#	Paper	IF	Citations
110	Assessing medication adherence: options to consider. <i>International Journal of Clinical Pharmacy</i> , 2014 , 36, 55-69	2.3	157
109	How do consumers search for and appraise information on medicines on the Internet? A qualitative study using focus groups. <i>Journal of Medical Internet Research</i> , 2003 , 5, e33	7.6	140
108	A review of counseling practices on prescription medicines in community pharmacies. <i>Research in Social and Administrative Pharmacy</i> , 2009 , 5, 197-210	2.9	122
107	Understanding practice change in community pharmacy: a qualitative study in Australia. <i>Research in Social and Administrative Pharmacy</i> , 2005 , 1, 546-64	2.9	104
106	Implementing cognitive services in community pharmacy: a review of facilitators used in practice change. <i>International Journal of Pharmacy Practice</i> , 2010 , 14, 163-170	1.7	79
105	Community pharmacy services to optimise the use of medications for mental illness: a systematic review. <i>Australia and New Zealand Health Policy</i> , 2005 , 2, 29		77
104	A systematic review of interventions addressing adherence to anti-diabetic medications in patients with type 2 diabetesimpact on adherence. <i>PLoS ONE</i> , 2015 , 10, e0118296	3.7	66
103	Shared decision-making and interprofessional collaboration in mental healthcare: a qualitative study exploring perceptions of barriers and facilitators. <i>Journal of Interprofessional Care</i> , 2013 , 27, 373-	9 ^{2.7}	65
102	How patientsTuse of social media impacts their interactions with healthcare professionals. <i>Patient Education and Counseling</i> , 2018 , 101, 439-444	3.1	63
101	Enhancing patient education about medicines: factors influencing reading and seeking of written medicine information. <i>Health Expectations</i> , 2006 , 9, 174-87	3.7	62
100	The use of social media in pharmacy practice and education. <i>Research in Social and Administrative Pharmacy</i> , 2015 , 11, 1-46	2.9	60
99	Attention-deficit/hyperactivity disorder: an update on medication adherence and persistence in children, adolescents and adults. <i>Expert Review of Pharmacoeconomics and Outcomes Research</i> , 2013 , 13, 791-815	2.2	45
98	Tools used to evaluate written medicine and health information: document and user perspectives. Health Education and Behavior, 2011 , 38, 389-403	4.2	39
97	A Systematic Review of Interventions Addressing Adherence to Anti-Diabetic Medications in Patients with Type 2 DiabetesComponents of Interventions. <i>PLoS ONE</i> , 2015 , 10, e0128581	3.7	37
96	What is patient adherence? A terminology overview. <i>International Journal of Clinical Pharmacy</i> , 2014 , 36, 4-7	2.3	33
95	Enhancing provision of written medicine information in Australia: pharmacist, general practitioner and consumer perceptions of the barriers and facilitators. <i>BMC Health Services Research</i> , 2014 , 14, 183	2.9	32
94	Quality patient care and pharmacistsTrole in its continuitya systematic review. <i>Annals of Pharmacotherapy</i> , 2009 , 43, 677-91	2.9	32

93	Beyond needs and expectations: identifying the barriers and facilitators to written medicine information provision and use in Australia. <i>Health Expectations</i> , 2014 , 17, 220-31	3.7	29
92	Consumer Health-Related Activities on Social Media: Exploratory Study. <i>Journal of Medical Internet Research</i> , 2017 , 19, e352	7.6	29
91	Antibiotic dispensing practice in community pharmacies: A simulated client study. <i>Research in Social and Administrative Pharmacy</i> , 2019 , 15, 584-590	2.9	28
90	Multiprofessional interventions to improve patient adherence to cardiovascular medications. Journal of Cardiovascular Pharmacology and Therapeutics, 2013 , 18, 19-30	2.6	27
89	Adherence to antidepressant medications: an evaluation of community pharmacistsTcounseling practices. <i>Patient Preference and Adherence</i> , 2013 , 7, 813-25	2.4	27
88	Patient characteristics influencing evaluation of written medicine information: lessons for patient education. <i>Annals of Pharmacotherapy</i> , 2005 , 39, 1434-40	2.9	27
87	Pharmacist, general practitioner and consumer use of written medicine information in Australia: are they on the same page?. <i>Research in Social and Administrative Pharmacy</i> , 2014 , 10, 656-68	2.9	26
86	Factors influencing parental decision making about stimulant treatment for attention-deficit/hyperactivity disorder. <i>Journal of Child and Adolescent Psychopharmacology</i> , 2013 , 23, 163-78	2.9	26
85	Implementing cognitive services in community pharmacy: a review of models and frameworks for change. <i>International Journal of Pharmacy Practice</i> , 2010 , 14, 105-113	1.7	25
84	Design and comprehensibility of over-the-counter product labels and leaflets: a narrative review. <i>International Journal of Clinical Pharmacy</i> , 2014 , 36, 865-72	2.3	23
83	Consumer opinions on medicines information and factors affecting its use han Australian experience. <i>International Journal of Pharmacy Practice</i> , 2011 , 10, 107-114	1.7	23
82	Professional Use of Social Media by Pharmacists: A Qualitative Study. <i>Journal of Medical Internet Research</i> , 2016 , 18, e258	7.6	22
81	Do parents of children with attention-deficit/hyperactivity disorder (ADHD) receive adequate information about the disorder and its treatments? A qualitative investigation. <i>Patient Preference and Adherence</i> , 2014 , 8, 661-70	2.4	21
80	PharmacistsTattitudes and perceived barriers to provision of adherence support in Australia. <i>International Journal of Clinical Pharmacy</i> , 2014 , 36, 136-44	2.3	21
79	A community pharmacist delivered adherence support service for dyslipidaemia. <i>European Journal of Public Health</i> , 2011 , 21, 567-72	2.1	21
78	Qualitative study to conceptualise a model of interprofessional collaboration between pharmacists and general practitioners to support patients Tadherence to medication. <i>BMJ Open</i> , 2016 , 6, e010488	3	21
77	User testing of consumer medicine information in Australia. <i>Health Education Journal</i> , 2011 , 70, 420-427	1.5	20
76	ParentsTPerspectives About Factors Influencing Adherence to Pharmacotherapy for ADHD. <i>Journal of Attention Disorders</i> , 2017 , 21, 91-99	3.7	19

75	A cross-sectional national survey of community pharmacy staff: Knowledge and antibiotic provision. <i>PLoS ONE</i> , 2019 , 14, e0215484	3.7	19
74	Development and validation of a question prompt list for parents of children with attention-deficit/hyperactivity disorder: a Delphi study. <i>Health Expectations</i> , 2016 , 19, 234-52	3.7	18
73	Community pharmacy staff's response to symptoms of common infections: a pseudo-patient study. <i>Antimicrobial Resistance and Infection Control</i> , 2019 , 8, 60	6.2	17
72	Factors affecting nebulised medicine adherence in adult patients with cystic fibrosis: a qualitative study. <i>International Journal of Clinical Pharmacy</i> , 2015 , 37, 86-93	2.3	17
71	Do pharmacists use social media for patient care?. <i>International Journal of Clinical Pharmacy</i> , 2017 , 39, 364-372	2.3	15
70	Complementary medicine products used in pregnancy and lactation and an examination of the information sources accessed pertaining to maternal health literacy: a systematic review of qualitative studies. <i>BMC Complementary and Alternative Medicine</i> , 2018 , 18, 229	4.7	15
69	Australian community pharmacists Tawareness and practice in supporting secondary prevention of cardiovascular disease. <i>International Journal of Clinical Pharmacy</i> , 2013 , 35, 1218-28	2.3	15
68	Suits you? A qualitative study exploring preferences regarding the tailoring of consumer medicines information. <i>International Journal of Pharmacy Practice</i> , 2013 , 21, 207-15	1.7	15
67	Nepalese patientsTperceptions of treatment modalities for type 2 diabetes. <i>Patient Preference and Adherence</i> , 2016 , 10, 1777-1786	2.4	14
66	The evaluation of a question prompt list for attention-deficit/hyperactivity disorder in pediatric care: A pilot study. <i>Research in Social and Administrative Pharmacy</i> , 2017 , 13, 172-186	2.9	13
65	Exploring consumer opinions on the presentation of side-effects information in Australian Consumer Medicine Information leaflets. <i>Health Expectations</i> , 2016 , 19, 543-56	3.7	13

63	Complementary medicine products: Information sources, perceived benefits and maternal health literacy. <i>Women and Birth</i> , 2019 , 32, 493-520	3.3	13
62	Consumer-related factors influencing antidepressant adherence in unipolar depression: a qualitative study. <i>Patient Preference and Adherence</i> , 2018 , 12, 1863-1873	2.4	12
61	Perceived impact of Nepalese food and food culture in diabetes. <i>Appetite</i> , 2017 , 113, 376-386	4.5	11
60	An explanatory model of community pharmacistsTsupport in the secondary prevention of cardiovascular disease. <i>Research in Social and Administrative Pharmacy</i> , 2016 , 12, 104-118	2.9	11
59	Factors influencing the provision of adherence support by community pharmacists: A structural equation modeling approach. <i>Research in Social and Administrative Pharmacy</i> , 2015 , 11, 769-83	2.9	11
58	The design and user-testing of a question prompt list for attention-deficit/hyperactivity disorder. BMJ Open, 2014 , 4, e006585	3	11

(2010-2009)

57	Adherence: a review of education, research, practice and policy in Australia. <i>Pharmacy Practice</i> , 2009 , 7, 1-10	1.8	11
56	PharmacistsTperceptions of professionalism on social networking sites. <i>Research in Social and Administrative Pharmacy</i> , 2017 , 13, 575-588	2.9	10
55	A Review of Factors Influencing the Three Phases of Medication Adherence in People with Attention-Deficit/Hyperactivity Disorder. <i>Journal of Child and Adolescent Psychopharmacology</i> , 2019 , 29, 398-418	2.9	10
54	User testing as a method for identifying how consumers say they would act on information related to over-the-counter medicines. <i>Research in Social and Administrative Pharmacy</i> , 2017 , 13, 476-484	2.9	10
53	The influence of pharmacy and pharmacist characteristics on the secondary prevention of cardiovascular disease. <i>International Journal of Clinical Pharmacy</i> , 2015 , 37, 834-43	2.3	10
52	Factors influencing women's decision-making regarding complementary medicine product use in pregnancy and lactation. <i>BMC Pregnancy and Childbirth</i> , 2019 , 19, 280	3.2	9
51	Challenges in the management of chronic noncommunicable diseases by Indonesian community pharmacists. <i>Pharmacy Practice</i> , 2015 , 13, 578	1.8	9
50	Provision of a Medicines Information Service to Consumers on Facebook: An Australian Case Study. Journal of Medical Internet Research, 2015 , 17, e265	7.6	9
49	T t's all there in black and whiteT- or is it? Consumer perspectives on the proposed Australian Medicine Information Box over-the-counter label format. <i>Health Expectations</i> , 2016 , 19, 948-61	3.7	9
48	Women's health literacy and the complex decision-making process to use complementary medicine products in pregnancy and lactation. <i>Health Expectations</i> , 2019 , 22, 1013-1027	3.7	8
47	Nepalese patientsTanti-diabetic medication taking behaviour: an exploratory study. <i>Ethnicity and Health</i> , 2018 , 23, 718-736	2.2	8
46	Health care providersTperspectives of medication adherence in the treatment of depression: a qualitative study. <i>Social Psychiatry and Psychiatric Epidemiology</i> , 2013 , 48, 1657-66	4.5	8
45	Development of consumer information leaflets for deprescribing in older hospital inpatients: a mixed-methods study. <i>BMJ Open</i> , 2019 , 9, e033303	3	8
44	Consumer interpretation of ramipril and clopidogrel medication risk information - implications for risk communication strategies. <i>Patient Preference and Adherence</i> , 2015 , 9, 983-8	2.4	7
43	Challenges in the care of clients with established cardiovascular disease: lessons learned from Australian community pharmacists. <i>PLoS ONE</i> , 2014 , 9, e113337	3.7	7
42	Consumer use of the internet for medicines information. <i>International Journal of Pharmacy Practice</i> , 2010 , 12, 185-190	1.7	7
41	Adherence: a review of education, research, practice and policy in Spain. <i>Pharmacy Practice</i> , 2009 , 7, 12	25 - 3 8	7
40	Adherence policy, education and practice - an international perspective. <i>Pharmacy Practice</i> , 2010 , 8, 20	9-1.8	7

39	A systematic review of measures of medication adherence in consumers with unipolar depression. Research in Social and Administrative Pharmacy, 2019 , 15, 3-22	2.9	7
38	Consumer Opinions on Existing and Proposed Australian Over-the-Counter Medicine Labeling Strategies in Comparison With the Standardized US Drug Facts Label. <i>Therapeutic Innovation and Regulatory Science</i> , 2016 , 50, 427-435	1.2	6
37	The need for a paradigm shift in adherence research: The case of ADHD. <i>Research in Social and Administrative Pharmacy</i> , 2019 , 15, 318-320	2.9	6
36	Comparison of International Regulations for Written Medicine Information (WMI) on Prescription Medicines. <i>Therapeutic Innovation and Regulatory Science</i> , 2019 , 53, 215-226	1.2	6
35	Medicines and disease information needs of older Arabic-speaking Australians. <i>Australasian Journal on Ageing</i> , 2013 , 32, 28-33	1.5	6
34	Complementary medicine products information-seeking by pregnant and breastfeeding women in Australia. <i>Midwifery</i> , 2019 , 77, 60-70	2.8	5
33	Developing alternative over-the-counter medicine label formats: How do they compare when evaluated by consumers?. <i>Research in Social and Administrative Pharmacy</i> , 2018 , 14, 248-261	2.9	5
32	National Medicines Policy 2.0: a vision for the future. <i>Australian Prescriber</i> , 2020 , 43, 24-26	1.4	5
31	Comparative User Testing of Australian and UK Over-the-Counter Labels and Leaflets for Diclofenac. <i>Therapeutic Innovation and Regulatory Science</i> , 2018 , 52, 38-48	1.2	4
30	Exploring factors influencing initiation, implementation and discontinuation of medications in adults with ADHD. <i>Health Expectations</i> , 2021 , 24 Suppl 1, 82-94	3.7	4
29	Blood glucose monitoring in type 2 diabetes - Nepalese patientsTopinions and experiences. <i>Global Health Action</i> , 2017 , 10, 1322400	3	3
28	Consumer opinions on adverse events associated with medical devices. <i>Research in Social and Administrative Pharmacy</i> , 2019 , 15, 568-574	2.9	3
27	A review of measures used to examine medication adherence in people with ADHD at initiation, implementation and discontinuation of pharmacotherapy. <i>Research in Social and Administrative Pharmacy</i> , 2020 , 16, 277-289	2.9	3
26	Using Facebook to recruit to a national online survey investigating complementary medicine product use in pregnancy and lactation: A case study of method. <i>Research in Social and Administrative Pharmacy</i> , 2021 , 17, 864-874	2.9	3
25	Receipt and use of spoken and written over-the-counter medicine information: insights into Australian and UK consumersTexperiences. <i>International Journal of Pharmacy Practice</i> , 2018 , 26, 129-13	7 ^{1.7}	2
24	Predictors of Health Information-Seeking Behavior: Systematic Literature Review and Network Analysis. <i>Journal of Medical Internet Research</i> , 2021 , 23, e21680	7.6	2
23	The Role of Adherence in Pharmaceutical Care 2019 , 41-57		2
22	Self-medication Behavior with antibiotics: a national cross-sectional survey in Sri Lanka. <i>Expert</i> Review of Anti-Infective Therapy, 2021 , 19, 1341-1352	5.5	2

(2021-2021)

21	Factors Related to Antibiotic Supply without a Prescription for Common Infections: A Cross-Sectional National Survey in Sri Lanka. <i>Antibiotics</i> , 2021 , 10,	4.9	2
20	Developing and user testing new pharmacy label formats-A study to inform labelling standards. Health Expectations, 2021 , 24, 1125-1136	3.7	2
19	Consumer opinions on adverse events associated with medicines and vaccines. <i>Patient Preference and Adherence</i> , 2018 , 12, 1383-1392	2.4	2
18	The acceptability of a direct oral anticoagulant monitoring regimen among patients with atrial fibrillation: a pilot study. <i>International Journal of Clinical Pharmacy</i> , 2019 , 41, 682-686	2.3	1
17	Medicines information services in a resource-limited setting. <i>Research in Social and Administrative Pharmacy</i> , 2020 , 16, 1535-1541	2.9	1
16	The use of discrete choice experiments in adherence research: A new solution to an old problem. <i>Research in Social and Administrative Pharmacy</i> , 2020 , 16, 1487-1492	2.9	1
15	Exploring Factors Influencing Medication Adherence From Initiation to Discontinuation in Parents and Adolescents With Attention Deficit Hyperactivity Disorder. <i>Clinical Pediatrics</i> , 2020 , 59, 285-296	1.2	1
14	Diabetes-Related Healthcare Services in Nepal-A Qualitative Exploration of Healthcare ProfessionalsTOpinions. <i>Pharmacy (Basel, Switzerland)</i> , 2020 , 8,	2	1
13	Opt-in or opt-out health-care communication? A cross-sectional study. <i>Health Expectations</i> , 2021 , 24, 776-789	3.7	1
12	The evolving profile of cognitive pharmaceutical services in Australia. <i>Research in Social and Administrative Pharmacy</i> , 2021 , 18, 2529-2529	2.9	1
11	A new age intervention to support medication adherence. <i>Research in Social and Administrative Pharmacy</i> , 2021 , 17, 1204-1207	2.9	1
10	A Qualitative Study on Medication Taking Behaviour Among People With Diabetes in Australia. <i>Frontiers in Pharmacology</i> , 2021 , 12, 693748	5.6	1
9	Demographics, health literacy and health locus of control beliefs of Australian women who take complementary medicine products during pregnancy and breastfeeding: A cross-sectional, online, national survey <i>Health Expectations</i> , 2021 ,	3.7	1
