#	ARTICLE	IF	CITATIONS
1	Palliative care delivery at nursing homes before and after an educational intervention from professionals' perspective: A pre- and post design. <i>Scandinavian Journal of Caring Sciences</i> , 2023, 37, 229-242.	1.0	0
2	Community-Based Support and Social Services and Their Association with Frailty Factors in Older People with Intellectual Disability and Affective and Anxiety Disorders: A Swedish National Population-Based Register Study. <i>Community Mental Health Journal</i> , 2022, 58, 1000-1013.	1.1	1
3	Quality of Life among Next of Kin of Frail Older People in Nursing Homes: An Interview Study after an Educational Intervention concerning Palliative Care. <i>International Journal of Environmental Research and Public Health</i> , 2022, 19, 2648.	1.2	1
4	Similarities and differences between China and Sweden regarding the core features of palliative care for people aged 60 or older: a systematic scoping review. <i>BMC Palliative Care</i> , 2022, 21, 35.	0.8	0
5	A Psychometric Evaluation of the Family Collaboration Scale and an Investigation of How the Close Family of Frail Older Patients Perceive the Collaboration with Healthcare Professionals on Acute Medical Wards at Hospitals in Sweden. <i>Healthcare (Switzerland)</i> , 2022, 10, 478.	1.0	0
6	Healthcare utilisation patterns among older people with intellectual disability and with affective and anxiety diagnoses in comparison with the general population. <i>Aging and Mental Health</i> , 2021, 25, 1525-1534.	1.5	6
7	Ambivalence among staff regarding ageing with intellectual disabilities: Experiences and reflections. <i>Journal of Intellectual Disabilities</i> , 2021, 25, 192-209.	1.0	43
8	Next of kin participation in the care of older persons in nursing homes: A pre- and post non-randomised educational evaluation, using within-group and individual person-level comparisons. <i>PLoS ONE</i> , 2021, 16, e0244600.	1.1	1
9	Breaking Up and a New Beginning When One's Partner Goes into a Nursing Home: An Interview Study. <i>Healthcare (Switzerland)</i> , 2021, 9, 672.	1.0	4
10	Professionals' Expectations and Preparedness to Implement Knowledge-Based Palliative Care at Nursing Homes before an Educational Intervention: A Focus Group Interview Study. <i>International Journal of Environmental Research and Public Health</i> , 2021, 18, 8977.	1.2	3
11	Collaboration and guidelines for the coordination of health care for frail older persons with intellectual disability: A national survey of nurses working in municipal care. <i>Nursing Open</i> , 2021, 8, 1369-1379.	1.1	5
12	Ageing people with intellectual disabilities and the association between frailty factors and social care: A Swedish national register study. <i>Journal of Intellectual Disabilities</i> , 2021, , 174462952110371.	1.0	34
13	"Stolen Time" Delivering Nursing at the Bottom of a Hierarchy: An Ethnographic Study of Barriers and Facilitators for Evidence-Based Nursing for Patients with Community-Acquired Pneumonia. <i>Healthcare (Switzerland)</i> , 2021, 9, 1524.	1.0	1
14	Incidents resulting in health care among older people with intellectual disability in comparison with the general population: A national register study. <i>Journal of Intellectual and Developmental Disability</i> , 2020, 45, 139-143.	1.1	0
15	Evaluating person-centredness for frail older persons in nursing homes before and after implementing a palliative care intervention. <i>Nursing Open</i> , 2020, 7, 439-448.	1.1	4
16	Health care utilisation among older people with Down syndrome compared to specific medical guidelines for health surveillance: a Swedish national register study. <i>BMC Health Services Research</i> , 2020, 20, 949.	0.9	4
17	Psychometric evaluation of the Chinese version of the Person-Centred Care Assessment Tool. <i>BMJ Open</i> , 2020, 10, e031580.	0.8	4
18	Cancer diagnoses among older people with intellectual disability compared with the general population: a national register study. <i>Journal of Intellectual Disability Research</i> , 2020, 64, 579-588.	1.2	11

#	ARTICLE	IF	CITATIONS
19	Psychometric properties of the Neuropsychiatric Inventory for adults with intellectual disability. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2020, 33, 1210-1220.	1.3	4
20	Gaps between current clinical practice and evidence-based guidelines for treatment and care of older patients with Community Acquired Pneumonia: a descriptive cross-sectional study. <i>BMC Infectious Diseases</i> , 2020, 20, 73.	1.3	7
21	Measuring next of kin's experience of participation in the care of older people in nursing homes. <i>PLoS ONE</i> , 2020, 15, e0228379.	1.1	8
22	Psychometric properties of the WHOQOL-BREF among next of kin to older persons in nursing homes. <i>Health and Quality of Life Outcomes</i> , 2020, 18, 103.	1.0	10
23	End-of-life care among older cancer patients with intellectual disability in comparison with the general population: a national register study. <i>Journal of Intellectual Disability Research</i> , 2020, 64, 317-330.	1.2	10
24	Specialist psychiatric health care utilization among older people with intellectual disability – predictors and comparisons with the general population: a national register study. <i>BMC Psychiatry</i> , 2020, 20, 70.	1.1	13
25	Pharmacotherapy for mood and anxiety disorders in older people with intellectual disability in comparison with the general population. <i>BMC Psychiatry</i> , 2019, 19, 238.	1.1	11
26	Next of kin's quality of life before and after implementation of a knowledge-based palliative care intervention in nursing homes. <i>Quality of Life Research</i> , 2019, 28, 3293-3301.	1.5	8
27	Quality of life of older persons in nursing homes after the implementation of a knowledge-based palliative care intervention. <i>International Journal of Older People Nursing</i> , 2019, 14, e12258.	0.6	9
28	Prescription of pain medication among older cancer patients with and without an intellectual disability: a national register study. <i>BMC Cancer</i> , 2019, 19, 1040.	1.1	8
29	Next of kin's perceptions of the meaning of participation in the care of older persons in nursing homes: a phenomenographic study. <i>Scandinavian Journal of Caring Sciences</i> , 2019, 33, 400-408.	1.0	13
30	To initiate the conversation – Public health nurses' experiences of working with obesity in persons with mobility disability. <i>Journal of Advanced Nursing</i> , 2019, 75, 2156-2166.	1.5	6
31	The occurrence of comorbidities with affective and anxiety disorders among older people with intellectual disability compared with the general population: a register study. <i>BMC Psychiatry</i> , 2019, 19, 166.	1.1	13
32	Evaluation of person-centeredness in nursing homes after a palliative care intervention: pre- and post-test experimental design. <i>BMC Palliative Care</i> , 2019, 18, 44.	0.8	23
33	Quality of life of prosthetic and orthotic users in South India: a cross-sectional study. <i>Health and Quality of Life Outcomes</i> , 2019, 17, 50.	1.0	11
34	Demographic and diagnostic profiles of older people with intellectual disability and prescription of antipsychotics. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2019, 54, 937-944.	1.6	7
35	Hospital readmissions among older people with intellectual disability in comparison with the general population. <i>Journal of Intellectual Disability Research</i> , 2019, 63, 593-602.	1.2	12
36	The association of mobility disability and obesity with risk of unemployment in two cohorts from Sweden. <i>BMC Public Health</i> , 2019, 19, 347.	1.2	11

#	ARTICLE	IF	CITATIONS
37	Being the next of kin of an older person living in a nursing home: an interview study about quality of life. <i>BMC Geriatrics</i> , 2019, 19, 324.	1.1	8
38	Ear Acupuncture in Psychiatric Care From the Health Care Professionalsâ€™ Perspective: A Phenomenographic Analysis. <i>Issues in Mental Health Nursing</i> , 2019, 40, 166-175.	0.6	8
39	Falls resulting in health care among older people with intellectual disability in comparison with the general population. <i>Journal of Intellectual Disability Research</i> , 2019, 63, 193-204.	1.2	13
40	Older Adults with Autism Spectrum Disorders in Sweden: A Register Study of Diagnoses, Psychiatric Care Utilization and Psychotropic Medication of 601 Individuals. <i>Journal of Autism and Developmental Disorders</i> , 2018, 48, 3076-3085.	1.7	26
41	Psychiatric diagnoses in older people with intellectual disability in comparison with the general population: a register study. <i>Epidemiology and Psychiatric Sciences</i> , 2018, 27, 479-491.	1.8	48
42	The association of mobility disability and weight status with risk of disability pension: A prospective cohort study. <i>Scandinavian Journal of Public Health</i> , 2018, 46, 541-547.	1.2	2
43	Psychiatric diagnoses in relation to severity of intellectual disability and challenging behaviors: a register study among older people. <i>Aging and Mental Health</i> , 2018, 22, 1344-1350.	1.5	10
44	Utilisation of formal and informal care and services at home among persons with dementia: a cross-sectional study. <i>Scandinavian Journal of Caring Sciences</i> , 2018, 32, 843-851.	1.0	15
45	The complexity of reaching and maintaining a healthy body weight â€“ the experience from adults with a mobility disability. <i>BMC Obesity</i> , 2018, 5, 33.	3.1	4
46	Signs in People with Intellectual Disabilities: Interviews with Managers and Staff on the Identification Process of Dementia. <i>Healthcare (Switzerland)</i> , 2018, 6, 103.	1.0	10
47	Striking a Balance: A Qualitative Study of Next of Kin Participation in the Care of Older Persons in Nursing Homes in Sweden. <i>Healthcare (Switzerland)</i> , 2018, 6, 46.	1.0	18
48	Conversations about Death and Dying with Older People: An Ethnographic Study in Nursing Homes. <i>Healthcare (Switzerland)</i> , 2018, 6, 63.	1.0	27
49	Pain and Pain Medication among Older People with Intellectual Disabilities in Comparison with the General Population. <i>Healthcare (Switzerland)</i> , 2018, 6, 67.	1.0	13
50	Early and late signs that precede dying among older persons in nursing homes: the multidisciplinary teamâ€™s perspective. <i>BMC Geriatrics</i> , 2018, 18, 134.	1.1	14
51	Implementation of knowledge-based palliative care in nursing homes and pre-post post evaluation by cross-over design: a study protocol. <i>BMC Palliative Care</i> , 2018, 17, 52.	0.8	23
52	Towards evidence-based palliative care in nursing homes in Sweden: a qualitative study informed by the organizational readiness to change theory. <i>Implementation Science</i> , 2018, 13, 1.	2.5	212
53	Mental health and reactions to caregiving among next of kin of older people (65+) with multi-morbidity discharged home after hospitalization. <i>Scandinavian Journal of Caring Sciences</i> , 2018, 32, 1458-1467.	1.0	8
54	Fall-risk-increasing drugs and falls requiring health care among older people with intellectual disability in comparison with the general population: A register study. <i>PLoS ONE</i> , 2018, 13, e0199218.	1.1	11

#	ARTICLE	IF	CITATIONS
55	Patterns of Somatic Diagnoses in Older People with Intellectual Disability: A Swedish Eleven Year Caseâ€“Control Study of Inpatient Data. <i>Journal of Applied Research in Intellectual Disabilities</i> , 2017, 30, 157-171.	1.3	27
56	Use of antipsychotics, benzodiazepine derivatives, and dementia medication among older people with intellectual disability and/or autism spectrum disorder and dementia. <i>Research in Developmental Disabilities</i> , 2017, 62, 50-57.	1.2	22
57	A qualitative study of cognitive behavioural therapy in multiple sclerosis: experiences of psychotherapists. <i>International Journal of Qualitative Studies on Health and Well-being</i> , 2017, 12, 1325673.	0.6	2
58	Psychometric evaluation of the Chinese version of the Person-centred Climate Questionnaire - Staff version (PCQ-S). <i>BMJ Open</i> , 2017, 7, e017250.	0.8	10
59	Gender differences in psychiatric diagnoses in older people with intellectual disability: a register study. <i>BMC Psychiatry</i> , 2017, 17, 192.	1.1	14
60	Patientsâ€™ Satisfaction with Lower-limb Prosthetic and Orthotic Devices and Service delivery in Sierra Leone and Malawi. <i>BMC Health Services Research</i> , 2017, 17, 102.	0.9	18
61	Prescription of potentially inappropriate medications among older people with intellectual disability: a register study. <i>BMC Pharmacology &amp; Toxicology</i> , 2017, 18, 68.	1.0	25
62	Chronic Respiratory Disorders and Their Treatment among Older People with Intellectual Disability and/or Autism Spectrum Disorder in Comparison with the General Population. <i>Healthcare (Switzerland)</i> , 2017, 5, 40.	1.0	11
63	Healthy Ageing in People with Intellectual Disabilities from Managersâ€™ Perspective: A Qualitative Study. <i>Healthcare (Switzerland)</i> , 2017, 5, 45.	1.0	17
64	Is Obesity More Than a Double Burden among People with Mobility Disability? The Effect of Obesity on HRQoL and Participation in Society. <i>Healthcare (Switzerland)</i> , 2017, 5, 79.	1.0	1
