#	Paper	IF	Citations
115	Context, composition and heterogeneity: using multilevel models in health research. *Social Science and Medicine*, **1998**, 46, 97-117	5.1	472
114	From medical to health geography: novelty, place and theory after a decade of change. *Progress in Human Geography*, **2002**, 26, 605-625	5.3	283
113	Smoking and deprivation: are there neighbourhood effects?. *Social Science and Medicine*, **1999**, 48, 497-505	5.1	217
112	Health-related behaviour in context: a multilevel modelling approach. *Social Science and Medicine*, **1996**, 42, 817-30	5.1	217
111	Dietary inequalities: what is the evidence for the effect of the neighbourhood food environment?. *Health and Place*, **2014**, 27, 229-42	4.6	202
110	Do places matter? A multi-level analysis of regional variations in health-related behaviour in Britain. *Social Science and Medicine*, **1993**, 37, 725-33	5.1	197
109	Predicting small-area health-related behaviour: a comparison of smoking and drinking indicators. *Social Science and Medicine*, **2000**, 50, 1109-20	5.1	84
108	Urban Policy in Britain **1994**,		84
107	Psychiatric morbidity: a multilevel approach to regional variations in the UK. *Journal of Epidemiology and Community Health*, **1995**, 49, 290-5	5.1	75
106	Sociospatial inequalities in health-related behaviours: Pathways linking place and smoking. *Progress in Human Geography*, **2012**, 36, 3-24	5.3	72
105	Defining localities for health planning: a GIS approach. *Social Science and Medicine*, **1996**, 42, 801-16	5.1	62
104	Risk and protection: the discourse of confinement in contemporary mental health policy. *Health and Place*, **2000**, 6, 239-50	4.6	60
103	Fat nation: deciphering the distinctive geographies of obesity in England. *Social Science and Medicine*, **2007**, 65, 20-31	5.1	50
102	Change in prevalence of chronic kidney disease in England over time: comparison of nationally representative cross-sectional surveys from 2003 to 2010. *BMJ Open*, **2014**, 4, e005480	3	46
101	Measuring the healthfulness of food retail stores: variations by store type and neighbourhood deprivation. *International Journal of Behavioral Nutrition and Physical Activity*, **2014**, 11, 69	8.4	44
100	Predicting small area health-related behaviour: a comparison of multilevel synthetic estimation and local survey data. *Social Science and Medicine*, **2002**, 54, 931-7	5.1	43
99	Chronic kidney disease, albuminuria and socioeconomic status in the Health Surveys for England 2009 and 2010. *Journal of Public Health*, **2014**, 36, 577-86	3.5	42

98	Social inequality and ethnic differences in smoking in New Zealand. *Social Science and Medicine*, **2004**, 59, 129-43	5.1	41
97	(Re)placing research on health and health care. *Health and Place*, **1995**, 1, 1-4	4.6	38
96	Conceptions of space and community in British health policy. *Social Science and Medicine*, **1990**, 30, 165-71	5.1	38
95	Does social inequality matter? Changing ethnic socio-economic disparities and Maori smoking in New Zealand, 1981-1996. *Social Science and Medicine*, **2005**, 60, 1515-26	5.1	37
94	Space, place, and the evidence base: Part II--Rereading nursing environment through geographical research. *Worldviews on Evidence-Based Nursing*, **2005**, 2, 142-56	2.9	36
93	Closing Barts: Community and Resistance in Contemporary UK Hospital Policy. *Environment and Planning D: Society and Space*, **2001**, 19, 43-59	3.2	36
92	Selling the private asylum: therapeutic landscapes and the (re)valorization of confinement in the era of community care. *Transactions of the Institute of British Geographers*, **2006**, 31, 131-149	2.5	34
91	Geographies of need and the new NHS: methodological issues in the definition and measurement of the health needs of local populations. *Health and Place*, **2002**, 8, 47-60	4.6	31
90	Space, place, and the evidence base: Part I--An introduction to health geography. *Worldviews on Evidence-Based Nursing*, **2005**, 2, 55-62	2.9	31
89	Governmentality and the Spatialized Discourse of Policy: The Consolidation of the Post-1989 NHS Reforms. *Transactions of the Institute of British Geographers*, **2000**, 25, 65-76	2.5	29
88	Assessing the effects of the introduction of the New Zealand Smokefree Environment Act 2003 on acute myocardial infarction hospital admissions in Christchurch, New Zealand. *Australian and New Zealand Journal of Public Health*, **2009**, 33, 515-20	2.3	28
87	The pursuit of equity in NHS resource allocation: should morbidity replace utilisation as the basis for setting health care capitations?. *Social Science and Medicine*, **2004**, 58, 539-51	5.1	27
86	Allocating resources for health and social care: the significance of rurality. *Health and Social Care in the Community*, **2003**, 11, 486-93	2.6	26
85	Exploration of chronic kidney disease prevalence estimates using new measures of kidney function in the health survey for England. *PLoS ONE*, **2015**, 10, e0118676	3.7	24
84	Community inequality and smoking cessation in New Zealand, 1981-2006. *Social Science and Medicine*, **2009**, 68, 876-84	5.1	23
83	Education and the Relationship Between Supermarket Environment and Diet. *American Journal of Preventive Medicine*, **2016**, 51, e27-e34	6.1	23
82	Variety and quality of healthy foods differ according to neighbourhood deprivation. *Health and Place*, **2012**, 18, 1292-9	4.6	21
81	Geography and global health. *Geographical Journal*, **2012**, 178, 13-7	2.2	21

80	Memorialisation and remembrance: on strategic forgetting and the metamorphosis of psychiatric asylums into sites for tertiary educational provision. *Social and Cultural Geography*, **2010**, 11, 731-749	1.6	21
79	Health Action Zones: the "third way" of a new area-based policy?. *Health and Social Care in the Community*, **2001**, 9, 43-50	2.6	21
78	Smoking cessation in England: intentionality, anticipated ease of quitting and advice provision. *Social Science and Medicine*, **2009**, 68, 610-9	5.1	20
77	Ecological and individual effects in childhood immunisation uptake: a multi-level approach. *Social Science and Medicine*, **1991**, 33, 501-8	5.1	20
76	Medical geography: global perspectives. *Progress in Human Geography*, **1992**, 16, 563-572	5.3	20
75	The relationship between dietary quality and the local food environment differs according to level of educational attainment: A cross-sectional study. *PLoS ONE*, **2017**, 12, e0183700	3.7	20
74	Recycling former psychiatric hospitals in New Zealand: echoes of deinstitutionalisation and restructuring. *Health and Place*, **2009**, 15, 79-87	4.6	18
73	Do geodemographic typologies explain variations in uptake in colorectal cancer screening? An assessment using routine screening data in the south of England. *Journal of Public Health*, **2010**, 32, 572-81	3.5	16
72	Specialism in nursing: the case of nursing care for elderly people. *Journal of Advanced Nursing*, **1993**, 18, 1610-6	3.1	16
71	Re-Imagining Psychiatric Asylum Spaces through Residential Redevelopment: Strategic Forgetting and Selective Remembrance. *Housing Studies*, **2013**, 28, 135-153	1.5	14
70	Divided loyalties? The police surgeon and criminal justice. *Policing and Society*, **1997**, 7, 79-98	1.6	14
69	The demographic and social class basis of inequality in self reported morbidity: an exploration using the Health Survey for England. *Journal of Epidemiology and Community Health*, **2004**, 58, 303-7	5.1	14
68	Catching waves: the historical geography of the general practice fundholding initiative in England and Wales. *Social Science and Medicine*, **2002**, 55, 2201-13	5.1	13
67	Ethnic Spatial Segregation and Tobacco Consumption: A Multilevel Repeated Cross-Sectional Analysis of Smoking Prevalence in Urban New Zealand, 1981 1996. *Environment and Planning A*, **2010**, 42, 469-486	2.7	12
66	From Siam to New York: Jacques May and the foundation of medical geography. *Journal of Historical Geography*, **2004**, 30, 747-763	0.7	12
65	Ethics and the police surgeon: compromise or conflict?. *Social Science and Medicine*, **1996**, 42, 1569-75	5.1	12
64	Do smoking cessation programmes influence geographical inequalities in health? An evaluation of the impact of the PEGS programme in Christchurch, New Zealand. *Tobacco Control*, **2009**, 18, 371-6	5.3	10
63	Insult to injury? The medical investigation of rape in England and Wales. *Journal of Social Welfare and Family Law*, **1998**, 20, 409-420	0.5	10

62	Examination of how food environment and psychological factors interact in their relationship with dietary behaviours: test of a cross-sectional model. *International Journal of Behavioral Nutrition and Physical Activity*, **2019**, 16, 12	8.4	9
61	Towards an understanding of the relationship of functional literacy and numeracy to geographical health inequalities. *Social Science and Medicine*, **2015**, 143, 185-93	5.1	9
60	The Changing Geography of Care567-586		9
59	Problems of providing health care in British island communities. *Social Science and Medicine*, **2000**, 50, 1081-90	5.1	9
58	Consumed with worry: 'unsafe' alcohol consumption and self-reported problem drinking in England. *Health Education Research*, **2000**, 15, 569-80	1.8	9
57	Smoking and Religion: Untangling Associations Using English Survey Data. *Journal of Religion and Health*, **2019**, 58, 2263-2276	2.6	9
56	Multi-scalar influences on mortality change over time in 274 European cities. *Social Science and Medicine*, **2017**, 179, 45-51	5.1	8
55	Sexuality, space, gender, and health: Renewing geographical approaches to well-being in lesbian, gay, bisexual, transgender, and queer populations. *Geography Compass*, **2018**, 12, e12369	2.4	8
54	Using geocoded survey data to improve the accuracy of multilevel small area synthetic estimates. *Social Science Research*, **2016**, 56, 108-16	2.1	8
53	The tobacco endgame: The neglected role of place and environment. *Health and Place*, **2018**, 53, 271-278	4.6	8
52	Traces of the New Zealand psychiatric hospital: Unpacking the place of stigma. *New Zealand Geographer*, **2012**, 68, 175-186	0.9	8
51	Spatial Scale and the Geography of Tobacco Smoking in New Zealand: A Multilevel Perspective. *New Zealand Geographer*, **2003**, 59, 6-15	0.9	8
50	Accessing the research setting: the politics of research and the limits to enquiry. *Area*, **2003**, 35, 106-109	1.7	8
49	Examining the significance of urban-rural context in tobacco quitline use: does rurality matter?. *International Journal of Public Health*, **2015**, 60, 327-33	4	7
48	The utility of geodemographic indicators in small area estimates of limiting long-term illness. *Social Science and Medicine*, **2019**, 227, 47-55	5.1	7
47	The impact of limiting long term illness on internal migration in England and Wales: New evidence from census microdata. *Social Science and Medicine*, **2016**, 167, 107-15	5.1	7
46	Small area synthetic estimates of smoking prevalence during pregnancy in England. *Population Health Metrics*, **2015**, 13, 34	3	6
45	The challenges and opportunities of mental health data sharing in the UK. *The Lancet Digital Health*, **2021**, 3, e333-e336	14.4	6

44	What is the association between healthy weight in 4-5-year-old children and spatial access to purposefully constructed play areas?. *Health and Place*, **2017**, 46, 101-106	4.6	5
43	The convergent validity of three surveys as alternative sources of health information to the 2011 UK census. *Social Science and Medicine*, **2014**, 116, 187-92	5.1	5
42	Smoking, Ethnic Residential Segregation, and Ethnic Diversity: A Spatio-temporal Analysis. *Annals of the American Association of Geographers*, **2012**, 102, 912-921		5
41	From retreat to health centre: legislation, commercial opportunity and the repositioning of a Victorian private asylum. *Social Science and Medicine*, **2002**, 55, 2193-200	5.1	5
40	Towards a General Explanation for the Survival of the Private Asylum. *Environment and Planning C: Urban Analytics and City Science*, **2005**, 23, 159-172		5
39	Inequity in cardiovascular care in the English National Health Service (NHS): a scoping review of the literature. *Health and Social Care in the Community*, **2018**, 26, 259-272	2.6	5
38	Place and preference effects on the association between mental health and internal migration within Great Britain. *Health and Place*, **2018**, 52, 180-187	4.6	5
37	Health geography in New Zealand and Australia: global integration or Antipodean exceptionalism?. *Geographical Research*, **2019**, 57, 8-23	1.6	4
36	How far is a long distance? An assessment of the issue of scale in the relationship between limiting long-term illness and long-distance migration in England and Wales. *Population, Space and Place*, **2018**, 24, e2090	2	4
35	Neighborhoods and Health399-417		4
34	Seven upEefreshing medical geography: an introduction to selected papers from the Seventh International Symposium in Medical Geography, Portsmouth, U.K.. *Social Science and Medicine*, **1998**, 46, 627-629	5.1	4
33	A Different Sort of Doctor: The Police Surgeon in England and Wales. *Social Policy and Administration*, **1995**, 29, 122-134	1.7	4
32	WITHIN ACCEPTABLE LIMITS: health care provider perspectives on community health councils in the reformed British National Health Service. *Policy and Politics*, **1995**, 23, 335-346	2.1	4
31	Differential pathways into smoking among sexual orientation and social class groups in England: A structural equation model. *Drug and Alcohol Dependence*, **2019**, 201, 1-7	4.9	3
30	Healthy Behavior460-476		3
29	The Afterlives of the Psychiatric Asylum **2016**,		3
28	Which urban land covers/uses are associated with residents' mortality? A cross-sectional, ecological, pan-European study of 233 cities. *BMJ Open*, **2019**, 9, e033623	3	3
27	Evaluating the effects of community treatment orders (CTOs) in England using the Mental Health Services Dataset (MHSDS): protocol for a national, population-based study. *BMJ Open*, **2018**, 8, e024193	3	3

26	Altering product placement to create a healthier layout in supermarkets: Outcomes on store sales, customer purchasing, and diet in a prospective matched controlled cluster study. *PLoS Medicine*, **2021**, 18, e1003729	11.6	3
25	Twenty-five years of Health & Place: Citation classics, internationalism and interdisciplinarity. *Health and Place*, **2020**, 61, 102202	4.6	2
24	Presenting health and medical geography: People, places, and change. *Geographical Journal*, **2019**, 185, 459-471	2.2	2
23	Integrating national surveys to estimate small area variations in poor health and limiting long-term illness in Great Britain. *BMJ Open*, **2017**, 7, e016936	3	2
22	Do general medical practice characteristics influence the effectiveness of smoking cessation programs? A multilevel analysis. *Nicotine and Tobacco Research*, **2012**, 14, 703-10	4.9	2
21	Health Geography13-32		2
20	Disease, Ecology, and Environment79-95		2
19	Mapping Disease96-110		2
18	Applicability and theory in health-related research. *Health and Place*, **1997**, 3, iii-iv	4.6	2
17	Protocol of a natural experiment to evaluate a supermarket intervention to improve food purchasing and dietary behaviours of women (WRAPPED study) in England: a prospective matched controlled cluster design. *BMJ Open*, **2020**, 10, e036758	3	2
16	Developing and Applying Geographical Synthetic Estimates of Health Literacy in GP Clinical Systems. *International Journal of Environmental Research and Public Health*, **2018**, 15,	4.6	2
15	A Penis Is Not Needed in Order to Pee Sex and Gender in Health Geography224-241		1
14	Health Geography and Public Health323-345		1
13	Medical Geography33-54		1
12	Equity of utilisation of cardiovascular care and mental health services in England: a cohort-based cross-sectional study using small-area estimation. *Health Services and Delivery Research*, **2016**, 4, 1-712	1.5	1
11	Health Geography **2020**, 315-321		0
10	Doubting Dualisms55-78		0
9	Health education and baseline data: issues and strategies in nutrition campaigning. *Social Science and Medicine*, **1988**, 26, 173-8	5.1	0

8	Use of community treatment orders and their outcomes: an observational study. *Health Services and Delivery Research*, **2020**, 8, 1-76	1.5	0
7	Trends in smoking prevalence over time and space: A comparison between sexual minority and heterosexual populations. *Health and Place*, **2020**, 65, 102421	4.6	0
6	Substance use and sexuality: Comparing sexual identity and attraction using a multilevel multivariate model. *Wellbeing, Space and Society*, **2021**, 2, 100052	1.1	0
5	The spatial structure of chronic morbidity: evidence from UK census returns. *International Journal of Health Geographics*, **2016**, 15, 30	3.5	
4	Situating Politics in Health and Medical Geography173-187		
3	Providing Health Care495-520		
2	Asylum and Post-Asylum Geographies of Psychiatric Health Care102-107		
1	Adult diet in England: Where is more support needed to achieve dietary recommendations?. *PLoS ONE*, **2021**, 16, e0252877	3.7
