

List of Publications by Citations

Source: <https://exaly.com/author-pdf/5633379/sanda-erdelez-publications-by-citations.pdf>
Version: 2024-04-09

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

53 papers	344 citations	9 h-index	17 g-index
56 ext. papers	426 ext. citations	2.1 avg, IF	3.85 L-index

#	Paper	IF	Citations
53	Investigation of information encountering in the controlled research environment. <i>Information Processing and Management</i> , 2004 , 40, 1013-1025	6.3	99
52	Incidental exposure to online news. <i>Proceedings of the American Society for Information Science and Technology</i> , 2010 , 47, 1-8		31
51	The effects of conceptual description and search practice on users' mental models and information seeking in a case-based reasoning retrieval system. <i>Information Processing and Management</i> , 2008 , 44, 294-309	6.3	24
50	Passive sensor technology interface to assess elder activity in independent living. <i>Nursing Research</i> , 2011 , 60, 318-25	1.9	24
49	Information micro-practices in Texas rural courts: methods and issues for e-government. <i>Government Information Quarterly</i> , 2002 , 19, 369-387	7.6	22
48	Information encountering re-encountered. <i>Journal of Documentation</i> , 2020 , 76, 731-751	1.3	17
47	The search experience variable in information behavior research. <i>Journal of the Association for Information Science and Technology</i> , 2007 , 58, 1529-1546		15
46	Incidental Exposure to Online News. <i>Synthesis Lectures on Information Concepts, Retrieval, and Services</i> , 2016 , 8, i-73	1.7	15
45	Online news reading behavior: From habitual reading to stumbling upon news. <i>Proceedings of the American Society for Information Science and Technology</i> , 2011 , 48, 1-10		13
44	Sharing tools on newspaper Web sites: an exploratory study. <i>Online Information Review</i> , 2000 , 24, 218-228		9
43	The role of risky behaviors and health education in college students' health information acquisition on the internet. <i>Proceedings of the Association for Information Science and Technology</i> , 2015 , 52, 1-10	0.4	7
42	Role of domain knowledge in developing user-centered medical-image indexing. <i>Journal of the Association for Information Science and Technology</i> , 2012 , 63, 225-241		5
41	Conferences as Information Grounds: Web Site Evaluation with a Mobile Usability Laboratory. <i>Journal of Web Librarianship</i> , 2008 , 2, 247-261	0.2	5
40	An Exploratory Survey of Reference Source Instruction in LIS Courses. <i>Reference and User Services Quarterly</i> , 2006 , 46, 50-60	1.6	5
39	Medical calculators: Prevalence, and barriers to use. <i>Computer Methods and Programs in Biomedicine</i> , 2019 , 179, 105002	6.9	4
38	Looking for opportunistic discovery of information in recent biomedical research via content analysis. <i>Proceedings of the American Society for Information Science and Technology</i> , 2013 , 50, 1-11		4
37	Forecasting the next 10 years in information behavior research: A fish bowl dialogue. <i>Bulletin of the American Society for Information Science</i> , 2010 , 36, 44-48		4

36	The role of serendipity in the story ideation process of print media journalists. <i>Journal of Documentation</i> , 2019 , 75, 995-1012	1.3	4
35	Online behavior of the alzheimer's disease patient caregivers on croatian online discussion forum. <i>Proceedings of the Association for Information Science and Technology</i> , 2019 , 56, 78-88	0.4	3
34	Medical image describing behavior 2011 ,		3
33	The Digital Divide. Who Really Benefits from the Proposed Solutions for Closing the Gap. <i>Journal of Information Ethics</i> , 2004 , 13, 19-33		3
32	Understanding encountering of story leads: A case of newspaper reporting behavior at Midwestern metropolitan-area newspapers. <i>Newspaper Research Journal</i> , 2018 , 39, 259-269	0.6	3
31	Perception of clinical deterioration cues among medical-surgical nurses. <i>Journal of Advanced Nursing</i> , 2019 , 75, 2627-2637	3.1	2
30	Active and passive acquisition of health-related information on the Web by college students. <i>Proceedings of the American Society for Information Science and Technology</i> , 2014 , 51, 1-5		2
29	How can information science contribute to alzheimer's disease research?. <i>Proceedings of the Association for Information Science and Technology</i> , 2015 , 52, 1-4	0.4	2
28	ODI and information literacy: Personal information management in a world of information overload. <i>Proceedings of the American Society for Information Science and Technology</i> , 2012 , 49, 1-4		2
27	Avoiding determinism: New research into the discovery of information. <i>Proceedings of the American Society for Information Science and Technology</i> , 2011 , 48, 1-2		2
26	Web analytics in library practice: Exploration of issues. <i>Proceedings of the American Society for Information Science and Technology</i> , 2009 , 46, 1-6		2
25	Collaborative Information Behavior in Completely Online Groups109-126		2
24	Information encountering in the humanities: Embeddedness, temporality, and altruism. <i>Proceedings of the Association for Information Science and Technology</i> , 2019 , 56, 32-42	0.4	2
23	Legal information acquisition by the public: The role of personal and environmental factors. <i>Proceedings of the Association for Information Science and Technology</i> , 2017 , 54, 298-307	0.4	1
22	An experience with measuring multi-user online task performance 2012 ,		1
21	Opportunistic discovery of information and millennials: An exploratory survey. <i>Proceedings of the American Society for Information Science and Technology</i> , 2013 , 50, 1-5		1
20	Search tactics for medical image retrieval. <i>Proceedings of the American Society for Information Science and Technology</i> , 2011 , 48, 1-4		1
19	Lost in translation? Applying information behavior research to information systems design. <i>Proceedings of the American Society for Information Science and Technology</i> , 2006 , 42, n/a-n/a		1

18	The digital divide: Who really benefits from the proposed solutions for closing the gap. <i>Proceedings of the American Society for Information Science and Technology</i> , 2005 , 39, 99-106		1
17	My favorite unreliable source? Information sharing and acquisition through informal networks. <i>Proceedings of the Association for Information Science and Technology</i> , 2020 , 57, e294	0.4	1
16	Newspaper Editors' Interactions with Journalistic Serendipity. <i>Creativity Research Journal</i> , 1-13	1.8	1
15	Understanding the seeking-encountering tension: Roles of foreground and background task urgency. <i>Information Processing and Management</i> , 2022 , 59, 102910	6.3	1
14	Learning to discover: Youth information literacy in the digital age. <i>Proceedings of the American Society for Information Science and Technology</i> , 2012 , 49, 1-2		0
13	Computational modeling of human reasoning processes for interpretable visual knowledge: a case study with radiographers. <i>Scientific Reports</i> , 2020 , 10, 21620	4.9	0
12	Information encountering by an art historian: A methodological case study. <i>Proceedings of the Association for Information Science and Technology</i> , 2018 , 55, 762-764	0.4	0
11	What difference does a theoretical lens make in conducting a study of human information interactions? Panel presented at the 2013 annual meeting of the association for information science & technology (ASIS&T). <i>Proceedings of the American Society for Information Science and Technology</i> , 2013 , 50, 1-5		
10	Medical image users' search tactics across different search tasks. <i>Proceedings of the American Society for Information Science and Technology</i> , 2013 , 50, 1-4		
9	What Can Eye-Trackers Visualize? An Approach to Capture the Reality of Search Processes. <i>Proceedings of the American Society for Information Science and Technology</i> , 2009 , 46, 1-4		
8	Designing for uncertainty. <i>Proceedings of the American Society for Information Science and Technology</i> , 2007 , 43, 1-9		
7	Opportunistic acquisition of information: The new frontier for information user studies. Sponsored by SIG USE. <i>Proceedings of the American Society for Information Science and Technology</i> , 2005 , 39, 521-522		
6	Emotional design: The influential role of affect in information behavior (SIG USE). <i>Proceedings of the American Society for Information Science and Technology</i> , 2005 , 41, 575-575		
5	Diligently seeking collaboration: Cooperation and communication between system-centered and user-centered designers (SIG USE). <i>Proceedings of the American Society for Information Science and Technology</i> , 2005 , 41, 594-595		
4	How can libraries support dementia friendly communities? The study into perceptions and experiences of Croatian public librarians. <i>Education for Information</i> , 2021 , 1-19	0.5	
3	The state of practice of COVID-19 tracking systems: An inventory study. <i>Proceedings of the Association for Information Science and Technology</i> , 2020 , 57, e397	0.4	
2	Amplifying chance for positive action and serendipity by design. <i>Proceedings of the Association for Information Science and Technology</i> , 2020 , 57, e288	0.4	
1	Distraction to illumination: Mining biomedical publications for serendipity in research. <i>Proceedings of the Association for Information Science and Technology</i> , 2018 , 55, 10-18	0.4
