| # | ARTICLE | IF | CITATIONS |
|----|---|-----|-----------|
| 1 | Do Norwegian private dental practitioners with too few patients compensate for their loss of income by providing more services or by raising their fees?. Community Dentistry and Oral Epidemiology, 2023, 51, 778-785. | 0.9 | 4 |
| 2 | Does the use of Doppler ultrasound reduce fetal mortality? A population study of all deliveries in Norway 1990â€“2014. International Journal of Epidemiology, 2022, 50, 2038-2047. | 0.9 | 2 |
| 3 | Improvements in Dental Health and Dentistsâ€™ Workload in Norway, 1992 to 2015. International Dental Journal, 2022, 72, 399-406. | 1.0 | 9 |
| 4 | Inequality in access to dental services in a marketâ€“based dental care system: A population study from Norway 1975â€“2018. Community Dentistry and Oral Epidemiology, 2022, 50, 548-558. | 0.9 | 5 |
| 5 | The impact of the introduction of intrapartum fetal <sc>ECG ST</sc> segment analysis. A population study. Acta Obstetrica Et Gynecologica Scandinavica, 2022, 101, 809-818. | 1.3 | 4 |
| 6 | Proposing a model for auditing data quality of long-term periodontal outcome studies. Acta Odontologica Scandinavica, 2022, 80, 374-381. | 0.9 | 2 |
| 7 | Patient-Reported Outcome Measures on Oral Hygiene, Periodontal Health, and Treatment Satisfaction of Orthodontic Retention Patients up to Ten Years after Treatmentâ€“A Cross-Sectional Study. International Journal of Environmental Research and Public Health, 2022, 19, 4843. | 1.2 | 3 |
| 8 | Periodontal status in long-term orthodontic retention patients up to 10 years after treatment â€“ a cross-sectional study. Acta Odontologica Scandinavica, 2021, 79, 623-629. | 0.9 | 4 |
| 9 | The impact of primary care physician density on perinatal health: Evidence from a natural experiment. Health Economics (United Kingdom), 2021, 30, 2974-2994. | 0.8 | 1 |
| 10 | Who dies early? Education, mortality and causes of death in Norway. Social Science and Medicine, 2020, 245, 112601. | 1.8 | 13 |
| 11 | Familial tendency as a determinant of tooth loss during longâ€“term periodontal therapy. Journal of Clinical Periodontology, 2020, 47, 213-222. | 2.3 | 3 |
| 12 | Offspring birthweight and placental weight in immigrant women from conflictâ€“zone countries; does length of residence in the host country matter? A population study in Norway. Acta Obstetrica Et Gynecologica Scandinavica, 2020, 99, 615-622. | 1.3 | 7 |
| 13 | Educational inequalities in access to fixed prosthodontic treatment in Norway. Causal effects using the introduction of a school reform as an instrumental variable. Social Science and Medicine, 2020, 260, 113105. | 1.8 | 3 |
| 14 | Provision of treatment for periodontitis in Norway in 2013 â€“ a national profile. International Dental Journal, 2020, 70, 266-276. | 1.0 | 12 |
| 15 | Does the Use of Diagnostic Technology Reduce Fetal Mortality?. Health Services Research, 2018, 53, 4437-4459. | 1.0 | 15 |
| 16 | Do Patients With More Education Receive More Subsidized Dental Care? Evidence From a Natural Experiment Using the Introduction of a School Reform in Norway as an Instrumental Variable. Medical Care, 2018, 56, 877-882. | 1.1 | 3 |
| 17 | Adding smoking to the Fardal model of costâ€“effectiveness for the lifetime treatment of periodontal diseases. Journal of Periodontology, 2018, 89, 1283-1289. | 1.7 | 5 |
| 18 | Saving Newborn Babies â€“ The Benefits of Interventions in Neonatal Care in Norway over More Than 40 Years. Health Economics (United Kingdom), 2017, 26, 352-370. | 0.8 | 11 |

| # | ARTICLE | IF | CITATIONS |
|----|---|-----|-----------|
| 19 | The impact of education on dental health – Ways to measure causal effects. Community Dentistry and Oral Epidemiology, 2017, 45, 485-495. | 0.9 | 10 |
| 20 | The impact of the mass media on obstetricians’ behavior in Norway. Health Policy, 2017, 121, 986-993. | 1.4 | 10 |
| 21 | Payment systems and incentives in dentistry. Community Dentistry and Oral Epidemiology, 2017, 45, 1-11. | 0.9 | 35 |
| 22 | The impact of education on the probability of receiving periodontal treatment. Causal effects measured by using the introduction of a school reform in Norway. Social Science and Medicine, 2017, 188, 128-136. | 1.8 | 8 |
| 23 | Correlation between siblings in caries in Norway. A quantitative study. Community Dentistry and Oral Epidemiology, 2016, 44, 416-425. | 0.9 | 3 |
| 24 | Childbirth or termination of pregnancy: does paid employment matter? A population study of women in reproductive age in Norway. Acta Obstetrica Et Gynecologica Scandinavica, 2016, 95, 513-518. | 1.3 | 6 |
| 25 | Using prognostic factors from case series and cohort studies to identify individuals with poor long-term outcomes during periodontal maintenance. Journal of Clinical Periodontology, 2016, 43, 789-796. | 2.3 | 13 |
| 26 | Practice Guidelines and Practice Variation: Diagnostic Technology in Maternity Care. , 2016, , 505-517. | | 2 |
| 27 | Dentist-specific effects on the longevity of dental restorations. Community Dentistry and Oral Epidemiology, 2015, 43, 68-74. | 0.9 | 6 |
| 28 | A Ten-Year Longitudinal Study of Caries among Patients Aged 14-72 Years in Norway. Caries Research, 2015, 49, 384-389. | 0.9 | 9 |
| 29 | Maternal education and risk of offspring death; changing patterns from 16 weeks of gestation until one year after birth. European Journal of Public Health, 2014, 24, 157-162. | 0.1 | 5 |
| 30 | Regionalization and Local Hospital Closure in Norwegian Maternity Care – The Effect on Neonatal and Infant Mortality. Health Services Research, 2014, 49, 1184-1204. | 1.0 | 20 |
| 31 | Dentist-specific variation in diagnosis of caries – a multilevel analysis. Community Dentistry and Oral Epidemiology, 2014, 42, 185-191. | 0.9 | 12 |
| 32 | Applying quality assurance in <i>real time</i> to compliant long-term periodontal maintenance patients utilizing cost-effectiveness and cost utility. Journal of Clinical Periodontology, 2014, 41, 604-611. | 2.3 | 21 |
| 33 | Educated mothers, healthy infants. The impact of a school reform on the birth weight of Norwegian infants 1967–2005. Social Science and Medicine, 2014, 105, 84-92. | 1.8 | 28 |
| 34 | Perspectives on providing good access to dental services for elderly people: patient selection, dentists’ responsibility and budget management. Gerodontology, 2013, 30, 98-104. | 0.8 | 12 |
| 35 | Perinatal mortality in non-western migrants in Norway as compared to their countries of birth and to Norwegian women. BMC Public Health, 2013, 13, 37. | 1.2 | 36 |
| 36 | The reduction in fetal death rates; a result of improved identification of high-risk pregnancies?. Acta Obstetrica Et Gynecologica Scandinavica, 2013, 92, 1123-1124. | 1.3 | 5 |

| # | ARTICLE | IF | CITATIONS |
|----|--|-----|-----------|
| 37 | A comparison of teeth and implants during maintenance therapy in terms of the number of disease-free years and costs – an in vivo internal control study. <i>Journal of Clinical Periodontology</i> , 2013, 40, 645-651. | 2.3 | 61 |
| 38 | Per capita remuneration of dentists and the quality of dental services. <i>Community Dentistry and Oral Epidemiology</i> , 2013, 41, 395-400. | 0.9 | 11 |
| 39 | The effect of different methods of remuneration on the behaviour of primary care dentists. <i>The Cochrane Library</i> , 2013, , CD009853. | 1.5 | 61 |
| 40 | Do Mothers Decide? The Impact of Preferences in Healthcare. <i>Journal of Human Resources</i> , 2013, 48, 142-168. | 1.9 | 12 |
| 41 | Do Mothers Decide?: The Impact of Preferences in Healthcare. <i>Journal of Human Resources</i> , 2013, 48, 142-168. | 1.9 | 16 |
| 42 | Practice Guidelines and Practice Variation: Diagnostic Technology in Maternity Care. , 2013, , 1-14. | | 0 |
| 43 | Adoption of Diagnostic Technology and Variation in Caesarean Section Rates: A Test of the Practice Style Hypothesis in Norway. <i>Health Services Research</i> , 2012, 47, 2169-2189. | 1.0 | 19 |
| 44 | Demand for and utilization of dental services according to household income in the adult population in Norway. <i>Community Dentistry and Oral Epidemiology</i> , 2012, 40, 297-305. | 0.9 | 31 |
| 45 | Occurrence of risk factors for dental erosion in the population of young adults in Norway. <i>Community Dentistry and Oral Epidemiology</i> , 2012, 40, 425-431. | 0.9 | 15 |
| 46 | Physician response to fee changes: using inheritance as a quasi-natural experiment. <i>Applied Economics</i> , 2011, 43, 1913-1922. | 1.2 | 5 |
| 47 | Do expert patients get better treatment than others? Agency discrimination and statistical discrimination in obstetrics. <i>Journal of Health Economics</i> , 2011, 30, 163-180. | 1.3 | 38 |
| 48 | The impact of hospital revenue on the increase in Caesarean sections in Norway. A panel data analysis of hospitals 1976-2005. <i>BMC Health Services Research</i> , 2011, 11, 267. | 0.9 | 15 |
| 49 | Distribution of orthodontic services in Norway. <i>Community Dentistry and Oral Epidemiology</i> , 2010, 38, 267-273. | 0.9 | 6 |
| 50 | Patient choice and access to primary physician services in Norway. <i>Health Economics, Policy and Law</i> , 2009, 4, 11. | 1.1 | 10 |
| 51 | Specialization and competition in dental health services. <i>Health Economics (United Kingdom)</i> , 2009, 18, 457-466. | 0.8 | 19 |
| 52 | Incentives and remuneration systems in dental services. <i>International Journal of Health Care Finance and Economics</i> , 2009, 9, 259-278. | 1.2 | 35 |
| 53 | Services production and patient satisfaction in primary care. <i>Health Policy</i> , 2009, 89, 312-321. | 1.4 | 11 |
| 54 | Primary physicians' response to changes in fees. <i>European Journal of Health Economics</i> , 2008, 9, 117-125. | 1.4 | 12 |

| # | ARTICLE | IF | CITATIONS |
|----|--|-----|-----------|
| 55 | Busy physicians. <i>Journal of Health Economics</i> , 2008, 27, 510-518. | 1.3 | 16 |
| 56 | Primary physician servicesâ€™ List size and primary physiciansâ€™ service production. <i>Journal of Health Economics</i> , 2007, 26, 721-741. | 1.3 | 14 |
| 57 | Better primary physician services lead to fewer hospital admissions. <i>European Journal of Health Economics</i> , 2007, 8, 17-24. | 1.4 | 10 |
| 58 | Models for financing dental services. A review. <i>Community Dental Health</i> , 2005, 22, 75-85. | 0.2 | 47 |
| 59 | Financial incentives and the supply of laboratory tests. <i>European Journal of Health Economics</i> , 2003, 4, 279-285. | 1.4 | 8 |
| 60 | Service production and contract choice in primary physician services. <i>Health Policy</i> , 2003, 66, 73-93. | 1.4 | 56 |
| 61 | Practice variation and physician-specific effects. <i>Journal of Health Economics</i> , 2003, 22, 403-418. | 1.3 | 101 |
| 62 | Do young adults demand more dental services as their income increases?. <i>Community Dentistry and Oral Epidemiology</i> , 2002, 30, 463-469. | 0.9 | 29 |
| 63 | Type of contract and supplier-induced demand for primary physicians in Norway. <i>Journal of Health Economics</i> , 2001, 20, 379-393. | 1.3 | 90 |
| 64 | The income effect and supplier induced demand. Evidence from primary physician services in Norway. <i>Applied Economics</i> , 2001, 33, 1455-1467. | 1.2 | 21 |
| 65 | Equity in access to public dental services: the experience from Norway. <i>Acta Odontologica Scandinavica</i> , 2001, 59, 372-378. | 0.9 | 12 |
| 66 | Competition and dental services. <i>Health Economics (United Kingdom)</i> , 2000, 9, 447-461. | 0.8 | 41 |
| 67 | Production frontier analyses: comments on the methodology. <i>Community Dentistry and Oral Epidemiology</i> , 2000, 28, 81-82. | 0.9 | 1 |
| 68 | Efficiency in provision of public dental services in Norway. <i>Community Dentistry and Oral Epidemiology</i> , 2000, 28, 170-176. | 0.9 | 16 |
| 69 | Contract design for primary care physicians: physician location and practice behaviour in small communities. <i>Health Care Management Science</i> , 2000, 3, 151-157. | 1.5 | 7 |
| 70 | Consumer satisfaction and supplier induced demand. <i>Journal of Health Economics</i> , 2000, 19, 731-753. | 1.3 | 42 |
| 71 | Future demand for dental care in Norway; a macro-economic perspective. <i>Community Dentistry and Oral Epidemiology</i> , 1999, 27, 321-330. | 0.9 | 19 |
| 72 | Competition and supplier-induced demand in a health care system with fixed fees. , 1999, 8, 497-508. | | 38 |
