#	Paper	IF	Citations
248	Mental disorders and COVID-19: Towards a precision public mental health approach.. <i>European Neuropsychopharmacology</i> , 2022 , 58, 42-43	1.2	0
247	Estimating the total prevalence of PTSD among the UK police force: Formal comment on Brewin, Miller and Burchell (2022). <i>PLoS ONE</i> , 2022 , 17, e0268400	3.7	
246	Health-protective behaviour, social media usage and conspiracy belief during the COVID-19 public health emergency. <i>Psychological Medicine</i> , 2021 , 51, 1763-1769	6.9	278
245	Pathways to mental health care in active military populations across the Five-Eyes nations: An integrated perspective. <i>Clinical Psychology Review</i> , 2021 , 91, 102100	10.8	1
244	Cognitive behaviour therapy for chronic fatigue syndrome: Authors' reply, naturalistic outcomes paper. <i>Journal of the Royal Society of Medicine</i> , 2021 , 114, 285-286	2.3	
243	Paternal alcohol misuse in UK military families: A cross-sectional study of child emotional and behavioural problems. <i>Journal of Military, Veteran and Family Health</i> , 2021 , 7, 81-92	0.7	
242	Quality appraisal of evidence generated during a crisis: in defence of 'timeliness' and 'clarity' as criteria. <i>BMJ Evidence-Based Medicine</i> , 2021 ,	2.7	1
241	NHS CHECK: protocol for a cohort study investigating the psychosocial impact of the COVID-19 pandemic on healthcare workers. <i>BMJ Open</i> , 2021 , 11, e051687	3	5
240	Psychosocial impact of the COVID-19 pandemic on 4378 UK healthcare workers and ancillary staff: initial baseline data from a cohort study collected during the first wave of the pandemic. <i>Occupational and Environmental Medicine</i> , 2021 , 78, 801-808	2.1	22
239	Experiences of supported isolation in returning travellers during the early COVID-19 response: a qualitative interview study. <i>BMJ Open</i> , 2021 , 11, e050405	3	2
238	Military and demographic predictors of mental ill-health and socioeconomic hardship among UK veterans. <i>BMC Psychiatry</i> , 2021 , 21, 304	4.2	2
237	Characteristics of patients with motor functional neurological disorder in a large UK mental health service: a case-control study - CORRIGENDUM. <i>Psychological Medicine</i> , 2021 , 51, 1592	6.9	1
236	Anger and confrontation during the COVID-19 pandemic: a national cross-sectional survey in the UK. <i>Journal of the Royal Society of Medicine</i> , 2021 , 114, 77-90	2.3	21
235	Risk and protective factors for offending among UK Armed Forces personnel after they leave service: a data linkage study. <i>Psychological Medicine</i> , 2021 , 51, 236-243	6.9	3
234	Probable post-traumatic stress disorder and harmful alcohol use among male members of the British Police Forces and the British Armed Forces: a comparative study. <i>Hjgre Utbildning</i> , 2021 , 12, 1891-1934	5.34	1
233	Effectiveness and acceptability of brief psychoeducational interventions after potentially traumatic events: A systematic review. <i>Hjgre Utbildning</i> , 2021 , 12, 1923-110	5	2
232	Mental health responses to the COVID-19 pandemic: a latent class trajectory analysis using longitudinal UK data. <i>Lancet Psychiatry</i> , 2021 , 8, 610-619	23.3	75

231	UK veterans' mental health and well-being before and during the COVID-19 pandemic: a longitudinal cohort study. <i>BMJ Open</i> , 2021 , 11, e049815	3	5
230	Factors affecting healthcare workers' compliance with social and behavioural infection control measures during emerging infectious disease outbreaks: rapid evidence review. <i>BMJ Open</i> , 2021 , 11, e049857	3	11
229	Why did some parents not send their children back to school following school closures during the COVID-19 pandemic: a cross-sectional survey. <i>BMJ Paediatrics Open</i> , 2021 , 5, e001014	2.4	2
228	Contribution of mental ill health during military service to postservice benefit claims in the UK. <i>Occupational and Environmental Medicine</i> , 2021 , 78, 643-647	2.1	
227	Mixed signals about the mental health of the NHS workforce. <i>Lancet Psychiatry</i> , 2020 , 7, 1009-1011	23.3	17
226	Covid conspiracies: misleading evidence can be more damaging than no evidence at all. <i>Psychological Medicine</i> , 2020 , 1-2	6.9	11
225	Pre-service Military-related and Mental Disorder Factors Associated with Leaving the UK Armed Forces. <i>Psychiatry (New York)</i> , 2020 , 83, 262-277	1	
224	Drinking motivations in UK serving and ex-serving military personnel. <i>Occupational Medicine</i> , 2020 , 70, 259-267	2.1	6
223	A validation study of the International Trauma Questionnaire to assess post-traumatic stress disorder in treatment-seeking veterans. <i>British Journal of Psychiatry</i> , 2020 , 216, 132-137	5.4	32
222	Managing mental health challenges faced by healthcare workers during covid-19 pandemic. <i>BMJ</i> , 2020 , 368, m1211	5.9	811
221	Multidisciplinary research priorities for the COVID-19 pandemic - Authors' reply. <i>Lancet Psychiatry</i> , 2020 , 7, e44-e45	23.3	24
220	The psychological impact of quarantine and how to reduce it: rapid review of the evidence. <i>Lancet</i> , 2020 , 395, 912-920	40	6240
219	UK military women: mental health, military service and occupational adjustment. <i>Occupational Medicine</i> , 2020 , 70, 235-242	2.1	4
218	Pre-incident Training to Build Resilience in First Responders: Recommendations on What to and What Not to Do. <i>Psychiatry (New York)</i> , 2020 , 83, 128-142	1	8
217	How to improve adherence with quarantine: rapid review of the evidence. <i>Public Health</i> , 2020 , 182, 163-169	169	167
216	Multidisciplinary research priorities for the COVID-19 pandemic: a call for action for mental health science. <i>Lancet Psychiatry</i> , 2020 , 7, 547-560	23.3	2516
215	Probable PTSD, depression and anxiety in 40,299 UK police officers and staff: Prevalence, risk factors and associations with blood pressure. <i>PLoS ONE</i> , 2020 , 15, e0240902	3.7	9
214	Public responses to the Salisbury Novichok incident: a cross-sectional survey of anxiety, anger, uncertainty, perceived risk and avoidance behaviour in the local community. <i>BMJ Open</i> , 2020 , 10, e036071	71	3

213	How might the NHS protect the mental health of health-care workers after the COVID-19 crisis?. <i>Lancet Psychiatry,the</i> , 2020 , 7, 733-734	23.3	34
212	Mental health before and during the COVID-19 pandemic: a longitudinal probability sample survey of the UK population. <i>Lancet Psychiatry,the</i> , 2020 , 7, 883-892	23.3	994
211	Says who? The significance of sampling in mental health surveys during COVID-19. <i>Lancet Psychiatry,the</i> , 2020 , 7, 567-568	23.3	170
210	Cognitive behavioural therapy for chronic fatigue and chronic fatigue syndrome: outcomes from a specialist clinic in the UK. <i>Journal of the Royal Society of Medicine</i> , 2020 , 113, 394-402	2.3	10
209	Hospital admissions for non-communicable disease in the UK military and associations with alcohol use and mental health: a data linkage study. <i>BMC Public Health</i> , 2020 , 20, 1236	4.1	2
208	The journey to professional mental health support: a qualitative exploration of the barriers and facilitators impacting military veterans' engagement with mental health treatment. <i>Hjgre Utbildning</i> , 2020 , 10, 1700613	5	5
207	Characteristics of patients with motor functional neurological disorder in a large UK mental health service: a case-control study. <i>Psychological Medicine</i> , 2020 , 50, 446-455	6.9	20
206	British military women: combat exposure, deployment and mental health. <i>Occupational Medicine</i> , 2019 , 69, 549-558	2.1	1
205	Treatment of military-related post-traumatic stress disorder: challenges, innovations, and the way forward. <i>International Review of Psychiatry</i> , 2019 , 31, 95-110	3.6	27
204	Mental Health, Help-Seeking Behaviour and Social Support in the UK Armed Forces by Gender. <i>Psychiatry (New York)</i> , 2019 , 82, 256-271	1	1
203	Unemployment and benefit claims by UK veterans in the new millennium: results from a record linkage study. <i>Occupational and Environmental Medicine</i> , 2019 , 76, 726-732	2.1	5
202	Do serving and ex-serving personnel of the UK armed forces seek help for perceived stress, emotional or mental health problems?. <i>Hjgre Utbildning</i> , 2019 , 10, 1556552	5	28
201	Reviewing the Mental Health Act: delivering evidence-informed policy. <i>Lancet Psychiatry,the</i> , 2019 , 6, 90-91	23.3	3
200	Fourteen-year trajectories of posttraumatic stress disorder (PTSD) symptoms in UK military personnel, and associated risk factors. <i>Journal of Psychiatric Research</i> , 2019 , 109, 156-163	5.2	11
199	Integrating electronic healthcare records of armed forces personnel: Developing a framework for evaluating health outcomes in England, Scotland and Wales. <i>International Journal of Medical Informatics</i> , 2018 , 113, 17-25	5.3	7
198	Combat Experiences and their Relationship to Post-Traumatic Stress Disorder Symptom Clusters in UK Military Personnel Deployed to Afghanistan. <i>Behavioral Medicine</i> , 2018 , 44, 131-140	4.4	22
197	Exercise and the Prevention of Depression: Results of the HUNT Cohort Study. <i>American Journal of Psychiatry</i> , 2018 , 175, 28-36	11.9	173
196	Experiences and career intentions of combat-deployed UK military personnel. <i>Occupational Medicine</i> , 2018 , 68, 177-183	2.1	3

195	The long term occupational fitness of UK military personnel following community mental health care. <i>Journal of Mental Health</i> , 2018 , 27, 142-149	2.7	0
194	Mental health outcomes at the end of the British involvement in the Iraq and Afghanistan conflicts: a cohort study. <i>British Journal of Psychiatry</i> , 2018 , 213, 690-697	5.4	84
193	The need for a new Tobacco Control Plan: an issue of justice. <i>BMJ, The</i> , 2017 , 356, j342	5.9	0
192	Post-deployment screening for mental disorders and tailored advice about help-seeking in the UK military: a cluster randomised controlled trial. <i>Lancet, The</i> , 2017 , 389, 1410-1423	4.0	28
191	Different shell, same shock. <i>BMJ, The</i> , 2017 , 359, j5621	5.9	3
190	The health of UK civilians deployed to Iraq. <i>European Journal of Public Health</i> , 2017 , 27, 367-371	2.1	
189	A review of current evidence regarding the ICD-11 proposals for diagnosing PTSD and complex PTSD. <i>Clinical Psychology Review</i> , 2017 , 58, 1-15	10.8	285
188	Trajectories of alcohol use in the UK military and associations with mental health. <i>Addictive Behaviors</i> , 2017 , 75, 130-137	4.2	21
187	Marital Status Distribution of the U.K. Military: Does It Differ From the General Population?. <i>Military Behavioral Health</i> , 2017 , 5, 26-34	0.6	5
186	Post-deployment screening for mental disorders and help-seeking in the UK military - Authors' reply. <i>Lancet, The</i> , 2017 , 390, 554	4.0	1
185	Forward psychiatry—early intervention for mental health problems among UK armed forces in Afghanistan. <i>European Psychiatry</i> , 2017 , 39, 66-72	6	6
184	Scenarios for the future of mental health care: a social perspective. <i>Lancet Psychiatry,the</i> , 2017 , 4, 257-260	3.3	11
183	Long-term responses to treatment in UK veterans with military-related PTSD: an observational study. <i>BMJ Open</i> , 2016 , 6, e011667	3	16
182	Mortality of people with chronic fatigue syndrome: a retrospective cohort study in England and Wales from the South London and Maudsley NHS Foundation Trust Biomedical Research Centre (SLaM BRC) Clinical Record Interactive Search (CRIS) Register. <i>Lancet, The</i> , 2016 , 387, 1638-43	4.0	38
181	The role of psychiatrists in diagnosing conversion disorder: a mixed-methods analysis. <i>Neuropsychiatric Disease and Treatment</i> , 2016 , 12, 1181-4	3.1	7
180	Use of a two-phase process to identify possible cases of mental ill health in the UK military. <i>International Journal of Methods in Psychiatric Research</i> , 2016 , 25, 168-77	4.3	7
179	Art amid the Bedlam. <i>Lancet, The</i> , 2016 , 388, 1872-1873	4.0	
178	Prevention of the psychological consequences of trauma. <i>Lancet Psychiatry,the</i> , 2015 , 2, 367-369	23.3	1

177	Are common mental disorders more prevalent in the UK serving military compared to the general working population?. <i>Psychological Medicine</i> , 2015 , 45, 1881-91	6.9	58
176	Childhood: a suitable case for treatment?. <i>Lancet Psychiatry, the</i> , 2015 , 2, 661-6	23.3	15
175	Relationship Difficulties Among U.K. Military Personnel: Impact of Sociodemographic, Military, and Deployment-Related Factors. <i>Marriage and Family Review</i> , 2015 , 51, 275-303	0.9	16
