#	Paper	IF	Citations
51	The stepped wedge trial design: a systematic review. <i>BMC Medical Research Methodology</i> , 2006 , 6, 54	4.7	599
50	Antenatal care and perinatal outcomes in Kwale district, Kenya. <i>BMC Pregnancy and Childbirth</i> , 2008 , 8, 2	3.2	56
49	Early-stage valuation of medical devices: the role of developmental uncertainty. <i>Value in Health</i> , 2010 , 13, 585-91	3.3	38
48	Prescribing Safety Assessment 2016: Delivery of a national prescribing assessment to 7343 UK final-year medical students. <i>British Journal of Clinical Pharmacology</i> , 2017 , 83, 2249-2258	3.8	34
47	Evaluating service delivery interventions to enhance patient safety. <i>BMJ, The</i> , 2008 , 337, a2764	5.9	30
46	Cost and Cost-Effectiveness of Donor Human Milk to Prevent Necrotizing Enterocolitis: Systematic Review. <i>Breastfeeding Medicine</i> , 2017 , 12, 528-536	2.1	27
45	Affordability of comprehensive community health worker programmes in rural sub-Saharan Africa. <i>BMJ Global Health</i> , 2017 , 2, e000391	6.6	24
44	Cross sectional study of performance indicators for English Primary Care Trusts: testing construct validity and identifying explanatory variables. <i>BMC Health Services Research</i> , 2006 , 6, 81	2.9	14
43	Comparing single-best-answer and very-short-answer questions for the assessment of applied medical knowledge in 20 UK medical schools: Cross-sectional study. <i>BMJ Open</i> , 2019 , 9, e032550	3	14
42	Evaluating the impact of a community health worker programme on non-communicable disease, malnutrition, tuberculosis, family planning and antenatal care in Neno, Malawi: protocol for a stepped-wedge, cluster randomised controlled trial. <i>BMJ Open</i> , 2018 , 8, e019473	3	11
41	The use of low-cost Android tablets to train community health workers in Mukono, Uganda, in the recognition, treatment and prevention of pneumonia in children under five: a pilot randomised controlled trial. <i>Human Resources for Health</i> , 2018 , 16, 49	4.6	11
40	The prevalence of mild-to-moderate distress in patients with end-stage renal disease: results from a patient survey using the emotion thermometers in four hospital Trusts in the West Midlands, UK. <i>BMJ Open</i> , 2019 , 9, e027982	3	10
39	The Primary-Secondary Care Partnership to Improve Outcomes in Chronic Kidney Disease (PSP-CKD) Study: A Cluster Randomized Trial in Primary Care. <i>Journal of the American Society of Nephrology: JASN</i> , 2019 , 30, 1261-1270	12.7	10
38	Integrating emotional and psychological support into the end-stage renal disease pathway: a protocol for mixed methods research to identify patients' lower-level support needs and how these can most effectively be addressed. <i>BMC Nephrology</i> , 2016 , 17, 111	2.7	10
37	Effectiveness of percutaneous vesico-amniotic shunting in congenital lower urinary tract obstruction: divergence in prior beliefs among specialist groups. <i>European Journal of Obstetrics, Gynecology and Reproductive Biology</i> , 2010 , 152, 25-9	2.4	10
36	A qualitative study of medical school choice in the UK. <i>Medical Teacher</i> , 2007 , 29, 27-32	3	10
35	Variation in passing standards for graduation-level knowledge items at UK medical schools. <i>Medical Education</i> , 2017 , 51, 612-620	3.7	8

34	Evaluation of a pilot careers advice service for junior doctors. <i>Medical Teacher</i> , 2006 , 28, 561-3	3	7
33	Prioritising allocation of donor human breast milk amongst very low birthweight infants in middle-income countries. <i>Maternal and Child Nutrition</i> , 2018 , 14 Suppl 6, e12595	3.4	7
32	Reflection in practice: How can patient experience feedback trigger staff reflection in hospital acute care settings?. <i>Health Expectations</i> , 2020 , 23, 396-404	3.7	6
31	Case study of a method of development of a selection process for community health workers in sub-Saharan Africa. <i>Human Resources for Health</i> , 2019 , 17, 75	4.6	6
30	Beyond synthesis: augmenting systematic review procedures with practical principles to optimise impact and uptake in educational policy and practice. <i>International Journal of Research and Method in Education</i> , 2016 , 39, 329-344	1.6	5
29	Comparing the use of direct observation, standardized patients and exit interviews in low- and middle-income countries: a systematic review of methods of assessing quality of primary care. <i>Health Policy and Planning</i> , 2021 , 36, 341-356	3.4	5
28	The selection of GP trainees in the West Midlands: audit of assessment centre scores by ethnicity and country of qualification. <i>Medical Teacher</i> , 2001 , 23, 605-609	3	4
27	Development of a tool for assessing quality of comprehensive care provided by community health workers in a community-based care programme in South Africa. <i>BMJ Open</i> , 2019 , 9, e030677	3	4
26	Patient experience and reflective learning (PEARL): a mixed methods protocol for staff insight development in acute and intensive care medicine in the UK. <i>BMJ Open</i> , 2019 , 9, e030679	3	4
25	Formative evaluation of a training intervention for community health workers in South Africa: A before and after study. <i>PLoS ONE</i> , 2018 , 13, e0202817	3.7	4
24	Using recruitment and selection to build a primary care workforce for the future. <i>Education for Primary Care</i> , 2019 , 30, 128-132	0.9	3
23	Would changing the selection process for GP trainees stem the workforce crisis? A cohort study using multiple-imputation and simulation. <i>BMC Medical Education</i> , 2018 , 18, 81	3.3	3
22	The fairness, effectiveness and acceptability of selection for specialty training in the UK. <i>British Journal of Hospital Medicine (London, England: 2005)</i> , 2013 , 74, 47-51	0.8	3
21	Should the UK government's deep cleaning of hospitals programme have been evaluated?. <i>Journal of Infection Prevention</i> , 2009 , 10, 143-147	1.1	3
20	Cost-utility analysis when not everyone wants the treatment: modeling split-choice bias. <i>Medical Decision Making</i> , 2007 , 27, 21-6	2.5	3
19	The selection of GP trainees in the West Midlands: second audit of assessment centre scores by ethnicity and country of qualification. <i>Medical Teacher</i> , 2003 , 25, 649-53	3	3
18	Factors affecting recruitment into General Practice: a double binary choice approach. <i>Advances in Health Sciences Education</i> , 2020 , 25, 563-579	3.7	3
17	The predictive validity of the Living Goods selection tools for community health workers in Kenya: cohort study. <i>BMC Health Services Research</i> , 2018 , 18, 803	2.9	3

16	A Library of Logic Models to Explain How Interventions to Reduce Diagnostic Errors Work. <i>Journal of Patient Safety</i> , 2021 , 17, e1223-e1233	1.9	2
15	In defence of efficient medical education. <i>Medical Education</i> , 2017 , 51, 883-885	3.7	2
14	A framework and toolkit of interventions to enhance reflective learning among health-care professionals: the PEARL mixed-methods study. <i>Health Services and Delivery Research</i> , 2020 , 8, 1-82	1.5	2
13	Thinking differently - Students' cognitive processes when answering two different formats of written question. <i>Medical Teacher</i> , 2021 , 43, 1278-1285	3	2
12	Could the UK Foundation Programme training post allocation process result in regional variations in the knowledge and skills of Foundation doctors? A cross-sectional study. <i>Health Science Reports</i> , 2020 , 3, e201	2.2	1
11	Impact of the Learning from Excellence programme in NHS trusts: an exploratory study. <i>British Journal of Health Care Management</i> , 2020 , 26, 1-10	0.4	1
10	Determining whether Community Health Workers are 'Deployment Ready' Using Standard Setting. <i>Annals of Global Health</i> , 2018 , 84, 630-639	3.3	1
9	Society of Critical Care Medicine 50th Anniversary Review Series: Critical Care Education. <i>Critical Care Medicine</i> , 2021 , 49, 1241-1253	1.4	1
8	The influence of candidates' physical attributes on assessors' ratings in clinical practice. <i>Medical Teacher</i> , 2021 , 43, 554-559	3	1
7	A household-based community health worker programme for non-communicable disease, malnutrition, tuberculosis, HIV and maternal health: a stepped-wedge cluster randomised controlled trial in Neno District, Malawi. <i>BMJ Global Health</i> , 2021 , 6,	6.6	1
6	Is Academic Attainment or Situational Judgment Test Performance in Medical School Associated With the Likelihood of Disciplinary Action? A National Retrospective Cohort Study. <i>Academic Medicine</i> , 2021 , 96, 1467-1475	3.9	1
5	Assessing the predictive validity of the UCAT-A systematic review and narrative synthesis. <i>Medical Teacher</i> , 2021 , 1-9	3	0
4	National inter-rater agreement of standardised simulated-patient-based assessments. <i>Medical Teacher</i> , 2021 , 43, 341-346	3	0
3	Cyclical quality assurance of examinations is critical but causality needs to be attributed carefully. <i>Education for Primary Care</i> , 2016 , 27, 304-5	0.9	
2	Implementing a new clinical pathway in a non-receptive context: Mixed methods evaluation of a new fracture pathway for older people in a hospital Trust in the West Midlands, UK. <i>PLoS ONE</i> , 2021 , 16, e0247455	3.7	
1	Instruments used to measure knowledge and attitudes of healthcare professionals towards antibiotic use for the treatment of urinary tract infections: A systematic review. <i>PLoS ONE</i> , 2022 , 17, e0267305	3.7
