

Fiona Webster

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/5898104/fiona-webster-publications-by-year.pdf>
Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

103 papers	1,595 citations	24 h-index	34 g-index
108 ext. papers	2,013 ext. citations	3.3 avg, IF	4.9 L-index

#	Paper	IF	Citations
103	Advancing the Impact of Critical Qualitative Research on Policy, Practice, and Science. <i>International Journal of Qualitative Methods, The</i> , 2022 , 21, 160940692210769	3.3	0
102	Frequency and characteristics of patient exclusion criteria in Canadian multidisciplinary pain treatment facilities: a cross-sectional study.. <i>Canadian Journal of Anaesthesia</i> , 2022 , 1	3	0
101	A Foucauldian discourse analysis of media reporting on the nurse-as-hero during COVID-19. <i>Nursing Inquiry</i> , 2021 , e12471	2.2	3
100	Experiences of family of individuals in a locked in, minimally conscious state, or vegetative state with the health care system. <i>Brain Injury</i> , 2021 , 35, 8-14	2.1	3
99	More than words: methods to elicit talk in interviews. <i>Family Practice</i> , 2021 , 38, 545-547	1.9	1
98	When all else fails: The (mis)use of qualitative research in the evaluation of complex interventions. <i>Journal of Evaluation in Clinical Practice</i> , 2021 , 27, 264-271	2.5	0
97	Understanding decisions to scale up: a qualitative case study of three health service intervention evaluations. <i>Journal of Health Services Research and Policy</i> , 2021 , 26, 37-45	2.4	0
96	The multiplicity of caregiving burden: a qualitative analysis of families with prolonged disorders of consciousness. <i>Brain Injury</i> , 2021 , 35, 200-208	2.1	6
95	Taking a Stand to Remedy the Inadequacies of Action on Health Equity Exposed by COVID-19. <i>Canadian Journal of Nursing Leadership</i> , 2021 , 34, 20-29	1	
94	Caregiver reactions to neuroimaging evidence of covert consciousness in patients with severe brain injury: a qualitative interview study. <i>BMC Medical Ethics</i> , 2021 , 22, 105	2.9	1
93	Are quality improvement plans perceived to improve the quality of primary care in Ontario? Qualitative study. <i>Canadian Family Physician</i> , 2021 , 67, 759-766	0.9	0
92	Resisting governance and the production of trust in early psychosis intervention. <i>Social Science and Medicine</i> , 2020 , 253, 112948	5.1	3
91	The Social Organization of Best Practice 2020 ,		3
90	How Ineffective Interprofessional Collaboration Affects Delivery of Breast Reconstruction to Breast Cancer Patients: A Qualitative Study. <i>Annals of Surgical Oncology</i> , 2020 , 27, 2299-2310	3.1	0
89	A critical content analysis of media reporting on opioids: The social construction of an epidemic. <i>Social Science and Medicine</i> , 2020 , 244, 112642	5.1	32
88	Cross-sectional analysis of bibliometrics and altmetrics: comparing the impact of qualitative and quantitative articles in the. <i>BMJ Open</i> , 2020 , 10, e040950	3	4
87	An Exploratory Analysis of Spine Patients' Preoperative Concerns and Decision-making Process: Does What Surgeons Say Matter?. <i>Spine</i> , 2020 , 45, 1067-1072	3.3	2

86	Health care providers' experiences and perceptions participating in a chronic pain telementoring education program: A qualitative study. <i>Canadian Journal of Pain</i> , 2020 , 4, 111-121	1.5	2
85	Qualitative research and pain: Current controversies and future directions. <i>Canadian Journal of Pain</i> , 2020 , 4, 1-5	1.5	2
84	Conducting ethnography in primary care. <i>Family Practice</i> , 2019 , 36, 523-525	1.9	4
83	An ethnography of chronic pain management in primary care: The social organization of physicians' work in the midst of the opioid crisis. <i>PLoS ONE</i> , 2019 , 14, e0215148	3.7	23
82	Physical Activity Intervention in Primary Care and Rheumatology for the Management of Knee Osteoarthritis: A Review. <i>Arthritis Care and Research</i> , 2019 , 71, 189-197	4.7	5
81	Using Twitter to recruit participants for health research: An example from a caregiving study. <i>Health Informatics Journal</i> , 2019 , 25, 1485-1497	3	12
80	Doing Science Differently: A Framework for Assessing the Careers of Qualitative Scholars in the Health Sciences. <i>International Journal of Qualitative Methods</i> , 2019 , 18, 160940691983867	3.3	4
79	The mismeasurement of complexity: provider narratives of patients with complex needs in primary care settings. <i>International Journal for Equity in Health</i> , 2019 , 18, 107	4.6	10
78	How patient acceptability affects access to breast reconstruction: a qualitative study. <i>BMJ Open</i> , 2019 , 9, e029048	3	2
77	Barriers of Access to Breast Reconstruction: A Systematic Review. <i>Plastic and Reconstructive Surgery</i> , 2019 , 143, 465e-476e	2.7	21
76	Disruption or innovation? A qualitative descriptive study on the use of electronic patient-physician communication in patients with advanced cancer. <i>Supportive Care in Cancer</i> , 2018 , 26, 2785-2792	3.9	11
75	A realist evaluation of value-based care delivery in home care: The influence of actors, autonomy and accountability. <i>Social Science and Medicine</i> , 2018 , 206, 100-109	5.1	12
74	Changing the Conversation: Diabetes Management in Adults With Severe Mental Illnesses and Type 2 Diabetes. <i>Canadian Journal of Diabetes</i> , 2018 , 42, 595-602	2.1	8
73	Long-term experiences of pain after a fragility fracture. <i>Osteoporosis International</i> , 2018 , 29, 1093-1104	5.3	14
72	Physicians' accounts of frontline tensions when implementing pilot projects to improve primary care. <i>Journal of Health Organization and Management</i> , 2018 , 32, 39-55	1.9	4
71	How does peer similarity influence adult children caregivers' perceptions of support from peers? A mixed-method study. <i>Ageing and Society</i> , 2018 , 38, 2280-2303	1.7	3
70	Medical Trainees' Experiences of Treating People With Chronic Pain: A Lost Opportunity for Medical Education. <i>Academic Medicine</i> , 2018 , 93, 775-780	3.9	10
69	A prospective cohort study examining medical and social factors associated with engagement in life activities following total hip replacement. <i>Osteoarthritis and Cartilage</i> , 2017 , 25, 1032-1039	6.2	3

68	Awaiting knee joint replacement surgery: An occupational perspective on the experience of osteoarthritis. <i>Journal of Occupational Science</i> , 2017 , 24, 216-224	1	6
67	From Opiophobia to Overprescribing: A Critical Scoping Review of Medical Education Training for Chronic Pain. <i>Pain Medicine</i> , 2017 , 18, 1467-1475	2.8	28
66	Blurring the boundaries: using institutional ethnography to inquire into health professions education and practice. <i>Medical Education</i> , 2017 , 51, 51-60	3.7	14
65	A qualitative study of patient education needs for hip and knee replacement. <i>BMC Musculoskeletal Disorders</i> , 2017 , 18, 413	2.8	29
64	Challenges and insights in implementing coordinated care between oncology and primary care providers: a Canadian perspective. <i>Current Oncology</i> , 2017 , 24, 120-123	2.8	13
63	The role of family physicians in cancer care: perspectives of primary and specialty care providers. <i>Current Oncology</i> , 2017 , 24, 75-80	2.8	37
62	Does the person's context influence engagement in life activities following primary knee replacement? Results from a Canadian prospective cohort study. <i>BMJ Open</i> , 2017 , 7, e015737	3	
61	Care interrupted: Poverty, in-migration, and primary care in rural resource towns. <i>Social Science and Medicine</i> , 2017 , 191, 77-83	5.1	7
60	Disruption or innovation? A qualitative study on the use of electronic patient-physician communication in patients with advanced cancer.. <i>Journal of Clinical Oncology</i> , 2017 , 35, 64-64	2.2	
59	Impact of psychological characteristics in self-management in individuals with traumatic spinal cord injury. <i>Spinal Cord</i> , 2016 , 54, 29-33	2.7	32
58	Building Bridges to Integrate Care (BRIDGES): Incubating Health Service Innovation across the Continuum of Care for Patients with Multiple Chronic Conditions. <i>Healthcare Quarterly</i> , 2016 , 19, 60-66		5
57	The ethics of future trials: qualitative analysis of physicians' decision making. <i>Trials</i> , 2016 , 17, 12	2.8	1
56	Women in academic surgery: why is the playing field still not level?. <i>American Journal of Surgery</i> , 2016 , 211, 343-9	2.7	97
55	Patient-mediated knowledge translation (PKT) interventions for clinical encounters: a systematic review. <i>Implementation Science</i> , 2016 , 11, 26	8.4	51
54	Coordination of cancer care between family physicians and cancer specialists: Importance of communication. <i>Canadian Family Physician</i> , 2016 , 62, e608-e615	0.9	29
53	Documenting coordination of cancer care between primary care providers and oncology specialists in Canada. <i>Canadian Family Physician</i> , 2016 , 62, e616-e625	0.9	9
52	How to Make Feedback More Effective? Qualitative Findings from Pilot Testing of an Audit and Feedback Report for Endoscopists. <i>Canadian Journal of Gastroenterology and Hepatology</i> , 2016 , 2016, 4983790	2.8	3
51	The BMJ should not narrowly confine publication to positivist quantitative studies. <i>BMJ, The</i> , 2016 , 352, i1490	5.9	4

50	Interventions to improve care coordination between primary healthcare and oncology care providers: a systematic review. <i>ESMO Open</i> , 2016 , 1, e000077	6	29
49	Meaning of self-management from the perspective of individuals with traumatic spinal cord injury, their caregivers, and acute care and rehabilitation managers: an opportunity for improved care delivery. <i>BMC Neurology</i> , 2016 , 16, 11	3.1	24
48	Adult children caregivers' experiences with online and in-person peer support. <i>Computers in Human Behavior</i> , 2016 , 65, 14-22	7.7	6
47	The erasure of gender in academic surgery: a qualitative study. <i>American Journal of Surgery</i> , 2016 , 212, 559-565	2.7	40
46	Adapting Knowledge Translation Strategies for Rare Rheumatic Diseases. <i>Journal of Rheumatology</i> , 2016 , 43, 1462-8	4.1	4
45	Examining the teaching roles and experiences of non-physician health care providers in family medicine education: a qualitative study. <i>BMC Medical Education</i> , 2015 , 15, 15	3.3	2
44	A scoping review of medical education research in family medicine. <i>BMC Medical Education</i> , 2015 , 15, 79	3.3	21
43	Designing a knowledge translation mentorship program to support the implementation of evidence-based innovations. <i>BMC Health Services Research</i> , 2015 , 15, 198	2.9	18
42	Ontario's emergency department process improvement program: the experience of implementation. <i>Academic Emergency Medicine</i> , 2015 , 22, 720-9	3.4	18
41	Capturing the experiences of patients across multiple complex interventions: a meta-qualitative approach. <i>BMJ Open</i> , 2015 , 5, e007664	3	15
40	Exploring lesbian, gay, bisexual, and queer (LGBQ) people's experiences with disclosure of sexual identity to primary care physicians: a qualitative study. <i>BMC Family Practice</i> , 2015 , 16, 175	2.6	39
39	An institutional ethnography of chronic pain management in family medicine (COPE) study protocol. <i>BMC Health Services Research</i> , 2015 , 15, 494	2.9	10
38	Understanding why people do or do not engage in activities following total joint replacement: a longitudinal qualitative study. <i>Osteoarthritis and Cartilage</i> , 2015 , 23, 860-7	6.2	33
37	Failure to cope: the hidden curriculum of emergency department wait times and the implications for clinical training. <i>Academic Medicine</i> , 2015 , 90, 56-62	3.9	35
36	Development and Validation of a Set of Palliative Medicine Entrustable Professional Activities: Findings from a Mixed Methods Study. <i>Journal of Palliative Medicine</i> , 2015 , 18, 682-90	2.2	19
35	Are family medicine residents adequately trained to deliver palliative care?. <i>Canadian Family Physician</i> , 2015 , 61, e577-82	0.9	11
34	Comparison of four methods for assessing the importance of attitudinal beliefs: an international Delphi study in intensive care settings. <i>British Journal of Health Psychology</i> , 2014 , 19, 274-91	8.3	12
33	Ethics of neuroimaging after serious brain injury. <i>BMC Medical Ethics</i> , 2014 , 15, 41	2.9	13

32	Improving access to emergent spinal care through knowledge translation: an ethnographic study. <i>BMC Health Services Research</i> , 2014 , 14, 169	2.9	1
31	Patients' perceptions of navigating "the system" for arthritis management: are they able to follow our recommendations?. <i>Physiotherapy Canada Physiotherapie Canada</i> , 2014 , 66, 264-71	0.8	6
30	Patients' Perceptions of Joint Replacement Care in a Changing Healthcare System: A Qualitative Study. <i>Healthcare Policy</i> , 2014 , 9, 55-66	1.1	2
29	How does context influence collaborative decision-making for health services planning, delivery and evaluation?. <i>BMC Health Services Research</i> , 2014 , 14, 545	2.9	31
28	Exploring mentorship as a strategy to build capacity for knowledge translation research and practice: a scoping systematic review. <i>Implementation Science</i> , 2014 , 9, 122	8.4	30
27	Views of people with traumatic spinal cord injury about the components of self-management programs and program delivery: a Canadian pilot study. <i>BMC Neurology</i> , 2014 , 14, 209	3.1	25
26	'I think we should just listen and get out': a qualitative exploration of views and experiences of Patient Safety Walkrounds. <i>BMJ Quality and Safety</i> , 2014 , 23, 823-9	5.4	12
25	Compassionate care? A critical discourse analysis of accreditation standards. <i>Medical Education</i> , 2014 , 48, 632-43	3.7	22
24	Perceived facilitators and barriers to self-management in individuals with traumatic spinal cord injury: a qualitative descriptive study. <i>BMC Neurology</i> , 2014 , 14, 48	3.1	58
23	Qualitative research publication rates in top-ranked nursing journals: 2002-2011. <i>Nursing Research</i> , 2014 , 63, 221-7	1.9	3
22	The views of health care professionals about selective decontamination of the digestive tract: an international, theoretically informed interview study. <i>Journal of Critical Care</i> , 2014 , 29, 634-40	4	13
21	Non-pharmacological strategies used by patients at high risk for future fracture to manage fracture risk--a qualitative study. <i>Osteoporosis International</i> , 2014 , 25, 281-8	5.3	18
20	Patients' perceptions of joint replacement care in a changing healthcare system: a qualitative study. <i>Healthcare Policy</i> , 2014 , 9, 55-66	1.1	10
19	Impact of quality improvement strategies on the quality of life and well-being of individuals with spinal cord injury: a systematic review protocol. <i>Systematic Reviews</i> , 2013 , 2, 14	3	15
18	It's all about gender, or is it?. <i>Medical Education</i> , 2013 , 47, 538-40	3.7	12
17	Where is the patient in models of patient-centred care: a grounded theory study of total joint replacement patients. <i>BMC Health Services Research</i> , 2013 , 13, 531	2.9	16
16	The conceit of curriculum. <i>Medical Education</i> , 2012 , 46, 534-6	3.7	15
15	Will Mobile Diabetes Education Teams (MDETs) in primary care improve patient care processes and health outcomes? Study protocol for a randomized controlled trial. <i>Trials</i> , 2012 , 13, 165	2.8	7

14	The impact of a hospitalist on role boundaries in an orthopedic environment. <i>Journal of Multidisciplinary Healthcare</i> , 2012 , 5, 249-56	2.8	7
13	Surgical fellowship training in Canada: what is its current status and is improvement required?. <i>Canadian Journal of Surgery</i> , 2012 , 55, 58-65	2	11
12	Older adults' postoperative pain medication usage after total knee arthroplasty: a qualitative descriptive study. <i>Journal of Opioid Management</i> , 2012 , 8, 145-52	0.8	12
11	Moving balance and mobility evidence in to action: a primer in knowledge translation. <i>Gait and Posture</i> , 2011 , 33, 527-31	2.6	6
10	Patient experiences as knowledge for the evidence base: a qualitative approach to understanding patient experiences regarding the use of regional anesthesia for hip and knee arthroplasty. <i>Regional Anesthesia and Pain Medicine</i> , 2011 , 36, 461-5	3.4	12
9	Protocol: developing a conceptual framework of patient mediated knowledge translation, systematic review using a realist approach. <i>Implementation Science</i> , 2011 , 6, 25	8.4	12
8	Organized outpatient care: stroke prevention clinic referrals are associated with reduced mortality after transient ischemic attack and ischemic stroke. <i>Stroke</i> , 2011 , 42, 3176-82	6.7	40
7	Patients' perceptions of individualized care: evaluating psychometric properties and results of the individualized care scale. <i>Canadian Journal of Nursing Research</i> , 2011 , 43, 80-100	1.5	30
6	Exploring mentorship as a strategy to build capacity for knowledge translation research and practice: protocol for a qualitative study. <i>Implementation Science</i> , 2009 , 4, 55	8.4	33
5	Stroke care in long-term care facilities in southwestern Ontario. <i>Topics in Stroke Rehabilitation</i> , 2006 , 13, 97-108	2.6	7
4	Optimizing discharge planning: clinical predictors of longer stay after recombinant tissue plasminogen activator for acute stroke. <i>Stroke</i> , 2005 , 36, 147-50	6.7	26
3	Predictors of major neurologic improvement after thrombolysis in acute stroke. <i>Neurology</i> , 2005 , 65, 1169-74	6.5	118
2	Lack of improvement in patients with acute stroke after treatment with thrombolytic therapy: predictors and association with outcome. <i>JAMA - Journal of the American Medical Association</i> , 2004 , 292, 1839-44	27.4	49
1	Do Bodies Matter? Sex, Gender and Politics. <i>Australian Feminist Studies</i> , 2002 , 17, 191-205	0.8	5
