Version: 2024-04-10

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.
The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

172 papers	2,442 citations	26 h-index	40 g-index
179 ext. papers	2,853 ext. citations	2.4 avg, IF	5.39 L-index

#	Paper	IF	Citations
172	Dental service patterns among private and public adult patients in Australia. <i>BMC Health Services Research</i> , 2008 , 8, 1	2.9	205
171	Tooth loss, chewing ability and quality of life. <i>Quality of Life Research</i> , 2008 , 17, 227-35	3.7	141
170	Oral Conditions and Health-Related Quality of Life: A Systematic Review. <i>Journal of Dental Research</i> , 2017 , 96, 864-874	8.1	120
169	Impact of dental visiting trajectory patterns on clinical oral health and oral health-related quality of life. <i>Journal of Public Health Dentistry</i> , 2012 , 72, 36-44	1.6	77
168	Quality of life and disability weights associated with periodontal disease. <i>Journal of Dental Research</i> , 2007 , 86, 713-7	8.1	60
167	Mapping oral health related quality of life to generic health state values. <i>BMC Health Services Research</i> , 2006 , 6, 96	2.9	54
166	Hepatitis C infection and associated oral health problems. <i>Australian Dental Journal</i> , 2000 , 45, 108-14	2.3	49
165	Caries prevalence in Australasia. <i>International Dental Journal</i> , 1994 , 44, 415-23	2.2	43
164	Dimensions of oral health related quality of life measured by EQ-5D+ and OHIP-14. <i>Health and Quality of Life Outcomes</i> , 2004 , 2, 35	3	41
163	Chewing disability in older adults attributable to tooth loss and other oral conditions. <i>Gerodontology</i> , 2012 , 29, 106-10	2.8	39
162	Social inequality in the use and comprehensiveness of dental services. <i>Australian Journal of Public Health</i> , 1995 , 19, 80-5		37
161	Dentine hypersensitivity in a private practice patient population in Australia. <i>Journal of Oral Rehabilitation</i> , 2011 , 38, 52-60	3.4	35
160	General health and oral health self-ratings, and impact of oral problems among older adults. <i>European Journal of Oral Sciences</i> , 2011 , 119, 469-73	2.3	34
159	Caries experience among 45-54 year olds in Adelaide, South Australia. <i>Australian Dental Journal</i> , 2007 , 52, 122-7	2.3	32
158	Trends in service provision among Australian private general dental practitioners over a 20-year period. <i>International Dental Journal</i> , 2006 , 56, 215-23	2.2	32
157	Influence of patient, visit, and oral health factors on dental service provision. <i>Journal of Public Health Dentistry</i> , 2002 , 62, 148-57	1.6	32
156	Positive and negative affect and oral health-related quality of life. <i>Health and Quality of Life Outcomes</i> , 2006 , 4, 83	3	31

155	Dental visiting trajectory patterns and their antecedents. <i>Journal of Public Health Dentistry</i> , 2011 , 71, 23-31	1.6	30
154	Fruit and vegetable consumption among older adults by tooth loss and socio-economic status. <i>Australian Dental Journal</i> , 2010 , 55, 143-9	2.3	30
153	Rates of dental service provision between capital city and non-capital locations in Australian private general practice. <i>Australian Journal of Rural Health</i> , 1998 , 6, 12-7	1.3	30
152	Oral Health Impact Profile, EuroQol, and Assessment of Quality of Life instruments as quality of life and health-utility measures of oral health. <i>European Journal of Oral Sciences</i> , 2013 , 121, 188-93	2.3	29
151	Insurance status and provision of dental services in Australian private general practice. <i>Community Dentistry and Oral Epidemiology</i> , 1997 , 25, 423-8	2.8	29
150	Service provision among adult public dental service patients: baseline data from the Commonwealth Dental Health Program. <i>Australian and New Zealand Journal of Public Health</i> , 1997 , 21, 40-4	2.3	28
149	Factors influencing choice of dental treatment by private general practitioners. <i>International Journal of Behavioral Medicine</i> , 2002 , 9, 94-110	2.6	28
148	Dentist service rates and distribution of practice styles over time. <i>Community Dentistry and Oral Epidemiology</i> , 1996 , 24, 145-51	2.8	27
147	Quality of life and psychosocial outcomes after fixed orthodontic treatment: a 17-year observational cohort study. <i>Community Dentistry and Oral Epidemiology</i> , 2011 , 39, 505-14	2.8	26
146	Life events and oral-health-related quality of life among young adults. <i>Quality of Life Research</i> , 2009 , 18, 557-65	3.7	25
145	Oral health impacts on self-rated general and oral health in a cross-sectional study of working age adults. <i>Community Dentistry and Oral Epidemiology</i> , 2015 , 43, 282-8	2.8	24
144	Development and psychometric validation of a Health Literacy in Dentistry scale (HeLD). <i>Community Dental Health</i> , 2014 , 31, 37-43	0.9	24
143	Development of a short-form Health Literacy Dental Scale (HeLD-14). <i>Community Dentistry and Oral Epidemiology</i> , 2015 , 43, 143-51	2.8	23
142	Dietary, self-reported oral health and socio-demographic predictors of general health status among older adults. <i>Journal of Nutrition, Health and Aging</i> , 2012 , 16, 437-41	5.2	23
141	Service provision trends between 1983-84 and 1993-94 in Australian private general practice. <i>Australian Dental Journal</i> , 1998 , 43, 331-6	2.3	23
140	Dentine hypersensitivity - Australian dentists' perspective. <i>Australian Dental Journal</i> , 2010 , 55, 181-7	2.3	22
139	Oral health of Indigenous adult public dental patients in Australia. <i>Australian Dental Journal</i> , 2007 , 52, 322-8	2.3	22
138	Service patterns associated with coronal caries in private general dental practice. <i>Journal of Dentistry</i> , 2007 , 35, 570-7	4.8	21

137	Longitudinal comparison of factors influencing choice of dental treatment by private general practitioners. <i>Australian Dental Journal</i> , 2006 , 51, 117-23	2.3	21
136	Dental insurance, attitudes to dental care, and dental visiting. <i>Journal of Public Health Dentistry</i> , 2013 , 73, 103-11	1.6	20
135	Trends in dental visiting avoidance due to cost in Australia, 1994 to 2010: an age-period-cohort analysis. <i>BMC Health Services Research</i> , 2013 , 13, 381	2.9	20
134	Effects of water fluoride exposure at crown completion and maturation on caries of permanent first molars. <i>Caries Research</i> , 2007 , 41, 34-42	4.2	20
133	Trends in dental service provision in Australia: 1983-1984 to 2009-2010. <i>International Dental Journal</i> , 2015 , 65, 39-44	2.2	17
132	Health-related quality of life and income-related social mobility in young adults. <i>Health and Quality of Life Outcomes</i> , 2014 , 12, 52	3	17
131	The effect of lifetime fluoridation exposure on dental caries experience of younger rural adults. <i>Australian Dental Journal</i> , 2015 , 60, 30-7	2.3	16
130	Grocery purchasing among older adults by chewing ability, dietary knowledge and socio-economic status. <i>Public Health Nutrition</i> , 2011 , 14, 1279-84	3.3	16
129	Prevalence of periodontal conditions among public-funded dental patients in Australia. <i>Australian Dental Journal</i> , 2001 , 46, 114-21	2.3	16
128	Is poor access to dental care why people outside capital cities have poor oral health?. <i>Australian Dental Journal</i> , 2012 , 57, 477-85	2.3	15
127	Social inequality in use of dental services: relief of pain and extractions. <i>Australian and New Zealand Journal of Public Health</i> , 2008 , 32, 444-9	2.3	15
126	Dentist preferences for patients: dimensions and associations with provider, practice, and service characteristics. <i>International Journal of Behavioral Medicine</i> , 2006 , 13, 69-78	2.6	15
125	Third Molars on the Internet: A Guide for Assessing Information Quality and Readability. <i>Interactive Journal of Medical Research</i> , 2015 , 4, e19	2.1	15
124	Household income modifies the association of insurance and dental visiting. <i>BMC Health Services Research</i> , 2013 , 13, 432	2.9	14
123	Dental knowledge and oral health among middle-aged adults. <i>Australian and New Zealand Journal of Public Health</i> , 2010 , 34, 472-5	2.3	14
122	Trends in private dental service provision in major city and other Australian locations. <i>Australian Journal of Rural Health</i> , 2007 , 15, 189-95	1.3	14
121	Periodontal disease among 45-54 year olds in Adelaide, South Australia. <i>Australian Dental Journal</i> , 2007 , 52, 55-60	2.3	14
120	Applied scope of practice of oral health therapists, dental hygienists and dental therapists. <i>Australian Dental Journal</i> , 2016 , 61, 342-9	2.3	14

119	Efficacy of an oral health literacy intervention among Indigenous Australian adults. <i>Community Dentistry and Oral Epidemiology</i> , 2017 , 45, 413-426	2.8	13
118	Childhood oral health and SES predictors of caries in 30-year-olds. <i>Caries Research</i> , 2014 , 48, 237-43	4.2	13
117	Dental visiting by insurance and oral health impact. <i>Australian Dental Journal</i> , 2013 , 58, 344-9	2.3	13
116	Practice activity trends among Australian private general dental practitioners: 1983-84 to 1998-99. <i>International Dental Journal</i> , 2002 , 52, 61-6	2.2	13
115	The influence of orthodontic treatment on dental caries: An Australian cohort study. <i>Community Dentistry and Oral Epidemiology</i> , 2019 , 47, 210-216	2.8	12
114	Dental insurance, service use and health outcomes in Australia: a systematic review. <i>Australian Dental Journal</i> , 2018 , 63, 4-13	2.3	12
113	Social support and optimism in relation to the oral health of young adults. <i>International Journal of Behavioral Medicine</i> , 2012 , 19, 56-64	2.6	12
112	Disability weights for the burden of oral disease in South Australia. <i>Population Health Metrics</i> , 2004 , 2, 7	3	12
111	Predictors of fixed orthodontic treatment in 15-year-old adolescents in South Australia. <i>Community Dentistry and Oral Epidemiology</i> , 1995 , 23, 350-5	2.8	12
110	Service-mix of oral and maxillofacial surgeons in Australia and New Zealand. <i>International Journal of Oral and Maxillofacial Surgery</i> , 1993 , 22, 310-3	2.9	12
109	Methodological aspects of a computer-assisted telephone interview survey of oral health. <i>Australian Dental Journal</i> , 1995 , 40, 306-10	2.3	12
108	The international migration of dentists: directions for research and policy. <i>Community Dentistry and Oral Epidemiology</i> , 2016 , 44, 301-12	2.8	12
107	Obesity, dietary sugar and dental caries in Australian adults. <i>International Dental Journal</i> , 2019 , 69, 383-391	2.2	11
106	Characteristics and practice profiles of migrant dentist groups in Australia: implications for dental workforce policy and planning. <i>International Dental Journal</i> , 2015 , 65, 146-55	2.2	11
105	The global interconnectedness of dentist migration: a qualitative study of the life-stories of international dental graduates in Australia. <i>Health Policy and Planning</i> , 2015 , 30, 442-50	3.4	11
104	Change in self-reported oral health in relation to use of dental services over 2 yr. <i>European Journal of Oral Sciences</i> , 2012 , 120, 422-8	2.3	11
103	Oral health of children in South Australia by socio-demographic characteristics and choice of provider. <i>Community Dentistry and Oral Epidemiology</i> , 1999 , 27, 93-102	2.8	11
102	Associations between level of private dental insurance cover and favourable dental visiting by household income. <i>Australian Dental Journal</i> , 2015 , 60, 479-89	2.3	10

101	Provision of extractions by main diagnoses. <i>International Dental Journal</i> , 2001 , 51, 1-6	2.2	10
100	Differences in dimensions of satisfaction with private and public dental care among children. <i>International Dental Journal</i> , 2001 , 51, 77-82	2.2	10
99	Evaluation of service provision patterns during a public-funded dental program. <i>Australian and New Zealand Journal of Public Health</i> , 1999 , 23, 140-6	2.3	10
98	Renewness-struggle-success continuum: a qualitative examination of the cultural adaptation process experienced by overseas-qualified dentists in Australia. <i>Australian Health Review</i> , 2016 , 40, 168-173	1.8	10
97	Does self-efficacy mediate the effect of oral health literacy on self-rated oral health in an Indigenous population?. <i>Journal of Public Health Dentistry</i> , 2016 , 76, 350-355	1.6	10
96	Tooth loss and general quality of life in dentate adults from Southern Brazil. <i>Quality of Life Research</i> , 2017 , 26, 2647-2657	3.7	9
95	Income-based life-course models of caries in 30-year-old Australian adults. <i>Community Dentistry and Oral Epidemiology</i> , 2015 , 43, 262-71	2.8	9
94	Trust in dentist-patient relationships: mapping the relevant concepts. <i>European Journal of Oral Sciences</i> , 2020 , 128, 110-119	2.3	9
93	Dental visiting history between ages 13 and 30 years and oral health-related impact. <i>Community Dentistry and Oral Epidemiology</i> , 2014 , 42, 254-62	2.8	9
92	Age, period and cohort analysis of patient dental visits in Australia. <i>BMC Health Services Research</i> , 2014 , 14, 13	2.9	9
91	Practice profiles of male and female dentists in Australia. <i>Australian Dental Journal</i> , 2011 , 56, 97-9	2.3	9
90	Caries experience of adults attending private and public dental clinics in Australia. <i>Journal of Public Health Dentistry</i> , 2011 , 71, 32-7	1.6	9
89	Service provision by patient and visit characteristics in Australian oral and maxillofacial surgery: 1990 to 2000. <i>International Journal of Oral and Maxillofacial Surgery</i> , 2004 , 33, 700-8	2.9	9
88	Overseas-qualified dentists' experiences and perceptions of the Australian Dental Council assessment and examination process: the importance of support structures. <i>Australian Health Review</i> , 2014 , 38, 412-9	1.8	9
87	Self-rated dental health and dental insurance: modification by household income. <i>Health and Quality of Life Outcomes</i> , 2014 , 12, 67	3	8
86	Service provision trends among Australian private general dental practitioners: 1983/84 to 1998/99. <i>International Dental Journal</i> , 2003 , 53, 145-52	2.2	8
85	Restorative service trends in private general practice in Australia: 1983-1999. <i>Journal of Dentistry</i> , 2003 , 31, 143-51	4.8	8
84	Practice patterns of oral and maxillofacial surgeons in Australia: 1990 and 2000. <i>International Journal of Oral and Maxillofacial Surgery</i> , 2004 , 33, 598-605	2.9	8

83	A strife of interests: A qualitative study on the challenges facing oral health workforce policy and planning. <i>Health Policy</i> , 2019 , 123, 1068-1075	3.2	7
82	Treatment of caries in relation to lesion severity: implications for minimum intervention dentistry. <i>Journal of Dentistry</i> , 2015 , 43, 58-65	4.8	7
81	Job satisfaction among migrant dentists in Australia: implications for dentist migration and workforce policy. <i>Australian Dental Journal</i> , 2016 , 61, 174-82	2.3	7
80	Practice belief scales among private general dental practitioners. <i>Australian Dental Journal</i> , 2001 , 46, 186-93	2.3	7
79	Having fewer than 21 teeth associated with poorer general health among South Australians. <i>Journal of Public Health Dentistry</i> , 2017 , 77, 216-224	1.6	6
78	Internet use, online information seeking and knowledge among third molar patients attending public dental services. <i>Australian Dental Journal</i> , 2017 , 62, 323-330	2.3	6
77	Exploring and modelling impacts of third molar experience on quality of life: a real-time qualitative study using Twitter. <i>International Dental Journal</i> , 2017 , 67, 272-280	2.2	6
76	Is clinical oral health poorer in regional areas compared with major city areas?. <i>Australian Journal of Rural Health</i> , 2013 , 21, 150-7	1.3	6
75	Individual dental expenditure by Australian adults. <i>Australian Dental Journal</i> , 2013 , 58, 498-506	2.3	6
74	Variation in dental service provision among adult migrant public-funded patients. <i>Australian and New Zealand Journal of Public Health</i> , 1999 , 23, 639-42	2.3	6
73	A consensus approach to projections of the supply of oral and maxillofacial surgeons in Australia. <i>International Journal of Oral and Maxillofacial Surgery</i> , 1993 , 22, 314-7	2.9	6
72	Are oral health-related self-efficacy, knowledge and fatalism indicators for non-toothbrush ownership in a homeless population?. <i>Community Dental Health</i> , 2016 , 33, 48-53	0.9	6
71	The long-term influence of orthodontic treatment on adults' psychosocial outcomes: An Australian cohort study. <i>Orthodontics and Craniofacial Research</i> , 2019 , 22, 312-320	3	5
70	Work-Family Conflict and Oral and General Health-Related Quality of Life. <i>International Journal of Behavioral Medicine</i> , 2015 , 22, 489-97	2.6	5
69	Health behaviours and quality of life in independently living South Australians aged 75 years or older. <i>Australian Dental Journal</i> , 2018 , 63, 156-162	2.3	5
68	Diagnostic services in Australia: service rates and characteristics of patients. <i>Australian Dental Journal</i> , 2016 , 61, 298-303	2.3	5
67	Longitudinal changes in dental services provided by Australian dentists. <i>Journal of Public Health Dentistry</i> , 2016 , 76, 30-7	1.6	5
66	Restorative service patterns in Australia: amalgam, composite resin and glass ionomer restorations. <i>International Dental Journal</i> , 2003 , 53, 455-63	2.2	5

65	Diagnostic and preventive service trends in private general practice: 1983-1984 to 1998-1999. <i>Australian Dental Journal</i> , 2003 , 48, 43-9	2.3	5
64	Oral health-related quality of life improves in employees with disabilities following a workplace dental intervention. <i>Evaluation and Program Planning</i> , 2016 , 59, 1-6	1.7	5
63	Socioeconomic and psychosocial associations with oral health impact and general health. <i>Community Dentistry and Oral Epidemiology</i> , 2019 , 47, 32-39	2.8	5
62	Hours worked and patient visits provided by dentists in Australia. <i>Australian Dental Journal</i> , 2018 , 63, 118-123	2.3	5
61	General health and well-being among primary care patients aged 75+ years: Associations with living conditions, oral health and dependency. <i>Australasian Journal on Ageing</i> , 2018 , 37, E1-E6	1.5	5
60	Inequalities in utilization and provision of dental services: a scoping review. <i>Systematic Reviews</i> , 2021 , 10, 222	3	5
59	Psychosocial factors and self-reported transitions in oral and general health. <i>European Journal of Oral Sciences</i> , 2019 , 127, 241-247	2.3	4
58	Are trust and satisfaction similar in dental care settings?. <i>Community Dentistry and Oral Epidemiology</i> , 2020 , 48, 480-486	2.8	4
57	The long-term influence of orthodontic treatment on dental knowledge and behaviour: An Australian cohort study. <i>Journal of Dentistry</i> , 2020 , 100, 103345	4.8	4
56	Development and psychometric validation of social cognitive theory scales in an oral health context. <i>Australian and New Zealand Journal of Public Health</i> , 2016 , 40, 193-5	2.3	4
55	Pre- and post-training evaluation of dental efficacy and activation measures in carers of adults with disabilities in South Australia - a pilot study. <i>Health and Social Care in the Community</i> , 2016 , 24, 739-746	2.6	4
54	Examining dental expenditure and dental insurance accounting for probability of incurring expenses. <i>Community Dentistry and Oral Epidemiology</i> , 2017 , 45, 101-111	2.8	4
53	Social acceptability of dental appearance and benefits of fixed orthodontic treatment: a 17-year observational cohort study. <i>Journal of Public Health Dentistry</i> , 2012 , 72, 135-42	1.6	4
