#	Paper	IF	Citations
48	Instruments for assessing the preferences for everyday living of older people with various care needs across different care settings: an evidence map.. <i>Geriatric Nursing</i> , 2022 , 45, 18-28	2.1	1
47	Examining Face Validity of Visual Stimuli Used in Preference Assessments for Older Adults With Communication Impairments.. <i>American Journal of Speech-Language Pathology</i> , 2022 , 1-22	3.1	
46	The Stability of Nursing Home Residents' Ratings of Importance of Recreation Preferences Over One Year.. <i>Journal of Applied Gerontology</i> , 2022 , 7334648221089239	3.3	
45	The Association Between Preference Satisfaction and Satisfaction with Overall Care for Nursing Home Residents.. <i>Journal of Aging and Social Policy</i> , 2022 , 1-16	7.4	0
44	Assessing preferences for leisure activities of people receiving adult day services: a study protocol for concept mapping and psychometric testing. <i>BMJ Open</i> , 2021 , 11, e055069	3	3
43	"It's Been a Whole New World": Staff Perceptions of Implementing a Person-Centered Communication Intervention During the COVID-19 Pandemic. <i>Journal of Gerontological Nursing</i> , 2021 , 47, 9-13	1.2	2
42	Evaluating the Implementation of a Pragmatic Person-Centered Communication Tool for the Nursing Home Setting: PAL Cards. <i>Clinical Gerontologist</i> , 2021 , 1-13	2.7	2
41	The One-Two Punch of High Wages and Empowerment on CNA Retention. <i>Journal of Applied Gerontology</i> , 2021 , 7334648211035659	3.3	4
40	Instruments for assessing the preferences for everyday living of older people with various care needs: protocol for an evidence map. <i>BMJ Open</i> , 2021 , 11, e048921	3	3
39	Lessons Learned From Ohio's Statewide Implementation of the Preferences for Everyday Living Inventory as a Pay for Performance Initiative to Enhance Person-Centered Care. <i>Journal of the American Medical Directors Association</i> , 2021 , 22, 2074-2078	5.9	2
38	Preference Importance Ratings among African American and White Nursing Home Residents.. <i>Clinical Gerontologist</i> , 2021 , 1-11	2.7	
37	Building relationships to enhance person-centered care through emotion-focused care.. <i>Alzheimer's and Dementia</i> , 2021 , 17 Suppl 8, e051861	1.2	
36	Resident Preferences and CNA Empowerment: Testing Validity and Reliability of a Culture Change Survey Tool. <i>Journal of Applied Gerontology</i> , 2020 , 39, 1284-1291	3.3	2
35	Pervasive Risk Avoidance: Nursing Staff Perceptions of Risk in Person-Centered Care Delivery. <i>Gerontologist, The</i> , 2020 , 60, 1424-1435	5	2
34	A Preference-Based Model of Care: An Integrative Theoretical Model of the Role of Preferences in Person-Centered Care. <i>Gerontologist, The</i> , 2020 , 60, 376-384	5	28
33	The impact of nursing home residents' characteristics on ratings of importance of autonomy preferences in daily care over time. <i>Aging and Mental Health</i> , 2020 , 24, 1334-1341	3.5	3
32	"A Bone of Contention": Perceived Barriers and Situational Dependencies to Food Preferences of Nursing Home Residents. <i>Journal of Nutrition in Gerontology and Geriatrics</i> , 2019 , 38, 277-296	2.1	1

31	Identifying Preferences for Everyday Living in Home Health Care: Recommendations From an Expert Panel. <i>Home Health Care Management and Practice</i> , 2019 , 31, 128-133	0.9	
30	Association of health related quality of life domains with daytime sleepiness among elderly recipients of long-term services and supports. <i>Geriatric Nursing</i> , 2019 , 40, 417-423	2.1	4
29	A Machine Learning Recommender System to Tailor Preference Assessments to Enhance Person-Centered Care Among Nursing Home Residents. <i>Gerontologist, The</i> , 2019 , 59, 167-176	5	8
28	"It's important, but...": Perceived Barriers and Situational Dependencies to Social Contact Preferences of Nursing Home Residents. <i>Gerontologist, The</i> , 2018 , 58, 1126-1135	5	12
27	"I Help Them Navigate the Organization": Recognizing the Contributions of Non-Clinical Professionals to Person-Centered Approaches in Assisted Living. <i>Journal of Gerontological Nursing</i> , 2018 , 44, 9-13	1.2	2
26	Delivering Person-Centered Care: Important Preferences for Recipients of Long-term Services and Supports. <i>Journal of the American Medical Directors Association</i> , 2018 , 19, 169-173	5.9	20
25	The Change in Nursing Home Residents' Preferences Over Time. <i>Journal of the American Medical Directors Association</i> , 2018 , 19, 1092-1098	5.9	19
24	Do Family Proxies Get It Right? Concordance in Reports of Nursing Home Residents' Everyday Preferences. <i>Journal of Applied Gerontology</i> , 2017 , 36, 667-691	3.3	21
23	Measuring social integration among residents in a dementia special care unit versus traditional nursing home: A pilot study. <i>Dementia</i> , 2017 , 16, 388-403	3	14
22	Examining Clinical Predictors of Change in Recreational Preference Congruence Among Nursing Home Residents Over Time. <i>Journal of Applied Gerontology</i> , 2017 , 36, 1351-1369	3.3	7
21	Honoring the Everyday Preferences of Nursing Home Residents: Perceived Choice and Satisfaction With Care. <i>Gerontologist, The</i> , 2017 , 57, 479-486	5	33
20	Using spontaneous commentary of nursing home residents to develop resident-centered measurement tools: A case study. <i>Geriatric Nursing</i> , 2017 , 38, 548-550	2.1	3
19	Factors Associated With Changes in Perceived Quality of Life Among Elderly Recipients of Long-Term Services and Supports. <i>Journal of the American Medical Directors Association</i> , 2016 , 17, 44-52	5.9	30
18	"It Depends": Reasons Why Nursing Home Residents Change Their Minds About Care Preferences. <i>Gerontologist, The</i> , 2016 , 56, 243-55	5	41
17	"Make Me Feel at Ease and at Home": Differential Care Preferences of Nursing Home Residents. <i>Gerontologist, The</i> , 2016 , 56, 702-13	5	36
16	"We can't provide season tickets to the opera": Staff perceptions of providing preference based person centered care. <i>Clinical Gerontologist</i> , 2016 , 39, 190-209	2.7	15
15	Health Care Preferences Among Nursing Home Residents: Perceived Barriers and Situational Dependencies to Person-Centered Care. <i>Journal of Gerontological Nursing</i> , 2016 , 42, 11-6	1.2	8
14	A randomized controlled trial for an individualized positive psychosocial intervention for the affective and behavioral symptoms of dementia in nursing home residents. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2015 , 70, 35-45	4.6	60

13	The feasibility of measuring social networks among older adults in assisted living and dementia special care units. <i>Dementia</i> , 2015 , 14, 199-219	3	15
12	Right Back to Square One Again—The Experience of Friendship Among Assisted Living Residents. <i>Activities, Adaptation and Aging</i> , 2014 , 38, 11-28	0.7	8
11	New toolkit to measure quality of person-centered care: development and pilot evaluation with nursing home communities. <i>Journal of the American Medical Directors Association</i> , 2014 , 15, 671-80	5.9	42
10	Sleepiness in elderly veterans. <i>Sleep and Breathing</i> , 2014 , 18, 283-7	3.1	2
9	The consistency of self-reported preferences for everyday living: implications for person-centered care delivery. <i>Journal of Gerontological Nursing</i> , 2014 , 40, 34-46	1.2	38
8	Health-related quality of life: expanding a conceptual framework to include older adults who receive long-term services and supports. <i>Gerontologist, The</i> , 2013 , 53, 205-10	5	48
7	What factors are associated with having an advance directive among older adults who are new to long term care services?. <i>Journal of the American Medical Directors Association</i> , 2012 , 13, 82.e7-11	5.9	26
6	Transitions in care among older adults receiving long-term services and supports. <i>Journal of Gerontological Nursing</i> , 2012 , 38, 40-7	1.2	27
5	Exploring the use of social network analysis to measure social integration among older adults in assisted living. <i>Family and Community Health</i> , 2012 , 35, 322-33	1.6	12
4	Measuring nursing care time and tasks in long-term services and supports: one size does not fit all. <i>The Journal of Nursing Research: JNR</i> , 2012 , 20, 159-68	2.3	4
3	Factors associated with health discussion network size and composition among elderly recipients of long-term services and supports. <i>Health Communication</i> , 2012 , 27, 784-93	3.2	15
2	The structure and function of frail male veterans' informal networks. <i>Journal of Aging and Health</i> , 2007 , 19, 757-77	2.6	14
1	Caregiver objective burden and assessments of patient-centered, family-focused care for frail elderly veterans. <i>Gerontologist, The</i> , 2007 , 47, 21-33	5	20
