#	ARTICLE	IF	CITATIONS
1	Neonatal and Postneonatal Death Clustering Among Siblings in Bangladesh: Evidence from Bangladesh Demographic and Health Survey 2017–2018. <i>Omega: Journal of Death and Dying</i> , 2024, 88, 1606-1627.	0.7	1
2	In Pursuit of Happiness: Changes in Living Arrangement and Subjective Well-Being among Older Adults in India. <i>Journal of Population Ageing</i> , 2023, 16, 459-475.	0.8	15
3	Association of mass media exposure and alcohol consumption apropos alcohol-advertisement ban in India: multilevel analysis of panel data. <i>Journal of Substance Use</i> , 2023, 28, 379-388.	0.3	0
4	Why Rotational Living Is Bad for Older Adults? Evidence from a Cross-Sectional Study in India. <i>Journal of Population Ageing</i> , 2022, 15, 61-78.	0.8	34
5	Effect of Disability on High Quality of Life among Older Adults in Low and Middle-income Countries. <i>Ageing International</i> , 2022, 47, 373-391.	0.6	2
6	Does Socio-Economic Inequality Exist in Low Subjective Well-Being Among Older Adults in India? A Decomposition Analysis Approach. <i>Ageing International</i> , 2022, 47, 559-577.	0.6	2
7	Tooth loss and associated self-rated health and psychological and subjective wellbeing among community-dwelling older adults: A cross-sectional study in India. <i>BMC Public Health</i> , 2022, 22, 7.	1.2	24
8	Migration of adult male children and associated depression among community-dwelling older parents: A cross-sectional gender analysis from Longitudinal Ageing Study in India, 2017–2018. <i>International Journal of Geriatric Psychiatry</i> , 2022, 37, .	1.3	5
9	Association of mass media exposure with combustible and smokeless tobacco use among Indian population: findings from a panel survey. <i>BMC Public Health</i> , 2022, 22, 125.	1.2	1
10	Types of household headship and associated life satisfaction among older adults in India: findings from LASI survey, 2017–18. <i>BMC Geriatrics</i> , 2022, 22, 78.	1.1	11
11	Socioeconomic inequalities in non- coverage of full vaccination among children in Bangladesh: a comparative study of Demographic and Health Surveys, 2007 and 2017–18. <i>BMC Public Health</i> , 2022, 22, 183.	1.2	3
12	Spatial inequalities in skilled birth attendance in India: a spatial-regional model approach. <i>BMC Public Health</i> , 2022, 22, 79.	1.2	6
13	Relationship between physical activity and cognitive functioning among older Indian adults. <i>Scientific Reports</i> , 2022, 12, 2725.	1.6	25
14	Socioeconomic vulnerability and frailty among community-dwelling older adults: cross-sectional findings from longitudinal aging study in India, 2017–18. <i>BMC Geriatrics</i> , 2022, 22, 201.	1.1	16
15	Decomposing urban-rural differences in multimorbidity among older adults in India: a study based on LASI data. <i>BMC Public Health</i> , 2022, 22, 502.	1.2	11
16	Women’s Knowledge on Cervical Cancer Risk Factors and Symptoms: A Cross Sectional Study from Urban India. <i>Asian Pacific Journal of Cancer Prevention</i> , 2022, 23, 1083-1090.	0.5	4
17	Rural-urban differentials in the prevalence of diarrhoea among older adults in India: Evidence from Longitudinal Ageing Study in India, 2017–18. <i>PLoS ONE</i> , 2022, 17, e0265040.	1.1	5
18	Prevalence and risk factors of fall-related injury among older adults in India: evidence from a cross-sectional observational study. <i>BMC Public Health</i> , 2022, 22, 550.	1.2	11

#	ARTICLE	IF	CITATIONS
19	Gender differences in the association of obesity-related measures with multi-morbidity among older adults in India: evidence from LASI, Wave-1. <i>BMC Geriatrics</i> , 2022, 22, 171.	1.1	13
20	Rural-urban differences in food insecurity and associated cognitive impairment among older adults: findings from a nationally representative survey. <i>BMC Geriatrics</i> , 2022, 22, 287.	1.1	13
21	Food insecurity and associated depression among older adults in India: evidence from a population-based study. <i>BMJ Open</i> , 2022, 12, e052718.	0.8	7
22	Decomposing rural-urban differences in successful aging among older Indian adults. <i>Scientific Reports</i> , 2022, 12, 6430.	1.6	14
23	Relationship between tobacco use, alcohol consumption and non-communicable diseases among women in India: evidence from National Family Health Survey-2015-16. <i>BMC Public Health</i> , 2022, 22, 713.	1.2	10
24	Multivariate decomposition analysis of sex differences in functional difficulty among older adults based on Longitudinal Ageing Study in India, 2017-2018. <i>BMJ Open</i> , 2022, 12, e054661.	0.8	9
25	Prevalence and correlates of vision impairment and its association with cognitive impairment among older adults in India: a cross-sectional study. <i>BMJ Open</i> , 2022, 12, e054230.	0.8	3
26	Assessing socioeconomic inequalities in cognitive impairment among older adults: a study based on a cross-sectional survey in India. <i>BMC Geriatrics</i> , 2022, 22, 389.	1.1	13
27	Prevalence and predictors of water-borne diseases among elderly people in India: evidence from Longitudinal Ageing Study in India, 2017-2018. <i>BMC Public Health</i> , 2022, 22, 993.	1.2	21
28	Prevalence and predictors of anaemia among adolescents in Bihar and Uttar Pradesh, India. <i>Scientific Reports</i> , 2022, 12, 8197.	1.6	9
29	Socioeconomic and health-related inequalities in major depressive symptoms among older adults: a Wagstaff's decomposition analysis of data from the LASI baseline survey, 2017-2018. <i>BMJ Open</i> , 2022, 12, e054730.	0.8	11
30	Examining infant and child death clustering among families in the cross-sectional and nationally representative Bangladesh Demographic and Health Survey 2017-2018. <i>BMJ Open</i> , 2022, 12, e053782.	0.8	1
31	Prevalence and predictors of elective and emergency caesarean delivery among reproductive-aged women in Bangladesh: evidence from demographic and health survey, 2017-2018. <i>BMC Pregnancy and Childbirth</i> , 2022, 22, .	0.9	4
32	Association of food insecurity with physical frailty among older adults: study based on LASI, 2017-18. <i>Archives of Gerontology and Geriatrics</i> , 2022, 103, 104762.	1.4	9
33	Gender Differentials in Prevalence of Loneliness among Older Adults in India: an Analysis from WHO Study on Global AGEing and Adult Health. <i>Ageing International</i> , 2021, 46, 395-421.	0.6	7
34	Interaction of substance use with physical activity and its effect on depressive symptoms among adolescents. <i>Journal of Substance Use</i> , 2021, 26, 524-530.	0.3	14
35	Gender Differentials in One-Person Households among Older Adults in India: Evidence from the National Family Health Survey 2015-2016. <i>Ageing International</i> , 2021, 46, 200-215.	0.6	5
36	Is There Any Link Between Death of Preceding Child and Child Health Care Services Utilization for Subsequent Birth?. <i>Indian Journal of Pediatrics</i> , 2021, 88, 363-366.	0.3	4

#	ARTICLE	IF	CITATIONS
37	Does socio-economic inequality in infant mortality still exists in India? An analysis based on National Family Health Survey 2005-06 and 2015-16. <i>Clinical Epidemiology and Global Health</i> , 2021, 9, 116-122.	0.9	21
38	Socio-Economic Inequalities in the Prevalence of Poor Self-Rated Health among Older Adults in India from 2004 to 2014: A Decomposition Analysis. <i>Ageing International</i> , 2021, 46, 182-199.	0.6	36
39	Change in socio-economic inequality of tobacco consumption among men in India: evidence from National Family Health Survey 2005-06 to 2015-16. <i>Journal of Substance Use</i> , 2021, 26, 404-412.	0.3	8
40	Urban-rural differential in neonatal and post-neonatal mortality clustering among Indian siblings: Evidence from National Family Health Survey 2015-16. <i>Children and Youth Services Review</i> , 2021, 121, 105822.	1.0	6
41	Relationship between chewing tobacco, smoking, consuming alcohol and cognitive impairment among older adults in India: a cross-sectional study. <i>BMC Geriatrics</i> , 2021, 21, 85.	1.1	54
42	Regional inequality in the Janani Suraksha Yojana coverage in India: a geo-spatial analysis. <i>International Journal for Equity in Health</i> , 2021, 20, 24.	1.5	10
43	Associated factors and socio-economic inequality in the prevalence of thinness and stunting among adolescent boys and girls in Uttar Pradesh and Bihar, India. <i>PLoS ONE</i> , 2021, 16, e0247526.	1.1	11
44	Linkages of Multi-Dimensional Vulnerabilities with Infant and Child Mortality Rates in India and Its Specific Regions: Are Social Determinants of Health still Relevant?. <i>Omega: Journal of Death and Dying</i> , 2021, , 003022282199770.	0.7	2
45	Prevalence and factors associated with triple burden of malnutrition among mother-child pairs in India: a study based on National Family Health Survey 2015-16. <i>BMC Public Health</i> , 2021, 21, 391.	1.2	19
46	Does socio-economic inequality exist in micro-nutrients supplementation among children aged 6-59 months in India? Evidence from National Family Health Survey 2005-06 and 2015-16. <i>BMC Public Health</i> , 2021, 21, 545.	1.2	30
47	Gender differential in low psychological health and low subjective well-being among older adults in India: With special focus on childless older adults. <i>PLoS ONE</i> , 2021, 16, e0247943.	1.1	19
48	Experience of gender-based violence and its effect on depressive symptoms among Indian adolescent girls: Evidence from UDAYA survey. <i>PLoS ONE</i> , 2021, 16, e0248396.	1.1	15
49	Examining the predictors of use of sanitary napkins among adolescent girls: A multi-level approach. <i>PLoS ONE</i> , 2021, 16, e0250788.	1.1	17
50	Socio-economic and health determinants of preference for separate living among older adults: A cross-sectional study in India. <i>PLoS ONE</i> , 2021, 16, e0249828.	1.1	15
51	Spatial heterogeneity and major correlates of Unmet Need of family planning among young married women aged 15-24 in India: An Exploratory Study. <i>SAGE Open</i> , 2021, 11, 215824402110246.	0.8	7
52	Socioeconomic inequality in psychological distress among older adults in India: a decomposition analysis. <i>BMC Psychiatry</i> , 2021, 21, 179.	1.1	37
53	Older adults' psychological and subjective well-being as a function of household decision making role: Evidence from cross-sectional survey in India. <i>Clinical Epidemiology and Global Health</i> , 2021, 10, 100676.	0.9	34
54	Distinguishing between household headship with and without power and its association with subjective well-being among older adults: an analytical cross-sectional study in India. <i>BMC Geriatrics</i> , 2021, 21, 304.	1.1	18

#	ARTICLE	IF	CITATIONS
55	Socio-economic inequality in the prevalence of violence against older adults – findings from India. <i>BMC Geriatrics</i> , 2021, 21, 322.	1.1	10
56	Does lack of parental involvement affect school dropout among Indian adolescents? evidence from a panel study. <i>PLoS ONE</i> , 2021, 16, e0251520.	1.1	10
57	Interaction of physical activity on the association of obesity-related measures with multimorbidity among older adults: a population-based cross-sectional study in India. <i>BMJ Open</i> , 2021, 11, e050245.	0.8	52
58	Association of self-perceived income sufficiency with cognitive impairment among older adults: a population-based study in India. <i>BMC Psychiatry</i> , 2021, 21, 256.	1.1	16
59	Association of self-perceived income status with psychological distress and subjective well-being: a cross-sectional study among older adults in India. <i>BMC Psychology</i> , 2021, 9, 82.	0.9	29
60	Association of family structure with gain and loss of household headship among older adults in India: Analysis of panel data. <i>PLoS ONE</i> , 2021, 16, e0252722.	1.1	5
61	What predicts the early sexual debut among unmarried adolescents (10–19 years)? Evidence from UDAYA survey, 2015–16. <i>PLoS ONE</i> , 2021, 16, e0252940.	1.1	12
62	Factors associated with gynaecological morbidities and treatment-seeking behaviour among adolescent girls residing in Bihar and Uttar Pradesh, India. <i>PLoS ONE</i> , 2021, 16, e0252521.	1.1	10
63	Is Socioeconomic Inequality Boosting Intimate Partner Violence in India? An Overview of the National Family Health Survey, 2005–2006 and 2015–2016. <i>Global Social Welfare</i> , 2021, 8, 263-277.	1.1	9
