#	ARTICLE	IF	CITATIONS
1	Protection by exclusion? The (lack of) inclusion of adults who lack capacity to consent to research in clinical trials in the UK. <i>Trials</i> , 2019, 20, 474.	0.7	54
2	Research involving adults lacking capacity to consent: the impact of research regulation on "evidence biased" medicine. <i>BMC Medical Ethics</i> , 2016, 17, 55.	1.0	49
3	An under-represented and underserved population in trials: methodological, structural, and systemic barriers to the inclusion of adults lacking capacity to consent. <i>Trials</i> , 2020, 21, 445.	0.7	49
4	Oral and Topical Antibiotics for Clinically Infected Eczema in Children: A Pragmatic Randomized Controlled Trial in Ambulatory Care. <i>Annals of Family Medicine</i> , 2017, 15, 124-130.	0.9	42
5	Setting up a clinical trial in care homes: challenges encountered and recommendations for future research practice. <i>BMC Research Notes</i> , 2015, 8, 306.	0.6	34
6	Oral steroids for resolution of otitis media with effusion in children (OSTRICH): a double-blinded, placebo-controlled randomised trial. <i>Lancet</i> , 2018, 392, 557-568.	6.3	31
7	What adolescents living with long-term conditions say about being involved in decision-making about their healthcare: A systematic review and narrative synthesis of preferences and experiences. <i>Patient Education and Counseling</i> , 2018, 101, 1725-1735.	1.0	28
8	"It's a tough decision": a qualitative study of proxy decision-making for research involving adults who lack capacity to consent in UK. <i>Age and Ageing</i> , 2019, 48, 903-909.	0.7	28
9	Probiotics for Antibiotic-Associated Diarrhoea (PAAD): a prospective observational study of antibiotic-associated diarrhoea (including <i>Clostridium difficile</i> -associated diarrhoea) in care homes. <i>Health Technology Assessment</i> , 2014, 18, 1-84.	1.3	27
10	A randomised placebo-controlled trial of oral and topical antibiotics for children with clinically infected eczema in the community: the ChildRen with Eczema, Antibiotic Management (CREAM) study. <i>Health Technology Assessment</i> , 2016, 20, 1-84.	1.3	26
11	Effect of Probiotic Use on Antibiotic Administration Among Care Home Residents. <i>JAMA - Journal of the American Medical Association</i> , 2020, 324, 47.	3.8	22
12	Healthcare professionals' understanding of the legislation governing research involving adults lacking mental capacity in England and Wales: a national survey. <i>Journal of Medical Ethics</i> , 2018, 44, 632-637.	1.0	21
13	Advancing Long-Term Care Science Through Using Common Data Elements: Candidate Measures for Care Outcomes of Personhood, Well-Being, and Quality of Life. <i>Gerontology and Geriatric Medicine</i> , 2019, 5, 233372141984267.	0.8	21
14	Research involving adults lacking capacity to consent: a content analysis of participant information sheets for consultees and legal representatives in England and Wales. <i>Trials</i> , 2019, 20, 233.	0.7	19
15	Advances and challenges in conducting ethical trials involving populations lacking capacity to consent: A decade in review. <i>Contemporary Clinical Trials</i> , 2020, 95, 106054.	0.8	19
16	Ethical understandings of proxy decision making for research involving adults lacking capacity: A systematic review (framework synthesis) of empirical research. <i>AJOB Empirical Bioethics</i> , 2018, 9, 267-286.	0.8	18
17	Establishing a set of research priorities in care homes for older people in the UK: a modified Delphi consensus study with care home staff. <i>Age and Ageing</i> , 2017, 46, 284-290.	0.7	16
18	Oral steroids for the resolution of otitis media with effusion (OME) in children (OSTRICH): study protocol for a randomised controlled trial. <i>Trials</i> , 2016, 17, 115.	0.7	13

#	ARTICLE	IF	CITATIONS
19	Development of a decision support intervention for family members of adults who lack capacity to consent to trials. BMC Medical Informatics and Decision Making, 2021, 21, 30.	1.5	13
20	Unpacking the "black box of horrendousness": a qualitative exploration of the barriers and facilitators to conducting trials involving adults lacking capacity to consent. Trials, 2022, 23, .	0.7	13
21	Protocol for a double-blind placebo-controlled trial to evaluate the efficacy of probiotics in reducing antibiotics for infection in care home residents: the Probiotics to Reduce Infections in CarE home reSidentS (PRINCESS) trial. BMJ Open, 2019, 9, e027513.	0.8	12
22	Constructing authentic decisions: proxy decision making for research involving adults who lack capacity to consent. Journal of Medical Ethics, 2021, 47, e42-e42.	1.0	11
23	Effectiveness of participant recruitment strategies for critical care trials: A systematic review and narrative synthesis. Clinical Trials, 2021, 18, 436-448.	0.7	10
24	Trials using deferred consent in the emergency setting: a systematic review and narrative synthesis of stakeholders' attitudes. Trials, 2022, 23, 411.	0.7	9
25	Nocebo effects and participant information leaflets: evaluating information provided on adverse effects in UK clinical trials. Trials, 2020, 21, 658.	0.7	8
26	"There's more to life than money and health": Family caregivers' views on the role of Power of Attorney in proxy decisions about research participation for people living with dementia. Dementia, 2021, 20, 308-325.	1.0	8
27	Mapping Research Conducted on Long-Term Care Facilities for Older People in Brazil: A Scoping Review. International Journal of Environmental Research and Public Health, 2021, 18, 1522.	1.2	8
28	(Re)Conceptualising "good" proxy decision-making for research: the implications for proxy consent decision quality. BMC Medical Ethics, 2022, 23, .	1.0	8
29	Exploring the inclusion of under-served groups in trials methodology research: an example from ethnic minority populations' views on deferred consent. Trials, 2021, 22, 589.	0.7	6
30	Parental perceptions and understanding of information provision, management options and factors influencing the decision-making process in the treatment of children with glue ear. International Journal of Pediatric Otorhinolaryngology, 2016, 89, 6-12.	0.4	5
31	Development of a core outcome set for the evaluation of interventions to enhance trial participation decisions on behalf of adults who lack capacity to consent: a mixed methods study (COOnSiDER Study). Trials, 2021, 22, 935.	0.7	5
32	Oral steroids for hearing loss associated with otitis media with effusion in children aged 2-8 years: the OSTRICH RCT. Health Technology Assessment, 2018, 22, 1-114.	1.3	4
33	How nurses can support the inclusion in research of older people who lack capacity to consent. Nursing Older People, 2021, 33, 26-31.	0.1	4
34	Decisions on Innovation or Research for Devastating Disease. American Journal of Bioethics, 2021, 21, 28-31.	0.5	2
35	Impact of a deferred recruitment model in a randomised controlled trial in primary care (CREAM) Tj ETQq1 1 0.784314 rgBT /Overlock	0.7	1
36	Conducting focus groups in neurodegenerative disease populations: ethical and methodological considerations. BMJ Open, 2021, 11, e041869.	0.8	1

#	ARTICLE	IF	CITATIONS
37	Probiotics to reduce antibiotic administration in care home residents aged 65 years and older: the PRINCESS RCT. Efficacy and Mechanism Evaluation, 2021, 8, 1-128.	0.9	1
38	Decision-making during pandemics and other serious illness. Geriatrics Gerontology and Aging, 2020, 14, 79-80.	0.3	0
