|---|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | Laparoscopic caudal-to-cranial approach for radical lymph node dissection in right hemicolectomy. Langenbeck's Archives of Surgery, 2016, 401, 741-746.                                                                                                                                                                 | 1.9 | 16        |
| 2 | “Caudal-to-cranial” plus “artery first” technique with beyond D3 lymph node dissection on the right midline of the superior mesenteric artery for the treatment of right colon cancer: is it more in line with the principle of oncology?. Surgical Endoscopy and Other Interventional Techniques, 2020, 34, 4089-4100. | 2.4 | 16        |
| 3 | The Medial Border of Laparoscopic D3 Lymphadenectomy for Right Colon Cancer: Results from an Exploratory Pilot Study. Diseases of the Colon and Rectum, 2021, 64, 1286-1296.                                                                                                                                            | 1.3 | 5         |
| 4 | An innovative and convenient technique to reduce anastomotic leakage after double stapling anastomosis: laparoscopic demucositized suture the overlapping point of the “dog ear” area. Updates in Surgery, 0, , .                                                                                                       | 2.0 | 2         |
| 5 | Regional lymph nodes distribution pattern in central area of right-sided colon cancer: in-vivo detection and the update on the clinical exploration. American Journal of Cancer Research, 2021, 11, 2095-2105.                                                                                                          | 1.4 | 1         |
| 6 | Risk factors of chylous ascites and its relationship with long-term prognosis in laparoscopic D3 lymphadenectomy for right colon cancer. Langenbeck's Archives of Surgery, 2022, 407, 2453-2462.                                                                                                                        | 1.9 | 1         |
