

Phil Reed

List of Publications by Year in Descending Order

Source: <https://exaly.com/author-pdf/6298878/phil-reed-publications-by-year.pdf>

Version: 2024-04-28

This document has been generated based on the publications and citations recorded by exaly.com. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

251

#	Paper	IF	Citations
251	Exploratory Study of Parenting Differences for Autism Spectrum Disorder and Attachment Disorder.. <i>Journal of Autism and Developmental Disorders</i> , 2022 , 1	4.6	0
250	Acceptability and effectiveness of a multidisciplinary team approach involving counselling for mesh-removal patients.. <i>Journal of Obstetrics and Gynaecology</i> , 2021 , 1-6	1.3	0
249	Use of duration and rise time cues in the labelling of affricate and fricative speech sounds by children with reading difficulties. <i>British Journal of Special Education</i> , 2021 , 48, 70-89	0.9	
248	Impact of patient motivation on compliance and outcomes for incontinence. <i>Physiotherapy</i> , 2021 , 113, 100-106	3	2
247	Cluster randomised control trial of the effect on attendance and outcomes of multi-disciplinary teams involving psychologists during pelvic floor muscle training for pelvic floor dysfunction. <i>Journal of Obstetrics and Gynaecology</i> , 2021 , 1-6	1.3	1
246	Patient Expectations of Assigned Treatments Impact Strength of Randomised Control Trials. <i>Frontiers in Medicine</i> , 2021 , 8, 648403	4.9	1
245	Age effects on the development of stimulus over-selectivity are mediated by cognitive flexibility and selective attention. <i>International Journal of Behavioral Development</i> , 2021 , 45, 89-96	2.6	0
244	Effect of depression and anxiety on human schedule performance. <i>Learning and Motivation</i> , 2021 , 75, 101746	1.3	0
243	Loneliness and Current Environmental Context Are Associated With False Perceptions Regarding Social Relations. <i>Journal of Nervous and Mental Disease</i> , 2021 , 209, 571-577	1.8	0
242	Individual differences in proactive interference in rats (<i>Rattus Norvegicus</i>). <i>Psychonomic Bulletin and Review</i> , 2021 , 1	4.1	
241	Tribute for James (Jim) E Wright. <i>Learning and Motivation</i> , 2021 , 76, 101760	1.3	
240	Intensive behavioural interventions based on applied behaviour analysis for young children with autism: An international collaborative individual participant data meta-analysis. <i>Autism</i> , 2021 , 25, 1137-1153	6.6	5
239	Child behaviour problems moderate effectiveness of coping strategies except for reframing for mothers of children with ASD. <i>Research in Autism Spectrum Disorders</i> , 2020 , 76, 101589	3	0
238	Role of psychopathic personality traits on the micro-structure of free-operant responding: impacts on goal-directed but not stimulus-drive responses in extinction. <i>Personality and Individual Differences</i> , 2020 , 163, 110055	3.3	1
237	Human free-operant performance varies with a concurrent task: Probability learning without a task, and schedule-consistent with a task. <i>Learning and Behavior</i> , 2020 , 48, 254-273	1.3	3
236	Effect of Hypnotic Group Treatment on Distress Psychopathology in Mixed-group Outpatients with Depression and Anxiety. <i>Open Psychology Journal</i> , 2020 , 13, 264-271	0.5	0
235	Impact of Strength and Nature of Patient Health Values on Compliance and Outcomes for Physiotherapy Treatment for Pelvic Floor Dysfunction. <i>Urology</i> , 2020 , 136, 95-99	1.6	1

234	Problematic internet use and study motivation in higher education. <i>Journal of Computer Assisted Learning</i> , 2020 , 36, 480-486	3.8	15
233	Sex differences in online assertive self-presentation strategies. <i>Personality and Individual Differences</i> , 2020 , 166, 110214	3.3	2
232	Factors controlling the micro-structure of human free-operant behaviour: Bout-initiation and within-bout responses are effected by different aspects of the schedule. <i>Behavioural Processes</i> , 2020 , 175, 104106	1.6	7
231	Over-selectivity decreases with increased training: A role for within-compound associations. <i>Acta Psychologica</i> , 2019 , 198, 102868	1.7	1
230	Personal experiences disclosed by parents of children with Autism Spectrum Disorder: A YouTube analysis. <i>Research in Autism Spectrum Disorders</i> , 2019 , 64, 13-22	3	10
229	Actual and perceived speedy diagnoses are associated with mothers' unresolved reactions to a diagnosis of autism spectrum disorder for a child. <i>Autism</i> , 2019 , 23, 1843-1852	6.6	7
228	The effects of concurrent cognitive task load on recognising faces displaying emotion. <i>Acta Psychologica</i> , 2019 , 193, 153-159	1.7	2
227	Mechanisms of Mindfulness in Those with Higher and Lower Levels of Autism Traits. <i>Mindfulness</i> , 2019 , 10, 234-244	2.9	0
226	Relationship between behavioral measures of anxiety and latent inhibition in mature rats. <i>Learning and Behavior</i> , 2019 , 47, 59-65	1.3	
225	Measuring the word recognition abilities of children who are both verbal and nonverbal with ASD using a traditional paper-based and a novel digital test format. <i>British Journal of Special Education</i> , 2019 , 46, 340-360	0.9	1
224	A Review of Hypnotherapy for Overactive Bladder. <i>International Journal of Clinical and Experimental Hypnosis</i> , 2019 , 67, 278-296	1.8	0
223	Behavioral resurgence in individuals varying in depression, anxiety, and autism-associated tendencies. <i>Heliyon</i> , 2019 , 5, e02457	3.6	3
222	Factors related to patient choice of bladder reconstruction following radical cystectomy. <i>Journal of Clinical Urology</i> , 2019 , 12, 449-454	0.2	
221	Previous mindfulness experience interacts with brief mindfulness induction when reducing stimulus overselectivity. <i>Applied Cognitive Psychology</i> , 2019 , 33, 265-271	2.1	2
220	Unpredictability reduces over-selective responding of individuals with ASD who have language impairments. <i>Research in Autism Spectrum Disorders</i> , 2019 , 57, 35-45	3	1
219	Reaction to diagnosis and subsequent health in mothers of children with autism spectrum disorder. <i>Autism</i> , 2019 , 23, 1442-1448	6.6	9
218	Retention period differentially attenuates win-shift/lose-stay relative to win-stay/lose-shift performance in the rat. <i>Learning and Behavior</i> , 2018 , 46, 60-66	1.3	
217	Real-world effectiveness of different early intervention programs for children with autism spectrum disorders in Greece. <i>International Journal of School and Educational Psychology</i> , 2018 , 6, 188-196 ²	1.2	3

216	The effect of response cost on instrumental performance in higher and lower schizotypal participants. <i>Personality and Individual Differences</i> , 2018 , 135, 188-191	3.3	
215	2D:4D digit ratio and religiosity in university student and general population samples 2018 , 20, 23-36		
214	Visual Social Media Use Moderates the Relationship between Initial Problematic Internet Use and Later Narcissism. <i>Open Psychology Journal</i> , 2018 , 11, 163-170	0.5	5
213	Human performance on random interval schedules. <i>Journal of Experimental Psychology Animal Learning and Cognition</i> , 2018 , 44, 309-321	1.4	7
212	The effect of stimulus duration on over-selectivity: Evidence for the role of within-compound associations. <i>Journal of Experimental Psychology Animal Learning and Cognition</i> , 2018 , 44, 293-308	1.4	2
211	Behavioural flexibility of children with Autism Spectrum Disorder on a card-sorting task with varying task difficulty. <i>Heliyon</i> , 2018 , 4, e00842	3.6	3
210	Controlled study of the impact on child behaviour problems of intensive interaction for children with ASD. <i>Journal of Research in Special Educational Needs</i> , 2017 , 17, 179-186	1.7	2
209	Comparison of the effects of mainstream and special school on National Curriculum outcomes in children with autism spectrum disorder: an archive-based analysis. <i>Journal of Research in Special Educational Needs</i> , 2017 , 17, 132-142	1.7	17
208	Randomized Controlled Trial of the Effect of a Brief Telephone Support Intervention on Initial Attendance at Physiotherapy Group Sessions for Pelvic Floor Problems. <i>Archives of Physical Medicine and Rehabilitation</i> , 2017 , 98, 2247-2252	2.8	3
207	Group-Based Relaxation Response Skills Training for Pharmacologically-Resistant Depressed and Anxious Patients. <i>Behavioural and Cognitive Psychotherapy</i> , 2017 , 45, 193-197	2.1	3
206	Rule-following and instructional control in obsessive-compulsive behavior. <i>European Journal of Behavior Analysis</i> , 2017 , 18, 276-290	1	1
205	Over-selective Responding in a Diagnostic Judgment Task. <i>Applied Cognitive Psychology</i> , 2017 , 31, 558-564		2
204	Over-Selectivity is Related to Autism Quotient and Empathizing, But not to Systematizing. <i>Journal of Autism and Developmental Disorders</i> , 2017 , 47, 1030-1037	4.6	3
203	Problematic internet users' skin conductance and anxiety increase after exposure to the internet. <i>Addictive Behaviors</i> , 2017 , 75, 70-74	4.2	18
202	Children with autism spectrum disorder: teaching conversation involving feelings about events. <i>Journal of Intellectual Disability Research</i> , 2017 , 61, 279-291	3.2	6
201	Relationship between perceived limit-setting abilities, autism spectrum disorder severity, behaviour problems and parenting stress in mothers of children with autism spectrum disorder. <i>Autism</i> , 2017 , 21, 952-959	6.6	7
200	Differential physiological changes following internet exposure in higher and lower problematic internet users. <i>PLoS ONE</i> , 2017 , 12, e0178480	3.7	23
199	Loneliness and Social Anxiety Mediate the Relationship between Autism Quotient and Quality of Life in University Students. <i>Journal of Developmental and Physical Disabilities</i> , 2016 , 28, 723-733	1.5	20

198	Factors producing over-selectivity in older individuals. <i>Age</i> , 2016 , 38, 63		6
197	Win-stay and win-shift lever-press strategies in an appetitively reinforced task for rats. <i>Learning and Behavior</i> , 2016 , 44, 340-346	1.3	3
196	Relationship Between Self-Reported Health and Stress in Mothers of Children with Autism Spectrum Disorders. <i>Journal of Autism and Developmental Disorders</i> , 2016 , 46, 934-41	4.6	16
195	A teaching procedure to help children with autistic spectrum disorder to label emotions. <i>Research in Autism Spectrum Disorders</i> , 2016 , 23, 63-72	3	13
194	Mindfulness training and false perception in individuals with high unusual experiences. <i>Personality and Individual Differences</i> , 2016 , 93, 51-55	3.3	1
193	Procedure for preventing response strain on random interval schedules with a linear feedback loop. <i>Learning and Behavior</i> , 2016 , 44, 78-84	1.3	
192	A systematic review of physiological reactivity to stimuli in autism. <i>Developmental Neurorehabilitation</i> , 2016 , 19, 335-355	1.8	50
191	Evidence for an internet addiction disorder: internet exposure reinforces color preference in withdrawn problem users. <i>Journal of Clinical Psychiatry</i> , 2016 , 77, 269-74	4.6	13
190	Impact of Diagnostic Practices on the Self-Reported Health of Mothers of Recently Diagnosed Children with ASD. <i>International Journal of Environmental Research and Public Health</i> , 2016 , 13,	4.6	7
189	Reading assessments for students with ASD: a survey of summative reading assessments used in special educational schools in the UK. <i>British Journal of Special Education</i> , 2016 , 43, 122-141	0.9	3
188	A qualitative analysis of patients' reasons for choosing neobladder or ileal conduit after cystectomy for bladder cancer. <i>Journal of Clinical Urology</i> , 2016 , 9, 340-345	0.2	3
187	The relationship between schizotypal personality and internet addiction in university students. <i>Computers in Human Behavior</i> , 2016 , 63, 19-24	7.7	12
186	Mephedrone and 3,4-methylenedioxy-methamphetamine: Comparative psychobiological effects as reported by recreational polydrug users. <i>Journal of Psychopharmacology</i> , 2016 , 30, 1313-1320	4.6	19
185	2016 ,		6
184	Disruptions to processing of self referential emotional material are associated with positive symptoms of schizotypy. <i>Psychiatry Research</i> , 2015 , 229, 809-13	9.9	2
183	Associations between digit ratio (2D:4D) and locus of control. <i>Personality and Individual Differences</i> , 2015 , 83, 102-105	3.3	6
182	Higher impulsivity after exposure to the internet for individuals with high but not low levels of self-reported problematic internet behaviours. <i>Computers in Human Behavior</i> , 2015 , 49, 512-516	7.7	21
181	Human performance on random ratio and random interval schedules, performance awareness and verbal instructions. <i>Learning and Behavior</i> , 2015 , 43, 272-88	1.3	5

180	Using conditioning to elicit skin conductance responses to deception. <i>Learning and Motivation</i> , 2015 , 49, 31-37	1.3	6
179	Stimulus over-selectivity and extinction-induced recovery of performance as a product of intellectual impairment and autism severity. <i>Journal of Autism and Developmental Disorders</i> , 2015 , 45, 3098-106	4.6	16
178	Response-independent outcomes impact response rates and judgments of control differentially depending on rate of response-dependent outcomes. <i>Learning and Behavior</i> , 2015 , 43, 301-11	1.3	3
177	Interference with facial emotion recognition by verbal but not visual loads. <i>Research in Developmental Disabilities</i> , 2015 , 47, 441-50	2.7	6
176	Rats show molar sensitivity to different aspects of random-interval-with-linear-feedback-functions and random-ratio schedules. <i>Journal of Experimental Psychology Animal Learning and Cognition</i> , 2015 , 41, 432-43	1.4	4
175	The structure of random ratio responding in humans. <i>Journal of Experimental Psychology Animal Learning and Cognition</i> , 2015 , 41, 419-31	1.4	9
174	Conditioning a Discriminated Eyeblink Response to the Truth Value of Statements. <i>Psychological Record</i> , 2015 , 65, 657-666	1.1	
173	A transactional analysis of changes in parent and chick behaviour prior to separation of Herring Gulls (<i>Larus Argentatus</i>): A three-term contingency model. <i>Behavioural Processes</i> , 2015 , 118, 21-7	1.6	1
172	Relationship between levels of problematic Internet usage and motivation to study in university students. <i>Higher Education</i> , 2015 , 70, 711-723	3	16
171	Problematic Internet Usage and Immune Function. <i>PLoS ONE</i> , 2015 , 10, e0134538	3.7	33
170	Altered time-perception performance in individuals with high schizotypy levels. <i>Psychiatry Research</i> , 2014 , 220, 211-6	9.9	7
169	The relationship between autism quotient, anxiety, and internet addiction. <i>Research in Autism Spectrum Disorders</i> , 2014 , 8, 1521-1526	3	27
168	Effect of religious context on the content of visual hallucinations in individuals high in religiosity. <i>Psychiatry Research</i> , 2014 , 215, 594-8	9.9	8
167	Avoidance and behavioural flexibility in obsessive compulsive disorder. <i>Journal of Anxiety Disorders</i> , 2014 , 28, 148-53	10.9	7
166	Outcome measures for multiple sclerosis. <i>Physical Therapy Reviews</i> , 2014 , 19, 24-38	0.7	3
165	Different Perspectives Regarding Quality of Life in Chronically ill and Healthy Individuals. <i>Applied Research in Quality of Life</i> , 2014 , 9, 971-979	2.3	3
164	Mainstream Education for Children with Autism Spectrum Disorders. <i>Autism and Child Psychopathology Series</i> , 2014 , 447-485	0.2	3
163	Parenting and Autism Spectrum Disorders 2014 , 185-206		7

162	Evaluation of the Barnet Early Autism Model (BEAM) teaching intervention programme in a real world setting. <i>Research in Autism Spectrum Disorders</i> , 2013 , 7, 631-638	3	7
161	The role of parenting stress in discrepancies between parent and teacher ratings of behavior problems in young children with autism spectrum disorder. <i>Journal of Autism and Developmental Disorders</i> , 2013 , 43, 471-7	4.6	17
160	Logistic regression for risk factor modelling in stuttering research. <i>Journal of Fluency Disorders</i> , 2013 , 38, 88-101	2.3	30
159	Effect of a surprising downward shift in reinforcer value on stimulus over-selectivity in a simultaneous discrimination procedure. <i>Learning and Motivation</i> , 2013 , 44, 31-45	1.3	1
158	The generalization of a conditioned response to deception across the public/private barrier. <i>Learning and Motivation</i> , 2013 , 44, 196-203	1.3	4
157	Effect of depression and anxiety on the success of pelvic floor muscle training for pelvic floor dysfunction. <i>Journal of Obstetrics and Gynaecology</i> , 2013 , 33, 710-4	1.3	29
156	Flexibility in young people with autism spectrum disorders on a card sort task. <i>Autism</i> , 2013 , 17, 162-71	6.6	32
155	Rapid recovery in sub-optimal readers in Wales through a self-paced computer-based reading programme. <i>British Journal of Special Education</i> , 2013 , 40, 162-166	0.9	4
154	The relationship between punishment history and skin conductance elicited during swearing. <i>The Analysis of Verbal Behavior</i> , 2013 , 29, 109-15	0.7	6
153	Brief exposure to a self-paced computer-based reading programme and how it impacts reading ability and behaviour problems. <i>PLoS ONE</i> , 2013 , 8, e77867	3.7	13
152	Differential psychological impact of internet exposure on Internet addicts. <i>PLoS ONE</i> , 2013 , 8, e55162	3.7	55
151	Relationship between contingency awareness and human performance on random ratio and random interval schedules. <i>Learning and Motivation</i> , 2012 , 43, 55-65	1.3	12
150	Impact of severity of autism and intervention time-input on child outcomes: comparison across several early interventions. <i>British Journal of Special Education</i> , 2012 , 39, 130-136	0.9	11
149	Disrupted stimulus control but not reward sensitivity in individuals with autism spectrum disorders: a matching law analysis. <i>Journal of Autism and Developmental Disorders</i> , 2012 , 42, 2393-403	4.6	6
148	Revaluation manipulations produce emergence of undersampled stimuli following simultaneous discrimination in humans. <i>Quarterly Journal of Experimental Psychology</i> , 2012 , 65, 1345-60	1.8	2
147	The effects of a conversation prompt procedure on independent play. <i>Research in Autism Spectrum Disorders</i> , 2012 , 6, 365-377	3	5
146	Event related potential analysis of stimulus over-selectivity. <i>Research in Developmental Disabilities</i> , 2012 , 33, 655-62	2.7	3
145	Unsupervised Categorization in a sample of children with autism spectrum disorders. <i>Research in Developmental Disabilities</i> , 2012 , 33, 1264-9	2.7	24

144	Influence of schizotypy on responding and contingency awareness on free-operant schedules of reinforcement. <i>Learning and Individual Differences</i> , 2012 , 22, 425-428	3.1	1
143	Recall of false memories in individuals scoring high in schizotypy: memory distortions are scale specific. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2012 , 43, 711-5	2.6	8
142	Lack of evidence for inhibitory processes in over-selectivity. <i>Behavioural Processes</i> , 2012 , 89, 14-22	1.6	3
141	The effect of mindfulness on extinction and behavioral resurgence. <i>Learning and Behavior</i> , 2012 , 40, 405-15	1.3	16
140	Transfer of judgments of control to a target stimulus and to novel stimuli through derived relations. <i>Learning and Behavior</i> , 2012 , 40, 448-64	1.3	2
139	Diagnostic practice and its impacts on parental health and child behaviour problems in autism spectrum disorders. <i>Archives of Disease in Childhood</i> , 2012 , 97, 927-31	2.2	28
138	Effect of High or Low Imagery on Auditory Hallucinatory Content in Individuals Scoring High in Schizotypy. <i>Journal of Experimental Psychopathology</i> , 2012 , 3, 650-660	2.3	1
137	Cross-modal attention-switching is impaired in autism spectrum disorders. <i>Journal of Autism and Developmental Disorders</i> , 2012 , 42, 947-53	4.6	37
136	Brief report: The effect of delayed matching to sample on stimulus over-selectivity. <i>Journal of Autism and Developmental Disorders</i> , 2012 , 42, 1515-9	4.6	3
135	Effects of Fixed-Time Reinforcement Delivered by Teachers for Reducing Problem Behavior in Special Education Classrooms. <i>Journal of Behavioral Education</i> , 2012 , 21, 150-162	1.8	12
134	A comparative study of the impact of mainstream and special school placement on the behaviour of children with Autism Spectrum Disorders. <i>British Educational Research Journal</i> , 2012 , 38, 749-763	1.6	20
133	Effect of Observing-Response Procedures on Overselectivity in Individuals With Autism Spectrum Disorders. <i>Focus on Autism and Other Developmental Disabilities</i> , 2012 , 27, 237-246	1.8	3
132	Changes in the key areas of quality of life associated with age and time since diagnosis of long-term conditions. <i>Chronic Illness</i> , 2012 , 8, 112-20	1.4	8
131	Effect of a context of concrete and abstract words on hallucinatory content in individuals scoring high in schizotypy. <i>Journal of Behavior Therapy and Experimental Psychiatry</i> , 2011 , 42, 149-53	2.6	7
130	School factors associated with mainstream progress in secondary education for included pupils with Autism Spectrum Disorders. <i>Research in Autism Spectrum Disorders</i> , 2011 , 5, 1253-1263	3	37
129	Over-selectivity as a learned response. <i>Research in Developmental Disabilities</i> , 2011 , 32, 201-6	2.7	2
128	Effects of schedule of reinforcement on over-selectivity. <i>Research in Developmental Disabilities</i> , 2011 , 32, 2489-501	2.7	8
127	An experimental analysis of steady-state response rate components on variable ratio and variable interval schedules of reinforcement. <i>Journal of Experimental Psychology</i> , 2011 , 37, 1-9		17

126	Comparison of conditioning impairments in children with Down syndrome, autistic spectrum disorders and mental age-matched controls. <i>Journal of Intellectual Disability Research</i> , 2011 , 55, 988-97	3.2	9
125	High schizotypal individuals manifest differential performance on time-based schedules of reinforcement. <i>Personality and Individual Differences</i> , 2011 , 50, 735-741	3.3	3
124	Perceptual learning and perceptual search are altered in male university students with higher Autism Quotient scores. <i>Personality and Individual Differences</i> , 2011 , 51, 732-736	3.3	18
123	The strength and generality of stimulus over-selectivity in simultaneous discrimination procedures. <i>Learning and Motivation</i> , 2011 , 42, 113-122	1.3	16
122	The effects of a concurrent task on human optimization and self control. <i>Learning and Motivation</i> , 2011 , 42, 185-192	1.3	1
121	Impact of intervening learning on resurgence in humans with Autism Spectrum Disorders. <i>Learning and Behavior</i> , 2011 , 39, 163-70	1.3	5
120	Brief report: teaching situation-based emotions to children with autistic spectrum disorder. <i>Journal of Autism and Developmental Disorders</i> , 2011 , 41, 1423-8	4.6	21
119	Effects of response-independent stimuli on fixed-interval and fixed-ratio performance of rats: a model for stressful disruption of cyclical eating patterns. <i>Learning and Behavior</i> , 2011 , 39, 27-35	1.3	1
118	Factors impacting emergence of behavioral control by undersampled stimuli in humans after reduction of control by oversampled stimuli. <i>Journal of the Experimental Analysis of Behavior</i> , 2010 , 94, 125-33	2.1	5
117	Stress and self-perceived parenting behaviors of parents of children with autistic spectrum conditions. <i>Research in Autism Spectrum Disorders</i> , 2010 , 4, 405-414	3	65
116	Factors impacting on the outcomes of Greek intervention programmes for children with autistic spectrum disorders. <i>Research in Autism Spectrum Disorders</i> , 2010 , 4, 697-708	3	7
115	A meta-analytic review of the effectiveness of behavioural early intervention programs for children with Autistic Spectrum Disorders. <i>Research in Autism Spectrum Disorders</i> , 2010 , 4, 577-593	3	196
114	Mindfulness as a potential intervention for stimulus over-selectivity in older adults. <i>Research in Developmental Disabilities</i> , 2010 , 31, 178-84	2.7	33
113	Effectiveness of special nursery provision for children with autism spectrum disorders. <i>Autism</i> , 2010 , 14, 67-82	6.6	10
112	Multiple determinants of transfer of evaluative function after conditioning with free-operant schedules of reinforcement. <i>Learning and Behavior</i> , 2010 , 38, 348-66	1.3	6
111	The Relationship between Parenting Stress and Behavior Problems of Children with Autistic Spectrum Disorders. <i>Exceptional Children</i> , 2009 , 76, 54-73	2.7	88
110	Effect of time in prison on prisoners' use of coping strategies. <i>International Journal of Prisoner Health</i> , 2009 , 5, 16-24	1	7
109	Effect of schizotypy on responding maintained by free-operant schedules of reinforcement. <i>Personality and Individual Differences</i> , 2009 , 47, 783-788	3.3	15

108	Caffeine reinforces flavor preference and behavior in moderate users but not in low caffeine users. <i>Learning and Motivation</i> , 2009 , 40, 35-45	1.3	10
107	The effect of stimulus salience on over-selectivity. <i>Journal of Autism and Developmental Disorders</i> , 2009 , 39, 330-8	4.6	27
