#	ARTICLE	IF	CITATIONS
1	Effect of the COVID-19 pandemic response on intrapartum care, stillbirth, and neonatal mortality outcomes in Nepal: a prospective observational study. <i>The Lancet Global Health</i> , 2020, 8, e1273-e1281.	2.9	332
2	Effects of Delayed Umbilical Cord Clamping vs Early Clamping on Anemia in Infants at 8 and 12 Months. <i>JAMA Pediatrics</i> , 2017, 171, 264.	3.3	114
3	Reducing Perinatal Mortality in Nepal Using Helping Babies Breathe. <i>Pediatrics</i> , 2016, 137, .	1.0	111
4	Distance decay in delivery care utilisation associated with neonatal mortality. A case referent study in northern Vietnam. <i>BMC Public Health</i> , 2010, 10, 762.	1.2	77
5	Effect of Facilitation of Local Maternal-and-Newborn Stakeholder Groups on Neonatal Mortality: Cluster-Randomized Controlled Trial. <i>PLoS Medicine</i> , 2013, 10, e1001445.	3.9	65
6	Fathers as Supporters for Improved Exclusive Breastfeeding in Viet Nam. <i>Maternal and Child Health Journal</i> , 2014, 18, 1444-1453.	0.7	61
7	Evaluation of Helping Babies Breathe Quality Improvement Cycle (HBB-QIC) on retention of neonatal resuscitation skills six months after training in Nepal. <i>BMC Pediatrics</i> , 2017, 17, 103.	0.7	61
8	Intact cord resuscitation versus early cord clamping in the treatment of depressed newborn infants during the first 10 minutes of birth (Nepcord III) – a randomized clinical trial. <i>Maternal Health, Neonatology and Perinatology</i> , 2019, 5, 15.	1.0	59
9	Inequity in maternal health care utilization in Vietnam. <i>International Journal for Equity in Health</i> , 2012, 11, 24.	1.5	56
10	Causes and determinants of inequity in maternal and child health in Vietnam. <i>BMC Public Health</i> , 2012, 12, 641.	1.2	53
11	Effect of a scaled-up neonatal resuscitation quality improvement package on intrapartum-related mortality in Nepal: A stepped-wedge cluster randomized controlled trial. <i>PLoS Medicine</i> , 2019, 16, e1002900.	3.9	53
12	Health system context and implementation of evidence-based practices – development and validation of the Context Assessment for Community Health (COACH) tool for low- and middle-income settings. <i>Implementation Science</i> , 2015, 10, 120.	2.5	51
13	What interventions are effective on reducing inequalities in maternal and child health in low- and middle-income settings? A systematic review. <i>BMC Public Health</i> , 2014, 14, 634.	1.2	50
14	Unreported births and deaths, a severe obstacle for improved neonatal survival in low-income countries; a population based study. <i>BMC International Health and Human Rights</i> , 2008, 8, 4.	2.5	47
15	Targeted Interventions for Improved Equity in Maternal and Child Health in Low- and Middle-Income Settings: A Systematic Review and Meta-Analysis. <i>PLoS ONE</i> , 2013, 8, e66453.	1.1	47
16	Poor adherence to neonatal resuscitation guidelines exposed; an observational study using camera surveillance at a tertiary hospital in Nepal. <i>BMC Pediatrics</i> , 2014, 14, 233.	0.7	45
17	Maternal health care utilization in Viet Nam: increasing ethnic inequity. <i>Bulletin of the World Health Organization</i> , 2013, 91, 254-261.	1.5	44
18	Ethnic minority health in Vietnam: a review exposing horizontal inequity. <i>Global Health Action</i> , 2013, 6, 19803.	0.7	42

#	ARTICLE	IF	CITATIONS
19	Effect of Delayed Cord Clamping of Term Babies on Neurodevelopment at 12 Months: A Randomized Controlled Trial. <i>Neonatology</i> , 2019, 115, 36-42.	0.9	40
20	Risk factors for antepartum stillbirth: a case-control study in Nepal. <i>BMC Pregnancy and Childbirth</i> , 2015, 15, 146.	0.9	39
21	Father's involvement and its effect on early breastfeeding practices in Viet Nam. <i>Maternal and Child Nutrition</i> , 2016, 12, 768-777.	1.4	38
22	Incidence of intrapartum stillbirth and associated risk factors in tertiary care setting of Nepal: a case-control study. <i>Reproductive Health</i> , 2016, 13, 103.	1.2	35
23	Persistent neonatal mortality despite improved under-five survival: a retrospective cohort study in northern Vietnam. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2008, 97, 166-170.	0.7	34
24	Evidence-based practice in neonatal health: knowledge among primary health care staff in northern Viet Nam. <i>Human Resources for Health</i> , 2009, 7, 36.	1.1	34
25	Inadequate fetal heart rate monitoring and poor use of partogram associated with intrapartum stillbirth: a case-referent study in Nepal. <i>BMC Pregnancy and Childbirth</i> , 2016, 16, 233.	0.9	34
26	Scaling up quality improvement intervention for perinatal care in Nepal (NePeriQIP); study protocol of a cluster randomised trial. <i>BMJ Global Health</i> , 2017, 2, e000497.	2.0	34
27	Placing children and adolescents at the centre of the Sustainable Development Goals will deliver for current and future generations. <i>Global Health Action</i> , 2019, 12, 1670015.	0.7	34
28	Promoting equity to achieve maternal and child health. <i>Reproductive Health Matters</i> , 2011, 19, 176-182.	1.3	33
29	Increased immunization coverage addresses the equity gap in Nepal. <i>Bulletin of the World Health Organization</i> , 2017, 95, 261-269.	1.5	33
30	Implementing knowledge into practice for improved neonatal survival; a cluster-randomised, community-based trial in Quang Ninh province, Vietnam. <i>BMC Health Services Research</i> , 2011, 11, 239.	0.9	32
31	Neonatal mortality: an invisible and marginalised trauma. <i>Global Health Action</i> , 2011, 4, 5724.	0.7	32
32	Implementing a simplified neonatal resuscitation protocol-helping babies breathe at birth (HBB) - at a tertiary level hospital in Nepal for an increased perinatal survival. <i>BMC Pediatrics</i> , 2012, 12, 159.	0.7	32
33	Ethnic inequity in neonatal survival: a case-referent study in northern Vietnam. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2011, 100, 340-346.	0.7	31
34	Level of mortality risk for babies born preterm or with a small weight for gestation in a tertiary hospital of Nepal. <i>BMC Public Health</i> , 2015, 15, 877.	1.2	31
35	Causes of neonatal death: results from NeOKIP community-based trial in Quang Ninh province, Vietnam. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2012, 101, 368-373.	0.7	29
36	Dimensions of Learning Organizations Questionnaire (DLOQ) in a low-resource health care setting in Nepal. <i>Health Research Policy and Systems</i> , 2015, 13, 6.	1.1	27

#	ARTICLE	IF	CITATIONS
37	Screening for Antepartum Depression Through Community Health Outreach in Swaziland. <i>Journal of Community Health</i> , 2016, 41, 946-952.	1.9	23
38	Quality of Care for Maternal and Newborn Health in Health Facilities in Nepal. <i>Maternal and Child Health Journal</i> , 2020, 24, 31-38.	0.7	23
39	Scaling Up Safer Birth Bundle Through Quality Improvement in Nepal (SUSTAIN) – a stepped wedge cluster randomized controlled trial in public hospitals. <i>Implementation Science</i> , 2019, 14, 65.	2.5	22
40	Causes of maternal deaths and delays in care: comparison between routine maternal death surveillance and response system and an obstetrician expert panel in Tanzania. <i>BMC Health Services Research</i> , 2020, 20, 614.	0.9	21
41	Perinatal services and outcomes in Quang Ninh province, Vietnam. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2010, 99, 1478-1483.	0.7	19
42	Effect of timing of umbilical cord clamping on anaemia at 8 and 12 months and later neurodevelopment in late pre-term and term infants; a facility-based, randomized-controlled trial in Nepal. <i>BMC Pediatrics</i> , 2016, 16, 35.	0.7	19
43	Delivery care utilisation and care-seeking in the neonatal period: a population-based study in Vietnam. <i>Annals of Tropical Paediatrics</i> , 2008, 28, 191-198.	1.0	18
44	Abolishing inequity, a necessity for poverty reduction and the realisation of child mortality targets. <i>Archives of Disease in Childhood</i> , 2015, 100, S5-S9.	1.0	18
45	Implementation of Pediatric Early Warning Score; Adherence to Guidelines and Influence of Context. <i>Journal of Pediatric Nursing</i> , 2018, 38, 33-39.	0.7	18
46	Validation of the foot length measure as an alternative tool to identify low birth weight and preterm babies in a low-resource setting like Nepal: a cross-sectional study. <i>BMC Pediatrics</i> , 2015, 15, 43.	0.7	17
47	Negotiating social norms, the legacy of vertical health initiatives and contradicting health policies: a qualitative study of health professionals' perceptions and attitudes of providing adolescent sexual and reproductive health care in Arusha and Kilimanjaro region, Tanzania. <i>Global Health Action</i> , 2020, 13, 1775992.	0.7	16
48	A narrative review of factors influencing detection and treatment of depression in Vietnam. <i>International Journal of Mental Health Systems</i> , 2013, 7, 15.	1.1	15
49	Persistent inequity in maternal health care utilization in Nepal despite impressive overall gains. <i>Global Health Action</i> , 2017, 10, 1356083.	0.7	15
50	Delayed cord clamping was not associated with an increased risk of hyperbilirubinaemia on the day of birth or jaundice in the first 4 weeks. <i>Acta Paediatrica, International Journal of Paediatrics</i> , 2020, 109, 71-77.	0.7	15
51	The burden of adolescent motherhood and health consequences in Nepal. <i>BMC Pregnancy and Childbirth</i> , 2020, 20, 318.	0.9	14
52	Sex of Newborns Associated With Place and Mode of Delivery: A Population-Based Study in Northern Vietnam. <i>Gender Medicine</i> , 2012, 9, 418-423.	1.4	13
53	Care seeking for children with fever/cough or diarrhoea in Nepal: equity trends over the last 15 years. <i>Scandinavian Journal of Public Health</i> , 2017, 45, 195-201.	1.2	13
54	Teamwork among midwives during neonatal resuscitation at a maternity hospital in Nepal. <i>Women and Birth</i> , 2017, 30, 262-269.	0.9	13

#	ARTICLE	IF	CITATIONS
55	Rebuilding research capacity in fragile states: the case of a Somaliâ€“Swedish global health initiative. <i>Global Health Action</i> , 2017, 10, 1348693.	0.7	13
56	Factors associated with timing of umbilical cord clamping in tertiary hospital of Nepal. <i>BMC Research Notes</i> , 2018, 11, 89.	0.6	13
57	Lessons learned from stakeholders in a facilitation intervention targeting neonatal health in Quang Ninh province, Vietnam. <i>BMC Pregnancy and Childbirth</i> , 2013, 13, 234.	0.9	12
58	Resuscitation practices of low and normal birth weight infants in Nepal: an observational study using video camera recordings. <i>Global Health Action</i> , 2017, 10, 1322372.	0.7	12
59	Peer support for disadvantaged parents: a narrative review of strategies used in home visiting health interventions in high-income countries. <i>BMC Health Services Research</i> , 2020, 20, 682.	0.9	12
60	Bringing evidence to policy to achieve health-related MDGs for all: justification and design of the EPI-4 project in China, India, Indonesia, and Vietnam. <i>Global Health Action</i> , 2013, 6, 19650.	0.7	11
61	Determinants of marginalization and inequitable maternal health care in Northâ€“Central Vietnam: a framework analysis. <i>Global Health Action</i> , 2015, 8, 27554.	0.7	11
62	Essential newborn care after home delivery in Nepal. <i>Scandinavian Journal of Public Health</i> , 2017, 45, 202-207.	1.2	10
63	Secular trend, seasonality and effects of a community-based intervention on neonatal mortality: follow-up of a cluster-randomised trial in Quang Ninh province, Vietnam. <i>Journal of Epidemiology and Community Health</i> , 2018, 72, 776-782.	2.0	10
64	Community agency and empowermentâ€“a need for new perspectives and deepened understanding. <i>Upsala Journal of Medical Sciences</i> , 2018, 123, 123-130.	0.4	10
65	Prolonged Exclusive Breastfeeding Through Peer Support: A Cohort Study From a Community Outreach Project in Swaziland. <i>Journal of Community Health</i> , 2016, 41, 932-938.	1.9	8
66	Implementing delayed umbilical cord clamping in Nepalâ€“Delivery care staffâ€™s perceptions and attitudes towards changes in practice. <i>PLoS ONE</i> , 2019, 14, e0218031.	1.1	8
67	Contraception use and unplanned pregnancies in a peri-urban area of eSwatini (Swaziland). <i>Sexual and Reproductive Healthcare</i> , 2019, 20, 1-6.	0.5	8
68	Achieving the SDGs through interdisciplinary research in global health. <i>Scandinavian Journal of Public Health</i> , 2019, 47, 793-795.	1.2	8
69	Respectful maternal and newborn care: measurement in one EN-BIRTH study hospital in Nepal. <i>BMC Pregnancy and Childbirth</i> , 2021, 21, 228.	0.9	8
70	Effect of Facilitation of Local Stakeholder Groups on Equity in Neonatal Survival; Results from the NeoKIP Trial in Northern Vietnam. <i>PLoS ONE</i> , 2015, 10, e0145510.	1.1	8
71	Foreign-born womenâ€™s lifestyle and health before and during early pregnancy in Sweden. <i>European Journal of Contraception and Reproductive Health Care</i> , 2020, 25, 20-27.	0.6	7
72	Maternal death surveillance and response in Tanzania: comprehensiveness of narrative summaries and action points from maternal death reviews. <i>BMC Health Services Research</i> , 2021, 21, 52.	0.9	7

#	ARTICLE	IF	CITATIONS
73	Clinical communication and caregivers' satisfaction with child healthcare in Nepal; results from Nepal Health Facility Survey 2015. BMC Health Services Research, 2019, 19, 17.	0.9	6
74	Evaluating the implementation of the Reproductive Life Plan in disadvantaged communities: A mixed-methods study using the i-PARIHS framework. PLoS ONE, 2020, 15, e0236712.	1.1	6
75	Mistreatment of newborns after childbirth in health facilities in Nepal: Results from a prospective cohort observational study. PLoS ONE, 2021, 16, e0246352.	1.1	6
76	Mismatched ambition, execution and outcomes: implementing maternal death surveillance and response system in Mtwara region, Tanzania. BMJ Global Health, 2021, 6, e005040.	2.0	6
77	Disclosing suboptimal indications for emergency caesarean sections due to fetal distress and prolonged labor: a multicenter cross-sectional study at 12 public hospitals in Nepal. Reproductive Health, 2020, 17, 197.	1.2	6
78	Performance of health workers on neonatal resuscitation care following scaled-up quality improvement interventions in public hospitals of Nepal - a prospective observational study. BMC Health Services Research, 2021, 21, 362.	0.9	5
79	High levels of unmet need for family planning in Nepal. Sexual and Reproductive Healthcare, 2018, 17, 1-6.	0.5	4
80	The world we want: focus on the most disadvantaged. Global Health Action, 2013, 6, 20919.	0.7	3
81	Adapting a South African social innovation for maternal peer support to migrant communities in Sweden: a qualitative study. International Journal for Equity in Health, 2022, 21, .	1.5	3
82	The perpetuating cycle of unplanned pregnancy: underlying causes and implications in Eswatini. Culture, Health and Sexuality, 2020, 23, 1-16.	1.0	2
