#	Paper	IF	Citations
136	Use of outpatient and inpatient health care services by occupation-a register study of employees in Oulu, Finland.. <i>BMC Health Services Research</i> , <b>2022</b> , 22, 597	2.9	0
135	Increasing labor force participation in older age requires investments in work ability. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2021</b> , 47, 1-3	4.3	0
134	Determinants of transition from partial to full disability pension: A register study from Finland. <i>Scandinavian Journal of Public Health</i> , <b>2021</b> , 14034948211020172	3	1
133	Consumption of psychotropic drugs among disability pension applicants with mental disorders: comparing awarded and rejected applicants in Finland. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2021</b> , 56, 437-448	4.5	1
132	Manual occupations with high all-cause mortality: The contribution of socioeconomic and occupational characteristics. <i>Scandinavian Journal of Public Health</i> , <b>2021</b> , 49, 237-244	3	1
131	Body weight and premature retirement: population-based evidence from Finland. <i>European Journal of Public Health</i> , <b>2021</b> , 31, 731-736	2.1	0
130	The Level and Development of Unemployment before Disability Retirement: A Retrospective Study of Finnish Disability Retirees and Their Controls. <i>International Journal of Environmental Research and Public Health</i> , <b>2020</b> , 17,	4.6	4
129	Mortality among seafarers: a register-based follow-up study. <i>Occupational Medicine</i> , <b>2020</b> , 70, 119-122	2.1	3
128	From long-term sickness absence to disability retirement: diagnostic and occupational class differences within the working-age Finnish population. <i>BMC Public Health</i> , <b>2020</b> , 20, 1078	4.1	7
127	Explanations for economic difficulties among old-age pensioners previously on disability pension. <i>European Journal of Public Health</i> , <b>2020</b> , 30, 807-811	2.1	2
126	Factors associated with health survey response among young employees: a register-based study using online, mailed and telephone interview data collection methods. <i>BMC Public Health</i> , <b>2020</b> , 20, 184	4.1	18
125	High mortality in manual occupations and the role of alcohol in 2001-15. <i>European Journal of Public Health</i> , <b>2020</b> , 30, 788-793	2.1	1
124	Psychotropic medication before and after disability retirement by pre-retirement perceived work-related stress. <i>European Journal of Public Health</i> , <b>2020</b> , 30, 158-163	2.1	1
123	Individual- and Company-Level Predictors of Receiving Vocational Rehabilitation: A Multilevel Study of Finnish Private Sector Workplaces. <i>Journal of Occupational Rehabilitation</i> , <b>2020</b> , 30, 263-273	3.6	0
122	The importance of clinical and labour market histories in psychiatric disability retirement: analysis of the comprehensive Finnish national-level RETIRE data. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2020</b> , 55, 1011-1020	4.5	5
121	Workforce Composition and the Risk of Labor Market Exit Among Older Workers in Finnish Companies. <i>Work, Aging and Retirement</i> , <b>2020</b> , 6, 88-100	3.9	3
120	Socio-economic differences in retirement timing and participation in post-retirement employment in a context of a flexible pension age. <i>Ageing and Society</i> , <b>2020</b> , 40, 348-368	1.7	11

119	Determinants of disability pension applications and awarded disability pensions in Finland, 2009 and 2014. <i>Scandinavian Journal of Public Health</i> , <b>2020</b> , 48, 172-180	3	7
118	Sources of income following a rejected disability pension application: a sequence analysis study. <i>Disability and Rehabilitation</i> , <b>2020</b> , 42, 2161-2169	2.4	3
117	Do individual and work-related factors differentiate work participation trajectories before and after vocational rehabilitation?. <i>PLoS ONE</i> , <b>2019</b> , 14, e0212498	3.7	4
116	Company-level determinants of disability retirement: a multilevel study of Finnish private sector workplaces. <i>European Journal of Public Health</i> , <b>2019</b> , 29, 1062-1068	2.1	3
115	The effectiveness of vocational rehabilitation on work participation: a propensity score matched analysis using nationwide register data. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2019</b> , 45, 651-660	4.3	2
114	Working while on a disability pension in Finland: Association of diagnosis and financial factors to employment. <i>Scandinavian Journal of Public Health</i> , <b>2018</b> , 46, 74-81	3	5
113	Labour Market Segregation and Gender Differences in Sickness Absence: Trends in 2005-2013 in Finland. <i>Annals of Work Exposures and Health</i> , <b>2018</b> , 62, 438-449	2.4	20
112	Sustained return to work and work participation after a new legislation obligating employers to notify prolonged sickness absence. <i>Scandinavian Journal of Public Health</i> , <b>2018</b> , 46, 65-73	3	8
111	Occupational class inequalities in disability retirement after hospitalisation. <i>Scandinavian Journal of Public Health</i> , <b>2018</b> , 46, 331-339	3	4
110	Educational differences in years of working life lost due to disability retirement. <i>European Journal of Public Health</i> , <b>2018</b> , 28, 264-268	2.1	9
109	Labor market position after a rejection of a disability pension application: a register-based cohort study. <i>Disability and Rehabilitation</i> , <b>2018</b> , 40, 3022-3029	2.4	3
108	Utilisation of nationwide register data to assess the effectiveness of changes in sickness insurance legislation on work participation and analyse sickness absence and disability retirement trends in Finland. <i>Tijdschrift Voor Bedrijfs- En Verzekeringsgeneeskunde</i> , <b>2018</b> , 26, 334-339	0	1
107	Sickness absence as a predictor of disability retirement in different occupational classes: a register-based study of a working-age cohort in Finland in 2007-2014. <i>BMJ Open</i> , <b>2018</b> , 8, e020491	3	30
106	Physical and mental health functioning after all-cause and diagnosis-specific sickness absence: a register-linkage follow-up study among ageing employees. <i>BMC Public Health</i> , <b>2017</b> , 17, 114	4.1	8
105	The association between alcohol drinking and self-reported mental and physical functioning: a prospective cohort study among City of Helsinki employees. <i>BMJ Open</i> , <b>2017</b> , 7, e014368	3	10
104	Legislative change enabling use of early part-time sick leave enhanced return to work and work participation in Finland. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2017</b> , 43, 447-456	4.3	17
103	Sickness allowance trajectories preceding disability retirement: a register-based retrospective study. <i>European Journal of Public Health</i> , <b>2016</b> , 26, 1050-1055	2.1	11
102	Socioeconomic Differences in Cause-Specific Disability Retirement in Finland, 1988 to 2009. <i>Journal of Occupational and Environmental Medicine</i> , <b>2016</b> , 58, 840-5	2	14

101	Sickness allowance histories among disability retirees due to mental disorders: A retrospective case-control study. <i>Scandinavian Journal of Public Health</i> , <b>2016</b> , 44, 291-9	3	8
100	The contribution of education, social class and economic activity to the income-mortality association in alcohol-related and other mortality in Finland in 1988-2012. <i>Addiction</i> , <b>2016</b> , 111, 456-64	4.6	13
99	Health as a predictor of early retirement before and after introduction of a flexible statutory pension age in Finland. <i>Social Science and Medicine</i> , <b>2016</b> , 158, 149-57	5.1	12
98	Return to Work After Temporary Disability Pension in Finland. <i>Journal of Occupational Rehabilitation</i> , <b>2015</b> , 25, 471-80	3.6	23
97	Changes in alcohol drinking and subsequent sickness absence. <i>Scandinavian Journal of Public Health</i> , <b>2015</b> , 43, 364-72	3	11
96	Health measures in prediction models for high sickness absence: single-item self-rated health versus multi-item SF-12. <i>European Journal of Public Health</i> , <b>2015</b> , 25, 668-72	2.1	13
95	Socioeconomic inequalities in cause-specific mortality after disability retirement due to different diseases. <i>Scandinavian Journal of Public Health</i> , <b>2015</b> , 43, 159-68	3	6
94	Childhood family background and mortality differences by income in adulthood: fixed-effects analysis of Finnish siblings. <i>European Journal of Public Health</i> , <b>2015</b> , 25, 305-10	2.1	8
93	Predictive Value of the SF-12 for Sickness Absence Because of Mental, Musculoskeletal, and Other Somatic Disorders. <i>Journal of Occupational and Environmental Medicine</i> , <b>2015</b> , 57, 1113-8	2	6
92	Weight change and sickness absence--a prospective study among middle-aged employees. <i>European Journal of Public Health</i> , <b>2015</b> , 25, 263-7	2.1	18
91	Excess mortality after disability retirement due to mental disorders: variations by socio-demographic factors and causes of death. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2014</b> , 49, 639-49	4.5	11
90	Determinants of return to work after temporary disability pension Mikko Laaksonen. <i>European Journal of Public Health</i> , <b>2014</b> , 24,	2.1	1
89	The effect of municipality characteristics on disability retirement. <i>European Journal of Public Health</i> , <b>2014</b> , 24, 116-21	2.1	7
88	Changes in working conditions and subsequent sickness absence. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2014</b> , 40, 82-8	4.3	23
87	The contribution of major diagnostic causes to socioeconomic differences in disability retirement. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2014</b> , 40, 353-60	4.3	27
86	Multiple socioeconomic determinants of weight gain: the Helsinki Health Study. <i>BMC Public Health</i> , <b>2013</b> , 13, 259	4.1	17
85	Work-family conflicts and subsequent sleep medication among women and men: a longitudinal registry linkage study. <i>Social Science and Medicine</i> , <b>2013</b> , 79, 66-75	5.1	31
84	Working conditions and major weight gain-a prospective cohort study. <i>Archives of Environmental and Occupational Health</i> , <b>2013</b> , 68, 166-72	2	25

83	Bidirectional associations between insomnia symptoms and unhealthy behaviours. <i>Journal of Sleep Research</i> , <b>2013</b> , 22, 89-95	5.8	81
82	Socio-economic and occupational determinants of work injury absence. <i>European Journal of Public Health</i> , <b>2013</b> , 23, 693-8	2.1	32
81	The changing relationship between income and mortality in Finland, 1988-2007. <i>Journal of Epidemiology and Community Health</i> , <b>2013</b> , 67, 21-7	5.1	22
80	Cohort profile: the Helsinki Health Study. <i>International Journal of Epidemiology</i> , <b>2013</b> , 42, 722-30	7.8	110
79	Different measures of body weight as predictors of sickness absence. <i>Scandinavian Journal of Public Health</i> , <b>2013</b> , 41, 25-31	3	25
78	Leisure-time physical activity and disability retirement: a prospective cohort study. <i>Journal of Physical Activity and Health</i> , <b>2013</b> , 10, 669-75	2.5	18
77	The durations of past sickness absences predict future absence episodes. <i>Journal of Occupational and Environmental Medicine</i> , <b>2013</b> , 55, 87-92	2	24
76	Relative weight and disability retirement: a prospective cohort study. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2013</b> , 39, 259-67	4.3	31
75	Regional differences in disability retirement: explaining between-county differences in Finland. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2013</b> , 39, 609-17	4.3	7
74	Pain and disability retirement: a prospective cohort study. <i>Pain</i> , <b>2012</b> , 153, 526-531	8	44
73	Drinking habits and disability retirement. <i>Addiction</i> , <b>2012</b> , 107, 2128-36	4.6	31
72	Household economic resources, labour-market advantage and health problems - a study on causal relationships using prospective register data. <i>Social Science and Medicine</i> , <b>2012</b> , 75, 1303-10	5.1	35
71	Working conditions as risk factors for disability retirement: a longitudinal register linkage study. <i>BMC Public Health</i> , <b>2012</b> , 12, 309	4.1	88
70	Twenty-five year trends in body mass index by education and income in Finland. <i>BMC Public Health</i> , <b>2012</b> , 12, 936	4.1	16
69	Risk factors of chronic neck pain: a prospective study among middle-aged employees. <i>European Journal of Pain</i> , <b>2012</b> , 16, 911-20	3.7	53
68	Working conditions and psychotropic medication: a prospective cohort study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , <b>2012</b> , 47, 663-70	4.5	21
67	Workplace bullying and common mental disorders: a follow-up study. <i>Journal of Epidemiology and Community Health</i> , <b>2012</b> , 66, e3	5.1	47
66	Trends in life expectancy by income from 1988 to 2007: decomposition by age and cause of death. <i>Journal of Epidemiology and Community Health</i> , <b>2012</b> , 66, 573-8	5.1	99

65	Changes of occupational class differences in physical functioning: a panel study among employees (2000-2007). <i>Journal of Epidemiology and Community Health</i> , <b>2012</b> , 66, 265-70	5.1	10
64	Past and present socioeconomic circumstances and psychotropic medication: a register-linkage study. <i>Journal of Epidemiology and Community Health</i> , <b>2012</b> , 66, 1143-51	5.1	15
63	Low back pain and neck pain as predictors of sickness absence among municipal employees. <i>Scandinavian Journal of Public Health</i> , <b>2012</b> , 40, 150-6	3	15
62	The effect of occupational and workplace gender composition on sickness absence. <i>Journal of Occupational and Environmental Medicine</i> , <b>2012</b> , 54, 224-30	2	15
61	Sleep problems and sickness absence among middle-aged employees. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2012</b> , 38, 47-55	4.3	30
60	Trajectories of mental health before and after old-age and disability retirement: a register-based study on purchases of psychotropic drugs. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2012</b> , 38, 409-17	4.3	39
59	Changes in leisure-time physical activity after transition to retirement: a follow-up study. <i>International Journal of Behavioral Nutrition and Physical Activity</i> , <b>2011</b> , 8, 36	8.4	53
58	Self-rated health as a predictor of disability retirement--the contribution of ill-health and working conditions. <i>PLoS ONE</i> , <b>2011</b> , 6, e25004	3.7	54
57	Risk factors of sciatic pain: a prospective study among middle-aged employees. <i>European Journal of Pain</i> , <b>2011</b> , 15, 584-90	3.7	19
56	Different domains of health functioning as predictors of sickness absence--a prospective cohort study. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2011</b> , 37, 213-8	4.3	26
55	Occupational social class and disability retirement among municipal employees--the contribution of health behaviors and working conditions. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2011</b> , 37, 464-72	4.3	69
54	The association of income with fresh fruit and vegetable consumption at different levels of education. <i>European Journal of Clinical Nutrition</i> , <b>2010</b> , 64, 324-7	5.2	41
53	Healthy Eating <b>2010</b> , 99-110		1
52	Explaining occupational class differences in sickness absence: results from middle-aged municipal employees. <i>Journal of Epidemiology and Community Health</i> , <b>2010</b> , 64, 802-7	5.1	37
51	Interrelationships between education, occupational class, income and sickness absence. <i>European Journal of Public Health</i> , <b>2010</b> , 20, 276-80	2.1	61
50	The impact of physical activity on physical health functioning--a prospective study among middle-aged employees. <i>Preventive Medicine</i> , <b>2010</b> , 50, 246-50	4.3	35
49	Work arrangements, physical working conditions, and psychosocial working conditions as risk factors for sickness absence: Bayesian analysis of prospective data. <i>Annals of Epidemiology</i> , <b>2010</b> , 20, 332-8	6.4	76
48	The impact of physical activity on sickness absence. <i>Scandinavian Journal of Medicine and Science in Sports</i> , <b>2010</b> , 20, 191-9	4.6	50

47	Sickness absence, employment history, and high-risk employees: a 10-year longitudinal study. <i>Journal of Occupational and Environmental Medicine</i> , <b>2010</b> , 52, 913-9	2	4
46	The associations of household wealth and income with self-rated health--a study on economic advantage in middle-aged Finnish men and women. <i>Social Science and Medicine</i> , <b>2010</b> , 71, 1018-26	5.1	36
45	Social class differences in health behaviours among employees from Britain, Finland and Japan: the influence of psychosocial factors. <i>Health and Place</i> , <b>2010</b> , 16, 61-70	4.6	30
44	Comparing the effects of neighbourhood characteristics on all-cause mortality using two hierarchical areal units in the capital region of Helsinki. <i>Health and Place</i> , <b>2010</b> , 16, 409-12	4.6	21
43	Gender differences in sickness absence--the contribution of occupation and workplace. <i>Scandinavian Journal of Work, Environment and Health</i> , <b>2010</b> , 36, 394-403	4.3	77
42	Drinking habits and sickness absence: the contribution of working conditions. <i>Scandinavian Journal of Public Health</i> , <b>2009</b> , 37, 846-54	3	40
41	Health-related behaviours and sickness absence from work. <i>Occupational and Environmental Medicine</i> , <b>2009</b> , 66, 840-7	2.1	57
40	Housing wealth and mortality: A register linkage study of the Finnish population. <i>Social Science and Medicine</i> , <b>2009</b> , 69, 754-60	5.1	26
39	Occupational class inequalities in health across employment sectors: the contribution of working conditions. <i>International Archives of Occupational and Environmental Health</i> , <b>2009</b> , 82, 185-90	3.2	33
38	Psychosocial risk factors of pain among employees. <i>European Journal of Pain</i> , <b>2009</b> , 13, 102-8	3.7	31
37	The effect of pain on sickness absence among middle-aged municipal employees. <i>Occupational and Environmental Medicine</i> , <b>2009</b> , 66, 131-6	2.1	17
36	Trends of socioeconomic differences in daily vegetable consumption, 1979-2002. <i>European Journal of Clinical Nutrition</i> , <b>2008</b> , 62, 823-33	5.2	46
35	Smoking in context - a multilevel approach to smoking among females in Helsinki. <i>BMC Public Health</i> , <b>2008</b> , 8, 134	4.1	15
34	Register-based study among employees showed small nonparticipation bias in health surveys and check-ups. <i>Journal of Clinical Epidemiology</i> , <b>2008</b> , 61, 900-6	5.7	121
33	Home ownership and mortality: a register-based follow-up study of 300,000 Finns. <i>Journal of Epidemiology and Community Health</i> , <b>2008</b> , 62, 293-7	5.1	33
32	Explanations for gender differences in sickness absence: evidence from middle-aged municipal employees from Finland. <i>Occupational and Environmental Medicine</i> , <b>2008</b> , 65, 325-30	2.1	61
31	Health behaviours as explanations for educational level differences in cardiovascular and all-cause mortality: a follow-up of 60 000 men and women over 23 years. <i>European Journal of Public Health</i> , <b>2008</b> , 18, 38-43	2.1	206
30	Multiple socio-economic circumstances and healthy food habits. <i>European Journal of Clinical Nutrition</i> , <b>2007</b> , 61, 701-10	5.2	137

29	Relative weight and sickness absence. <i>Obesity</i> , <b>2007</b> , 15, 465-72	8	22
28	Does survey non-response bias the association between occupational social class and health?. <i>Scandinavian Journal of Public Health</i> , <b>2007</b> , 35, 212-5	3	111
27	The effects of childhood circumstances, adult socioeconomic status, and material circumstances on physical and mental functioning: a structural equation modelling approach. <i>Annals of Epidemiology</i> , <b>2007</b> , 17, 431-9	6.4	25
26	Associations of childhood circumstances with physical and mental functioning in adulthood. <i>Social Science and Medicine</i> , <b>2006</b> , 62, 1831-9	5.1	40
25	Multiple measures of socioeconomic circumstances and common mental disorders. <i>Social Science and Medicine</i> , <b>2006</b> , 63, 1383-99	5.1	88
24	Pain and health related functioning among employees. <i>Journal of Epidemiology and Community Health</i> , <b>2006</b> , 60, 793-8	5.1	46
23	Job control, job demands, or social class? The impact of working conditions on the relation between social class and health. <i>Journal of Epidemiology and Community Health</i> , <b>2006</b> , 60, 50-4	5.1	60
22	Smoking and SF-36 health functioning. <i>Preventive Medicine</i> , <b>2006</b> , 42, 206-9	4.3	53
21	Associations of psychosocial working conditions with self-rated general health and mental health among municipal employees. <i>International Archives of Occupational and Environmental Health</i> , <b>2006</b> , 79, 205-12	3.2	55
20	Socio-economic differences in the prevalence of acute, chronic and disabling chronic pain among ageing employees. <i>Pain</i> , <b>2005</b> , 114, 364-371	8	94
19	Socioeconomic position and self-rated health: the contribution of childhood socioeconomic circumstances, adult socioeconomic status, and material resources. <i>American Journal of Public Health</i> , <b>2005</b> , 95, 1403-9	5.1	126
18	Body weight and health status: importance of socioeconomic position and working conditions. <i>Obesity</i> , <b>2005</b> , 13, 2169-77		20
17	Psychosocial working conditions and weight gain among employees. <i>International Journal of Obesity</i> , <b>2005</b> , 29, 909-15	5.5	44
16	The contribution of lone parenthood and economic difficulties to smoking. <i>Social Science and Medicine</i> , <b>2005</b> , 61, 211-6	5.1	32
15	Influence of material and behavioural factors on occupational class differences in health. <i>Journal of Epidemiology and Community Health</i> , <b>2005</b> , 59, 163-9	5.1	36
14	Socioeconomic status and smoking: analysing inequalities with multiple indicators. <i>European Journal of Public Health</i> , <b>2005</b> , 15, 262-9	2.1	220
13	Pathways between socioeconomic determinants of health. <i>Journal of Epidemiology and Community Health</i> , <b>2004</b> , 58, 327-32	5.1	278
12	Multiple dimensions of socioeconomic position and obesity among employees: The Helsinki Health Study. <i>Obesity</i> , <b>2004</b> , 12, 1851-8		41

11	Working conditions and health behaviours among employed women and men: the Helsinki Health Study. <i>Preventive Medicine</i> , <b>2004</b> , 38, 48-56	4-3	97
10	Income and health behaviours. Evidence from monitoring surveys among Finnish adults. <i>Journal of Epidemiology and Community Health</i> , <b>2003</b> , 57, 711-7	5-1	73
9	Sociodemographic determinants of multiple unhealthy behaviours. <i>Scandinavian Journal of Public Health</i> , <b>2003</b> , 31, 37-43	3	11
8	Associations among health-related behaviours: sociodemographic variation in Finland. <i>International Journal of Public Health</i> , <b>2002</b> , 47, 225-32		8
7	Associations between health-related behaviors: a 7-year follow-up of adults. <i>Preventive Medicine</i> , <b>2002</b> , 34, 162-70	4-3	62
6	Patterns of unhealthy behaviour in Finland. <i>European Journal of Public Health</i> , <b>2001</b> , 11, 294-300	2-1	90
5	East-west differences in reported preventive practices. A comparative study of six European areas of the WHO-CINDI programme. <i>European Journal of Public Health</i> , <b>2001</b> , 11, 393-6	2-1	22
4	Do health behaviour and psychosocial risk factors explain the European east-west gap in health status?. <i>European Journal of Public Health</i> , <b>2001</b> , 11, 65-73	2-1	40
3	International quit and win 1996: standardized evaluation in selected campaign countries. <i>Preventive Medicine</i> , <b>2000</b> , 31, 742-51	4-3	15
2	Development of smoking by birth cohort in the adult population in eastern Finland 1972-97. <i>Tobacco Control</i> , <b>1999</b> , 8, 161-8	5-3	42
1	Smoking status and relative weight by educational level in Finland, 1978-1995. <i>Preventive Medicine</i> , <b>1998</b> , 27, 431-7	4-3	33
