#	Paper	IF	Citations
90	Compulsive exercise and eating disorders. <i>European Eating Disorders Review</i> , 2011 , 19, 174-89	5.3	207
89	Maternal and paternal controlling feeding practices with male and female children. <i>Appetite</i> , 2006 , 47, 212-9	4.5	174
88	Parental influences on children's eating behaviour and characteristics of successful parent-focussed interventions. <i>Appetite</i> , 2013 , 60, 85-94	4.5	150
87	Inducing preschool children's emotional eating: relations with parental feeding practices. <i>American Journal of Clinical Nutrition</i> , 2010 , 92, 359-65	7	142
86	Are parenting style and controlling feeding practices related?. <i>Appetite</i> , 2008 , 50, 477-85	4.5	135
85	Maternal and paternal controlling feeding practices: reliability and relationships with BMI. <i>Obesity</i> , 2008 , 16, 1552-8	8	121
84	Body dissatisfaction and disordered eating in trans people: A systematic review of the literature. <i>International Review of Psychiatry</i> , 2016 , 28, 81-94	3.6	120
83	'Why don't you try it again?' A comparison of parent led, home based interventions aimed at increasing children's consumption of a disliked vegetable. <i>Appetite</i> , 2015 , 87, 215-22	4.5	94
82	Sport and Transgender People: A Systematic Review of the Literature Relating to Sport Participation and Competitive Sport Policies. <i>Sports Medicine</i> , 2017 , 47, 701-716	10.6	90
81	Relationships between temperament and eating behaviours in young children. <i>Appetite</i> , 2011 , 56, 689-92	4.5	89
80	Predictors of paternal and maternal controlling feeding practices with 2- to 5-year-old children. <i>Journal of Nutrition Education and Behavior</i> , 2012 , 44, 390-7	2	85
79	Teaching our children when to eat: how parental feeding practices inform the development of emotional eating—a longitudinal experimental design. <i>American Journal of Clinical Nutrition</i> , 2015 , 101, 908-13	7	74
78	Sedentary behaviour across the primary-secondary school transition: A systematic review. <i>Preventive Medicine</i> , 2017 , 94, 40-47	4.3	63
77	Eating disorder examination questionnaire: factor structure for adolescent girls and boys. <i>International Journal of Eating Disorders</i> , 2014 , 47, 99-104	6.3	63
76	A Systematic Review of Methods for Increasing Vegetable Consumption in Early Childhood. <i>Current Nutrition Reports</i> , 2017 , 6, 157-170	6	55
75	Sociocultural correlates of compulsive exercise: is the environment important in fostering a compulsivity towards exercise among adolescents?. <i>Body Image</i> , 2011 , 8, 390-5	7.4	51
74	Development of the Parental Modelling of Eating Behaviours Scale (PARM): links with food intake among children and their mothers. <i>Maternal and Child Nutrition</i> , 2014 , 10, 617-29	3.4	49

73	Nurturing Children's Healthy Eating: Position statement. <i>Appetite</i> , 2019 , 137, 124-133	4.5	46
72	Controlling feeding practices and psychopathology in a non-clinical sample of mothers and fathers. <i>Eating Behaviors</i> , 2008 , 9, 484-92	3	45
71	Parental eating disorder symptoms and observations of mealtime interactions with children. <i>Journal of Psychosomatic Research</i> , 2011 , 70, 368-71	4.1	44
70	Individual, behavioural and home environmental factors associated with eating behaviours in young adolescents. <i>Appetite</i> , 2017 , 112, 35-43	4.5	43
69	Maternal mental health and child feeding problems in a non-clinical group. <i>Eating Behaviors</i> , 2007 , 8, 311-8	3	43
68	Psychometric evaluation of the compulsive exercise test (CET) in an adolescent population: links with eating psychopathology. <i>European Eating Disorders Review</i> , 2011 , 19, 269-79	5.3	41
67	Does child weight influence how mothers report their feeding practices?. <i>Pediatric Obesity</i> , 2011 , 6, 306-13		39
66	Barriers and facilitators of physical activity and sport participation among young transgender adults who are medically transitioning. <i>International Journal of Transgenderism</i> , 2017 , 18, 227-238	6.3	37
65	Reported and observed controlling feeding practices predict child eating behavior after 12 months. <i>Journal of Nutrition</i> , 2015 , 145, 1311-6	4.1	37
64	Caregiver Influences on Eating Behaviors in Young Children: A Scientific Statement From the American Heart Association. <i>Journal of the American Heart Association</i> , 2020 , 9, e014520	6	37
63	Compulsive exercise: the role of personality, psychological morbidity, and disordered eating. <i>International Journal of Eating Disorders</i> , 2011 , 44, 655-60	6.3	35
62	Protecting threatened identity: sticking with the group by emphasizing ingroup heterogeneity. <i>Personality and Social Psychology Bulletin</i> , 2006 , 32, 1620-32	4.1	34
61	Maternal symptoms of depression are related to observations of controlling feeding practices in mothers of young children. <i>Journal of Family Psychology</i> , 2013 , 27, 159-64	2.7	32
60	Parental modelling of eating behaviours: observational validation of the Parental Modelling of Eating Behaviours scale (PARM). <i>Appetite</i> , 2015 , 86, 31-7	4.5	28
59	Risk Factors for Eating Disorder Psychopathology within the Treatment Seeking Transgender Population: The Role of Cross-Sex Hormone Treatment. <i>European Eating Disorders Review</i> , 2018 , 26, 120-128	5.3	26
58	Maternal feeding practices and children's eating behaviours: A comparison of mothers with healthy weight versus overweight/obesity. <i>Appetite</i> , 2017 , 116, 395-400	4.5	25
57	Eating disorder symptoms and parenting styles. <i>Appetite</i> , 2010 , 54, 221-4	4.5	25
56	The Gender Congruence and Life Satisfaction Scale (GCLS): Development and validation of a scale to measure outcomes from transgender health services. <i>International Journal of Transgenderism</i> , 2019 , 20, 63-80	6.3	25

55	Peer and Friend Influences on Children's Eating. <i>Social Development</i> , 2014 , 23, 19-40	2.4	24
54	Gender congruence and body satisfaction in nonbinary transgender people: A case control study. <i>International Journal of Transgenderism</i> , 2019 , 20, 263-274	6.3	24
53	Perceptions of parental pressure to eat and eating behaviours in preadolescents: the mediating role of anxiety. <i>Appetite</i> , 2014 , 80, 61-9	4.5	21
52	Psychological risk factors for compulsive exercise: A longitudinal investigation of adolescent boys and girls. <i>Personality and Individual Differences</i> , 2014 , 68, 83-86	3.3	20
51	Disordered Eating, Compulsive Exercise, and Sport Participation in a UK Adolescent Sample. <i>European Eating Disorders Review</i> , 2016 , 24, 304-9	5.3	20
50	Predictors of Positive Treatment Outcome in People With Anorexia Nervosa Treated in a Specialized Inpatient Unit: The Role of Early Response to Treatment. <i>European Eating Disorders Review</i> , 2016 , 24, 417-24	5.3	20
49	The relationship between compulsive exercise and emotion regulation in adolescents. <i>British Journal of Health Psychology</i> , 2012 , 17, 699-710	8.3	19
48	Mental health and quality of life in non-binary transgender adults: a case control study. <i>International Journal of Transgenderism</i> , 2019 , 20, 251-262	6.3	18
47	The importance of mealtime structure for reducing child food fussiness. <i>Maternal and Child Nutrition</i> , 2017 , 13,	3.4	17
46	Teammate influences on the eating attitudes and behaviours of athletes: A systematic review. <i>Psychology of Sport and Exercise</i> , 2019 , 43, 183-194	4.2	17
45	Adolescents' level of eating psychopathology is related to perceptions of their parents' current feeding practices. <i>Journal of Adolescent Health</i> , 2014 , 54, 204-8	5.8	17
44	Investigating the role of parent and child characteristics in healthy eating intervention outcomes. <i>Appetite</i> , 2016 , 105, 291-7	4.5	14
43	Family mealtimes and eating psychopathology: the role of anxiety and depression among adolescent girls and boys. <i>Appetite</i> , 2014 , 75, 173-9	4.5	14
42	The role of parenting in the relationship between childhood eating problems and broader behaviour problems. <i>Child: Care, Health and Development</i> , 2011 , 37, 642-8	2.8	14
41	Similarities between eating attitudes among friendship groups in childhood: the moderating role of child anxiety. <i>Journal of Pediatric Psychology</i> , 2011 , 36, 1144-52	3.2	14
40	The Stability and Continuity of Maternally Reported and Observed Child Eating Behaviours and Feeding Practices across Early Childhood. <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	13
39	Observing Maternal Restriction of Food with 3?5-Year-Old Children: Relationships with Temperament and Later Body Mass Index (BMI). <i>International Journal of Environmental Research and Public Health</i> , 2018 , 15,	4.6	13
38	Emotion regulation styles as longitudinal predictors of compulsive exercise: a twelve month prospective study. <i>Journal of Adolescence</i> , 2014 , 37, 1399-404	3.4	13

37	Using repeated visual exposure, rewards and modelling in a mobile application to increase vegetable acceptance in children. <i>Appetite</i> , 2019 , 141, 104327	4.5	12
36	If at first you don't succeed: Assessing influences associated with mothers' reoffering of vegetables to preschool age children. <i>Appetite</i> , 2018 , 123, 249-255	4.5	12
35	Sociocultural risk factors for compulsive exercise: a prospective study of adolescents. <i>European Eating Disorders Review</i> , 2014 , 22, 360-5	5.3	12
34	How do parents of adolescent patients with anorexia nervosa interact with their child at mealtimes? A study of parental strategies used in the family meal session of family-based treatment. <i>International Journal of Eating Disorders</i> , 2015 , 48, 72-80	6.3	11
33	Body Shape and Weight Loss as Motivators for Breastfeeding Initiation and Continuation. <i>International Journal of Environmental Research and Public Health</i> , 2017 , 14,	4.6	11
32	Predicting children's fussiness with vegetables: The role of feeding practices. <i>Maternal and Child Nutrition</i> , 2018 , 14,	3.4	11
31	Investigating offering of vegetables by caregivers of preschool age children. <i>Child: Care, Health and Development</i> , 2017 , 43, 240-249	2.8	11
30	Development of the Mealtime Emotions Measure for adolescents (MEM-A): gender differences in emotional responses to family mealtimes and eating psychopathology. <i>Appetite</i> , 2015 , 85, 76-83	4.5	10
29	The Family Mealtime Observation Study (FaMOS): Exploring the Role of Family Functioning in the Association between Mothers' and Fathers' Food Parenting Practices and Children's Nutrition Risk. <i>Nutrients</i> , 2019 , 11,	6.7	9
28	Unintentional role models: links between maternal eating psychopathology and the modelling of eating behaviours. <i>European Eating Disorders Review</i> , 2013 , 21, 195-201	5.3	9
27	The role of parents' romantic relationship warmth and hostility in child feeding practices and children's eating behaviours. <i>Maternal and Child Nutrition</i> , 2010 , 6, 266-74	3.4	9
26	Unpacking the relationships between positive feeding practices and children's eating behaviours: The moderating role of child temperament. <i>Appetite</i> , 2020 , 147, 104548	4.5	9
25	Teammate influences and relationship quality are associated with eating and exercise psychopathology in athletes. <i>Appetite</i> , 2019 , 143, 104404	4.5	8
24	Parental body dissatisfaction and controlling child feeding practices: A prospective study of Australian parent-child dyads. <i>Eating Behaviors</i> , 2019 , 32, 1-6	3	8
23	Nature and efficacy of interventions addressing eating psychopathology in athletes: A systematic review of randomised and nonrandomised trials. <i>European Eating Disorders Review</i> , 2020 , 28, 105-121	5.3	8
22	Maternal body dissatisfaction in pregnancy, postpartum and early parenting: An overlooked factor implicated in maternal and childhood obesity risk. <i>Appetite</i> , 2020 , 147, 104525	4.5	7
21	Family mealtime negativity and adolescent binge-eating: A replication and extension study in a community sample. <i>Eating Behaviors</i> , 2019 , 34, 101306	3	6
20	Screen-time during the after-school period: A contextual perspective. <i>Preventive Medicine Reports</i> , 2020 , 19, 101116	2.6	6

19	Teammate influences, psychological well-being, and athletes' eating and exercise psychopathology: A moderated mediation analysis. <i>International Journal of Eating Disorders</i> , 2020 , 53, 564-573	6.3	6
18	Milk Feeding, Solid Feeding, and Obesity Risk: A Review of the Relationships Between Early Life Feeding Practices and Later Adiposity. <i>Current Obesity Reports</i> , 2013 , 2, 58-64	8.4	6
17	Mental health symptoms are related to mothers' use of controlling and responsive child feeding practices: A replication and extension study. <i>Appetite</i> , 2020 , 147, 104523	4.5	6
16	Parental strategies used in the family meal session of family-based treatment for adolescent anorexia nervosa: Links with treatment outcomes. <i>International Journal of Eating Disorders</i> , 2017 , 50, 433-436	6.3	5
15	Relationships between observations and parental reports of 3-5 year old children's emotional eating using the Children's Eating Behaviour Questionnaire. <i>Appetite</i> , 2019 , 141, 104323	4.5	5
14	Eating Behaviours of Preadolescent Children over Time: Stability, Continuity and the Moderating Role of Perceived Parental Feeding Practices. <i>International Journal of Environmental Research and Public Health</i> , 2016 , 13, 437	4.6	5
13	Improving nutritional status among urban poor children in sub-Saharan Africa: An evidence-informed Delphi-based consultation. <i>Maternal and Child Nutrition</i> , 2021 , 17, e13099	3.4	4
12	Support for athletes with eating psychopathology symptoms: Exploring the views of athletes, coaches and sport practitioners. <i>Journal of Applied Sport Psychology</i> , 1-23	2	4
11	Disturbance at the dinner table: Exploring mothers' experiences of mealtimes when caring for their son or daughter with anorexia nervosa. <i>Journal of Health Psychology</i> , 2020 , 1359105320904756	3.1	3
10	Opportunities and Challenges Arising from Holiday Clubs Tackling Children's Hunger in the UK: Pilot Club Leader Perspectives. <i>Nutrients</i> , 2019 , 11,	6.7	3
9	Dishing on dinner: a life course approach to understanding the family meal context among families with preschoolers. <i>Public Health Nutrition</i> , 2021 , 24, 1338-1348	3.3	3
8	Evaluating a motivational and psycho-educational self-help intervention for athletes with mild eating disorder symptoms: A mixed methods feasibility study.. <i>European Eating Disorders Review</i> , 2022 ,	5.3	3
7	Authors' Reply to Richardson and Chen: Comment on "Sport and Transgender People: A Systematic Review of the Literature Relating to Sport Participation and Competitive Sport Policies". <i>Sports Medicine</i> , 2020 , 50, 1861-1862	10.6	2
6	Mothers' perceptions of self-efficacy and satisfaction with parenting are related to their use of controlling and positive food parenting practices. <i>Maternal and Child Nutrition</i> , 2021 , e13272	3.4	1
5	Activity-related parenting practices: development of the Parenting Related to Activity Measure (PRAM) and links with mothers' eating psychopathology and compulsive exercise beliefs. <i>European Eating Disorders Review</i> , 2015 , 23, 51-61	5.3	0
4	Sociocultural Influences on Compulsive Exercise in Young People: A Systematic Review. <i>Adolescent Research Review</i> , 1	4	0
3	Family mealtime emotions and food parenting practices among mothers of young children: Development of the Mealtime Emotions Measure for Parents (MEM-P).. <i>Maternal and Child Nutrition</i> , 2022 , e13346	3.4	0
2	The Indirect Effect of Family Cohesion on Children's Weight Status Through Maternal Quality of Life and Children's Internalizing and Externalizing Symptoms. <i>Child and Youth Care Forum</i> , 2017 , 46, 877-894	3.4	0

- 1 Predicting preschool children's emotional eating: The role of parents' emotional eating, feeding practices and child temperament.. *Maternal and Child Nutrition*, **2022**, e13341 3.4
