#	ARTICLE	IF	CITATIONS
1	New passivity criteria for uncertain neural networks with time-varying delay. Neurocomputing, 2016, 171, 1003-1012.	3.5	29
2	State estimation for neural networks with multiple time delays. Neurocomputing, 2015, 151, 501-510.	3.5	25
3	Exponential H $\infty$ synchronization of switching fuzzy systems with time-varying delay and impulses. Fuzzy Sets and Systems, 2019, 365, 116-139.	1.6	16
4	State estimation of neural networks with two Markovian jumping parameters and multiple time delays. Journal of the Franklin Institute, 2017, 354, 812-833.	1.9	13
5	Advances in Lyapunov theory of Caputo fractional-order systems. Nonlinear Dynamics, 2019, 97, 2521-2531.	2.7	8
6	Passivity-based non-fragile control for Markovian jump delayed systems via stochastic sampling. International Journal of Control, 2019, 92, 755-777.	1.2	8
7	Robust stability of uncertain Markovian jump neural networks with mode-dependent time-varying delays and nonlinear perturbations. Advances in Difference Equations, 2016, 2016, .	3.5	7
8	Passivity analysis of neural networks with two different Markovian jumping parameters and mixed time delays. ISA Transactions, 2017, 69, 102-121.	3.1	5
9	External stability of Caputo fractional-order nonlinear control systems. International Journal of Robust and Nonlinear Control, 2019, 29, 4041-4055.	2.1	3
10	The Asymptotic Stability of Caputo Fractional Order Switching Systems With Only Continuous Vector Field Functions. IEEE Access, 2021, 9, 81345-81351.	2.6	2
11	External stability and $H_{\infty}$ control of switching systems with delay and impulse. Advances in Difference Equations, 2020, 2020, .	3.5	1
12	H $\infty$ state estimation for T-S fuzzy neural networks with mixed time delays using secondary delay partitioning method. , 2016, , .		0
13	Posbist Reliability Theory for Typical Systems with Multicomponents. Mathematical Problems in Engineering, 2020, 2020, 1-18.	0.6	0
