretation of low mood and worry by high users of secondary care with medically unexplained symptoms. <i>BMC Family Practice</i> , 2011 , 12, 107	2.6	7
117	The problems reported by cancer patients with major depression. <i>Psycho-Oncology</i> , 2011 , 20, 62-8	3.9	17
116	What is a psychological intervention? A metareview and practical proposal. <i>Psycho-Oncology</i> , 2011 , 20, 470-8	3.9	51
115	The detection and management of emotional distress in cancer patients: the views of health-care professionals. <i>Psycho-Oncology</i> , 2011 , 20, 601-8	3.9	74
114	Screening for major depression in cancer outpatients: the diagnostic accuracy of the 9-item patient health questionnaire. <i>Cancer</i> , 2011 , 117, 218-27	6.4	113
113	INSPIRE study: does stress management improve the course of inflammatory bowel disease and disease-specific quality of life in distressed patients with ulcerative colitis or Crohn's disease? A randomized controlled trial. <i>Inflammatory Bowel Diseases</i> , 2011 , 17, 1863-73	4.5	75
112	Oncology professionals' views on the use of antidepressants in cancer patients: a qualitative interview study. <i>BMJ Supportive and Palliative Care</i> , 2011 , 1, 301-5	2.2	6

111	Guided self-help for functional (psychogenic) symptoms: a randomized controlled efficacy trial. <i>Neurology</i> , 2011 , 77, 564-72	6.5	148
110	Psychiatry in general medical settings 2010 , 715-730		1
109	Neurotic, stress-related and somatoform disorders 2010 , 453-491		2
108	Patients repeatedly referred to secondary care with symptoms unexplained by organic disease: prevalence, characteristics and referral pattern. <i>Family Practice</i> , 2010 , 27, 479-86	1.9	28
107	'Feeling sad and useless': an investigation into personal acceptance of disability and its association with depression following stroke. <i>Clinical Rehabilitation</i> , 2010 , 24, 555-64	3.3	34
106	Comment on "Detection of an infectious retrovirus, XMRV, in blood cells of patients with chronic fatigue syndrome". <i>Science</i> , 2010 , 328, 825; author reply 825	33.3	8
105	The symptom of functional weakness: a controlled study of 107 patients. <i>Brain</i> , 2010 , 133, 1537-51	11.2	177
104	The HSCL-20: one questionnaire, two versions. <i>Journal of Psychosomatic Research</i> , 2010 , 68, 313-4	4.1	13
103	Interventions for Fatigue After Stroke. <i>Stroke</i> , 2010 , 41,	6.7	2
102	Drug therapy for the management of cancer-related fatigue. <i>The Cochrane Library</i> , 2010 , CD006704	5.2	106
101	Monitoring symptoms at home: what methods would cancer patients be comfortable using?. <i>Quality of Life Research</i> , 2010 , 19, 965-8	3.7	15
100	Screening for suicidality in cancer patients using Item 9 of the nine-item patient health questionnaire; does the item score predict who requires further assessment?. <i>General Hospital Psychiatry</i> , 2010 , 32, 218-20	5.6	39
99	Measuring improvement in depression in cancer patients: a 50% drop on the self-rated SCL-20 compared with a diagnostic interview. <i>General Hospital Psychiatry</i> , 2010 , 32, 334-6	5.6	6
98	Cancer and psychiatry. <i>Psychiatry (Abingdon, England)</i> , 2009 , 8, 208-211		1
97	Symptoms: a new approach. <i>Psychiatry (Abingdon, England)</i> , 2009 , 8, 146-148		10
96	Depression Care for People with Cancer: a collaborative care intervention. <i>General Hospital Psychiatry</i> , 2009 , 31, 436-41	5.6	41
95	Validation of an item bank for detecting and assessing psychological distress in cancer patients. <i>Psycho-Oncology</i> , 2009 , 18, 195-9	3.9	18
94	The second Symptom Management Research Trial in Oncology (SMaRT Oncology-2): a randomised trial to determine the effectiveness and cost-effectiveness of adding a complex intervention for major depressive disorder to usual care for cancer patients. <i>Trials</i> , 2009 , 10, 18	2.8	14

93	Reduced complexity of activity patterns in patients with chronic fatigue syndrome: a case control study. <i>BioPsychoSocial Medicine</i> , 2009 , 3, 7	2.8	9
92	Dualism persists in the science of mind. <i>Annals of the New York Academy of Sciences</i> , 2009 , 1157, 1-9	6.5	51
91	The role of physical injury in motor and sensory conversion symptoms: a systematic and narrative review. <i>Journal of Psychosomatic Research</i> , 2009 , 66, 383-90	4.1	107
90	The identification in primary care of patients who have been repeatedly referred to hospital for medically unexplained symptoms: a pilot study. <i>Journal of Psychosomatic Research</i> , 2009 , 67, 207-11	4.1	16
89	Patient and general practitioner preferences for the treatment of depression in patients with cancer: how, who, and where?. <i>Journal of Psychosomatic Research</i> , 2009 , 67, 399-402	4.1	14
88	The third symptom management research trial in oncology (SMaRT oncology-3): a randomised trial to determine the efficacy of adding a complex intervention for major depressive disorder (depression care for people with lung cancer) to usual care, compared to usual care alone in patients with lung cancer. <i>Trials</i> , 2009 , 10, 92	2.8	12
87	Interventions for post-stroke fatigue. <i>Cochrane Database of Systematic Reviews</i> , 2009 , CD007030		45
86	Functional somatic symptoms and psychological states: an electronic diary study. <i>Psychosomatic Medicine</i> , 2009 , 71, 77-83	3.7	24
85	Enhanced care by generalists for functional somatic symptoms and disorders in primary care 2009 ,		2
84	Rasch fit statistics and sample size considerations for polytomous data. <i>BMC Medical Research Methodology</i> , 2008 , 8, 33	4.7	181
83	The INSPIRE study: do personality traits predict general quality of life (Short form-36) in distressed patients with ulcerative colitis and Crohn's disease?. <i>Scandinavian Journal of Gastroenterology</i> , 2008 , 43, 1505-13	2.4	29
82	Management of depression for people with cancer (SMaRT oncology 1): a randomised trial. <i>Lancet, The</i> , 2008 , 372, 40-8	4.0	245
81	Better off dead: suicidal thoughts in cancer patients. <i>Journal of Clinical Oncology</i> , 2008 , 26, 4725-30	2.2	144
80	A systematic review and meta-analysis of the pharmacological treatment of cancer-related fatigue. <i>Journal of the National Cancer Institute</i> , 2008 , 100, 1155-66	9.7	195
79	The 'disappearance' of hysteria: historical mystery or illusion?. <i>Journal of the Royal Society of Medicine</i> , 2008 , 101, 12-8	2.3	45
78	Interventions for post-stroke fatigue 2008 ,		3
77	Drug therapy for the management of cancer related fatigue. <i>Cochrane Database of Systematic Reviews</i> , 2008 , CD006704		51
76	The INSPIRE study: are different personality traits related to disease-specific quality of life (IBDQ) in distressed patients with ulcerative colitis and Crohn's disease?. <i>Inflammatory Bowel Diseases</i> , 2008 , 14, 680-6	4.5	34

75	FMRI in patients with motor conversion symptoms and controls with simulated weakness. <i>Psychosomatic Medicine</i> , 2007 , 69, 961-9	3.7	117
74	Evaluation of fatigue scales in stroke patients. <i>Stroke</i> , 2007 , 38, 2090-5	6.7	119
73	Are electronic diaries useful for symptoms research? A systematic review. <i>Journal of Psychosomatic Research</i> , 2007 , 62, 553-61	4.1	65
72	Performance of the Hospital Anxiety and Depression Scale as a screening tool for major depressive disorder in cancer patients. <i>Journal of Psychosomatic Research</i> , 2007 , 63, 83-91	4.1	108
71	Fatigue after stroke: the development and evaluation of a case definition. <i>Journal of Psychosomatic Research</i> , 2007 , 63, 539-44	4.1	84
70	Revising the classification of somatoform disorders: key questions and preliminary recommendations. <i>Psychosomatics</i> , 2007 , 48, 277-85	2.6	125
69	Consultation-Liaison Psychiatry in the Outpatient Setting 2007 , 192-204		
68	Bodily symptoms: a new approach. <i>Psychiatry (Abingdon, England)</i> , 2006 , 5, 39-42		1
67	Commentary: symptoms not associated with disease: an unmet public health challenge. <i>International Journal of Epidemiology</i> , 2006 , 35, 477-8	7.8	2
66	Functional symptoms in neurology: case studies. <i>Neurologic Clinics</i> , 2006 , 24, 385-403	4.5	10
65	La belle indifference in conversion symptoms and hysteria: systematic review. <i>British Journal of Psychiatry</i> , 2006 , 188, 204-9	5.4	92
64	Bodily symptoms: new approaches to classification. <i>Journal of Psychosomatic Research</i> , 2006 , 60, 353-6	4.1	63
63	Fear of recurrence and beliefs about preventing recurrence in persons who have suffered a stroke. <i>Journal of Psychosomatic Research</i> , 2006 , 61, 747-55	4.1	51
62	Dr. Sharpe and Colleagues Reply. <i>American Journal of Psychiatry</i> , 2006 , 163, 747-748	11.9	1
61	Eliot Slater's myth of the non-existence of hysteria. <i>Journal of the Royal Society of Medicine</i> , 2005 , 98, 547-8	2.3	7
60	Psychiatric diagnosis and chronic fatigue syndrome: Controversies and conflicts. <i>Journal of Mental Health</i> , 2005 , 14, 269-276	2.7	9
59	Eliot Slater's myth of the Non-Existence of Hysteria. <i>Journal of the Royal Society of Medicine</i> , 2005 , 98, 547-548	2.3	7
58	Somatoform disorders: time for a new approach in DSM-V. <i>American Journal of Psychiatry</i> , 2005 , 162, 847-55	11.9	347

57	Systematic review of misdiagnosis of conversion symptoms and "hysteria". <i>BMJ, The</i> , 2005 , 331, 989	5.9	196
56	Somatoform disorders: a help or hindrance to good patient care?. <i>British Journal of Psychiatry</i> , 2004 , 184, 465-7	5.4	65
