

Ying Zhang

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/581110/ying-zhang-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
95	Indigenous mental health and climate change: A systematic literature review. <i>The Journal of Climate Change and Health</i> , 2022 , 100121		2
94	Modified effects of air pollutants on the relationship between temperature variability and hand, foot, and mouth disease in Zibo City, China.. <i>Environmental Science and Pollution Research</i> , 2022 , 1	5.1	1
93	Associations between temperature and Ross River virus infection: A systematic review and meta-analysis of epidemiological evidence.. <i>Acta Tropica</i> , 2022 , 106454	3.2	0
92	Mortality Burden of Heatwaves in Sydney, Australia Is Exacerbated by the Urban Heat Island and Climate Change: Can Tree Cover Help Mitigate the Health Impacts?. <i>Atmosphere</i> , 2022 , 13, 714	2.7	0
91	The 2021 report of the MJA-Lancet Countdown on health and climate change: Australia increasingly out on a limb. <i>Medical Journal of Australia</i> , 2021 , 215, 390-392.e22	4	5
90	The co-benefits for food carbon footprint and overweight and obesity from dietary adjustments in China. <i>Journal of Cleaner Production</i> , 2021 , 289, 125675	10.3	4
89	A scoping review on climate change and tuberculosis. <i>International Journal of Biometeorology</i> , 2021 , 65, 1579-1595	3.7	3
88	An Australian glossary to aid multisectoral research and collaborations to address health and climate change. <i>Medical Journal of Australia</i> , 2021 , 215, 154-156.e1	4	0
87	Forecast and early warning of hand, foot, and mouth disease based on meteorological factors: Evidence from a multicity study of 11 meteorological geographical divisions in mainland China. <i>Environmental Research</i> , 2021 , 192, 110301	7.9	2
86	Non-linear relationships and interactions of meteorological factors on mumps in Jinan, China. <i>International Journal of Biometeorology</i> , 2021 , 65, 555-563	3.7	5
85	Real-time forecasting and early warning of bacillary dysentery activity in four meteorological and geographic divisions in China. <i>Science of the Total Environment</i> , 2021 , 761, 144093	10.2	4
84	The role of epidemiologists in SARS-CoV-2 and COVID-19 research. <i>Public Health</i> , 2021 , 190, e3-e4	4	4
83	Is there an association between hot weather and poor mental health outcomes? A systematic review and meta-analysis. <i>Environment International</i> , 2021 , 153, 106533	12.9	21
82	Climate Change and Women's Health: A Scoping Review. <i>GeoHealth</i> , 2021 , 5, e2021GH000386	5	4
81	Exploring the Relationship between Mumps and Meteorological Factors in Shandong Province, China Based on a Two-Stage Model. <i>International Journal of Environmental Research and Public Health</i> , 2021 , 18,	4.6	2
80	Hot weather as a risk factor for kidney disease outcomes: A systematic review and meta-analysis of epidemiological evidence. <i>Science of the Total Environment</i> , 2021 , 801, 149806	10.2	4
79	Effect of temperature and its interactions with relative humidity and rainfall on malaria in a temperate city Suzhou, China. <i>Environmental Science and Pollution Research</i> , 2021 , 28, 16830-16842	5.1	1

78	Guidelines for Modeling and Reporting Health Effects of Climate Change Mitigation Actions. <i>Environmental Health Perspectives</i> , 2020 , 128, 115001	8.4	13
77	Analyses of air pollution control measures and co-benefits in the heavily air-polluted Jinan city of China, 2013-2017. <i>Scientific Reports</i> , 2020 , 10, 5423	4.9	22
76	Ambient air pollution, lung function and COPD: cross-sectional analysis from the WHO Study of AGEing and adult health wave 1. <i>BMJ Open Respiratory Research</i> , 2020 , 7,	5.6	4
75	Nonlinear and Threshold Effect of Meteorological Factors on Japanese Encephalitis Transmission in Southwestern China. <i>American Journal of Tropical Medicine and Hygiene</i> , 2020 , 103, 2442-2449	3.2	0
74	The 2020 special report of the MJA-Lancet Countdown on health and climate change: lessons learnt from Australia's "Black Summer". <i>Medical Journal of Australia</i> , 2020 , 213, 490-492.e10	4	23
73	Does Particulate Matter Modify the Short-Term Association between Heat Waves and Hospital Admissions for Cardiovascular Diseases in Greater Sydney, Australia?. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	7
72	Effects and interaction of meteorological factors on influenza: Based on the surveillance data in Shaoyang, China. <i>Environmental Research</i> , 2019 , 172, 326-332	7.9	16
71	A healthy, sustainable and safe food system: examining the perceptions and role of the Australian policy actor using a Delphi survey. <i>Public Health Nutrition</i> , 2019 , 22, 2921-2930	3.3	7
70	The 2019 report of the MJA-Lancet Countdown on health and climate change: a turbulent year with mixed progress. <i>Medical Journal of Australia</i> , 2019 , 211, 490-491.e21	4	26
69	Identifying different types of flood-sensitive diarrheal diseases from 2006 to 2010 in Guangxi, China. <i>Environmental Research</i> , 2019 , 170, 359-365	7.9	6
68	Effect of ambient temperature and its effect modifiers on bacillary dysentery in Jinan, China. <i>Science of the Total Environment</i> , 2019 , 650, 2980-2986	10.2	20
67	Epidemiological Characteristics and Spatio-temporal Patterns of Foodborne Diseases in Jinan, Northern China. <i>Biomedical and Environmental Sciences</i> , 2019 , 32, 309-313	1.1	1
66	Association between floods and infectious diarrhea and their effect modifiers in Hunan province, China: A two-stage model. <i>Science of the Total Environment</i> , 2018 , 626, 630-637	10.2	23
65	Does hot weather affect work-related injury? A case-crossover study in Guangzhou, China. <i>International Journal of Hygiene and Environmental Health</i> , 2018 , 221, 423-428	6.9	38
64	Effect of increasing temperature on daily hospital admissions for schizophrenia in Hefei, China: a time-series analysis. <i>Public Health</i> , 2018 , 159, 70-77	4	20
63	Assessment on the burden of bacillary dysentery associated with floods during 2005-2009 in Zhengzhou City, China, using a time-series analysis. <i>Journal of Infection and Public Health</i> , 2018 , 11, 500-506	7.4	12
62	The Lancet Countdown down under: tracking progress on health and climate change in Australia. <i>Medical Journal of Australia</i> , 2018 , 208, 285-286	4	3
61	The MJA-Lancet Countdown on health and climate change: Australian policy inaction threatens lives. <i>Medical Journal of Australia</i> , 2018 , 209, 474	4	22

60	The prevalence of non-GII.4 norovirus genotypes in acute gastroenteritis outbreaks in Jinan, China. <i>PLoS ONE</i> , 2018 , 13, e0209245	3.7	3
59	Perceptions of Health Risks from Hot Weather, and Coping Behaviors among Ethnic Minority Groups in Mountain Areas of China: A Case Study in the Tujia and Miao Autonomous Prefecture. <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	8
58	The MJA-Lancet Countdown on health and climate change: Australian policy inaction threatens lives(Summary). <i>Medical Journal of Australia</i> , 2018 , 209, 474-475	4	9
57	Association between floods and typhoid fever in Yongzhou, China: Effects and vulnerable groups. <i>Environmental Research</i> , 2018 , 167, 718-724	7.9	14
56	Risk factors for deaths during the 2009 heat wave in Adelaide, Australia: a matched case-control study. <i>International Journal of Biometeorology</i> , 2017 , 61, 35-47	3.7	21
55	Factors Influencing Knowledge, Food Safety Practices and Food Preferences During Warm Weather of Salmonella and Campylobacter Cases in South Australia. <i>Foodborne Pathogens and Disease</i> , 2017 , 14, 125-131	3.8	6
54	The impact of temperature extremes on mortality: a time-series study in Jinan, China. <i>BMJ Open</i> , 2017 , 7, e014741	3	43
53	Public attitudes toward encouraging sustainable transportation: An Australian case study. <i>International Journal of Sustainable Transportation</i> , 2017 , 11, 593-601	3.6	16
52	The effects of ambient temperature and heatwaves on daily Campylobacter cases in Adelaide, Australia, 1990-2012. <i>Epidemiology and Infection</i> , 2017 , 145, 2603-2610	4.3	6
51	Quantifying the Impact of Floods on Bacillary Dysentery in Dalian City, China, From 2004 to 2010. <i>Disaster Medicine and Public Health Preparedness</i> , 2017 , 11, 190-195	2.8	12
50	The Effects of Floods on the Incidence of Bacillary Dysentery in Baise (Guangxi Province, China) from 2004 to 2012. <i>International Journal of Environmental Research and Public Health</i> , 2017 , 14,	4.6	7
49	Perception, Knowledge and Behaviors Related to Typhoon: A Cross Sectional Study among Rural Residents in Zhejiang, China. <i>International Journal of Environmental Research and Public Health</i> , 2017 , 14,	4.6	18
48	Infectious Diseases and Tropical Cyclones in Southeast China. <i>International Journal of Environmental Research and Public Health</i> , 2017 , 14,	4.6	17
47	Heatwaves differentially affect risk of Salmonella serotypes. <i>Journal of Infection</i> , 2016 , 73, 231-40	18.9	9
46	Risk factors of direct heat-related hospital admissions during the 2009 heatwave in Adelaide, Australia: a matched case-control study. <i>BMJ Open</i> , 2016 , 6, e010666	3	11
45	Distributed lag effects and vulnerable groups of floods on bacillary dysentery in Huaihua, China. <i>Scientific Reports</i> , 2016 , 6, 29456	4.9	22
44	Quantitative analysis of burden of bacillary dysentery associated with floods in Hunan, China. <i>Science of the Total Environment</i> , 2016 , 547, 190-196	10.2	16
43	Impact of heat waves on nonaccidental deaths in Jinan, China, and associated risk factors. <i>International Journal of Biometeorology</i> , 2016 , 60, 1367-75	3.7	17

42	Identifying Flood-Related Infectious Diseases in Anhui Province, China: A Spatial and Temporal Analysis. <i>American Journal of Tropical Medicine and Hygiene</i> , 2016 , 94, 741-9	3.2	24
41	Acute respiratory and cardiovascular health effects of an air pollution event, January 2013, Jinan, China. <i>Public Health</i> , 2016 , 131, 99-102	4	6
40	Major Natural Disasters in China, 1985-2014: Occurrence and Damages. <i>International Journal of Environmental Research and Public Health</i> , 2016 , 13,	4.6	26
39	Evaluation of a heat warning system in Adelaide, South Australia, using case-series analysis. <i>BMJ Open</i> , 2016 , 6, e012125	3	28
38	Projections of hepatitis A virus infection associated with flood events by 2020 and 2030 in Anhui Province, China. <i>International Journal of Biometeorology</i> , 2016 , 60, 1873-1884	3.7	8
37	The effect of temperature on different Salmonella serotypes during warm seasons in a Mediterranean climate city, Adelaide, Australia. <i>Epidemiology and Infection</i> , 2016 , 144, 1231-40	4.3	24
36	Gender-based seasonality of suicide in Japan, 2005-2012. <i>Asia-Pacific Journal of Public Health</i> , 2015 , 27, NP1999-2007	2	7
35	Traffic-related air pollution and health co-benefits of alternative transport in Adelaide, South Australia. <i>Environment International</i> , 2015 , 74, 281-90	12.9	115
34	Gaps in studies of global health education: an empirical literature review. <i>Global Health Action</i> , 2015 , 8, 25709	3	43
33	Heat-health behaviours of older people in two Australian states. <i>Australasian Journal on Ageing</i> , 2015 , 34, E19-25	1.5	21
32	Impacts of different grades of tropical cyclones on infectious diarrhea in Guangdong, 2005-2011. <i>PLoS ONE</i> , 2015 , 10, e0131423	3.7	11
31	Analysis of Risk and Burden of Dysentery Associated with Floods from 2004 to 2010 in Nanning, China. <i>American Journal of Tropical Medicine and Hygiene</i> , 2015 , 93, 925-30	3.2	18
30	Perception, attitude and behavior in relation to climate change: a survey among CDC health professionals in Shanxi province, China. <i>Environmental Research</i> , 2014 , 134, 301-8	7.9	40
29	Meteorological variables and bacillary dysentery cases in Changsha City, China. <i>American Journal of Tropical Medicine and Hygiene</i> , 2014 , 90, 697-704	3.2	45
28	The impact of climate change on infectious disease transmission: perceptions of CDC health professionals in Shanxi Province, China. <i>PLoS ONE</i> , 2014 , 9, e109476	3.7	19
27	Gender differences of suicide in Japan, 1947-2010. <i>Journal of Affective Disorders</i> , 2013 , 151, 325-30	6.6	10
26	Risk factors for direct heat-related hospitalization during the 2009 Adelaide heatwave: a case crossover study. <i>Science of the Total Environment</i> , 2013 , 442, 1-5	10.2	52
25	Cobenefits of replacing car trips with alternative transportation: a review of evidence and methodological issues. <i>Journal of Environmental and Public Health</i> , 2013 , 2013, 797312	2.6	42

24	CLIMATE CHANGE AND VECTOR-BORNE VIRAL DISEASES 2013 , 1-20		1
23	Quantitative analysis of burden of infectious diarrhea associated with floods in northwest of anhui province, china: a mixed method evaluation. <i>PLoS ONE</i> , 2013 , 8, e65112	3.7	37
22	Epidemic trend of measles in Shandong Province, China, 1963-2005. <i>Public Health</i> , 2012 , 126, 1017-23	4	7
21	Projected Years Lost due to Disabilities (YLDs) for bacillary dysentery related to increased temperature in temperate and subtropical cities of China. <i>Journal of Environmental Monitoring</i> , 2012 , 14, 510-6		24
20	Projected burden of disease for Salmonella infection due to increased temperature in Australian temperate and subtropical regions. <i>Environment International</i> , 2012 , 44, 26-30	12.9	21
19	The association between co-morbidity and the use of antidiabetics or adjunctive cardiovascular medicines in Australian veterans with diabetes. <i>Diabetes Research and Clinical Practice</i> , 2011 , 91, 115-20	7.4	4
18	Impact of two recent extreme heat episodes on morbidity and mortality in Adelaide, South Australia: a case-series analysis. <i>Environmental Health</i> , 2011 , 10, 42	6	166
17	Major bleeding risk associated with warfarin and co-medications in the elderly population. <i>Pharmacoepidemiology and Drug Safety</i> , 2011 , 20, 1057-63	2.6	42
16	Co-morbidity and the utilization of health care for Australian veterans with diabetes. <i>Diabetic Medicine</i> , 2010 , 27, 65-71	3.5	12
15	Influence of comorbidities on therapeutic progression of diabetes treatment in Australian veterans: a cohort study. <i>PLoS ONE</i> , 2010 , 5, e14024	3.7	33
14	Meteorological variables and malaria in a Chinese temperate city: A twenty-year time-series data analysis. <i>Environment International</i> , 2010 , 36, 439-45	12.9	44
13	Antidepressant use and depressive symptomatology among older people from the Australian Longitudinal Study of Ageing. <i>International Psychogeriatrics</i> , 2010 , 22, 437-44	3.4	21
12	Climate variations and Salmonella infection in Australian subtropical and tropical regions. <i>Science of the Total Environment</i> , 2010 , 408, 524-30	10.2	72
11	Climate Variability and Salmonella Infection in an Australian Temperate Climate City. <i>Epidemiology</i> , 2009 , 20, S98	3.1	6
10	Climate variability and Ross River virus infections in Riverland, South Australia, 1992-2004. <i>Epidemiology and Infection</i> , 2009 , 137, 1486-93	4.3	35
9	Climate change and the transmission of vector-borne diseases: a review. <i>Asia-Pacific Journal of Public Health</i> , 2008 , 20, 64-76	2	58
8	Weather and the transmission of bacillary dysentery in Jinan, northern China: a time-series analysis. <i>Public Health Reports</i> , 2008 , 123, 61-6	2.5	60
7	Quality of Australian clinical guidelines and relevance to the care of older people with multiple comorbid conditions. <i>Medical Journal of Australia</i> , 2008 , 189, 360-5	4	71

6	Climate variations and salmonellosis transmission in Adelaide, South Australia: a comparison between regression models. <i>International Journal of Biometeorology</i> , 2008 , 52, 179-87	3.7	54
5	Weather and notified <i>Campylobacter</i> infections in temperate and sub-tropical regions of Australia: an ecological study. <i>Journal of Infection</i> , 2008 , 57, 317-23	18.9	39
4	Climate variations and bacillary dysentery in northern and southern cities of China. <i>Journal of Infection</i> , 2007 , 55, 194-200	18.9	96
3	Weather variables and Japanese encephalitis in the metropolitan area of Jinan city, China. <i>Journal of Infection</i> , 2007 , 55, 551-6	18.9	68
2	El Niño Southern Oscillation (ENSO) and dysentery in Shandong province, China. <i>Environmental Research</i> , 2007 , 103, 117-20	7.9	12
1	Climate change and disability-adjusted life years. <i>Journal of Environmental Health</i> , 2007 , 70, 32-6	0.4	19
