#	ARTICLE	IF	CITATIONS
1	Assessing the integrity of executive functioning in chronic aphasia. <i>Aphasiology</i> , 2023, 37, 869-906.	1.4	5
2	Systematic review of subjective memory measures to inform assessing memory limitations after stroke and stroke-related aphasia. <i>Disability and Rehabilitation</i> , 2021, 43, 1488-1506.	0.9	8
3	Spoken Discourse Assessment and Analysis in Aphasia: An International Survey of Current Practices. <i>Journal of Speech, Language, and Hearing Research</i> , 2021, 64, 4366-4389.	0.7	17
4	Cognitive and Linguistic Benefits of Aerobic Exercise: A State-of-the-Art Systematic Review of the Stroke Literature. <i>Frontiers in Rehabilitation Sciences</i> , 2021, 2, .	0.5	2
5	Cognitive Linguistic Functions in Adults With Epilepsy: Preliminary Electrophysiological and Behavioral Findings. <i>Journal of Speech, Language, and Hearing Research</i> , 2020, 63, 2403-2417.	0.7	3
6	Effects of Epilepsy on Language Functions: Scoping Review and Data Mining Findings. <i>American Journal of Speech-Language Pathology</i> , 2018, 27, 350-378.	0.9	16
7	An International Survey of Assessment Practices for Short-Term and Working Memory Deficits in Aphasia. <i>American Journal of Speech-Language Pathology</i> , 2018, 27, 574-591.	0.9	8
8	Sentence processing in aphasia: An examination of material-specific and general cognitive factors. <i>Journal of Neurolinguistics</i> , 2018, 48, 26-46.	0.5	17
9	The use of standardised short-term and working memory tests in aphasia research: a systematic review. <i>Neuropsychological Rehabilitation</i> , 2018, 28, 309-351.	1.0	41
10	The top ten: best practice recommendations for aphasia. <i>Aphasiology</i> , 2017, 31, 131-151.	1.4	53
11	Design fluency subsequent to onset of aphasia: a distinct pattern of executive function difficulties?. <i>Aphasiology</i> , 2017, 31, 793-818.	1.4	25
12	Focusing attention on executive functioning in Aphasia. <i>Aphasiology</i> , 2017, 31, 721-724.	1.4	15
13	Addressing concomitant executive dysfunction and aphasia: previous approaches and the new brain budget protocol. <i>Aphasiology</i> , 2017, 31, 837-860.	1.4	18
14	Behavioral/Nonpharmacological Approaches to Addressing Cognitive-Linguistic Symptoms in Individuals With Dementia. <i>Perspectives of the ASHA Special Interest Groups</i> , 2016, 1, 12-25.	0.4	12
15	Spaced retrieval training: Support for use in mild Alzheimer's Disease with semantic memory targets but a remaining need to extend findings to the broader dementia population and functional targets. <i>Evidence-Based Communication Assessment and Intervention</i> , 2016, 10, 7-12.	0.6	0
16	Reading Comprehension in Parkinson's Disease. <i>American Journal of Speech-Language Pathology</i> , 2014, 23, S246-58.	0.9	15
17	Attention and Other Cognitive Deficits in Aphasia: Presence and Relation to Language and Communication Measures. <i>American Journal of Speech-Language Pathology</i> , 2012, 21, S51-64.	0.9	190
18	Measuring working memory deficits in aphasia. <i>Journal of Communication Disorders</i> , 2012, 45, 325-339.	0.8	63

#	ARTICLE	IF	CITATIONS
19	Direct and indirect treatment approaches for addressing short-term or working memory deficits in aphasia. <i>Aphasiology</i> , 2012, 26, 317-337.	1.4	27
20	The Feasibility of a Structured Cognitive Training Protocol to Address Progressive Cognitive Decline in Individuals With Vascular Dementia. <i>American Journal of Speech-Language Pathology</i> , 2012, 21, 167-179.	0.9	29
21	Assessing Cognitive Functioning in Older Patients: The Why, Who, What, and How. <i>Perspectives on Gerontology</i> , 2012, 17, 17-26.	0.2	3
22	Distinguishing clinical depression from early Alzheimer's disease in elderly people: Can narrative analysis help?. <i>Aphasiology</i> , 2010, 24, 928-939.	1.4	20
23	Comprehensive Overview of Nursing and Interdisciplinary Rehabilitation Care of the Stroke Patient. <i>Stroke</i> , 2010, 41, 2402-2448.	1.0	621
24	LANGUAGE AND PARKINSON'S DISEASE. <i>Annual Review of Applied Linguistics</i> , 2008, 28, 113-127.	1.0	48
25	The Application of Relaxation Training Approaches to Patients With Neurogenic Disorders and Their Caregivers. <i>Perspectives on Neurophysiology and Neurogenic Speech and Language Disorders</i> , 2008, 18, 90-98.	0.4	4
26	Treatment of Underlying Forms in a discourse context. <i>Aphasiology</i> , 2007, 21, 139-163.	1.4	26
27	Treating attention in mild aphasia: Evaluation of attention process training-II. <i>Journal of Communication Disorders</i> , 2006, 39, 37-61.	0.8	53
28	A Review of Select Alternative Treatment Approaches for Acquired Neurogenic Disorders: Relaxation Therapy and Acupuncture. <i>Seminars in Speech and Language</i> , 2004, 25, 133-149.	0.5	14
29	Linguistic Specific Treatment: Just for Broca's aphasia?. <i>Aphasiology</i> , 2004, 18, 785-809.	1.4	30
30	Functional measures of naming in aphasia: Word retrieval in confrontation naming versus connected speech. <i>Aphasiology</i> , 2003, 17, 481-497.	1.4	93
31	Attention Deficits in Aphasia: Presence, Nature, Assessment, and Treatment. <i>Seminars in Speech and Language</i> , 2002, 23, 107-116.	0.5	52
32	Attention Impairment Following Traumatic Brain Injury. <i>Seminars in Speech and Language</i> , 2002, 23, 129-138.	0.5	39
33	Approaches to the treatment of alexia in chronic aphasia. <i>Aphasiology</i> , 2002, 16, 727-743.	1.4	51
34	Cognitive distinctions between depression and early Alzheimer's disease in the elderly. <i>Aphasiology</i> , 2002, 16, 573-585.	1.4	4
35	Productive syntax abilities in Huntington's and Parkinson's diseases. <i>Brain and Cognition</i> , 2001, 46, 213-219.	0.8	94
36	A comparison of relaxation training and syntax stimulation for chronic nonfluent aphasia. <i>Journal of Communication Disorders</i> , 2001, 34, 87-113.	0.8	29

#	ARTICLE	IF	CITATIONS
37	Memory Impairments in Adults with Neurogenic Communication Disorders. <i>Seminars in Speech and Language</i> , 2001, 22, 129-138.	0.5	25
38	Assessment of Memory in Neurogenic Communication Disorders. <i>Seminars in Speech and Language</i> , 2001, 22, 139-148.	0.5	2
39	Spoken Language Production in Huntington's and Parkinson's Diseases. <i>Journal of Speech, Language, and Hearing Research</i> , 2000, 43, 1350-1366.	0.7	102
40	A treatment for written verb retrieval and sentence construction skills. <i>Aphasiology</i> , 2000, 14, 585-602.	1.4	32
41	ASSESSING THE EXECUTIVE FUNCTION ABILITIES OF ADULTS WITH NEUROGENIC COMMUNICATION DISORDERS. <i>Seminars in Speech and Language</i> , 2000, Volume 21, 0153-0168.	0.5	17
42	The Effects of Varying Attentional Demands on the Word Retrieval Skills of Adults with Aphasia, Right Hemisphere Brain Damage, or No Brain Damage. <i>Brain and Language</i> , 2000, 72, 40-72.	0.8	89
43	Review Attention and aphasia: theory, research and clinical implications. <i>Aphasiology</i> , 1999, 13, 91-111.	1.4	111
44	Discourse Comprehension in Huntington's and Parkinson's Diseases. <i>American Journal of Speech-Language Pathology</i> , 1999, 8, 137-148.	0.9	53
45	Longitudinal treatment of primary progressive aphasia: A case study. <i>Aphasiology</i> , 1998, 12, 651-672.	1.4	60
46	Spoken Language of Individuals With Mild Fluent Aphasia Under Focused and Divided-Attention Conditions. <i>Journal of Speech, Language, and Hearing Research</i> , 1998, 41, 213-227.	0.7	98
47	Grammaticality judgements of mildly aphasic individuals under dual-task conditions. <i>Aphasiology</i> , 1997, 11, 993-1016.	1.4	52
48	Auditory Processing in Individuals With Mild Aphasia. <i>Journal of Speech, Language, and Hearing Research</i> , 1997, 40, 792-808.	0.7	123
49	The language recovery of acutely aphasic patients receiving different therapy regimens. <i>Aphasiology</i> , 1995, 9, 397-405.	1.4	17
