#	Paper	IF	Citations
110	Guidelines and standards in medication adherence research 2022 , 553-565		
109	The Role of Religion, Spirituality and Fasting in Coping with Diabetes among Indian Migrants in Australia: A Qualitative Exploratory Study. <i>Journal of Religion and Health</i> , 2021 , 1	2.6	0
108	Using discrete choice experiment to investigate patientsTand parentsTpreferences for initiating ADHD medication. <i>Journal of Mental Health</i> , 2021 , 1-13	2.7	
107	Predictors of Health Information-Seeking Behavior: Systematic Literature Review and Network Analysis. <i>Journal of Medical Internet Research</i> , 2021 , 23, e21680	7.6	2
106	Opt-in or opt-out health-care communication? A cross-sectional study. <i>Health Expectations</i> , 2021 , 24, 776-789	3.7	1
105	The evolving profile of cognitive pharmaceutical services in Australia. <i>Research in Social and Administrative Pharmacy</i> , 2021 , 18, 2529-2529	2.9	1
104	Self-medication Behavior with antibiotics: a national cross-sectional survey in Sri Lanka. <i>Expert Review of Anti-Infective Therapy</i> , 2021 , 19, 1341-1352	5.5	2
103	Factors Related to Antibiotic Supply without a Prescription for Common Infections: A Cross-Sectional National Survey in Sri Lanka. <i>Antibiotics</i> , 2021 , 10,	4.9	2
102	Developing and user testing new pharmacy label formats-A study to inform labelling standards. <i>Health Expectations</i> , 2021 , 24, 1125-1136	3.7	2
101	Exploring factors influencing initiation, implementation and discontinuation of medications in adults with ADHD. <i>Health Expectations</i> , 2021 , 24 Suppl 1, 82-94	3.7	4
100	A new age intervention to support medication adherence. <i>Research in Social and Administrative Pharmacy</i> , 2021 , 17, 1204-1207	2.9	1
99	Using Facebook to recruit to a national online survey investigating complementary medicine product use in pregnancy and lactation: A case study of method. <i>Research in Social and Administrative Pharmacy</i> , 2021 , 17, 864-874	2.9	3
98	An in-depth examination of funded and unfunded cognitive pharmaceutical services.. <i>Exploratory Research in Clinical and Social Pharmacy</i> , 2021 , 3, 100060		
97	A Qualitative Study on Medication Taking Behaviour Among People With Diabetes in Australia. <i>Frontiers in Pharmacology</i> , 2021 , 12, 693748	5.6	1
96	Demographics, health literacy and health locus of control beliefs of Australian women who take complementary medicine products during pregnancy and breastfeeding: A cross-sectional, online, national survey.. <i>Health Expectations</i> , 2021 ,	3.7	1
95	Medicines information services in a resource-limited setting. <i>Research in Social and Administrative Pharmacy</i> , 2020 , 16, 1535-1541	2.9	1
94	The use of discrete choice experiments in adherence research: A new solution to an old problem. <i>Research in Social and Administrative Pharmacy</i> , 2020 , 16, 1487-1492	2.9	1

93	Exploring Factors Influencing Medication Adherence From Initiation to Discontinuation in Parents and Adolescents With Attention Deficit Hyperactivity Disorder. <i>Clinical Pediatrics</i> , 2020 , 59, 285-296	1.2	1
92	National Medicines Policy 2.0: a vision for the future. <i>Australian Prescriber</i> , 2020 , 43, 24-26	1.4	5
91	Diabetes-Related Healthcare Services in Nepal-A Qualitative Exploration of Healthcare Professionals' Opinions. <i>Pharmacy (Basel, Switzerland)</i> , 2020 , 8,	2	1
90	A review of measures used to examine medication adherence in people with ADHD at initiation, implementation and discontinuation of pharmacotherapy. <i>Research in Social and Administrative Pharmacy</i> , 2020 , 16, 277-289	2.9	3
89	A Review of Factors Influencing the Three Phases of Medication Adherence in People with Attention-Deficit/Hyperactivity Disorder. <i>Journal of Child and Adolescent Psychopharmacology</i> , 2019 , 29, 398-418	2.9	10
88	Complementary medicine products information-seeking by pregnant and breastfeeding women in Australia. <i>Midwifery</i> , 2019 , 77, 60-70	2.8	5
87	Women's health literacy and the complex decision-making process to use complementary medicine products in pregnancy and lactation. <i>Health Expectations</i> , 2019 , 22, 1013-1027	3.7	8
86	A cross-sectional national survey of community pharmacy staff: Knowledge and antibiotic provision. <i>PLoS ONE</i> , 2019 , 14, e0215484	3.7	19
85	The acceptability of a direct oral anticoagulant monitoring regimen among patients with atrial fibrillation: a pilot study. <i>International Journal of Clinical Pharmacy</i> , 2019 , 41, 682-686	2.3	1
84	Community pharmacy staff's response to symptoms of common infections: a pseudo-patient study. <i>Antimicrobial Resistance and Infection Control</i> , 2019 , 8, 60	6.2	17
83	Antibiotic dispensing practice in community pharmacies: A simulated client study. <i>Research in Social and Administrative Pharmacy</i> , 2019 , 15, 584-590	2.9	28
82	Consumer opinions on adverse events associated with medical devices. <i>Research in Social and Administrative Pharmacy</i> , 2019 , 15, 568-574	2.9	3
81	The need for a paradigm shift in adherence research: The case of ADHD. <i>Research in Social and Administrative Pharmacy</i> , 2019 , 15, 318-320	2.9	6
80	Comparison of International Regulations for Written Medicine Information (WMI) on Prescription Medicines. <i>Therapeutic Innovation and Regulatory Science</i> , 2019 , 53, 215-226	1.2	6
79	Factors influencing women's decision-making regarding complementary medicine product use in pregnancy and lactation. <i>BMC Pregnancy and Childbirth</i> , 2019 , 19, 280	3.2	9
78	The Role of Adherence in Pharmaceutical Care 2019 , 41-57		2
77	Development of consumer information leaflets for deprescribing in older hospital inpatients: a mixed-methods study. <i>BMJ Open</i> , 2019 , 9, e033303	3	8
76	Complementary medicine products: Information sources, perceived benefits and maternal health literacy. <i>Women and Birth</i> , 2019 , 32, 493-520	3.3	13

75	A systematic review of measures of medication adherence in consumers with unipolar depression. <i>Research in Social and Administrative Pharmacy</i> , 2019 , 15, 3-22	2.9	7
74	Comparative User Testing of Australian and UK Over-the-Counter Labels and Leaflets for Diclofenac. <i>Therapeutic Innovation and Regulatory Science</i> , 2018 , 52, 38-48	1.2	4
73	Developing alternative over-the-counter medicine label formats: How do they compare when evaluated by consumers?. <i>Research in Social and Administrative Pharmacy</i> , 2018 , 14, 248-261	2.9	5
72	Nepalese patientsTanti-diabetic medication taking behaviour: an exploratory study. <i>Ethnicity and Health</i> , 2018 , 23, 718-736	2.2	8
71	Receipt and use of spoken and written over-the-counter medicine information: insights into Australian and UK consumersTexperiences. <i>International Journal of Pharmacy Practice</i> , 2018 , 26, 129-137 ^{1.7}		2
70	How patientsTuse of social media impacts their interactions with healthcare professionals. <i>Patient Education and Counseling</i> , 2018 , 101, 439-444	3.1	63
69	Complementary medicine products used in pregnancy and lactation and an examination of the information sources accessed pertaining to maternal health literacy: a systematic review of qualitative studies. <i>BMC Complementary and Alternative Medicine</i> , 2018 , 18, 229	4.7	15
68	Role of the Pharmacist in Supporting Adherence. <i>Updates in Hypertension and Cardiovascular Protection</i> , 2018 , 253-269	0.1	
67	Consumer opinions on adverse events associated with medicines and vaccines. <i>Patient Preference and Adherence</i> , 2018 , 12, 1383-1392	2.4	2
66	Consumer-related factors influencing antidepressant adherence in unipolar depression: a qualitative study. <i>Patient Preference and Adherence</i> , 2018 , 12, 1863-1873	2.4	12
65	ParentsTPerspectives About Factors Influencing Adherence to Pharmacotherapy for ADHD. <i>Journal of Attention Disorders</i> , 2017 , 21, 91-99	3.7	19
64	PharmacistsTperceptions of professionalism on social networking sites. <i>Research in Social and Administrative Pharmacy</i> , 2017 , 13, 575-588	2.9	10
63	The evaluation of a question prompt list for attention-deficit/hyperactivity disorder in pediatric care: A pilot study. <i>Research in Social and Administrative Pharmacy</i> , 2017 , 13, 172-186	2.9	13
62	Blood glucose monitoring in type 2 diabetes - Nepalese patientsTopinions and experiences. <i>Global Health Action</i> , 2017 , 10, 1322400	3	3
61	Do pharmacists use social media for patient care?. <i>International Journal of Clinical Pharmacy</i> , 2017 , 39, 364-372	2.3	15
60	Perceived impact of Nepalese food and food culture in diabetes. <i>Appetite</i> , 2017 , 113, 376-386	4.5	11
59	User testing as a method for identifying how consumers say they would act on information related to over-the-counter medicines. <i>Research in Social and Administrative Pharmacy</i> , 2017 , 13, 476-484	2.9	10
58	Consumer Health-Related Activities on Social Media: Exploratory Study. <i>Journal of Medical Internet Research</i> , 2017 , 19, e352	7.6	29

57	Development and validation of a question prompt list for parents of children with attention-deficit/hyperactivity disorder: a Delphi study. <i>Health Expectations</i> , 2016 , 19, 234-52	3.7	18
56	An explanatory model of community pharmacists' support in the secondary prevention of cardiovascular disease. <i>Research in Social and Administrative Pharmacy</i> , 2016 , 12, 104-118	2.9	11
55	Exploring consumer opinions on the presentation of side-effects information in Australian Consumer Medicine Information leaflets. <i>Health Expectations</i> , 2016 , 19, 543-56	3.7	13
54	Consumer Opinions on Existing and Proposed Australian Over-the-Counter Medicine Labeling Strategies in Comparison With the Standardized US Drug Facts Label. <i>Therapeutic Innovation and Regulatory Science</i> , 2016 , 50, 427-435	1.2	6
53	Professional Use of Social Media by Pharmacists: A Qualitative Study. <i>Journal of Medical Internet Research</i> , 2016 , 18, e258	7.6	22
52	Nepalese patients' perceptions of treatment modalities for type 2 diabetes. <i>Patient Preference and Adherence</i> , 2016 , 10, 1777-1786	2.4	14
51	Qualitative study to conceptualise a model of interprofessional collaboration between pharmacists and general practitioners to support patients' adherence to medication. <i>BMJ Open</i> , 2016 , 6, e010488	3	21
50	It's all there in black and white- or is it? Consumer perspectives on the proposed Australian Medicine Information Box over-the-counter label format. <i>Health Expectations</i> , 2016 , 19, 948-61	3.7	9
49	Factors affecting nebulised medicine adherence in adult patients with cystic fibrosis: a qualitative study. <i>International Journal of Clinical Pharmacy</i> , 2015 , 37, 86-93	2.3	17
48	The use of social media in pharmacy practice and education. <i>Research in Social and Administrative Pharmacy</i> , 2015 , 11, 1-46	2.9	60
47	Consumer interpretation of ramipril and clopidogrel medication risk information - implications for risk communication strategies. <i>Patient Preference and Adherence</i> , 2015 , 9, 983-8	2.4	7
46	Challenges in the management of chronic noncommunicable diseases by Indonesian community pharmacists. <i>Pharmacy Practice</i> , 2015 , 13, 578	1.8	9
45	The influence of pharmacy and pharmacist characteristics on the secondary prevention of cardiovascular disease. <i>International Journal of Clinical Pharmacy</i> , 2015 , 37, 834-43	2.3	10
44	A systematic review of interventions addressing adherence to anti-diabetic medications in patients with type 2 diabetes--impact on adherence. <i>PLoS ONE</i> , 2015 , 10, e0118296	3.7	66
43	Factors influencing the provision of adherence support by community pharmacists: A structural equation modeling approach. <i>Research in Social and Administrative Pharmacy</i> , 2015 , 11, 769-83	2.9	11
42	A Systematic Review of Interventions Addressing Adherence to Anti-Diabetic Medications in Patients with Type 2 Diabetes--Components of Interventions. <i>PLoS ONE</i> , 2015 , 10, e0128581	3.7	37
41	Provision of a Medicines Information Service to Consumers on Facebook: An Australian Case Study. <i>Journal of Medical Internet Research</i> , 2015 , 17, e265	7.6	9
40	Content coding of pharmacist-patient interactions in medication counseling in mental health. <i>Patient Education and Counseling</i> , 2014 , 97, 140-3	3.1	

39	Enhancing provision of written medicine information in Australia: pharmacist, general practitioner and consumer perceptions of the barriers and facilitators. <i>BMC Health Services Research</i> , 2014 , 14, 183	2.9	32
38	Pharmacist, general practitioner and consumer use of written medicine information in Australia: are they on the same page?. <i>Research in Social and Administrative Pharmacy</i> , 2014 , 10, 656-68	2.9	26
