

Ian A Scott

List of Publications by Citations

Source: <https://exaly.com/author-pdf/6030487/ian-a-scott-publications-by-citations.pdf>

Version: 2024-04-27

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
171	Reducing inappropriate polypharmacy: the process of deprescribing. <i>JAMA Internal Medicine</i> , 2015 , 175, 827-34	11.5	722
170	Prescriber barriers and enablers to minimising potentially inappropriate medications in adults: a systematic review and thematic synthesis. <i>BMJ Open</i> , 2014 , 4, e006544	3	363
169	National Heart Foundation of Australia & Cardiac Society of Australia and New Zealand: Australian Clinical Guidelines for the Management of Acute Coronary Syndromes 2016. <i>Heart Lung and Circulation</i> , 2016 , 25, 895-951	1.8	146
168	Impact of COVID-19 pandemic on utilisation of healthcare services: a systematic review. <i>BMJ Open</i> , 2021 , 11, e045343	3	139
167	Effectiveness of acute medical units in hospitals: a systematic review. <i>International Journal for Quality in Health Care</i> , 2009 , 21, 397-407	1.9	129
166	Data linkage: a powerful research tool with potential problems. <i>BMC Health Services Research</i> , 2010 , 10, 346	2.9	117
165	Utilisation of outpatient cardiac rehabilitation in Queensland. <i>Medical Journal of Australia</i> , 2003 , 179, 341-5	4	109
164	Difficult but necessary conversations—the case for advance care planning. <i>Medical Journal of Australia</i> , 2013 , 199, 662-6	4	98
163	The National Emergency Access Target (NEAT) and the 4-hour rule: time to review the target. <i>Medical Journal of Australia</i> , 2016 , 204, 354	4	91
162	Minimizing inappropriate medications in older populations: a 10-step conceptual framework. <i>American Journal of Medicine</i> , 2012 , 125, 529-37.e4	2.4	79
161	Systematic review of integrated models of health care delivered at the primary-secondary interface: how effective is it and what determines effectiveness?. <i>Australian Journal of Primary Health</i> , 2015 , 21, 391-408	1.4	75
160	Deciding when to stop: towards evidence-based deprescribing of drugs in older populations. <i>Evidence-Based Medicine</i> , 2013 , 18, 121-4		75
159	Errors in clinical reasoning: causes and remedial strategies. <i>BMJ, The</i> , 2009 , 338, b1860	5.9	73
158	National Heart Foundation of Australia and Cardiac Society of Australia and New Zealand: Australian clinical guidelines for the management of acute coronary syndromes 2016. <i>Medical Journal of Australia</i> , 2016 , 205, 128-33	4	70
157	First do no harm: a real need to deprescribe in older patients. <i>Medical Journal of Australia</i> , 2014 , 201, 390-2	4	65
156	Polypharmacy among inpatients aged 70 years or older in Australia. <i>Medical Journal of Australia</i> , 2015 , 202, 373-7	4	64
155	Development of clinical-quality registries in Australia: the way forward. <i>Medical Journal of Australia</i> , 2011 , 194, 360-3	4	63

154	Cautionary tales in the interpretation of clinical studies involving older persons. <i>Archives of Internal Medicine</i> , 2010 , 170, 587-95		63
153	Preventing the rebound: improving care transition in hospital discharge processes. <i>Australian Health Review</i> , 2010 , 34, 445-51	1.8	63
152	How to use a noninferiority trial: users guides to the medical literature. <i>JAMA - Journal of the American Medical Association</i> , 2012 , 308, 2605-11	27.4	60
151	When financial incentives do more good than harm: a checklist. <i>BMJ, The</i> , 2012 , 345, e5047	5.9	55
150	Countering cognitive biases in minimising low value care. <i>Medical Journal of Australia</i> , 2017 , 206, 407-411		54
149	In search of professional consensus in defining and reducing low-value care. <i>Medical Journal of Australia</i> , 2015 , 203, 179-81	4	52
148	Assessing clinical reasoning: a method to monitor its development in a PBL curriculum. <i>Medical Teacher</i> , 2002 , 24, 507-15	3	50
147	Non-inferiority trials: determining whether alternative treatments are good enough. <i>Medical Journal of Australia</i> , 2009 , 190, 326-30	4	47
146	A review of hospital characteristics associated with improved performance. <i>International Journal for Quality in Health Care</i> , 2012 , 24, 483-94	1.9	47
145	Diagnostic errors in older patients: a systematic review of incidence and potential causes in seven prevalent diseases. <i>International Journal of General Medicine</i> , 2016 , 9, 137-46	2.3	45
144	Early invasive versus conservative strategies for unstable angina & non-ST-elevation myocardial infarction in the stent era. <i>Cochrane Database of Systematic Reviews</i> , 2006 , CD004815		44
143	Using EMR-enabled computerized decision support systems to reduce prescribing of potentially inappropriate medications: a narrative review. <i>Therapeutic Advances in Drug Safety</i> , 2018 , 9, 559-573	3.5	42
142	Aiming to be NEAT: safely improving and sustaining access to emergency care in a tertiary referral hospital. <i>Australian Health Review</i> , 2014 , 38, 564-74	1.8	42
141	Going digital: a narrative overview of the clinical and organisational impacts of eHealth technologies in hospital practice. <i>Australian Health Review</i> , 2017 , 41, 646-664	1.8	40
140	Negotiating "Unmeasurable Harm and Benefit": Perspectives of General Practitioners and Consultant Pharmacists on Deprescribing in the Primary Care Setting. <i>Qualitative Health Research</i> , 2017 , 27, 1936-1947	3.9	40
139	Pay for performance in health care: strategic issues for Australian experiments. <i>Medical Journal of Australia</i> , 2007 , 187, 31-5	4	40
138	Report on the 4-h rule and National Emergency Access Target (NEAT) in Australia: time to review. <i>Australian Health Review</i> , 2016 , 40, 319-323	1.8	39
137	Discordance between level of risk and intensity of evidence-based treatment in patients with acute coronary syndromes. <i>Medical Journal of Australia</i> , 2007 , 187, 153-159	4	38

136	Low-value care in Australian public hospitals: prevalence and trends over time. <i>BMJ Quality and Safety</i> , 2019 , 28, 205-214	5.4	37
135	A medication review and deprescribing method for hospitalised older patients receiving multiple medications. <i>Internal Medicine Journal</i> , 2016 , 46, 35-42	1.6	37
134	Physicians need to take the lead in deprescribing. <i>Internal Medicine Journal</i> , 2015 , 45, 352-6	1.6	36
133	Using hospital standardised mortality ratios to assess quality of care--proceed with extreme caution. <i>Medical Journal of Australia</i> , 2011 , 194, 645-8	4	36
132	Going digital: a narrative overview of the effects, quality and utility of mobile apps in chronic disease self-management. <i>Australian Health Review</i> , 2020 , 44, 62-82	1.8	36
131	Early invasive versus conservative strategies for unstable angina and non-ST elevation myocardial infarction in the stent era. <i>Cochrane Database of Systematic Reviews</i> , 2010 , CD004815		35
130	Use of benzodiazepines and association with falls in older people admitted to hospital: a prospective cohort study. <i>Drugs and Aging</i> , 2014 , 31, 299-310	4.7	34
129	Clinical practice guidelines: the need for greater transparency in formulating recommendations. <i>Medical Journal of Australia</i> , 2011 , 195, 29-33	4	32
128	Achieving better in-hospital and after-hospital care of patients with acute cardiac disease. <i>Medical Journal of Australia</i> , 2004 , 180, S83-8	4	32
127	The appropriateness of coronary investigation in myocardial injury and type 2 myocardial infarction (ACT-2): A randomized trial design. <i>American Heart Journal</i> , 2019 , 208, 11-20	4.9	30
126	Public hospital bed crisis: too few or too misused?. <i>Australian Health Review</i> , 2010 , 34, 317-24	1.8	28
125	Using clinical indicators in a quality improvement programme targeting cardiac care. <i>International Journal for Quality in Health Care</i> , 2004 , 16 Suppl 1, i11-25	1.9	26
124	Review of structured guides for deprescribing. <i>European Journal of Hospital Pharmacy</i> , 2017 , 24, 51-57	1.6	25
123	Multisite, quality-improvement collaboration to optimise cardiac care in Queensland public hospitals. <i>Medical Journal of Australia</i> , 2004 , 180, 392-397	4	25
122	Routine invasive strategies versus selective invasive strategies for unstable angina and non-ST elevation myocardial infarction in the stent era. <i>The Cochrane Library</i> , 2016 , CD004815	5.2	24
121	Diagnostic sensitivity of carbohydrate deficient transferrin in heavy drinkers. <i>BMC Gastroenterology</i> , 2014 , 14, 97	3	24
120	Developing indicators for measuring low-value care: mapping Choosing Wisely recommendations to hospital data. <i>BMC Research Notes</i> , 2018 , 11, 163	2.3	23
119	Effects of eHealth on hospital practice: synthesis of the current literature. <i>Australian Health Review</i> , 2018 , 42, 568-578	1.8	21

118	Going Beyond the Guidelines in Individualising the Use of Antihypertensive Drugs in Older Patients. <i>Drugs and Aging</i> , 2019 , 36, 675-685	4.7	20
117	Quality of care factors associated with unplanned readmissions of older medical patients: a case-control study. <i>Internal Medicine Journal</i> , 2014 , 44, 161-70	1.6	19
116	Improving the effectiveness of clinical medicine: the need for better science. <i>Medical Journal of Australia</i> , 2012 , 196, 304-8	4	19
115	The paradox of readmission: effect of a quality improvement program in hospitalized patients with heart failure. <i>Journal of Hospital Medicine</i> , 2010 , 5, 148-53	2.7	19
114	Optimising care of acute myocardial infarction: results of a regional quality improvement project. <i>Journal of Quality in Clinical Practice</i> , 2000 , 20, 12-9		19
113	Frailty, a multisystem ageing syndrome. <i>Age and Ageing</i> , 2020 , 49, 758-763	3	18
112	Machine Learning and Evidence-Based Medicine. <i>Annals of Internal Medicine</i> , 2018 , 169, 44-46	8	18
111	Suggestions for improving guideline utility and trustworthiness. <i>Evidence-Based Medicine</i> , 2014 , 19, 41-6		18
110	Dose counter performance of mometasone furoate/formoterol inhalers in subjects with asthma or COPD. <i>Respiratory Medicine</i> , 2011 , 105, 979-88	4.6	18
109	Towards more effective use of decision support in clinical practice: what the guidelines for guidelines don't tell you. <i>Internal Medicine Journal</i> , 2004 , 34, 492-500	1.6	18
108	Guideline-discordant care in acute myocardial infarction: predictors and outcomes. <i>Medical Journal of Australia</i> , 2002 , 177, 26-31	4	18
107	Improving access and equity in reducing cardiovascular risk: the Queensland Health model. <i>Medical Journal of Australia</i> , 2015 , 202, 148-52	4	17
106	Variations in indicated care of patients with acute coronary syndromes in Queensland hospitals. <i>Medical Journal of Australia</i> , 2005 , 182, 325-30	4	17
105	Stranded: causes and effects of discharge delays involving non-acute in-patients requiring maintenance care in a tertiary hospital general medicine service. <i>Australian Health Review</i> , 2017 , 41, 54-62	1.8	16
104	Underuse of risk assessment and overuse of computed tomography pulmonary angiography in patients with suspected pulmonary thromboembolism. <i>Internal Medicine Journal</i> , 2017 , 47, 1154-1160	1.6	16
103	The evolving science of translating research evidence into clinical practice. <i>Evidence-Based Medicine</i> , 2007 , 12, 4-7		15
102	The effects of quality improvement interventions on in-hospital mortality after acute myocardial infarction. <i>Medical Journal of Australia</i> , 2001 , 175, 465-70	4	15
101	Clinician checklist for assessing suitability of machine learning applications in healthcare. <i>BMJ Health and Care Informatics</i> , 2021 , 28,	2.6	15

100	Rapid response teams in adult hospitals: time for another look?. <i>Internal Medicine Journal</i> , 2015 , 45, 1211-1218	1.8	14
99	Algorithm of medication review in frail older people: Focus on minimizing the use of high-risk medications. <i>Geriatrics and Gerontology International</i> , 2016 , 16, 1002-13	2.9	14
98	Who is less likely to die in association with improved National Emergency Access Target (NEAT) compliance for emergency admissions in a tertiary referral hospital?. <i>Australian Health Review</i> , 2016 , 40, 149-154	1.8	14
97	Normalising advance care planning in a general medicine service of a tertiary hospital: an exploratory study. <i>Australian Health Review</i> , 2016 , 40, 391-398	1.8	14
96	Improving effectiveness of clinical medicine: the need for better translation of science into practice. <i>Medical Journal of Australia</i> , 2012 , 197, 374-8	4	13
95	Interpreting risks and ratios in therapy trials. <i>Australian Prescriber</i> , 2008 , 31, 12-16	1.4	13
94	Patient characteristics, interventions and outcomes of 1151 rapid response team activations in a tertiary hospital: a prospective study. <i>Internal Medicine Journal</i> , 2016 , 46, 1398-1406	1.6	13
93	High sensitivity-troponin elevation secondary to non-coronary diagnoses and death and recurrent myocardial infarction: An examination against criteria of causality. <i>European Heart Journal: Acute Cardiovascular Care</i> , 2015 , 4, 419-28	4.3	12
92	Australia is responding to the complex challenge of overdiagnosis. <i>Medical Journal of Australia</i> , 2018 , 209, 332-334	4	12
91	Machine learning in clinical practice: prospects and pitfalls. <i>Medical Journal of Australia</i> , 2019 , 211, 203-205.e1	2.5	11
90	Ten clinician-driven strategies for maximising value of Australian health care. <i>Australian Health Review</i> , 2014 , 38, 125-33	1.8	11
89	National Emergency Access Targets metrics of the emergency department-inpatient interface: measures of patient flow and mortality for emergency admissions to hospital. <i>Australian Health Review</i> , 2015 , 39, 533-538	1.8	11
88	Use of standardised assessment forms in referrals to hepatology outpatient services: implications for accurate triaging of patients with chronic hepatitis C. <i>Australian Health Review</i> , 2013 , 37, 218-22	1.8	11
87	The Extended Role of the Clinical Pharmacist in the Management of Heart Failure and Acute Coronary Syndromes. <i>Journal of Pharmacy Practice and Research</i> , 2002 , 32, 17-23	0.7	11
86	Pill testing at music festivals: is it evidence-based harm reduction?. <i>Internal Medicine Journal</i> , 2020 , 50, 395-402	1.6	11
85	Reducing Medical Admissions into Hospital through Optimising Medicines (REMAIN HOME) Study: protocol for a stepped-wedge, cluster-randomised trial. <i>BMJ Open</i> , 2017 , 7, e015301	3	10
84	Measuring 21 low-value hospital procedures: claims analysis of Australian private health insurance data (2010-2014). <i>BMJ Open</i> , 2019 , 9, e024142	3	10
83	The ED-inpatient dashboard: Uniting emergency and inpatient clinicians to improve the efficiency and quality of care for patients requiring emergency admission to hospital. <i>EMA - Emergency Medicine Australasia</i> , 2017 , 29, 363-366	1.5	10

82	Preoperative cardiac evaluation and management of patients undergoing elective non-cardiac surgery. <i>Medical Journal of Australia</i> , 2013 , 199, 667-73	4	10
81	Comparing risk-prediction methods using administrative or clinical data in assessing excess in-hospital mortality in patients with acute myocardial infarction. <i>Medical Journal of Australia</i> , 2008 , 188, 332-6	4	10
80	Optimising care of acute coronary syndromes in three Australian hospitals. <i>International Journal for Quality in Health Care</i> , 2004 , 16, 275-84	1.9	10
79	Evaluating cardiovascular risk assessment for asymptomatic people. <i>BMJ, The</i> , 2009 , 338, a2844	5.9	10
78	Deliberate clinical inertia: Using meta-cognition to improve decision-making. <i>EMA - Emergency Medicine Australasia</i> , 2018 , 30, 585-590	1.5	10
77	Polypharmacy, deprescribing and shared decision-making in primary care: the role of the accredited pharmacist. <i>Journal of Pharmacy Practice and Research</i> , 2015 , 45, 446-449	0.7	9
76	A multifaceted intervention to reduce inappropriate polypharmacy in primary care: research co-creation opportunities in a pilot study. <i>Medical Journal of Australia</i> , 2016 , 204, S41-4	4	9
75	Ethics and site-specific governance approvals for multi-centre, inter-sector health care research. <i>Medical Journal of Australia</i> , 2018 , 209, 175-176	4	9
74	Going digital: a checklist in preparing for hospital-wide electronic medical record implementation and digital transformation. <i>Australian Health Review</i> , 2019 , 43, 302-313	1.8	8
73	Uniting emergency and inpatient clinicians across the ED-inpatient interface: The last frontier?. <i>EMA - Emergency Medicine Australasia</i> , 2017 , 29, 740-745	1.5	8
72	Cautionary tales in the interpretation of observational studies of effects of clinical interventions. <i>Internal Medicine Journal</i> , 2017 , 47, 144-157	1.6	8
71	Thigh circumference and risk of heart disease and premature death. <i>BMJ, The</i> , 2009 , 339, b3302	5.9	8
70	Impact of hospital-wide process redesign on clinical outcomes: a comparative study of internally versus externally led intervention. <i>BMJ Quality and Safety</i> , 2011 , 20, 539-48	5.4	8
69	Health care workforce crisis in Australia: too few or too disabled?. <i>Medical Journal of Australia</i> , 2009 , 190, 689-92	4	8
68	Should we add clinical variables to administrative data?: The case of risk-adjusted case fatality rates after admission for acute myocardial infarction. <i>Medical Care</i> , 2007 , 45, 1180-5	3.1	8
67	Hope, hype and harms of Big Data. <i>Internal Medicine Journal</i> , 2019 , 49, 126-129	1.6	7
66	Effects of a drug minimization guide on prescribing intentions in elderly persons with polypharmacy. <i>Drugs and Aging</i> , 2012 , 29, 659-67	4.7	7
65	Pandemic impacts on healthcare utilisation: a systematic review		7

64	Reducing Medical Admissions and Presentations Into Hospital through Optimising Medicines (REMAIN HOME): a stepped wedge, cluster randomised controlled trial. <i>Medical Journal of Australia</i> , 2021 , 214, 212-217	4	7
63	Multicriteria decision analysis (MCDA) for health technology assessment: the Queensland Health experience. <i>Australian Health Review</i> , 2019 , 43, 591-599	1.8	7
62	Highly sensitive troponin assays--a two-edged sword?. <i>Medical Journal of Australia</i> , 2012 , 197, 320-3	4	6
61	Evidence-based medicine and machine learning: a partnership with a common purpose. <i>BMJ Evidence-Based Medicine</i> , 2021 , 26, 290-294	2.7	6
60	Association of renin angiotensin antagonists with adverse perioperative events in patients undergoing elective orthopaedic surgery: a case-control study. <i>Internal Medicine Journal</i> , 2017 , 47, 999-1005	1.6	5
59	Perioperative management of new oral anticoagulants in patients undergoing elective surgery at a tertiary hospital. <i>Internal Medicine Journal</i> , 2017 , 47, 1412-1421	1.6	5
58	Prevention and treatment of pressure injuries: A meta-synthesis of Cochrane Reviews. <i>Journal of Tissue Viability</i> , 2020 , 29, 227-243	3.2	5
57	Promises and perils of using genetic tests to predict risk of disease. <i>BMJ, The</i> , 2020 , 368, m14	5.9	5
56	Audit-based measures of overuse of medical care in Australian hospital practice. <i>Internal Medicine Journal</i> , 2019 , 49, 893-904	1.6	5
55	GP-Led Deprescribing in Community-Living Older Australians: An Exploratory Controlled Trial. <i>Journal of the American Geriatrics Society</i> , 2020 , 68, 403-410	5.6	5
54	Can AI help in the fight against COVID-19?. <i>Medical Journal of Australia</i> , 2020 , 213, 439-441.e2	4	5
53	Exploring stakeholder attitudes towards AI in clinical practice. <i>BMJ Health and Care Informatics</i> , 2021 , 28,	2.6	5
52	The gaps in specialistsSdiagnoses. <i>Medical Journal of Australia</i> , 2018 , 208, 196-197	4	4
51	Patient engagement and shared decision-making. <i>Journal of General Internal Medicine</i> , 2014 , 29, 562	4	4
50	Arise the systems physician. <i>Internal Medicine Journal</i> , 2014 , 44, 1251-6	1.6	4
49	Comparative effectiveness research - the missing link in evidence-informed clinical medicine and health care policy making. <i>Medical Journal of Australia</i> , 2013 , 198, 310-2	4	4
48	An Australian comparison of specialist care of acute myocardial infarction. <i>International Journal for Quality in Health Care</i> , 2003 , 15, 155-61	1.9	4
47	Diagnostic error: incidence, impacts, causes and preventive strategies. <i>Medical Journal of Australia</i> , 2020 , 213, 302-305.e2	4	4

46	Frequency, trends and institutional variation in 30-day all-cause mortality and unplanned readmissions following hospitalisation for heart failure in Australia and New Zealand. <i>European Journal of Heart Failure</i> , 2021 , 23, 31-40	12.3	4
45	Comparison of nine coronary risk scores in evaluating patients presenting to hospital with undifferentiated chest pain. <i>International Journal of General Medicine</i> , 2018 , 11, 473-481	2.3	4
44	Cognitive challenges to minimising low value care. <i>Internal Medicine Journal</i> , 2017 , 47, 1079-1083	1.6	3
43	Deciding when quality and safety improvement interventions warrant widespread adoption. <i>Medical Journal of Australia</i> , 2013 , 198, 408-10	4	3
42	Pay for performance programs in Australia: a need for guiding principles. <i>Australian Health Review</i> , 2008 , 32, 740-9	1.8	3
41	Analysing low-risk patient populations allows better discrimination between high-performing and low-performing hospitals: a case study using in-hospital mortality from acute myocardial infarction. <i>Quality and Safety in Health Care</i> , 2007 , 16, 324-8		3
40	Closing the loop: the role of health care leaders in integrating research and practice. <i>Australian Health Review</i> , 2004 , 27, 56-64	1.8	3
39	Assessing concordance between patient preferences in advance care plans and in-hospital care. <i>Australian Health Review</i> , 2019 , 43, 425-431	1.8	3
38	Dysregulation of calcium metabolism in type 1 myotonic dystrophy. <i>Internal Medicine Journal</i> , 2019 , 49, 1412-1417	1.6	2
37	Statistical and clinical significance. <i>Medical Journal of Australia</i> , 2017 , 207, 187-189	4	2
36	Deconstructing the 4-h rule for access to emergency care and putting patients first. <i>Australian Health Review</i> , 2018 , 42, 698-702	1.8	2
35	Prescribing in the oldest old inpatients: a retrospective analysis of patients referred for specialist geriatric consultation. <i>Internal Medicine Journal</i> , 2017 , 47, 1019-1025	1.6	2
34	Enabling the success of academic health science centres in Australia: where is the leadership?. <i>Medical Journal of Australia</i> , 2014 , 201, 636-8	4	2
33	Improving the accuracy of predicting cardiovascular risk. <i>BMJ, The</i> , 2010 , 340, c2334	5.9	2
32	Triage of referrals to outpatient hepatology services: an ineffective tool to prioritise patients?. <i>Australian Health Review</i> , 2012 , 36, 443-7	1.8	2
31	The NHHRC final report: view from the hospital sector. <i>Medical Journal of Australia</i> , 2009 , 191, 450-3	4	2
30	Are thiazide diuretics preferred as first-line therapy for hypertension? An appraisal of The Antihypertensive and Lipid-lowering Treatment to Prevent Heart Attack Trial (ALLHAT). <i>Internal Medicine Journal</i> , 2003 , 33, 327-30	1.6	2
29	Achieving greater clinician engagement and impact in health care improvement: a neglected imperative. <i>Medical Journal of Australia</i> , 2020 , 212, 5-7.e1	4	2

28	Preoperative and postoperative recommendations to surgical wound care interventions: A systematic meta-review of Cochrane reviews. <i>International Journal of Nursing Studies</i> , 2020 , 102, 103486 ^{5.8}		2
27	Low value care is a health hazard that calls for patient empowerment. <i>Medical Journal of Australia</i> , 2021 , 215, 101-103.e1	4	2
26	Development and dissemination of the national strategic action plan for reducing inappropriate polypharmacy in older Australians. <i>Internal Medicine Journal</i> , 2021 , 51, 111-115	1.6	2
