#	ARTICLE	IF	CITATIONS
1	Barriers and enablers to influenza vaccination uptake in adults with chronic respiratory conditions: applying the behaviour change wheel to specify multi-levelled tailored intervention content. <i>Psychology and Health</i> , 2023, 38, 147-166.	1.2	12
2	The immune self, hygiene and performative virtue in general public narratives on antibiotics and antimicrobial resistance. <i>Health (United Kingdom)</i> , 2023, 27, 491-507.	0.9	4
3	Integrating and producing evidence through participatory design. <i>CoDesign</i> , 2023, 19, 110-127.	1.4	1
4	Mass media and communication interventions to increase HIV testing among gay and other men who have sex with men: Social marketing and visual design component analysis. <i>Health (United Kingdom)</i> , 2022, 26, 338-360.	0.9	4
5	Understanding and responding to remote mental health help-seeking by gay, bisexual and other men who have sex with men (GBMSM) in the U.K. and Republic of Ireland: a mixed-method study conducted in the context of COVID-19. <i>Health Psychology and Behavioral Medicine</i> , 2022, 10, 357-378.	0.8	5
6	Protocol for the COG-UK hospital-onset COVID-19 infection (HOCl) multicentre interventional clinical study: evaluating the efficacy of rapid genome sequencing of SARS-CoV-2 in limiting the spread of COVID-19 in UK NHS hospitals. <i>BMJ Open</i> , 2022, 12, e052514.	0.8	12
7	Using the behaviour change wheel approach to optimize self-sampling packs for sexually transmitted infection and blood borne viruses. <i>British Journal of Health Psychology</i> , 2022, 27, 1382-1397.	1.9	3
8	Sexual health literacy among gay, bisexual and other men who have sex with men: a conceptual framework for future research. <i>Culture, Health and Sexuality</i> , 2021, 23, 207-223.	1.0	26
9	Provider-related barriers and enablers to the provision of hepatitis C treatment by general practitioners in Scotland: A behaviour change analysis. <i>Journal of Viral Hepatitis</i> , 2021, 28, 528-537.	1.0	6
10	A qualitative examination of affect and ideology within mass media interventions to increase HIV testing with gay men garnered from a systematic review. <i>British Journal of Health Psychology</i> , 2021, 26, 132-160.	1.9	3
11	What have we learned about positive changes experienced during COVID-19 lockdown? Evidence of the social patterning of change. <i>PLoS ONE</i> , 2021, 16, e0244873.	1.1	57
12	How can we make self-sampling packs for sexually transmitted infections and bloodborne viruses more inclusive? A qualitative study with people with mild learning disabilities and low health literacy. <i>Sexually Transmitted Infections</i> , 2021, 97, 276-281.	0.8	11
13	Social Patterning and Stability of Intention to Accept a COVID-19 Vaccine in Scotland: Will Those Most at Risk Accept a Vaccine?. <i>Vaccines</i> , 2021, 9, 17.	2.1	73
14	Mental health, potential minority stressors and resilience: evidence from a cross-sectional survey of gay, bisexual and other men who have sex with men within the Celtic nations. <i>BMC Public Health</i> , 2021, 21, 2024.	1.2	5
15	Sharing positive behavior change made during COVID-19 lockdown: A mixed-methods coproduction study.. <i>Health Psychology</i> , 2021, 40, 655-665.	1.3	2
16	An exploration of the experiences and utility of functional electrical stimulation for foot drop in people with multiple sclerosis. <i>Disability and Rehabilitation</i> , 2020, 42, 510-518.	0.9	5
17	How men and women learn about sex: multi-generational perspectives on insufficient preparedness and prevailing gender norms in Scotland. <i>Sex Education</i> , 2020, 20, 441-456.	1.5	8
18	Informing theoretical development of salutogenic, asset-based health improvement to reduce syndemics among gay, bisexual and other men who have sex with men: Empirical evidence from secondary analysis of multi-national, online cross-sectional surveys. <i>SSM - Population Health</i> , 2020, 10, 100519.	1.3	10

#	ARTICLE	IF	CITATIONS
19	Risk perception, safer sex practices and PrEP enthusiasm: barriers and facilitators to oral HIV pre-exposure prophylaxis in Black African and Black Caribbean women in the UK. <i>Sexually Transmitted Infections</i> , 2020, 96, 349-354.	0.8	25
20	Towards intervention development to increase the uptake of COVID-19 vaccination among those at high risk: Outlining evidence-based and theoretically informed future intervention content. <i>British Journal of Health Psychology</i> , 2020, 25, 1039-1054.	1.9	202
21	Changes in Physical Activity, Sitting and Sleep across the COVID-19 National Lockdown Period in Scotland. <i>International Journal of Environmental Research and Public Health</i> , 2020, 17, 9362.	1.2	39
22	Pandemics have psychosocial and sociocultural burdens. <i>Lancet HIV</i> , 2020, 7, e801-e802.	2.1	3
23	A year in the public life of superbugs: News media on antimicrobial resistance and implications for health communications. <i>Social Science and Medicine</i> , 2020, 256, 113032.	1.8	16
24	“Willy nilly” doctors, bad patients, and resistant bodies in general public explanations of antimicrobial resistance. <i>Sociology of Health and Illness</i> , 2020, 42, 1394-1408.	1.1	16
25	Positively Mindful: A Mixed Method Feasibility Study of Mindfulness Meditation for People Living with HIV in the UK. <i>European Journal of Integrative Medicine</i> , 2020, 37, 101088.	0.8	2
26	Scoping review of approaches for improving antimicrobial stewardship in livestock farmers and veterinarians. <i>Preventive Veterinary Medicine</i> , 2020, 180, 105025.	0.7	33
27	Accelerated partner therapy (APT) partner notification for people with <i>Chlamydia trachomatis</i> : protocol for the Limiting Undetected Sexually Transmitted infections to Reduce Morbidity (LUSTRUM) APT cross-over cluster randomised controlled trial. <i>BMJ Open</i> , 2020, 10, e034806.	0.8	18
28	Barriers and enablers to meticillin-resistant <i>Staphylococcus aureus</i> admission screening in hospitals: a mixed-methods study. <i>Journal of Hospital Infection</i> , 2019, 101, 100-108.	1.4	8
29	Imagining Interventions for Collective Sex Environments. <i>Archives of Sexual Behavior</i> , 2019, 48, 35-39.	1.2	3
30	What are mass media interventions made of? Exploring the active content of interventions designed to increase HIV testing in gay men within a systematic review. <i>British Journal of Health Psychology</i> , 2019, 24, 704-737.	1.9	13
31	Evaluating the population impact of hepatitis C direct acting antiviral treatment as prevention for people who inject drugs (EPIToPe) – a natural experiment (protocol). <i>BMJ Open</i> , 2019, 9, e029538.	0.8	30
32	Provision of online HIV-related information to gay, bisexual and other men who have sex with men: a health literacy-informed critical appraisal of Canadian agency websites. <i>Sexual Health</i> , 2019, 16, 39.	0.4	10
33	What are the barriers and challenges faced by adolescents when searching for sexual health information on the internet? Implications for policy and practice from a qualitative study. <i>Sexually Transmitted Infections</i> , 2019, 95, 462-467.	0.8	40
34	Understanding the relationship between pet owners and their companion animals as a key context for antimicrobial resistance-related behaviours: an interpretative phenomenological analysis. <i>Health Psychology and Behavioral Medicine</i> , 2019, 7, 45-61.	0.8	22
35	The Effectiveness of Social Marketing Interventions to Improve HIV Testing Among Gay, Bisexual and Other Men Who Have Sex with Men: A Systematic Review. <i>AIDS and Behavior</i> , 2019, 23, 2273-2303.	1.4	22
36	Navigating HIV citizenship: identities, risks and biological citizenship in the treatment as prevention era. <i>Health, Risk and Society</i> , 2019, 21, 1-16.	0.9	37
