#	Paper	IF	Citations
37	Dyskalemia: a management problem for students. <i>Fundamental and Clinical Pharmacology</i> , 2021 , 35, 473-484	3.1	
36	Perception de vulnÉrabilitÉ et vaccination chez les diabÉtiques de type 2. <i>Medecine Des Maladies Metaboliques</i> , 2021 , 15, 215-223	0.1	
35	Isolated diastolic hypertension and target organ damage: Findings from the STANISLAS cohort. <i>Clinical Cardiology</i> , 2021 , 44, 1516-1525	3.3	1
34	Association of Dietary Patterns Derived Using Reduced-Rank Regression With Subclinical Cardiovascular Damage According to Generation and Sex in the STANISLAS Cohort. <i>Journal of the American Heart Association</i> , 2020 , 9, e013836	6	6
33	PCSK9 Protein and rs562556 Polymorphism Are Associated With Arterial Plaques in Healthy Middle-Aged Population: The STANISLAS Cohort. <i>Journal of the American Heart Association</i> , 2020 , 9, e014758	6.758	9
32	Screening for hypertension at the hairdresser: a feasibility study in France and Morocco. <i>Blood Pressure</i> , 2020 , 29, 202-208	1.7	2
31	Postponing vaccination in children with an infection: a qualitative study among general practitioners and pediatricians. <i>Family Practice</i> , 2020 , 37, 541-546	1.9	2
30	Impact of Uric Acid on Hypertension Occurrence and Target Organ Damage: Insights From the STANISLAS Cohort With a 20-Year Follow-up. <i>American Journal of Hypertension</i> , 2020 , 33, 869-878	2.3	8
29	Hyperkalaemia and hypokalaemia outpatient management: a survey of 500 French general practitioners. <i>ESC Heart Failure</i> , 2020 , 7, 2042-2050	3.7	2
28	Hypokalemia is frequent and has prognostic implications in stable patients attending the emergency department. <i>PLoS ONE</i> , 2020 , 15, e0236934	3.7	2
27	Y don't know if we can really, really change thatY a qualitative exploration of public perception towards antibiotic resistance in France. <i>JAC-Antimicrobial Resistance</i> , 2020 , 2, dlaa073	2.9	2
26	Implementation of home blood pressure monitoring among French GPs: A long and winding road. <i>PLoS ONE</i> , 2019 , 14, e0220460	3.7	4
25	Assessment of participation biases for a confidential non-anonymous adolescent study: A based population study. <i>Psychiatry Research</i> , 2019 , 273, 30-36	9.9	2
24	Health-related determinants of undiagnosed arterial hypertension: a population-based study. <i>Family Practice</i> , 2019 , 36, 276-283	1.9	5
23	Cohort Profile: Rationale and design of the fourth visit of the STANISLAS cohort: a familial longitudinal population-based cohort from the Nancy region of France. <i>International Journal of Epidemiology</i> , 2018 , 47, 395-395j	7.8	21
22	Impact of the interruption of a large heart failure regional disease management programme on hospital admission rates: a population-based study. <i>European Journal of Heart Failure</i> , 2018 , 20, 1066-1068	12.3	5
21	Awareness of obstructive sleep apnea-hypopnea syndrome among the general population of the Lorraine Region of France. <i>European Annals of Otorhinolaryngology, Head and Neck Diseases</i> , 2017 , 134, 303-308	2.2	5

20	Hypertension and pregnancy: expert consensus statement from the French Society of Hypertension, an affiliate of the French Society of Cardiology. <i>Fundamental and Clinical Pharmacology</i> , 2017 , 31, 83-103	3.1	14
19	Acceptability of antibiotic stewardship measures in primary care. <i>Médecine Et Maladies Infectieuses</i> , 2016 , 46, 276-84	4	12
18	Perception of acceptable antibiotic stewardship strategies in outpatient settings. <i>Médecine Et Maladies Infectieuses</i> , 2016 , 46, 285-93	4	14
17	Can we identify response markers to antihypertensive drugs? First results from the IDEAL Trial. <i>Journal of Human Hypertension</i> , 2015 , 29, 22-7	2.6	10
16	Inventory of antibiotic stewardship programs in general practice in France and abroad. <i>Médecine Et Maladies Infectieuses</i> , 2015 , 45, 111-23	4	29
15	Home blood pressure monitoring: a few minutes of rest before measurement may not be appropriate. <i>American Journal of Hypertension</i> , 2014 , 27, 932-8	2.3	4
14	Pragmatic diabetes management in nursing homes: individual care plan. <i>Journal of the American Medical Directors Association</i> , 2013 , 14, 791-800	5.9	17
13	Prognostic value of serum PIIINP, MMP1 and TIMP1 levels in hypertensive patients: a community-based prospective cohort study. <i>Fundamental and Clinical Pharmacology</i> , 2013 , 27, 572-80	3.1	16
12	Implementation of home blood pressure monitoring in clinical practice. <i>Clinical and Experimental Hypertension</i> , 2013 , 35, 558-62	2.2	9
11	Usefulness of brief intervention for patients admitted to emergency services for acute alcohol intoxication. <i>European Journal of Emergency Medicine</i> , 2012 , 19, 384-8	2.3	9
10	The IDEAL study : towards personalized drug treatment of hypertension. <i>Thérapie</i> , 2012 , 67, 195-204	3.8	3
9	Association of menopause and hormone replacement therapy with large artery remodeling. <i>Fertility and Sterility</i> , 2011 , 96, 1445-50	4.8	22
8	Influence of the recommendations on the implementation of home blood pressure measurement by French general practitioners: a 2004-2009 longitudinal survey. <i>Journal of Hypertension</i> , 2011 , 29, 2105-15	1.9	16
7	Association study of gene polymorphisms involved in vascular alterations in elderly hypertensives with subjective memory complaints. <i>Dementia and Geriatric Cognitive Disorders</i> , 2010 , 30, 440-8	2.6	10
6	Vascular structure and function is correlated to cognitive performance and white matter hyperintensities in older hypertensive patients with subjective memory complaints. <i>Stroke</i> , 2009 , 40, 1229-36	6.7	197
5	A multifactorial strategy of pain management is associated with less pain in scheduled vaccination of children. A study realized by family practitioners in 239 children aged 4-12 years old. <i>Family Practice</i> , 2008 , 25, 423-9	1.9	20
4	Differential time effect profiles of amlodipine, as compared to valsartan, revealed by ambulatory blood pressure monitoring, self blood pressure measurements and dose omission protocol. <i>Fundamental and Clinical Pharmacology</i> , 2004 , 18, 483-91	3.1	8
3	Time-effect profile of antihypertensive agents assessed with trough/peak ratio, smoothness index and dose omission: an ambulatory blood pressure monitoring study with trandolapril vs. quinapril. <i>Fundamental and Clinical Pharmacology</i> , 2002 , 16, 545-54	3.1	3

2	Acute postoperative pain management at home after ambulatory surgery: a French pilot survey of general practitionersViews. <i>Anesthesia and Analgesia</i> , 2002 , 95, 1258-62, table of contents	3.9	20
1	Effects of sibutramine on ventricular dimensions and heart valves in obese patients during weight reduction. <i>American Heart Journal</i> , 2002 , 144, 508-15	4.9	60
