#	ARTICLE	IF	CITATIONS
1	Meta-ethnography 25 years on: challenges and insights for synthesising a large number of qualitative studies. BMC Medical Research Methodology, 2014, 14, 80.	1.4	197
2	Association between radiographic joint space narrowing, function, pain and muscle power in severe osteoarthritis of the knee. Clinical Rehabilitation, 2004, 18, 793-800.	1.0	109
3	Patients' experiences of chronic non-malignant musculoskeletal pain: a qualitative systematic review. British Journal of General Practice, 2013, 63, e829-e841.	0.7	108
4	Trying to pin down jelly - exploring intuitive processes in quality assessment for meta-ethnography. BMC Medical Research Methodology, 2013, 13, 46.	1.4	106
5	Management of adults with primary frozen shoulder in secondary care (LUK FROST): a multicentre, pragmatic, three-arm, superiority randomised clinical trial. Lancet, The, 2020, 396, 977-989.	6.3	97
6	A mega-ethnography of eleven qualitative evidence syntheses exploring the experience of living with chronic non-malignant pain. BMC Medical Research Methodology, 2017, 17, 116.	1.4	72
7	A meta-ethnography to understand the experience of living with urinary incontinence: 'is it just part and parcel of life?'. BMC Urology, 2020, 20, 1.	0.6	63
8	Outpatient physiotherapy versus home-based rehabilitation for patients at risk of poor outcomes after knee arthroplasty: CORKA RCT. Health Technology Assessment, 2020, 24, 1-116.	1.3	62
9	'Could I be imagining this?' - the dialectic struggles of people with persistent unexplained back pain. Disability and Rehabilitation, 2010, 32, 1722-1732.	0.9	54
10	A meta-ethnography of patients' experiences of chronic pelvic pain: struggling to construct chronic pelvic pain as 'real'. Journal of Advanced Nursing, 2014, 70, 2713-2727.	1.5	48
11	A synthesis of qualitative research exploring the barriers to staying in work with chronic musculoskeletal pain. Disability and Rehabilitation, 2016, 38, 566-572.	0.9	44
12	Meta-ethnography to understand healthcare professionals' experience of treating adults with chronic non-malignant pain. BMJ Open, 2017, 7, e018411.	0.8	44
13	A Healing Journey with Chronic Pain: A Meta-Ethnography Synthesizing 195 Qualitative Studies. Pain Medicine, 2021, 22, 1333-1344.	0.9	43
14	Persistent non-specific low back pain and patients' experience of general practice: a qualitative study. Primary Health Care Research and Development, 2012, 13, 72-84.	0.5	41
15	'I can't see any reason for stopping doing anything, but I might have to do it differently' - restoring hope to patients with persistent non-specific low back pain - a qualitative study. Disability and Rehabilitation, 2012, 34, 894-903.	0.9	34
16	Research priorities for shoulder surgery: results of the 2015 James Lind Alliance patient and clinician priority setting partnership. BMJ Open, 2016, 6, e010412.	0.8	31
17	Living life precariously with rheumatoid arthritis - a mega-ethnography of nine qualitative evidence syntheses. BMC Rheumatology, 2019, 3, 5.	0.6	31
18	A qualitative evidence synthesis to explore healthcare professionals' experience of prescribing opioids to adults with chronic non-malignant pain. BMC Family Practice, 2017, 18, 94.	2.9	28

#	ARTICLE	IF	CITATIONS
19	“It makes you think” exploring the impact of qualitative films on pain clinicians. <i>British Journal of Pain</i> , 2015, 9, 65-69.	0.7	25
20	United Kingdom Frozen Shoulder Trial (UK FROST), multi-centre, randomised, 12 month, parallel group, superiority study to compare the clinical and cost-effectiveness of Early Structured Physiotherapy versus manipulation under anaesthesia versus arthroscopic capsular release for patients referred to secondary care with a primary frozen shoulder: study protocol for a randomised controlled trial. <i>Trials</i> , 2017, 18, 614.	0.7	25
21	Experiences of people taking opioid medication for chronic non-malignant pain: a qualitative evidence synthesis using meta-ethnography. <i>BMJ Open</i> , 2020, 10, e032988.	0.8	23
22	What Value Can Qualitative Research Add to Quantitative Research Design? An Example From an Adolescent Idiopathic Scoliosis Trial Feasibility Study. <i>Qualitative Health Research</i> , 2016, 26, 1838-1850.	1.0	20
23	Introducing Acceptance and Commitment Therapy to a physiotherapy-led pain rehabilitation programme: an Action Research study. <i>British Journal of Pain</i> , 2016, 10, 22-28.	0.7	19
24	Chronic disease management programme in people with severe knee osteoarthritis: efficacy and moderators of response. <i>Clinical Rehabilitation</i> , 2008, 22, 169-178.	1.0	17
25	Active Treatment for Idiopathic Adolescent Scoliosis (ACTivATeS): a feasibility study. <i>Health Technology Assessment</i> , 2015, 19, 1-242.	1.3	16
26	The challenge of equipoise in trials with a surgical and non-surgical comparison: a qualitative synthesis using meta-ethnography. <i>Trials</i> , 2021, 22, 678.	0.7	15
27	Experiences of urinary tract infection: A systematic review and meta-ethnography. <i>Neurourology and Urodynamics</i> , 2022, 41, 724-739.	0.8	15
28	Physiotherapists' experiences of activity pacing with people with chronic musculoskeletal pain: an interpretative phenomenological analysis. <i>Physiotherapy Theory and Practice</i> , 2014, 30, 319-328.	0.6	14
29	Exploring the value of qualitative research films in clinical education. <i>BMC Medical Education</i> , 2015, 15, 214.	1.0	13
30	Strengthening and stretching for rheumatoid arthritis of the hand (SARAH): design of a randomised controlled trial of a hand and upper limb exercise intervention - ISRCTN89936343. <i>BMC Musculoskeletal Disorders</i> , 2012, 13, 230.	0.8	12
31	A longitudinal, qualitative study exploring sustained adherence to a hand exercise programme for rheumatoid arthritis evaluated in the SARAH trial. <i>Disability and Rehabilitation</i> , 2017, 39, 1856-1863.	0.9	12
32	The Experience of Living to an Extreme Age: A Meta-Ethnography. <i>Qualitative Health Research</i> , 2020, 30, 3-22.	1.0	11
33	Home-based rehabilitation programme compared with traditional physiotherapy for patients at risk of poor outcome after knee arthroplasty: the CORKA randomised controlled trial. <i>BMJ Open</i> , 2021, 11, e052598.	0.8	11
34	Surgical treatments compared with early structured physiotherapy in secondary care for adults with primary frozen shoulder: the UK FROST three-arm RCT. <i>Health Technology Assessment</i> , 2020, 24, 1-162.	1.3	11
35	A qualitative evidence synthesis using meta-ethnography to understand the experience of living with pelvic organ prolapse. <i>International Urogynecology Journal</i> , 2020, 31, 2631-2644.	0.7	10
36	What is quality in qualitative health research?. <i>Evidence-based Nursing</i> , 2012, 15, 1-1.	0.1	9

#	ARTICLE	IF	CITATIONS
37	Men's experiences of having osteoporosis vertebral fractures: a qualitative study using interpretative phenomenological analyses. <i>Osteoporosis International</i> , 2019, 30, 1403-1412.	1.3	9
38	"It is a Big Thing": Exploring the Impact of Osteoarthritis from the Perspective of Adults Caring for Parents "The Sandwich Generation. <i>Musculoskeletal Care</i> , 2017, 15, 49-58.	0.6	8
39	COMMunity-based Rehabilitation after Knee Arthroplasty (CORKA): study protocol for a randomised controlled trial. <i>Trials</i> , 2016, 17, 501.	0.7	7
40	"Men like she's talking about me" Exploring the value and potential impact of a YouTube film presenting a qualitative evidence synthesis about chronic pain: An analysis of online comments. <i>Canadian Journal of Pain</i> , 2020, 4, 61-70.	0.6	7
41	"Not everything that can be counted counts and not everything that counts can be counted" (attributed to Albert Einstein). <i>British Journal of Pain</i> , 2015, 9, 7-7.	0.7	6
42	The experience of activity pacing in chronic pain management"An interpretive phenomenological analysis of out-patient physiotherapists and patients. <i>Physiotherapy Theory and Practice</i> , 2017, 33, 841-849.	0.6	5
43	Understanding the experience of living well, beyond the age of 85 years: a qualitative analysis using themes from a meta-ethnography. <i>Age and Ageing</i> , 2021, 50, 2238-2245.	0.7	3
44	A meta-ethnography of health-care professionals' experience of treating adults with chronic non-malignant pain to improve the experience and quality of health care. <i>Health Services and Delivery Research</i> , 2018, 6, 1-106.	1.4	3
45	Do I really want to be going on a bloody diet? Gendered narratives in older men with painful knee osteoarthritis. <i>Disability and Rehabilitation</i> , 2018, 40, 1914-1920.	0.9	2
46	Experience of exercise in people with severe haemophilia: A qualitative study. <i>The Journal of Haemophilia Practice</i> , 2017, 4, 65-71.	0.2	2
47	A qualitative study exploring clinicians' views on clinical trials in thumb carpometacarpal joint osteoarthritis. <i>Bone & Joint Open</i> , 2022, 3, 321-331.	1.1	1
48	A qualitative evidence synthesis using meta-ethnography to understand the experience of living with osteoarthritis pain. <i>Pain</i> , 2022, Publish Ahead of Print, .	2.0	1
49	Experiences and perceptions of trial participants and healthcare professionals in the UK Frozen Shoulder Trial (UK FROST): a nested qualitative study. <i>BMJ Open</i> , 2021, 11, e040829.	0.8	0
