#	Paper	IF	Citations
222	Determinants of Health Service Utilization Among Adults at High Risk of Developing Type 2 Diabetes in Kerala, India.. <i>Asia-Pacific Journal of Public Health</i> , 2022 , 10105395211072497	2	1
221	Functionality and Quality of Asthma mHealth Apps and Their Consistency With International Guidelines: Protocol for a Systematic Search and Evaluation of Mobile Apps.. <i>JMIR Research Protocols</i> , 2022 , 11, e33103	2	0
220	ASHA-Led Community-Based Groups to Support Control of Hypertension in Rural India Are Feasible and Potentially Scalable. <i>Frontiers in Medicine</i> , 2021 , 8, 771822	4.9	0
219	The Implementation of a Primary Care-Based Integrated Mobile Health Intervention for Stroke Management in Rural China: Mixed-Methods Process Evaluation. <i>Frontiers in Public Health</i> , 2021 , 9, 774907	6	1
218	Factors Associated With Hypertension Awareness, Treatment, and Control Among Adults in Kerala, India. <i>Frontiers in Public Health</i> , 2021 , 9, 753070	6	0
217	Additive association of knowledge and awareness on control of hypertension: a cross-sectional survey in rural India. <i>Journal of Hypertension</i> , 2021 , 39, 107-116	1.9	3
216	Cohort Profile: HABITAT-a longitudinal multilevel study of physical activity, sedentary behaviour and health and functioning in mid-to-late adulthood. <i>International Journal of Epidemiology</i> , 2021 , 50, 730-731h	7.8	6
215	The Lancet Commission on diabetes: using data to transform diabetes care and patient lives. <i>Lancet, The</i> , 2021 , 396, 2019-2082	40	90
214	Using Stakeholder Perceptions to Inform Future Efforts to Implement Mental Health First Aid Training in China: A Qualitative Study. <i>Frontiers in Psychiatry</i> , 2021 , 12, 557282	5	0
213	Effectiveness of a primary care-based integrated mobile health intervention for stroke management in rural China (SINEMA): A cluster-randomized controlled trial. <i>PLoS Medicine</i> , 2021 , 18, e1003582	11.6	4
212	Are the PHQ-9 and GAD-7 Suitable for Use in India? A Psychometric Analysis. <i>Frontiers in Psychology</i> , 2021 , 12, 676398	3.4	6
211	Resting Heart Rate and Heart Rate Variability in the Year Following Acute Coronary Syndrome: How Do Women Fare?. <i>Heart Lung and Circulation</i> , 2021 , 30, 128-134	1.8	0
210	The relationship between common mental disorders and incident diabetes among participants in the Kerala Diabetes Prevention Program (K-DPP). <i>PLoS ONE</i> , 2021 , 16, e0255217	3.7	
209	The Use and Promise of Conversational Agents in Digital Health. <i>Yearbook of Medical Informatics</i> , 2021 , 30, 191-199	4	4
208	Sex-Specific Differences in Percutaneous Coronary Intervention Outcomes After a Cardiac Event: A Cohort Study Examining the Role of Depression, Worry and Autonomic Function. <i>Heart Lung and Circulation</i> , 2020 , 29, 1449-1458	1.8	1
207	Effects of a lifestyle intervention on cardiovascular risk among high-risk individuals for diabetes in a low- and middle-income setting: Secondary analysis of the Kerala Diabetes Prevention Program. <i>Preventive Medicine</i> , 2020 , 139, 106068	4.3	6
206	Scale-up of the Kerala Diabetes Prevention Program (K-DPP) in Kerala, India: implementation evaluation findings. <i>Translational Behavioral Medicine</i> , 2020 , 10, 5-12	3.2	6

205	Benefit of lifestyle-based T2DM prevention is influenced by prediabetes phenotype. <i>Nature Reviews Endocrinology</i> , 2020 , 16, 395-400	15.2	29
204	Development of a Tool to Increase Physical Activity among People at Risk for Diabetes in Low-Resourced Communities in Cape Town. <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	6
203	Obesity indicators that best predict type 2 diabetes in an Indian population: insights from the Kerala Diabetes Prevention Program. <i>Journal of Nutritional Science</i> , 2020 , 9, e15	2.7	13
202	Quality, Functionality, and Features of Chinese Mobile Apps for Diabetes Self-Management: Systematic Search and Evaluation of Mobile Apps. <i>JMIR MHealth and UHealth</i> , 2020 , 8, e14836	5.5	8
201	Smartphone Cardiac Rehabilitation, Assisted Self-Management Versus Usual Care: Protocol for a Multicenter Randomized Controlled Trial to Compare Effects and Costs Among People With Coronary Heart Disease. <i>JMIR Research Protocols</i> , 2020 , 9, e15022	2	7
200	User Experiences With a Type 2 Diabetes Coaching App: Qualitative Study. <i>JMIR Diabetes</i> , 2020 , 5, e166927	2	12
199	Acceptability of an Embodied Conversational Agent for Type 2 Diabetes Self-Management Education and Support via a Smartphone App: Mixed Methods Study. <i>JMIR MHealth and UHealth</i> , 2020 , 8, e17038	5.5	6
198	Using Digital Technology to Reduce the Prevalence of Mental Health Disorders in Populations: Time for a New Approach. <i>Journal of Medical Internet Research</i> , 2020 , 22, e17493	7.6	9
197	My Diabetes Coach, a Mobile App-Based Interactive Conversational Agent to Support Type 2 Diabetes Self-Management: Randomized Effectiveness-Implementation Trial. <i>Journal of Medical Internet Research</i> , 2020 , 22, e20322	7.6	10
196	Effectiveness of a scalable group-based education and monitoring program, delivered by health workers, to improve control of hypertension in rural India: A cluster randomised controlled trial. <i>PLoS Medicine</i> , 2020 , 17, e1002997	11.6	17
195	Association of technologically assisted integrated care with clinical outcomes in type 2 diabetes in Hong Kong using the prospective JADE Program: A retrospective cohort analysis. <i>PLoS Medicine</i> , 2020 , 17, e1003367	11.6	5
194	Effect of a Peer-led Lifestyle Intervention on Individuals With Normal Weight Obesity: Insights From the Kerala Diabetes Prevention Program. <i>Clinical Therapeutics</i> , 2020 , 42, 1618-1624	3.5	7
193	Physical multimorbidity, health service use, and catastrophic health expenditure by socioeconomic groups in China: an analysis of population-based panel data. <i>The Lancet Global Health</i> , 2020 , 8, e840-e849	13.6	43
192	Cost-effectiveness of a lifestyle intervention in high-risk individuals for diabetes in a low- and middle-income setting: Trial-based analysis of the Kerala Diabetes Prevention Program. <i>BMC Medicine</i> , 2020 , 18, 251	11.4	4
191	Prevalence of normal weight obesity and its associated cardio-metabolic risk factors - Results from the baseline data of the Kerala Diabetes Prevention Program (KDPP). <i>PLoS ONE</i> , 2020 , 15, e0237974	3.7	18
190	Long-term effectiveness of a lifestyle intervention on the prevention of type 2 diabetes in a middle-income country. <i>Scientific Reports</i> , 2020 , 10, 14173	4.9	3
189	Economic evaluation protocol for a multicentre randomised controlled trial to compare Smartphone Cardiac Rehabilitation, Assisted self-Management (SCRAM) versus usual care cardiac rehabilitation among people with coronary heart disease. <i>BMJ Open</i> , 2020 , 10, e038178	3	4
188	Temporal Trends and Geographic Disparity in Hypertension Care in China. <i>Journal of Epidemiology</i> , 2020 , 30, 354-361	3.4	5

187	Hypertension in Rural India: The Contribution of Socioeconomic Position. <i>Journal of the American Heart Association</i> , 2020 , 9, e014486	6	6
186	Genetics of obesity in consanguineous populations - A road map to provide novel insights in the molecular basis and management of obesity. <i>EBioMedicine</i> , 2019 , 40, 33-34	8.8	14
185	Participant recruitment into a community-based diabetes prevention trial in India: Learnings from the Kerala Diabetes Prevention Program. <i>Contemporary Clinical Trials Communications</i> , 2019 , 15, 100382	1.8	7
184	What Do Adults with Type 2 Diabetes Want from the "Perfect" App? Results from the Second Diabetes MILES: Australia (MILES-2) Study. <i>Diabetes Technology and Therapeutics</i> , 2019 , 21, 393-399	8.1	17
183	Targeted screening for prediabetes and undiagnosed diabetes in a community setting in India. <i>Diabetes and Metabolic Syndrome: Clinical Research and Reviews</i> , 2019 , 13, 1785-1790	8.9	6
182	The BMI-adiposity conundrum in South Asian populations: need for further research. <i>Journal of Biosocial Science</i> , 2019 , 51, 619-621	1.6	19
181	Ethnicity-specific cut-offs that predict co-morbidities: the way forward for optimal utility of obesity indicators. <i>Journal of Biosocial Science</i> , 2019 , 51, 624-626	1.6	12
180	Strengthening Noncommunicable Disease Research Capacity and Chronic Disease Outcomes in Low- and Middle-Income Countries in South Asia: Implementation and Evaluation of the ASCEND Program. <i>Asia-Pacific Journal of Public Health</i> , 2019 , 31, 536-547	2	0
179	Normal Weight Obesity: An Underrecognized Problem in Individuals of South Asian Descent. <i>Clinical Therapeutics</i> , 2019 , 41, 1638-1642	3.5	23
178	Optimizing eating disorder treatment outcomes for individuals identified via screening: An idea worth researching. <i>International Journal of Eating Disorders</i> , 2019 , 52, 1224-1228	6.3	5
177	A Smart and Multifaceted Mobile Health System for Delivering Evidence-Based Secondary Prevention of Stroke in Rural China: Design, Development, and Feasibility Study. <i>JMIR MHealth and UHealth</i> , 2019 , 7, e13503	5.5	6
176	Trends and Inequalities in the Health Care and Hypertension Outcomes in China, 2011 to 2015. <i>International Journal of Environmental Research and Public Health</i> , 2019 , 16,	4.6	7
175	mHealth Interventions for Disadvantaged and Vulnerable People with Type 2 Diabetes. <i>Current Diabetes Reports</i> , 2019 , 19, 148	5.6	18
174	A scoping review of non-communicable disease research capacity strengthening initiatives in low and middle-income countries. <i>Global Health Research and Policy</i> , 2019 , 4, 31	7.6	11
173	System-integrated technology-enabled model of care to improve the health of stroke patients in rural China: protocol for SINEMA-a cluster-randomized controlled trial. <i>American Heart Journal</i> , 2019 , 207, 27-39	4.9	9
172	The relationship between phobic anxiety and 2-year readmission after Acute Coronary Syndrome: What is the role of heart rate variability?. <i>Journal of Affective Disorders</i> , 2019 , 247, 73-80	6.6	5
171	Effect of cardiac rehabilitation on 24-month all-cause hospital readmissions: A prospective cohort study. <i>European Journal of Cardiovascular Nursing</i> , 2019 , 18, 234-244	3.3	10
170	Gaps in Guidelines for the Management of Diabetes in Low- and Middle-Income Versus High-Income Countries-A Systematic Review. <i>Diabetes Care</i> , 2018 , 41, 1097-1105	14.6	44

169	Individualized Fracture Risk Feedback and Long-term Benefits After 10 Years. <i>American Journal of Preventive Medicine</i> , 2018 , 54, 266-274	6.1	5
168	Peer support to improve diabetes care: an implementation evaluation of the Australasian Peers for Progress Diabetes Program. <i>BMC Public Health</i> , 2018 , 18, 262	4.1	18
167	Randomised-controlled trial of a web-based dietary intervention for patients with type 2 diabetes: changes in health cognitions and glycemic control. <i>BMC Public Health</i> , 2018 , 18, 716	4.1	26
166	A group-based lifestyle intervention for diabetes prevention in low- and middle-income country: implementation evaluation of the Kerala Diabetes Prevention Program. <i>Implementation Science</i> , 2018 , 13, 97	8.4	18
165	Determinants of hospitalization in Chinese patients with type 2 diabetes receiving a peer support intervention and JADE integrated care: the PEARL randomised controlled trial. <i>Clinical Diabetes and Endocrinology</i> , 2018 , 4, 5	4.7	8
164	Evaluation of a training program of hypertension for accredited social health activists (ASHA) in rural India. <i>BMC Health Services Research</i> , 2018 , 18, 320	2.9	29
163	A peer-support lifestyle intervention for preventing type 2 diabetes in India: A cluster-randomized controlled trial of the Kerala Diabetes Prevention Program. <i>PLoS Medicine</i> , 2018 , 15, e1002575	11.6	64
162	Cultural adaptation of a peer-led lifestyle intervention program for diabetes prevention in India: the Kerala diabetes prevention program (K-DPP). <i>BMC Public Health</i> , 2018 , 17, 974	4.1	24
161	Behavioral Management of Obesity: Enduring Models, Applications to Diabetes Prevention and Management, and Global Dissemination 2018 , 835-860		
160	Moderate-to-Vigorous Physical Activity But Not Sedentary Time Is Associated With Musculoskeletal Health Outcomes in a Cohort of Australian Middle-Aged Women. <i>Journal of Bone and Mineral Research</i> , 2017 , 32, 708-715	6.3	31
159	The emergence of integrated approaches to worker health, safety and wellbeing in Australia. <i>Australian Journal of Primary Health</i> , 2017 , 23, 154-161	1.4	6
158	Using digital interventions to improve the cardiometabolic health of populations: a meta-review of reporting quality. <i>Journal of the American Medical Informatics Association: JAMIA</i> , 2017 , 24, 867-879	8.6	10
157	Associations of dietary patterns with bone mass, muscle strength and balance in a cohort of Australian middle-aged women. <i>British Journal of Nutrition</i> , 2017 , 118, 598-606	3.6	20
156	Effect of personal and work stress on burnout, job satisfaction and general health of hospital nurses in South Africa. <i>Health SA Gesondheid</i> , 2017 , 22, 252-258	0.6	51
155	Persistent psychological distress and mortality in patients with stable coronary artery disease. <i>Heart</i> , 2017 , 103, 1860-1866	5.1	39
154	Innovative Approaches to Hypertension Control in Low- and Middle-Income Countries. <i>Cardiology Clinics</i> , 2017 , 35, 99-115	2.5	40
153	Roles, responsibilities and characteristics of lay community health workers involved in diabetes prevention programmes: A systematic review. <i>PLoS ONE</i> , 2017 , 12, e0189069	3.7	29
152	Response to "Development and Validation of the User Version of the Mobile Application Rating Scale (uMARS)". <i>JMIR MHealth and UHealth</i> , 2017 , 5, e16	5.5	7

151	Cluster randomised feasibility trial to improve the Control of Hypertension In Rural India (CHIRI): a study protocol. <i>BMJ Open</i> , 2016 , 6, e012404	3	11
150	Prevalence and Correlates of Prehypertension Among Adults in Urban South India. <i>Asia-Pacific Journal of Public Health</i> , 2016 , 28, 93S-101S	2	9
149	Validation of WHOQOL-BREF in Malayalam and Determinants of Quality of Life Among People With Type 2 Diabetes in Kerala, India. <i>Asia-Pacific Journal of Public Health</i> , 2016 , 28, 62S-69S	2	16
148	Changing Lifestyle Behaviors to Improve the Prevention and Management of Cardiovascular Disease 2016 , 1077-1094		
147	Work related stress, burnout, job satisfaction and general health of nurses: A follow-up study. <i>International Journal of Nursing Practice</i> , 2016 , 22, 538-545	2.3	85
146	Type 2 diabetes after gestational diabetes: greater than fourfold risk among Indigenous compared with non-Indigenous Australian women. <i>Diabetes/Metabolism Research and Reviews</i> , 2016 , 32, 217-27	7.5	23
145	Automated telephone communication systems for preventive healthcare and management of long-term conditions. <i>The Cochrane Library</i> , 2016 , 12, CD009921	5.2	50
144	A scoping review of end user involvement in disability research. <i>Disability and Health Journal</i> , 2016 , 9, 189-96	4.2	26
143	Long-term efficacy of a tele-health intervention for acute coronary syndrome patients with depression: 12-month results of the MoodCare randomized controlled trial. <i>European Journal of Preventive Cardiology</i> , 2015 , 22, 1111-20	3.9	20
142	A web-based dietary intervention for people with type 2 diabetes: development, implementation, and evaluation. <i>International Journal of Behavioral Medicine</i> , 2015 , 22, 365-73	2.6	18
141	Low rates of postpartum glucose screening among indigenous and non-indigenous women in Australia with gestational diabetes. <i>Maternal and Child Health Journal</i> , 2015 , 19, 651-63	2.4	18
140	Public Health as Social Science 2015 , 545-551		1
139	Advancing the science of dissemination and implementation in behavioral medicine: evidence and progress. <i>International Journal of Behavioral Medicine</i> , 2015 , 22, 277-82	2.6	17
138	A shared framework for the common mental disorders and Non-Communicable Disease: key considerations for disease prevention and control. <i>BMC Psychiatry</i> , 2015 , 15, 15	4.2	49
137	Cardiovascular prevention model from Kenyan slums to migrants in the Netherlands. <i>Globalization and Health</i> , 2015 , 11, 11	10	5
136	Associations with low rates of postpartum glucose screening after gestational diabetes among Indigenous and non-Indigenous Australian women. <i>Australian and New Zealand Journal of Public Health</i> , 2015 , 39, 69-76	2.3	7
135	Depression in Chinese patients with type 2 diabetes: associations with hyperglycemia, hypoglycemia, and poor treatment adherence. <i>Journal of Diabetes</i> , 2015 , 7, 800-8	3.8	70
134	Utilisation of general practitioner services and achievement of guideline targets by people with diabetes who joined a peer-support program in Victoria, Australia. <i>Australian Journal of Primary Health</i> , 2015 , 21, 205-13	1.4	7

133	Work related stress, burnout, job satisfaction and general health of nurses. <i>International Journal of Environmental Research and Public Health</i> , 2015 , 12, 652-66	4.6	265
132	A systematic review of real-world diabetes prevention programs: learnings from the last 15 years. <i>Implementation Science</i> , 2015 , 10, 172	8.4	163
131	Getting a Grip on NCDs in China: an Evaluation of the Implementation of the Dutch-China Cardiovascular Prevention Program. <i>International Journal of Behavioral Medicine</i> , 2015 , 22, 393-403	2.6	4
130	Using new technologies to improve the prevention and management of chronic conditions in populations. <i>Annual Review of Public Health</i> , 2015 , 36, 483-505	20.6	58
129	Changing Lifestyle Behaviors to Improve the Prevention and Management of Cardiovascular Disease 2015 , 1-18		
128	Behavioral medicine and prevention of non-communicable diseases in China: current challenges and future directions. <i>International Journal of Behavioral Medicine</i> , 2014 , 21, 584-9	2.6	9
127	Efficacy and feasibility of a tele-health intervention for acute coronary syndrome patients with depression: results of the "MoodCare" randomized controlled trial. <i>Annals of Behavioral Medicine</i> , 2014 , 48, 163-74	4.5	22
126	Effects of telephone-based peer support in patients with type 2 diabetes mellitus receiving integrated care: a randomized clinical trial. <i>JAMA Internal Medicine</i> , 2014 , 174, 972-81	11.5	87
125	Stressful life events and the onset of chronic diseases among Australian adults: findings from a longitudinal survey. <i>European Journal of Public Health</i> , 2014 , 24, 57-62	2.1	58
124	Effects of individualized bone density feedback and educational interventions on osteoporosis knowledge and self-efficacy: a 12-yr prospective study. <i>Journal of Clinical Densitometry</i> , 2014 , 17, 466-72 ^{3,5}	3.5	19
123	Conceptual Perspectives on the Co-Occurrence of Mental and Physical Disease: Diabetes and Depression as a Model. <i>Key Issues in Mental Health</i> , 2014 , 1-14		1
122	Public Health Perspectives on the Co-Occurrence of Non-Communicable Diseases and Common Mental Disorders. <i>Key Issues in Mental Health</i> , 2014 , 15-22		1
121	Depression in working adults: comparing the costs and health outcomes of working when ill. <i>PLoS ONE</i> , 2014 , 9, e105430	3.7	18
120	Evaluating research recruitment strategies to improve response rates amongst South African nurses. <i>SA Journal of Industrial Psychology</i> , 2014 , 40,	1.1	1
119	Perceptions of benefit of complementary therapy use among people with diabetes and cardiovascular disease. <i>Research in Complementary Medicine</i> , 2014 , 21, 25-33		6
118	Telephone-delivered health coaching improves anxiety outcomes after myocardial infarction: the ProActive Heart Trial. <i>European Journal of Preventive Cardiology</i> , 2014 , 21, 30-8	3.9	25
117	National Responses to HIV/AIDS and Non-Communicable Diseases in Developing Countries: Analysis of Strategic Parallels and Differences. <i>Journal of Public Health Research</i> , 2014 , 3, 99	2.2	13
116	Cost-effectiveness of a coronary heart disease secondary prevention program in patients with myocardial infarction: results from a randomised controlled trial (ProActive Heart). <i>BMC Cardiovascular Disorders</i> , 2013 , 13, 33	2.3	26

115	Lifestyle change in Kerala, India: needs assessment and planning for a community-based diabetes prevention trial. <i>BMC Public Health</i> , 2013 , 13, 95	4.1	35
114	Effect of a telephone-delivered coronary heart disease secondary prevention program (proactive heart) on quality of life and health behaviours: primary outcomes of a randomised controlled trial. <i>International Journal of Behavioral Medicine</i> , 2013 , 20, 413-24	2.6	35
113	Psychosocial stress predicts abnormal glucose metabolism: the Australian Diabetes, Obesity and Lifestyle (AusDiab) study. <i>Annals of Behavioral Medicine</i> , 2013 , 46, 62-72	4.5	40
112	Ethnic and socio-economic disparities in oral health outcomes and quality of life among Sri Lankan preschoolers: a cross-sectional study. <i>International Journal for Equity in Health</i> , 2013 , 12, 89	4.6	15
111	The health-related quality of life burden of co-morbid cardiovascular disease and major depressive disorder in Australia: findings from a population-based, cross-sectional study. <i>Quality of Life Research</i> , 2013 , 22, 37-44	3.7	33
110	Evaluating the impact of depression, anxiety & autonomic function on health related quality of life, vocational functioning and health care utilisation in acute coronary syndrome patients: the ADVENT study protocol. <i>BMC Cardiovascular Disorders</i> , 2013 , 13, 103	2.3	12
109	Postpartum care for Aboriginal and non-Aboriginal women with Gestational Diabetes Mellitus across urban, rural and remote locations: a protocol for a cohort linkage study. <i>SpringerPlus</i> , 2013 , 2, 576		7
108	Assessment of cardiovascular disease risk in South asian populations. <i>International Journal of Vascular Medicine</i> , 2013 , 2013, 786801	1.2	28
107	Diabetes in pregnancy among indigenous women in Australia, Canada, New Zealand and the United States. <i>Diabetes/Metabolism Research and Reviews</i> , 2013 , 29, 241-56	7.5	50
106	Cluster randomised controlled trial of a peer-led lifestyle intervention program: study protocol for the Kerala diabetes prevention program. <i>BMC Public Health</i> , 2013 , 13, 1035	4.1	41
105	Burnout in relation to specific contributing factors and health outcomes among nurses: a systematic review. <i>International Journal of Environmental Research and Public Health</i> , 2013 , 10, 2214-40	4.6	179
104	Co-morbid cardiovascular disease and depression: sequence of disease onset is linked to mental but not physical self-rated health. Results from a cross-sectional, population-based study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2012 , 47, 1145-51	4.5	22
103	Co-occurrence of diabetes and depression: conceptual considerations for an emerging global health challenge. <i>Journal of Affective Disorders</i> , 2012 , 142 Suppl, S56-66	6.6	72
102	Diabetes prevalence and determinants in adults in China mainland from 2000 to 2010: a systematic review. <i>Diabetes Research and Clinical Practice</i> , 2012 , 98, 226-35	7.4	70
101	Social determinants of bone densitometry uptake for osteoporosis risk in patients aged 50yr and older: a systematic review. <i>Journal of Clinical Densitometry</i> , 2012 , 15, 165-75	3.5	14
100	Co-morbid depression is associated with poor work outcomes in persons with cardiovascular disease (CVD): a large, nationally representative survey in the Australian population. <i>BMC Public Health</i> , 2012 , 12, 47	4.1	10
99	Randomised controlled trial of an automated, interactive telephone intervention (TLC Diabetes) to improve type 2 diabetes management: baseline findings and six-month outcomes. <i>BMC Public Health</i> , 2012 , 12, 602	4.1	57
98	Cluster randomized controlled trial of a peer support program for people with diabetes: study protocol for the Australasian Peers for Progress study. <i>BMC Public Health</i> , 2012 , 12, 843	4.1	14

97	Prevention of type 2 diabetes and its complications in developing countries: a review. <i>International Journal of Behavioral Medicine</i> , 2012 , 19, 121-33	2.6	89
96	Area-level socioeconomic status and incidence of abnormal glucose metabolism: the Australian Diabetes, Obesity and Lifestyle (AusDiab) study. <i>Diabetes Care</i> , 2012 , 35, 1455-61	14.6	34
95	Impact of depression treatment on mental and physical health-related quality of life of cardiac patients: a meta-analysis. <i>Journal of Cardiopulmonary Rehabilitation and Prevention</i> , 2011 , 31, 146-56	3.6	24
94	Randomised-controlled trial of a web-based dietary intervention for patients with type 2 diabetes mellitus: study protocol of myDIDeA. <i>BMC Public Health</i> , 2011 , 11, 359	4.1	8
93	Web-based interventions for the management of type 2 diabetes mellitus: a systematic review of recent evidence. <i>International Journal of Medical Informatics</i> , 2011 , 80, 389-405	5.3	138
92	Association between socioeconomic status and bone mineral density in adults: a systematic review. <i>Osteoporosis International</i> , 2011 , 22, 517-27	5.3	47
91	The spread and uptake of diabetes prevention programs around the world: a case study from Finland and Australia. <i>Translational Behavioral Medicine</i> , 2011 , 1, 270-282	3.2	18
