#	ARTICLE	IF	CITATIONS
1	Rural Prehospital Trauma Systems Improve Trauma Outcome in Low-Income Countries. <i>Journal of Trauma</i> , 2003, 54, 1188-1196.	2.3	188
2	Postdural puncture headache A comparison between 26- and 29-gauge needles in young patients. <i>Anaesthesia</i> , 1989, 44, 147-149.	1.8	122
3	Training pre-hospital trauma care in low-income countries: the 'Village University' experience. <i>Medical Teacher</i> , 2003, 25, 142-148.	1.0	80
4	Leadership is the essential non-technical skill in the trauma team - results of a qualitative study. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2009, 17, 48.	1.1	69
5	A systematic literature review on first aid provided by laypeople to trauma victims. <i>Acta Anaesthesiologica Scandinavica</i> , 2012, 56, 1222-1227.	0.7	66
6	Does Intravenous Lidocaine Prevent Laryngospasm after Extubation in Children?. <i>Anesthesia and Analgesia</i> , 1985, 64, 1193-1196.	1.1	57
7	Bystander first aid in trauma - prevalence and quality: a prospective observational study. <i>Acta Anaesthesiologica Scandinavica</i> , 2015, 59, 1187-1193.	0.7	57
8	Respiratory Rate as a Prehospital Triage Tool in Rural Trauma. <i>Journal of Trauma</i> , 2003, 55, 466-470.	2.3	54
9	Do pre-hospital anaesthesiologists reliably predict mortality using the NACA severity score? A retrospective cohort study. <i>Acta Anaesthesiologica Scandinavica</i> , 2013, 57, 1253-1259.	0.7	52
10	Effects of Nationwide Training of Multiprofessional Trauma Teams in Norwegian Hospitals. <i>Journal of Trauma</i> , 2008, 64, 1613-1618.	2.3	51
11	Puncture technique and postural postdural puncture headache. A randomised, double-blind study comparing transverse and parallel puncture. <i>Acta Anaesthesiologica Scandinavica</i> , 1998, 42, 1209-1214.	0.7	48
12	A nationwide survey of first aid training and encounters in Norway. <i>BMC Emergency Medicine</i> , 2016, 17, 6.	0.7	45
13	Prehospital Trauma System in a Low-Income Country: System Maturation and Adaptation During 8 Years. <i>Journal of Trauma</i> , 2008, 64, 1342-1348.	2.3	43
14	Trauma Care in Africa: A Status Report From Botswana, Guided by the World Health Organization's Guidelines for Essential Trauma Care. <i>World Journal of Surgery</i> , 2012, 36, 2371-2383.	0.8	41
15	LETTER TO THE EDITOR. <i>Journal of Trauma</i> , 2004, 56, 214-215.	2.3	39
16	Trauma research in low- and middle-income countries is urgently needed to strengthen the chain of survival. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2011, 19, 62.	1.1	38
17	Postural post-dural puncture headache. A prospective randomised study and a meta-analysis comparing two different 0.40 mm O.D. (27 g) spinal needles. <i>Acta Anaesthesiologica Scandinavica</i> , 2000, 44, 643-647.	0.7	37
18	Training multiprofessional trauma teams in Norwegian hospitals using simple and low cost local simulations. <i>Education for Health: Change in Learning and Practice</i> , 2006, 19, 85-95.	0.1	37

#	ARTICLE	IF	CITATIONS
19	A consensus based template for reporting of pre-hospital major incident medical management. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2014, 22, 5.	1.1	34
20	Death after injury in rural Norway: high rate of mortality and prehospital death. <i>Acta Anaesthesiologica Scandinavica</i> , 2003, 47, 153-156.	0.7	33
21	Rural High North: A High Rate of Fatal Injury and Prehospital Death. <i>World Journal of Surgery</i> , 2011, 35, 1615-1620.	0.8	30
22	Mortality in Land-Mine Accidents in Iran. <i>Prehospital and Disaster Medicine</i> , 2002, 17, 107-109.	0.7	29
23	Systematic literature review of templates for reporting prehospital major incident medical management. <i>BMJ Open</i> , 2013, 3, e002658.	0.8	29
24	Mannequin or standardized patient: participants' assessment of two training modalities in trauma team simulation. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2009, 17, 59.	1.1	28
25	Intrathecal anaesthesia in patients under 45 years: incidence of postdural puncture symptoms after spinal anaesthesia with 27G needles. <i>Acta Anaesthesiologica Scandinavica</i> , 1993, 37, 545-548.	0.7	27
26	Team-Oriented Training for Damage Control Surgery in Rural Trauma: A New Paradigm. <i>Journal of Trauma</i> , 2008, 64, 949-954.	2.3	27
27	Preventing Post-injury Hypothermia During Prolonged Prehospital Evacuation. <i>Prehospital and Disaster Medicine</i> , 2002, 17, 23-26.	0.7	26
28	Preparing teams for low-frequency emergencies in Norwegian hospitals. <i>Acta Anaesthesiologica Scandinavica</i> , 2003, 47, 1248-1250.	0.7	26
29	High-performing trauma teams: frequency of behavioral markers of a shared mental model displayed by team leaders and quality of medical performance. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2017, 25, 109.	1.1	25
30	Chronic pain in land mine accident survivors in Cambodia and Kurdistan. <i>Social Science and Medicine</i> , 2002, 55, 1813-1816.	1.8	24
31	Variations in contact patterns and dispatch guideline adherence between Norwegian emergency medical communication centres - a cross-sectional study. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2014, 22, 2.	1.1	24
32	Implementation of a trauma system in Norway: a national survey. <i>Acta Anaesthesiologica Scandinavica</i> , 2015, 59, 384-391.	0.7	24
33	Fatal injuries in rural and urban areas in northern Finland: a 5-year retrospective study. <i>Acta Anaesthesiologica Scandinavica</i> , 2016, 60, 668-676.	0.7	24
34	Public opinion on different approaches to teaching intubation techniques.. <i>BMJ: British Medical Journal</i> , 1993, 307, 1256-1257.	2.4	23
35	Fatal injury as a function of rurality-a tale of two Norwegian counties. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2013, 21, 14.	1.1	23
36	Training trauma teams in the Nordic countries: An overview and present status. <i>Acta Anaesthesiologica Scandinavica</i> , 2005, 49, 1004-1009.	0.7	22

#	ARTICLE	IF	CITATIONS
37	Training Operating Room Teams in Damage Control Surgery for Trauma: A Followup Study of the Norwegian Model. <i>Journal of the American College of Surgeons</i> , 2007, 205, 712-716.	0.2	22
38	Prehospital Tourniquets in Civilians: A Systematic Review. <i>Prehospital and Disaster Medicine</i> , 2021, 36, 86-94.	0.7	21
39	Is the pencil point spinal needle a better choice in younger patients? A comparison of 24G Sprotte with 27 G Quincke needles in an unselected group of general surgical patients below 46 years of age. <i>Acta Anaesthesiologica Scandinavica</i> , 1995, 39, 535-538.	0.7	20
40	Keeping the spirit high: why trauma team training is (sometimes) implemented. <i>Acta Anaesthesiologica Scandinavica</i> , 2008, 52, 437-441.	0.7	19
41	Health workers and the human immunodeficiency virus: Knowledge, ignorance and behaviour. <i>Public Health</i> , 1990, 104, 123-130.	1.4	18
42	Percutaneous placement of permanent central venous catheters: experience with 200 catheters. <i>Acta Anaesthesiologica Scandinavica</i> , 1991, 35, 49-51.	0.7	18
43	The role of general practitioners in the pre hospital setting, as experienced by emergency medicine technicians: a qualitative study. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2014, 22, 47.	1.1	17
44	Epidemiology of geriatric trauma patients in Norway: A nationwide analysis of Norwegian Trauma Registry data, 2015-2018. A retrospective cohort study. <i>Injury</i> , 2021, 52, 450-459.	0.7	17
45	The potential of an anaesthesiologist-manned ambulance service in a rural/urban district. <i>Acta Anaesthesiologica Scandinavica</i> , 1994, 38, 657-661.	0.7	16
46	Does intravenous lidocaine prevent laryngospasm after extubation in children?. <i>Anesthesia and Analgesia</i> , 1985, 64, 1193-6.	1.1	15
47	Land Mine Injuries: A Study of 708 Victims in North Iraq and Cambodia. <i>Military Medicine</i> , 2003, 168, 934-940.	0.4	13
48	Norwegian trauma team leaders - training and experience: A national point prevalence study. <i>Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine</i> , 2011, 19, 54.	1.1	13
49	Assessment of non-technical skills in the operating room - one assessment tool per specialty?. <i>Acta Anaesthesiologica Scandinavica</i> , 2014, 58, 773-774.	0.7	13
50	Evaluation of Training Program for Surgical Trauma Teams in Botswana. <i>World Journal of Surgery</i> , 2015, 39, 658-668.	0.8	13
51	Dispatch guideline adherence and response interval - a study of emergency medical calls in Norway. <i>BMC Emergency Medicine</i> , 2016, 16, 40.	0.7	12
52	Systematic reporting to improve the emergency medical response to major incidents: a pilot study. <i>BMC Emergency Medicine</i> , 2018, 18, 4.	0.7	12
53	Are severely injured trauma victims in Norway offered advanced pre-hospital care? National, retrospective, observational cohort. <i>Acta Anaesthesiologica Scandinavica</i> , 2017, 61, 841-847.	0.7	12
54	Using Newly Deceased Patients in Teaching Procedures. <i>New England Journal of Medicine</i> , 1995, 332, 1445-1447.	13.9	11

#	ARTICLE	IF	CITATIONS
55	Confidence and experience in emergency medicine procedures. Norwegian general practitioners. Scandinavian Journal of Primary Health Care, 2001, 19, 99-100.	0.6	11
56	The lateral trauma position: What do we know about it and how do we use it? A cross-sectional survey of all Norwegian emergency medical services. Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine, 2011, 19, 45.	1.1	11
57	Fatal injury caused by low-energy trauma – a 10-year rural cohort. Acta Anaesthesiologica Scandinavica, 2014, 58, 726-732.	0.7	11
58	Effect and accuracy of emergency dispatch telephone guidance to bystanders in trauma: post-hoc analysis of a prospective observational study. Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine, 2017, 25, 27.	1.1	11
59	Cross-Sectional Investigation of HEMS Activities in Europe: A Feasibility Study. Scientific World Journal, The, 2014, 2014, 1-5.	0.8	10
60	Stroke identification by criteria based dispatch – a register based study. Acta Anaesthesiologica Scandinavica, 2018, 62, 105-115.	0.7	9
61	Templates for reporting pre-hospital major incident medical management: systematic literature review. BMJ Open, 2012, 2, e001082.	0.8	8
62	Trauma outcome research – More is needed. Acta Anaesthesiologica Scandinavica, 2017, 61, 362-364.	0.7	8
63	Implementing a template for major incident reporting: experiences from the first year. Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine, 2015, 23, 55.	1.1	7
64	Reporting Helicopter Emergency Medical Services in Major Incidents: A Delphi Study. Air Medical Journal, 2016, 35, 348-351.	0.3	7
65	Trauma research in the Nordic countries, 1995–2018 – a systematic review. Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine, 2020, 28, 20.	1.1	7
66	Committee approval for observational studies. Acta Anaesthesiologica Scandinavica, 2014, 58, 1047-1048.	0.7	6
67	Air Ambulance Nurses as Expert Supplement to Local Emergency Services. Air Medical Journal, 2014, 33, 40-43.	0.3	6
68	We need to include bystander first aid in trauma research. Scandinavian Journal of Trauma, Resuscitation and Emergency Medicine, 2017, 25, 32.	1.1	6
69	The trauma chain of survival – Each link is equally important (but some links are more equal than) Tj ETQq1 1 0.784314 rgBT /Overl	0.7	6
70	Trauma team activation – common rules, common gain. Acta Anaesthesiologica Scandinavica, 2018, 62, 144-146.	0.7	6
71	Geriatric Trauma – A Rising Tide. Assessing Patient Safety Challenges in a Vulnerable Population Using Norwegian Trauma Registry Data and Focus Group Interviews: Protocol for a Mixed Methods Study. JMIR Research Protocols, 2020, 9, e15722.	0.5	6
72	Land mine injuries: a study of 708 victims in North Iraq and Cambodia. Military Medicine, 2003, 168, 934-40.	0.4	6

#	ARTICLE	IF	CITATIONS
73	Experience With a Novel, Global, Open-Access Template for Major Incidents: Qualitative Feasibility Study. <i>Disaster Medicine and Public Health Preparedness</i> , 2017, 11, 403-406.	0.7	5
74	Norwegian dentists' knowledge, attitudes, and behavior concerning the HIV. <i>European Journal of Oral Sciences</i> , 1989, 97, 446-450.	0.7	4
75	Paediatric Anaesthesia in a Developing Country. <i>Tropical Doctor</i> , 1990, 20, 60-62.	0.2	4
76	Consent for Invasive Procedures in the Newly Deceased. <i>JAMA - Journal of the American Medical Association</i> , 1995, 274, 128.	3.8	4
