#	ARTICLE	IF	CITATIONS
1	Embolisation of Symptomatic Pelvic Veins in Women Presenting with Non-saphenous Varicose Veins of Pelvic Origin – Three-year Follow-up. <i>European Journal of Vascular and Endovascular Surgery</i> , 2007, 34, 112-117.	0.8	67
2	Meta-analysis of the impact of the principal venoactive drugs agents on malleolar venous edema. <i>International Angiology</i> , 2012, 31, 310-5.	0.4	39
3	ARIA (Allergic Rhinitis and Its Impact on Asthma) Classification of Allergic Rhinitis Severity in Clinical Practice in France. <i>International Archives of Allergy and Immunology</i> , 2007, 143, 163-169.	0.9	36
4	Efficacy, safety and acceptability of a new two-layer bandage system for venous leg ulcers. <i>Journal of Wound Care</i> , 2007, 16, 385-390.	0.5	35
5	Intra- and Inter-observer Reproducibility of the Recurrent Varicose Veins after Surgery (REVAS) Classification. <i>European Journal of Vascular and Endovascular Surgery</i> , 2006, 32, 326-332.	0.8	30
6	A survey of pressure sore prevalence in hospitals in the greater Paris region. <i>Journal of Wound Care</i> , 1995, 4, 234-236.	0.5	26
7	High Prevalence and Impact on the Quality of Life of Facial Lipoatrophy and Other Abnormalities in Fat Tissue Distribution in HIV-Infected Patients Treated with Antiretroviral Therapy. <i>AIDS Research and Human Retroviruses</i> , 2013, 29, 761-768.	0.5	24
8	Preventing the occurrence of pressure ulceration in hospitalised elderly patients. <i>Journal of Wound Care</i> , 2005, 14, 78-82.	0.5	21
9	Comparison of in-vivo antibacterial activity of two skin disinfection procedures for insertion of peripheral catheters: povidone iodine versus chlorhexidine. <i>Journal of Hospital Infection</i> , 2000, 44, 147-150.	1.4	19
10	Is the treatment of the small saphenous veins with foam sclerotherapy at risk of deep vein thrombosis?. <i>Phlebology</i> , 2014, 29, 600-607.	0.6	17
11	The legal acknowledgement of the electronic signature: a key for a secure direct access of patients to their computerised medical record. <i>International Journal of Medical Informatics</i> , 2004, 73, 239-242.	1.6	14
12	RCT to evaluate a hyaluronic acid containing gauze pad in leg ulcers of venous or mixed aetiology. <i>Journal of Wound Care</i> , 2012, 21, 539-547.	0.5	9
13	Allergic rhinitis increases the risk of driving accidents. <i>Journal of Allergy and Clinical Immunology</i> , 2017, 140, 614-616.	1.5	9
14	A randomized controlled double-blind clinical trial comparing versus placebo the effect of an edible algal extract ( <i>Ulva Lactuca</i> ) on the component of depression in healthy volunteers with anhedonia. <i>BMC Psychiatry</i> , 2018, 18, 215.	1.1	8
15	Dietary supplementation contributes to lifestyle improvement in hypercholesterolemic patients in real-life contexts. <i>Current Medical Research and Opinion</i> , 2014, 30, 1309-1316.	0.9	5
16	More than one in two venous thromboembolism treated in French hospitals occurs during the hospital stays. <i>Phlebology</i> , 2016, 31, 390-396.	0.6	5
17	Effect of magnesium, probiotic, and vitamin food supplementation in healthy subjects with psychological stress and evaluation of a persistent effect after discontinuing intake. <i>Panminerva Medica</i> , 2016, 58, 263-270.	0.2	5
18	Human factors study of ZENEO® (needle-free autoinjector) and comparison of different user instruction formats. <i>Panminerva Medica</i> , 2018, 60, 52-59.	0.2	4

#	ARTICLE	IF	CITATIONS
19	Double-blind, randomized, crossover, controlled clinical trial of NaCl + Chitosan 3% versus NaCl on mild or moderate high blood pressure during the diet and lifestyle improvement period before possible prescription of an antihypertensive treatment. <i>International Angiology</i> , 2013, 32, 94-101.	0.4	4
20	Clinical study on the efficacy, acceptance, and safety of hearing aids in patients with mild to moderate presbycusis. <i>Panminerva Medica</i> , 2018, 60, 92-100.	0.2	3
21	Cross-sectional study on heredity and venous disorders: the end of the dominant maternal heredity dogma?. <i>Phlebology</i> , 2016, 31, 42-49.	0.6	2
22	Fréquence, intensité, retentissement et profil allergénique des signes oculaires dans les rhinites allergiques. <i>Revue Française D'allergologie</i> , 2016, 56, 515-521.	0.1	1
23	Identification des déterminants cliniques, sociologiques et économiques de la durée de l'allaitement maternel exclusif. <i>Journal De Pédiatrie Et De Puericulture</i> , 2016, 29, 177-187.	0.0	1
24	More Than One In Two Instances Of Venous Thromboembolism (Vte) Treated In French Hospitals Could Have Occurred During The Hospital Stay. <i>Value in Health</i> , 2014, 17, A477.	0.1	0
25	Intérêt des compléments alimentaires dans les hyperlipidémies. <i>Actualités Pharmaceutiques</i> , 2016, 55, 46-49.	0.0	0
26	Efficacy of a motorized air support to prevent pressure ulcers in at-risk patients hospitalized in rehabilitation departments: incidence and prevalence studies. <i>Panminerva Medica</i> , 2020, 61, 449-456.	0.2	0
27	How to sensitize patients to their venous disease? A new tool: the venous age calculator. <i>International Angiology</i> , 2015, 34, 306-10.	0.4	0
