#	Paper	IF	Citations
247	The relative importance of physician communication, participatory decision making, and patient understanding in diabetes self-management. <i>Journal of General Internal Medicine</i> , 2002 , 17, 243-52	4	479
246	Diabetes control with reciprocal peer support versus nurse care management: a randomized trial. <i>Annals of Internal Medicine</i> , 2010 , 153, 507-15	8	261
245	Food insufficiency is associated with high-risk sexual behavior among women in Botswana and Swaziland. <i>PLoS Medicine</i> , 2007 , 4, 1589-97; discussion 1598	11.6	253
244	Efficacy of peer support interventions for depression: a meta-analysis. <i>General Hospital Psychiatry</i> , 2011 , 33, 29-36	5.6	234
243	Cost-related medication underuse among chronically ill adults: the treatments people forgo, how often, and who is at risk. <i>American Journal of Public Health</i> , 2004 , 94, 1782-7	5.1	232
242	When do patients and their physicians agree on diabetes treatment goals and strategies, and what difference does it make?. <i>Journal of General Internal Medicine</i> , 2003 , 18, 893-902	4	230
241	The role of patient-physician trust in moderating medication nonadherence due to cost pressures. <i>Archives of Internal Medicine</i> , 2005 , 165, 1749-55		229
240	The health effects of restricting prescription medication use because of cost. <i>Medical Care</i> , 2004 , 42, 626-34	3.1	228
239	Beyond comorbidity counts: how do comorbidity type and severity influence diabetes patients' treatment priorities and self-management?. <i>Journal of General Internal Medicine</i> , 2007 , 22, 1635-40	4	226
238	Effectiveness of a community health worker intervention among African American and Latino adults with type 2 diabetes: a randomized controlled trial. <i>American Journal of Public Health</i> , 2011 , 101, 2253-60	5.1	225
237	Problems paying out-of-pocket medication costs among older adults with diabetes. <i>Diabetes Care</i> , 2004 , 27, 384-91	14.6	213
236	The relationship between knowledge of recent HbA1c values and diabetes care understanding and self-management. <i>Diabetes Care</i> , 2005 , 28, 816-22	14.6	208
235	Patient comprehension of emergency department care and instructions: are patients aware of when they do not understand?. <i>Annals of Emergency Medicine</i> , 2009 , 53, 454-461.e15	2.1	204
234	The Most Common Barriers to Glaucoma Medication Adherence: A Cross-Sectional Survey. <i>Ophthalmology</i> , 2015 , 122, 1308-16	7.3	193
233	Routine HIV testing in Botswana: a population-based study on attitudes, practices, and human rights concerns. <i>PLoS Medicine</i> , 2006 , 3, e261	11.6	185
232	Dimensions of patient-provider communication and diabetes self-care in an ethnically diverse population. <i>Journal of General Internal Medicine</i> , 2003 , 18, 624-33	4	184
231	Why don't diabetes patients achieve recommended risk factor targets? Poor adherence versus lack of treatment intensification. <i>Journal of General Internal Medicine</i> , 2008 , 23, 588-94	4	177

230	Racial disparities in diabetes care processes, outcomes, and treatment intensity. <i>Medical Care</i> , 2003 , 41, 1221-32	3.1	175
229	Communication and medication refill adherence: the Diabetes Study of Northern California. <i>JAMA Internal Medicine</i> , 2013 , 173, 210-8	11.5	170
228	The effect of chronic pain on diabetes patients' self-management. <i>Diabetes Care</i> , 2005 , 28, 65-70	14.6	168
227	Racial and Ethnic Approaches to Community Health (REACH) Detroit partnership: improving diabetes-related outcomes among African American and Latino adults. <i>American Journal of Public Health</i> , 2005 , 95, 1552-60	5.1	166
226	The impact of family behaviors and communication patterns on chronic illness outcomes: a systematic review. <i>Journal of Behavioral Medicine</i> , 2012 , 35, 221-39	3.6	165
225	Mechanisms for racial and ethnic disparities in glycemic control in middle-aged and older Americans in the health and retirement study. <i>Archives of Internal Medicine</i> , 2007 , 167, 1853-60		165
224	Family influences on self-management among functionally independent adults with diabetes or heart failure: do family members hinder as much as they help?. <i>Chronic Illness</i> , 2010 , 6, 22-33	1.4	158
223	Cost-related medication underuse: do patients with chronic illnesses tell their doctors?. <i>Archives of Internal Medicine</i> , 2004 , 164, 1749-55		158
222	When is social support important? The association of family support and professional support with specific diabetes self-management behaviors. <i>Journal of General Internal Medicine</i> , 2008 , 23, 1992-9	4	145
221	Do Self-Management Interventions Work in Patients With Heart Failure? An Individual Patient Data Meta-Analysis. <i>Circulation</i> , 2016 , 133, 1189-98	16.7	139
220	Discriminatory attitudes and practices by health workers toward patients with HIV/AIDS in Nigeria. <i>PLoS Medicine</i> , 2005 , 2, e246	11.6	139
219	Mobile Health Devices as Tools for Worldwide Cardiovascular Risk Reduction and Disease Management. <i>Circulation</i> , 2015 , 132, 2012-27	16.7	130
218	Comfort of general internists and general pediatricians in providing care for young adults with chronic illnesses of childhood. <i>Journal of General Internal Medicine</i> , 2008 , 23, 1621-7	4	121
217	Reducing the health risks of diabetes: how self-determination theory may help improve medication adherence and quality of life. <i>The Diabetes Educator</i> , 2009 , 35, 484-92	2.5	120
216	Overview of Peer Support Models to Improve Diabetes Self-Management and Clinical Outcomes. <i>Diabetes Spectrum</i> , 2007 , 20, 214-221	1.9	116
215	Comparative effectiveness of peer leaders and community health workers in diabetes self-management support: results of a randomized controlled trial. <i>Diabetes Care</i> , 2014 , 37, 1525-34	14.6	115
214	Different models to mobilize peer support to improve diabetes self-management and clinical outcomes: evidence, logistics, evaluation considerations and needs for future research. <i>Family Practice</i> , 2010 , 27 Suppl 1, i23-32	1.9	114
213	How well do patients' assessments of their diabetes self-management correlate with actual glycemic control and receipt of recommended diabetes services?. <i>Diabetes Care</i> , 2003 , 26, 738-43	14.6	110

212	The association of perceived abuse and discrimination after September 11, 2001, with psychological distress, level of happiness, and health status among Arab Americans. <i>American Journal of Public Health</i> , 2010 , 100, 284-91	5.1	107
211	When more is not better: treatment intensification among hypertensive patients with poor medication adherence. <i>Circulation</i> , 2008 , 117, 2884-92	16.7	107
210	Gender inequity norms are associated with increased male-perpetrated rape and sexual risks for HIV infection in Botswana and Swaziland. <i>PLoS ONE</i> , 2012 , 7, e28739	3.7	105
209	Hospitalizations and deaths among adults with cardiovascular disease who underuse medications because of cost: a longitudinal analysis. <i>Medical Care</i> , 2010 , 48, 87-94	3.1	105
208	Increasing cardiopulmonary resuscitation provision in communities with low bystander cardiopulmonary resuscitation rates: a science advisory from the American Heart Association for healthcare providers, policymakers, public health departments, and community leaders. <i>Circulation</i> , 2013 , 127, 1342-50	16.7	104
207	A population-based study on alcohol and high-risk sexual behaviors in Botswana. <i>PLoS Medicine</i> , 2006 , 3, e392	11.6	104
206	The impact of universal access to antiretroviral therapy on HIV stigma in Botswana. <i>American Journal of Public Health</i> , 2008 , 98, 1865-71	5.1	102
205	Does physician communication influence older patients' diabetes self-management and glycemic control? Results from the Health and Retirement Study (HRS). <i>Journals of Gerontology - Series A Biological Sciences and Medical Sciences</i> , 2007 , 62, 1435-42	6.4	102
204	The role of community health workers in diabetes: update on current literature. <i>Current Diabetes Reports</i> , 2013 , 13, 163-71	5.6	99
203	"I help you, and you help me": facilitated telephone peer support among patients with diabetes. <i>The Diabetes Educator</i> , 2005 , 31, 869-79	2.5	94
202	A conceptually based approach to understanding chronically ill patients' responses to medication cost pressures. <i>Social Science and Medicine</i> , 2006 , 62, 846-57	5.1	93
201	Experience and management of chronic pain among patients with other complex chronic conditions. <i>Clinical Journal of Pain</i> , 2009 , 25, 293-8	3.5	89
200	Improving blood pressure control through a clinical pharmacist outreach program in patients with diabetes mellitus in 2 high-performing health systems: the adherence and intensification of medications cluster randomized, controlled pragmatic trial. <i>Circulation</i> , 2012 , 125, 2863-72	16.7	87
199	Physician views on barriers to primary care for young adults with childhood-onset chronic disease. <i>Pediatrics</i> , 2010 , 125, e748-54	7.4	81
198	American Muslim perceptions of healing: key agents in healing, and their roles. <i>Qualitative Health Research</i> , 2012 , 22, 846-58	3.9	80
197	Patient-provider concordance in the prioritization of health conditions among hypertensive diabetes patients. <i>Journal of General Internal Medicine</i> , 2010 , 25, 408-14	4	80
196	WOLFE ET AL. RESPOND. <i>American Journal of Public Health</i> , 2009 , 99, 969-969	5.1	78
195	The role of peer support in diabetes care and self-management. <i>Patient</i> , 2009 , 2, 5-17	3.7	76

194	Barriers and facilitators to learning and performing cardiopulmonary resuscitation in neighborhoods with low bystander cardiopulmonary resuscitation prevalence and high rates of cardiac arrest in Columbus, OH. <i>Circulation: Cardiovascular Quality and Outcomes</i> , 2013 , 6, 550-8	5.8	73
193	Factors influencing cost-related nonadherence to medication in older adults: a conceptually based approach. <i>Value in Health</i> , 2010 , 13, 338-45	3.3	72
192	Family and friend participation in primary care visits of patients with diabetes or heart failure: patient and physician determinants and experiences. <i>Medical Care</i> , 2011 , 49, 37-45	3.1	71
191	Multicenter cluster-randomized trial of a multifactorial intervention to improve antihypertensive medication adherence and blood pressure control among patients at high cardiovascular risk (the COM99 study). <i>Circulation</i> , 2010 , 122, 1183-91	16.7	71
190	Increasing Use of a Healthy Food Incentive: A Waiting Room Intervention Among Low-Income Patients. <i>American Journal of Preventive Medicine</i> , 2017 , 52, 154-162	6.1	70
189	Comparison of community health worker-led diabetes medication decision-making support for low-income Latino and African American adults with diabetes using e-health tools versus print materials: a randomized, controlled trial. <i>Annals of Internal Medicine</i> , 2014 , 161, S13-22	8	66
188	Religious values and healthcare accommodations: voices from the American Muslim community. <i>Journal of General Internal Medicine</i> , 2012 , 27, 708-15	4	65
187	Social Determinants of Health, Cost-related Nonadherence, and Cost-reducing Behaviors Among Adults With Diabetes: Findings From the National Health Interview Survey. <i>Medical Care</i> , 2016 , 54, 796-803	2.1	65
186	Patterns of Glaucoma Medication Adherence over Four Years of Follow-Up. <i>Ophthalmology</i> , 2015 , 122, 2010-21	7.3	63
185	The role of imams in American Muslim health: perspectives of Muslim community leaders in Southeast Michigan. <i>Journal of Religion and Health</i> , 2011 , 50, 359-73	2.6	62
184	Differential medication adherence among patients with schizophrenia and comorbid diabetes and hypertension. <i>Psychiatric Services</i> , 2007 , 58, 207-12	3.3	62
183	Strangers in a strange land: health care experiences for recent Latino immigrants in Midwest communities. <i>Journal of Health Care for the Poor and Underserved</i> , 2008 , 19, 1350-67	1.4	61
182	Cost-related nonadherence to medications among patients with diabetes and chronic pain: factors beyond finances. <i>Diabetes Care</i> , 2009 , 32, 2143-8	14.6	60
181	Participants' assessments of the effects of a community health worker intervention on their diabetes self-management and interactions with healthcare providers. <i>American Journal of Preventive Medicine</i> , 2009 , 37, S270-9	6.1	59
180	Diabetes-specific emotional distress among African Americans and Hispanics with type 2 diabetes. <i>Journal of Health Care for the Poor and Underserved</i> , 2006 , 17, 88-105	1.4	57
179	Patient strategies to cope with high prescription medication costs: who is cutting back on necessities, increasing debt, or underusing medications?. <i>Journal of Behavioral Medicine</i> , 2005 , 28, 43-51	3.6	57
178	Primary care models for treating opioid use disorders: What actually works? A systematic review. <i>PLoS ONE</i> , 2017 , 12, e0186315	3.7	56
177	Peer-Led, Empowerment-Based Approach to Self-Management Efforts in Diabetes (PLEASED): A Randomized Controlled Trial in an African American Community. <i>Annals of Family Medicine</i> , 2015 , 13 Suppl 1, S27-35	2.9	55

176	Physician assessments of medication adherence and decisions to intensify medications for patients with uncontrolled blood pressure: still no better than a coin toss. <i>BMC Health Services Research</i> , 2012 , 12, 270	2.9	53
175	Can school income and racial/ethnic composition explain the racial/ethnic disparity in adolescent physical activity participation?. <i>Pediatrics</i> , 2006 , 117, 2158-66	7.4	53
174	Outcomes at 18 Months From a Community Health Worker and Peer Leader Diabetes Self-Management Program for Latino Adults. <i>Diabetes Care</i> , 2018 , 41, 1414-1422	14.6	52
173	A diabetes peer support intervention that improved glycemic control: mediators and moderators of intervention effectiveness. <i>Chronic Illness</i> , 2013 , 9, 258-67	1.4	52
172	Patient-reported use of collaborative goal setting and glycemic control among patients with diabetes. <i>Patient Education and Counseling</i> , 2013 , 92, 94-9	3.1	52
171	What Are Effective Program Characteristics of Self-Management Interventions in Patients With Heart Failure? An Individual Patient Data Meta-analysis. <i>Journal of Cardiac Failure</i> , 2016 , 22, 861-871	3.3	50
170	Presentation of Benefits and Harms in US Cancer Screening and Prevention Guidelines: Systematic Review. <i>Journal of the National Cancer Institute</i> , 2016 , 108, djv436	9.7	48
169	A mixed-methods randomized controlled trial of financial incentives and peer networks to promote walking among older adults. <i>Health Education and Behavior</i> , 2014 , 41, 43S-50S	4.2	48
168	Prevalence and correlates of forced sex perpetration and victimization in Botswana and Swaziland. <i>American Journal of Public Health</i> , 2011 , 101, 1068-74	5.1	48
167	Clinician identification of chronically ill patients who have problems paying for prescription medications. <i>American Journal of Medicine</i> , 2004 , 116, 753-8	2.4	48
166	The influence of diabetes psychosocial attributes and self-management practices on change in diabetes status. <i>Patient Education and Counseling</i> , 2012 , 87, 74-80	3.1	47
165	Training peers to provide ongoing diabetes self-management support (DSMS): results from a pilot study. <i>Patient Education and Counseling</i> , 2011 , 85, 160-8	3.1	46
164	"I am not alone": the feasibility and acceptability of interactive voice response-facilitated telephone peer support among older adults with heart failure. <i>Congestive Heart Failure</i> , 2007 , 13, 149-57		46
163	Diabetes Distress and Glycemic Control: The Buffering Effect of Autonomy Support From Important Family Members and Friends. <i>Diabetes Care</i> , 2018 , 41, 1157-1163	14.6	44
162	Overcoming the influence of chronic pain on older patients' difficulty with recommended self-management activities. <i>Gerontologist</i> , 2007 , 47, 61-8	5	44
161	Problems due to medication costs among VA and non-VA patients with chronic illnesses. <i>American Journal of Managed Care</i> , 2004 , 10, 861-8	2.1	42
160	Beliefs about prescription medications among patients with diabetes: variation across racial groups and influences on cost-related medication underuse. <i>Journal of Health Care for the Poor and Underserved</i> , 2010 , 21, 349-61	1.4	41
159	Family members' experiences supporting adults with chronic illness: A national survey. <i>Families, Systems and Health</i> , 2017 , 35, 463-473	0.7	41

158	Randomized controlled effectiveness trial of reciprocal peer support in heart failure. <i>Circulation: Heart Failure</i> , 2013 , 6, 246-53	7.6	40
157	Geographic variation in organ availability is responsible for disparities in liver transplantation between Hispanics and Caucasians. <i>American Journal of Transplantation</i> , 2009 , 9, 2113-8	8.7	40
156	Association between cognitive function and social support with glycemic control in adults with diabetes mellitus. <i>Journal of the American Geriatrics Society</i> , 2009 , 57, 1816-24	5.6	40
155	Overestimating outcome rates: statistical estimation when reliability is suboptimal. <i>Health Services Research</i> , 2007 , 42, 1718-38	3.4	39
154	Establishing visit priorities for complex patients: A summary of the literature and conceptual model to guide innovative interventions. <i>Healthcare</i> , 2013 , 1, 117-122	1.8	38
153	The development of a pilot training program for peer leaders in diabetes: process and content. <i>The Diabetes Educator</i> , 2011 , 37, 67-77	2.5	38
152	Development and application of the RE-AIM QuEST mixed methods framework for program evaluation. <i>Preventive Medicine Reports</i> , 2017 , 6, 322-328	2.6	37
151	Factors associated with persistent poorly controlled diabetes mellitus: clues to improving management in patients with resistant poor control. <i>Chronic Illness</i> , 2014 , 10, 291-302	1.4	37
150	Direct social support and long-term health among middle-aged and older adults with type 2 diabetes mellitus. <i>Journals of Gerontology - Series B Psychological Sciences and Social Sciences</i> , 2013 , 68, 933-43	4.6	36
149	Improving heart failure self-management support by actively engaging out-of-home caregivers: results of a feasibility study. <i>Congestive Heart Failure</i> , 2008 , 14, 12-8		36
148	Prescription drug co-payments and cost-related medication underuse. <i>Health Economics, Policy and Law</i> , 2008 , 3, 51-67	2.3	36
147	Current and potential support for chronic disease management in the United States: the perspective of family and friends of chronically ill adults. <i>Families, Systems and Health</i> , 2013 , 31, 119-31	0.7	35
146	Community-based participatory research and user-centered design in a diabetes medication information and decision tool. <i>Progress in Community Health Partnerships: Research, Education, and Action</i> , 2013 , 7, 171-84	1.2	35
145	Physicians' perceptions of barriers to cardiovascular disease risk factor control among patients with diabetes: results from the translating research into action for diabetes (TRIAD) study. <i>Journal of the American Board of Family Medicine</i> , 2010 , 23, 171-8	1.6	35
144	The voices of limited English proficiency Latina mothers on pediatric primary care: lessons for the medical home. <i>Maternal and Child Health Journal</i> , 2013 , 17, 95-109	2.4	33
143	Medication characteristics beyond cost alone influence decisions to underuse pharmacotherapy in response to financial pressures. <i>Journal of Clinical Epidemiology</i> , 2006 , 59, 739-46	5.7	33
142	Randomized trial of telephone outreach to improve medication adherence and metabolic control in adults with diabetes. <i>Diabetes Care</i> , 2014 , 37, 3317-24	14.6	32
141	Immediate postpartum long-acting reversible contraception: the time is now. <i>Contraception</i> , 2017 , 95, 335-338	2.5	31

140	Attacks on Health Care in Syria--Normalizing Violations of Medical Neutrality?. <i>New England Journal of Medicine</i> , 2015 , 373, 2489-91	59.2	31
139	Community health workers and the Patient Protection and Affordable Care Act: an opportunity for a research, advocacy, and policy agenda. <i>Journal of Health Care for the Poor and Underserved</i> , 2014 , 25, 17-24	1.4	31
138	Physicians' participatory decision-making and quality of diabetes care processes and outcomes: results from the triad study. <i>Chronic Illness</i> , 2009 , 5, 165-76	1.4	31
137	Study protocol: the Adherence and Intensification of Medications (AIM) study--a cluster randomized controlled effectiveness study. <i>Trials</i> , 2010 , 11, 95	2.8	30
136	Diabetes-Specific Emotional Distress among African Americans and Hispanics with Type 2 Diabetes. <i>Journal of Health Care for the Poor and Underserved</i> , 2006 , 17, 88-105	1.4	30
135	Children's roles in parents' diabetes self-management. <i>American Journal of Preventive Medicine</i> , 2009 , 37, S251-61	6.1	29
134	Champions in context: which attributes matter for change efforts in healthcare?. <i>Implementation Science</i> , 2020 , 15, 62	8.4	29
133	"An absolutely necessary piece": A qualitative study of legal perspectives on medical affidavits in the asylum process. <i>Journal of Clinical Forensic and Legal Medicine</i> , 2016 , 44, 72-78	1.7	28
132	Neighborhood Social Cohesion and Prevalence of Hypertension and Diabetes in a South Asian Population. <i>Journal of Immigrant and Minority Health</i> , 2016 , 18, 1309-1316	2.2	28
131	A pilot study of a Community Health Agent-led type 2 diabetes self-management program using Motivational Interviewing-based approaches in a public primary care center in Sã Paulo, Brazil. <i>BMC Health Services Research</i> , 2017 , 17, 32	2.9	27
130	Teaching community-based participatory research principles to physicians enrolled in a health services research fellowship. <i>Academic Medicine</i> , 2009 , 84, 478-84	3.9	27
129	Culturally Targeted Strategies for Diabetes Prevention in Minority Population. <i>The Diabetes Educator</i> , 2017 , 43, 54-77	2.5	26
128	Heart failure patients' experiences of a self-management peer support program: a qualitative study. <i>Heart and Lung: Journal of Acute and Critical Care</i> , 2014 , 43, 292-8	2.6	26
127	Systematic review of educational interventions to improve glaucoma medication adherence. <i>Seminars in Ophthalmology</i> , 2013 , 28, 191-201	2.4	26
126	Actively engaging patients in treatment decision making and monitoring as a strategy to improve hypertension outcomes in diabetes mellitus. <i>Circulation</i> , 2008 , 117, 1355-7	16.7	25
125	Patient and provider perspectives of a new prenatal care model introduced in response to the coronavirus disease 2019 pandemic. <i>American Journal of Obstetrics and Gynecology</i> , 2021 , 224, 384.e1-384.e11	6.4	24
124	Veterans Affairs research on health information technologies for diabetes self-management support. <i>Journal of Diabetes Science and Technology</i> , 2008 , 2, 15-23	4.1	22
123	The relationship between older adults' knowledge of their drug coverage and medication cost problems. <i>Journal of the American Geriatrics Society</i> , 2006 , 54, 91-6	5.6	22

122	A population-based assessment of women's mental health and attitudes toward women's human rights in Afghanistan. <i>Journal of Women's Health</i> , 2003 , 12, 577-87	3	22
121	User-Centered Design of a Tablet Waiting Room Tool for Complex Patients to Prioritize Discussion Topics for Primary Care Visits. <i>JMIR MHealth and UHealth</i> , 2016 , 4, e108	5.5	22
120	Defining an Optimal Adherence Threshold for Patients Taking Subcutaneous Anti-TNFs for Inflammatory Bowel Diseases. <i>American Journal of Gastroenterology</i> , 2018 , 113, 276-282	0.7	22
119	Realizing the Value of Community Health Workers - New Opportunities for Sustainable Financing. <i>New England Journal of Medicine</i> , 2019 , 380, 1990-1992	59.2	21
118	Diabetes self-management and glycemic control: The role of autonomy support from informal health supporters. <i>Health Psychology</i> , 2019 , 38, 122-132	5	20
117	Racial and ethnic disparities in the treatment of cerebrovascular diseases: importance to the practicing neurosurgeon. <i>Neurocritical Care</i> , 2008 , 9, 55-73	3.3	19
116	New research directions on disparities in obesity and type 2 diabetes. <i>Annals of the New York Academy of Sciences</i> , 2020 , 1461, 5-24	6.5	19
