

Sarah Steeg

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/6192767/sarah-steeg-publications-by-year.pdf>

Version: 2024-04-24

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
46	Primary care clinical management following self-harm during the first wave of COVID-19 in the UK: population-based cohort study.. <i>BMJ Open</i> , 2022 , 12, e052613	3	1
45	Factors associated with psychiatric admission and subsequent self-harm repetition: a cohort study of high-risk hospital-presenting self-harm. <i>Journal of Mental Health</i> , 2021 , 1-9	2.7	1
44	Association of SARS-CoV-2 Infection With Psychological Distress, Psychotropic Prescribing, Fatigue, and Sleep Problems Among UK Primary Care Patients. <i>JAMA Network Open</i> , 2021 , 4, e2134803	10.4	5
43	Temporal trends in primary care-recorded self-harm during and beyond the first year of the COVID-19 pandemic: Time series analysis of electronic healthcare records for 2.8 million patients in the Greater Manchester Care Record. <i>EclinicalMedicine</i> , 2021 , 41, 101175	11.3	5
42	Effects of the COVID-19 pandemic on self-harm. <i>Lancet Psychiatry</i> , 2021 , 8, e4	23.3	13
41	Evaluating the impact of patient and carer involvement in suicide and self-harm research: A mixed-methods, longitudinal study protocol. <i>Health Expectations</i> , 2021 , 24 Suppl 1, 47-53	3.7	5
40	Effects of the COVID-19 pandemic on primary care-recorded mental illness and self-harm episodes in the UK: a population-based cohort study. <i>Lancet Public Health</i> , 2021 , 6, e124-e135	22.4	80
39	Adverse Childhood Experiences and Risk of Subsequently Engaging in Self-Harm and Violence towards Other People-"Dual Harm". <i>International Journal of Environmental Research and Public Health</i> , 2020 , 17,	4.6	3
38	Suicide rates and voting choice in the UK 2016 national Brexit referendum on European Union membership: cross-sectional ecological investigation across England local authority populations. <i>BJPsych Open</i> , 2020 , 6, e57	5	2
37	Substance misuse disorder linked to high risk of self-harm. <i>Lancet Psychiatry</i> , 2020 , 7, 110-111	23.3	
36	Accuracy of individual and combined risk-scale items in the prediction of repetition of self-harm: multicentre prospective cohort study. <i>BJPsych Open</i> , 2020 , 7, e2	5	1
35	Temporal trends in incidence of hospital-treated self-harm among adolescents in Denmark: national register-based study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2020 , 55, 415-421	4.5	13
34	Advance decisions to refuse treatment and suicidal behaviour in emergency care: was very much a step into the unknown <i>BJPsych Open</i> , 2019 , 5, e50	5	0
33	Risk of dying unnaturally among people aged 15-35 years who have harmed themselves and inflicted violence on others: a national nested case-control study. <i>Lancet Public Health</i> , 2019 , 4, e220-e228 ¹⁰	22.4	10
32	Management of patients with an advance decision and suicidal behaviour: a systematic review. <i>BMJ Open</i> , 2019 , 9, e023978	3	8
31	Risk assessment scales to predict risk of hospital treated repeat self-harm: A cost-effectiveness modelling analysis. <i>Journal of Affective Disorders</i> , 2019 , 249, 208-215	6.6	5
30	Routine hospital management of self-harm and risk of further self-harm: propensity score analysis using record-based cohort data. <i>Psychological Medicine</i> , 2018 , 48, 315-326	6.9	22

29	Accuracy of risk scales for predicting repeat self-harm and suicide: a multicentre, population-level cohort study using routine clinical data. <i>BMC Psychiatry</i> , 2018 , 18, 113	4.2	37
28	Suicide and all-cause mortality following routine hospital management of self-harm: Propensity score analysis using multicentre cohort data. <i>PLoS ONE</i> , 2018 , 13, e0204670	3.7	9
27	AuthorsWeply. <i>British Journal of Psychiatry</i> , 2017 , 211, 183-184	5.4	
26	Self-harm in adolescence: a marker for psychosocial problems in early adulthood. <i>The Lancet Child and Adolescent Health</i> , 2017 , 1, 163-164	14.5	
25	The exacerbating influence of hopelessness on other known risk factors for repeat self-harm and suicide. <i>Journal of Affective Disorders</i> , 2016 , 190, 522-528	6.6	23
24	High-Volume Repeaters of Self-Harm. <i>Crisis</i> , 2016 , 37, 427-437	2.8	6
23	Psychosocial Assessment of Self-Harm Patients and Risk of Repeat Presentation: An Instrumental Variable Analysis Using Time of Hospital Presentation. <i>PLoS ONE</i> , 2016 , 11, e0149713	3.7	34
22	International Perspectives on the Epidemiology and Etiology of Suicide and Self-Harm 2016 , 36-60		
21	Hospital management of suicidal behaviour and subsequent mortality: a prospective cohort study. <i>Lancet Psychiatry</i> , 2015 , 2, 809-16	23.3	39
20	Variations in the hospital management of self-harm and patient outcome: a multi-site observational study in England. <i>Journal of Affective Disorders</i> , 2015 , 174, 101-5	6.6	15
19	Psychosocial therapy after self-harm associated with reduced repetition, suicide, and all-cause mortality in Denmark. <i>Evidence-Based Mental Health</i> , 2015 , 18, 91	11.1	
18	Self-harm amongst people of Chinese origin versus White people living in England: a cohort study. <i>BMC Psychiatry</i> , 2015 , 15, 79	4.2	1
17	Alcohol use and misuse, self-harm and subsequent mortality: an epidemiological and longitudinal study from the multicentre study of self-harm in England. <i>Emergency Medicine Journal</i> , 2015 , 32, 793-9	1.5	39
16	Early Intervention for Self-Harm and Suicidality 2014 , 255-266		0
15	Alcohol-related mortality following self-harm: a multicentre cohort study. <i>JRSM Open</i> , 2014 , 5, 2054270414533326	4.1	26
14	Scales for predicting risk following self-harm: an observational study in 32 hospitals in England. <i>BMJ Open</i> , 2014 , 4, e004732	3	41
13	Risk factors associated with repetition of self-harm in black and minority ethnic (BME) groups: a multi-centre cohort study. <i>Journal of Affective Disorders</i> , 2013 , 148, 435-9	6.6	13
12	Time trends in coronersWise of different verdicts for possible suicides and their impact on officially reported incidence of suicide in England: 1990-2005. <i>Psychological Medicine</i> , 2013 , 43, 1415-22	6.9	67

11	Are hospital services for self-harm getting better? An observational study examining management, service provision and temporal trends in England. <i>BMJ Open</i> , 2013 , 3, e003444	3	80
10	Does clinical management improve outcomes following self-harm? Results from the multicentre study of self-harm in England. <i>PLoS ONE</i> , 2013 , 8, e70434	3.7	80
9	How do methods of non-fatal self-harm relate to eventual suicide?. <i>Journal of Affective Disorders</i> , 2012 , 136, 526-33	6.6	84
8	Premature death after self-harm: a multicentre cohort study. <i>Lancet, The</i> , 2012 , 380, 1568-74	40	194
7	Repetition of self-harm and suicide following self-harm in children and adolescents: findings from the Multicentre Study of Self-harm in England. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2012 , 53, 1212-9	7.9	164
6	Epidemiology and nature of self-harm in children and adolescents: findings from the multicentre study of self-harm in England. <i>European Child and Adolescent Psychiatry</i> , 2012 , 21, 369-77	5.5	64
5	Shared characteristics of suicides and other unnatural deaths following non-fatal self-harm? A multicentre study of risk factors. <i>Psychological Medicine</i> , 2012 , 42, 727-41	6.9	39
4	The development of a population-level clinical screening tool for self-harm repetition and suicide: the ReACT Self-Harm Rule. <i>Psychological Medicine</i> , 2012 , 42, 2383-94	6.9	53
3	Screening for suicide - Reply. <i>Psychological Medicine</i> , 2012 , 42, 2012-2013	6.9	1
2	First episode of self-harm in older age: a report from the 10-year prospective Manchester Self-Harm project. <i>Journal of Clinical Psychiatry</i> , 2011 , 72, 737-43	4.6	9
1	Assessment rates and compliance with assertive follow-up after self-harm: cohort study. <i>Archives of Suicide Research</i> , 2010 , 14, 120-34	2.3	9
