| #  | ARTICLE   | IF  | CITATIONS |
|----|---|-----|-----------|
| 1  | Attachment and mentalization as predictors of outcome in family therapy for adolescent anorexia nervosa. <i>European Child and Adolescent Psychiatry</i> , 2023, 32, 1241-1251.   | 2.8 | 9         |
| 2  | The experience of intolerance of uncertainty for parents of young people with a restrictive eating disorder. <i>Eating and Weight Disorders</i> , 2022, 27, 1339-1348.  | 1.2 | 5         |
| 3  | From efficacy to effectiveness: child and adolescent eating disorder treatments in the real world (Part 2): 7-year follow-up. <i>Journal of Eating Disorders</i> , 2022, 10, 14.  | 1.3 | 11        |
| 4  | From efficacy to effectiveness: child and adolescent eating disorder treatments in the real world (part 1)â€”treatment course and outcomes. <i>Journal of Eating Disorders</i> , 2022, 10, 27.  | 1.3 | 12        |
| 5  | Long-term follow-up of a randomized controlled trial comparing systemic family therapy (FTâ€š) added to treatment as usual (TAU) with TAU alone in adolescents with anorexia nervosa. <i>Journal of Child Psychology and Psychiatry and Allied Disciplines</i> , 2022, 63, 1368-1380. | 3.1 | 5         |
| 6  | Multi-family therapy for bulimia nervosa in adolescence: a pilot study in a community eating disorder service. <i>Eating Disorders</i> , 2021, 29, 351-367.   | 1.9 | 12        |
| 7  | Parent and Youth Perspectives and Retention in Functional Family Therapy. <i>Family Process</i> , 2021, 60, 316-330.  | 1.4 | 2         |
| 8  | Cost-effectiveness of specialist eating disorders services for children and adolescents with anorexia nervosa: a national surveillance study. <i>Journal of Eating Disorders</i> , 2021, 9, 76.   | 1.3 | 2         |
| 9  | Is this the â€”new normalâ€™? A mixed method investigation of young person, parent and clinician experience of online eating disorder treatment during the COVID-19 pandemic. <i>Journal of Eating Disorders</i> , 2021, 9, 78.   | 1.3 | 29        |
| 10 | Brief early adolescent multi-family therapy (BEAM) trial for anorexia nervosa: a feasibility randomized controlled trial protocol. <i>Journal of Eating Disorders</i> , 2021, 9, 71.  | 1.3 | 3         |
| 11 | Formulation in eating disorder focused family therapy: why, when and how?. <i>Journal of Eating Disorders</i> , 2021, 9, 97.  | 1.3 | 6         |
| 12 | Temperament-based treatment for young adults with eating disorders: acceptability and initial efficacy of an intensive, multi-family, parent-involved treatment. <i>Journal of Eating Disorders</i> , 2021, 9, 110.   | 1.3 | 9         |
| 13 | Radically open dialectical behaviour therapy adapted for adolescents: a case series. <i>BMC Psychiatry</i> , 2021, 21, 462.   | 1.1 | 8         |
| 14 | <scp>Multi-family</scp> therapy for eating disorders: A systematic scoping review of the quantitative and qualitative findings. <i>International Journal of Eating Disorders</i> , 2021, 54, 2095-2120.   | 2.1 | 22        |
| 15 | Systematic literature review and meta-analysis of the relationship between adherence, competence and outcome in psychotherapy for children and adolescents. <i>European Child and Adolescent Psychiatry</i> , 2020, 29, 417-431.  | 2.8 | 71        |
| 16 | Multisystemic therapy versus management as usual in the treatment of adolescent antisocial behaviour (START): 5-year follow-up of a pragmatic, randomised, controlled, superiority trial. <i>Lancet Psychiatry</i> , 2020, 7, 420-430.  | 3.7 | 17        |
| 17 | Multisystemic therapy compared with management as usual for adolescents at risk of offending: the START II RCT. <i>Health Services and Delivery Research</i> , 2020, 8, 1-114.  | 1.4 | 3         |
| 18 | Changes in General and Specific Psychopathology Factors Over a Psychosocial Intervention. <i>Journal of the American Academy of Child and Adolescent Psychiatry</i> , 2019, 58, 776-786.  | 0.3 | 24        |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 19 | Care experiences of young people with eating disorders and their parents: qualitative study. <i>BJPsych Open</i> , 2019, 5, e6.  | 0.3 | 45        |
| 20 | The experience of intolerance of uncertainty for young people with a restrictive eating disorder: a pilot study. <i>Eating and Weight Disorders</i> , 2019, 24, 533-540.   | 1.2 | 12        |
| 21 | Incidence of anorexia nervosa in young people in the UK and Ireland: a national surveillance study. <i>BMJ Open</i> , 2019, 9, e027339.  | 0.8 | 32        |
| 22 | Attachment measures in middle childhood and adolescence: A systematic review of measurement properties. <i>Clinical Psychology Review</i> , 2019, 68, 71-82.   | 6.0 | 69        |
| 23 | Alternative community-based models of care for young people with anorexia nervosa: the CostED national surveillance study. <i>Health Services and Delivery Research</i> , 2019, 7, 1-78.   | 1.4 | 10        |
| 24 | Maudsley Family Therapy for Eating Disorders. , 2019, , 1804-1813.   |     | 1         |
| 25 | Effectiveness of systemic family therapy versus treatment as usual for young people after self-harm: a pragmatic, phase 3, multicentre, randomised controlled trial. <i>Lancet Psychiatry</i> , 2018, 5, 203-216.  | 3.7 | 70        |
| 26 | Multisystemic therapy versus management as usual in the treatment of adolescent antisocial behaviour (START): a pragmatic, randomised controlled, superiority trial. <i>Lancet Psychiatry</i> , 2018, 5, 119-133.  | 3.7 | 63        |
| 27 | The acceptability, feasibility, and possible benefits of a neurobiologically-informed 5-day multifamily treatment for adults with anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2018, 51, 863-869.  | 2.1 | 38        |
| 28 | Intensive treatment program (ITP): A case series service evaluation of the effectiveness of day patient treatment for adolescents with a restrictive eating disorder. <i>International Journal of Eating Disorders</i> , 2018, 51, 1261-1269.  | 2.1 | 31        |
| 29 | Maudsley Family Therapy for Eating Disorders. , 2018, , 1-9.   |     | 5         |
| 30 | A pragmatic randomised controlled trial and economic evaluation of family therapy versus treatment as usual for young people seen after second or subsequent episodes of self-harm: the Self-Harm Intervention "Family Therapy (SHIFT) trial. <i>Health Technology Assessment</i> , 2018, 22, 1-222. | 1.3 | 15        |
| 31 | Intensive multi-family therapy for adolescent anorexia nervosa: an open study of 30 families. <i>Journal of Family Therapy</i> , 2017, 39, 498-513.  | 0.5 | 20        |
| 32 | Impact of ASD Traits on Treatment Outcomes of Eating Disorders in Girls. <i>European Eating Disorders Review</i> , 2017, 25, 123-128.  | 2.3 | 54        |
| 33 | Training Genetic Counsellors to Deliver an Innovative Therapeutic Intervention: their Views and Experience of Facilitating Multi-Family Discussion Groups. <i>Journal of Genetic Counseling</i> , 2017, 26, 199-214.   | 0.9 | 11        |
| 34 | Treatment of anorexia nervosa: a multimethod investigation translating experimental neuroscience into clinical practice. <i>Programme Grants for Applied Research</i> , 2017, 5, 1-208.  | 0.4 | 14        |
| 35 | Multifamily Interventions with Adolescent Eating Disorders. , 2017, , 555-559.   |     | 0         |
| 36 | Attachment and mentalization and their association with child and adolescent eating pathology: A systematic review. <i>International Journal of Eating Disorders</i> , 2016, 49, 354-373.  | 2.1 | 95        |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 37 | A pragmatic randomised multi-centre trial of multifamily and single family therapy for adolescent anorexia nervosa. <i>BMC Psychiatry</i> , 2016, 16, 422.   | 1.1 | 138       |
| 38 | Family Therapy for Child and Adolescent Eating Disorders: A Critical Review. <i>Family Process</i> , 2016, 55, 577-594.  | 1.4 | 99        |
| 39 | A tribute to Bryan Lask the family therapist. <i>Journal of Family Therapy</i> , 2016, 38, 295-298.  | 0.5 | 0         |
| 40 | Using the Autism-Spectrum Quotient to Measure Autistic Traits in Anorexia Nervosa: A Systematic Review and Meta-Analysis. <i>Journal of Autism and Developmental Disorders</i> , 2016, 46, 964-977.  | 1.7 | 108       |
| 41 | Developing an intervention to facilitate family communication about inherited genetic conditions, and training genetic counsellors in its delivery. <i>European Journal of Human Genetics</i> , 2016, 24, 794-802.                                     | 1.4 | 35        |
| 42 | Multifamily Interventions with Adolescent Eating Disorders. , 2016, , 1-5.   |     | 0         |
| 43 | Self-Harm Intervention: Family Therapy (SHIFT), a study protocol for a randomised controlled trial of family therapy versus treatment as usual for young people seen after a second or subsequent episode of self-harm. <i>Trials</i> , 2015, 16, 501. | 0.7 | 23        |
| 44 | Intensive multi-family therapy for adolescent anorexia nervosa: adolescents' and parents' day-to-day experiences. <i>Journal of Family Therapy</i> , 2015, 37, 5-23.   | 0.5 | 39        |
| 45 | Family therapy for adolescent anorexia nervosa. <i>Current Opinion in Psychiatry</i> , 2015, 28, 455-460.  | 3.1 | 16        |
| 46 | A Brief, Intensive Application of Multi-Family-Based Treatment for Eating Disorders. <i>Eating Disorders</i> , 2015, 23, 315-324.  | 1.9 | 22        |
| 47 | Focus on anorexia nervosa: modern psychological treatment and guidelines for the adolescent patient. <i>Adolescent Health, Medicine and Therapeutics</i> , 2015, 6, 9.   | 0.7 | 36        |
| 48 | Temperament-based Treatment for Anorexia Nervosa. <i>European Eating Disorders Review</i> , 2015, 23, 12-18.   | 2.3 | 70        |
| 49 | Short-term Intensive Family Therapy for Adolescent Eating Disorders: 30-month Outcome. <i>European Eating Disorders Review</i> , 2015, 23, 210-218.  | 2.3 | 54        |
| 50 | Multi-Family Therapy for Bulimia Nervosa in Adolescence. <i>Eating Disorders</i> , 2015, 23, 345-355.  | 1.9 | 28        |
| 51 | Treating Adolescents with Eating Disorders. , 2015, , 387-406.   |     | 14        |
| 52 | The effect of multiple family therapy on weight gain in adolescents with anorexia nervosa: pilot data. <i>Journal of the Canadian Academy of Child and Adolescent Psychiatry</i> , 2014, 23, 196-9.  | 0.7 | 15        |
| 53 | Family therapy for adolescent eating disorders: a special form of therapy or family therapy with a specific focus?. <i>Journal of Family Therapy</i> , 2013, 35, 1-2.  | 0.5 | 5         |
| 54 | Evaluation of multisystemic therapy pilot services in the Systemic Therapy for At Risk Teens (START) trial: study protocol for a randomised controlled trial. <i>Trials</i> , 2013, 14, 265.   | 0.7 | 14        |

| #  | ARTICLE  | IF  | CITATIONS |
|----|--|-----|-----------|
| 55 | Development of a Children's Version of the <sc>SCORE</sc> Index of Family Function and Change. <i>Family Process</i> , 2013, 52, 673-684.  | 1.4 | 34        |
| 56 | Comparison of specialist and nonspecialist care pathways for adolescents with anorexia nervosa and related eating disorders. <i>International Journal of Eating Disorders</i> , 2012, 45, 949-956.   | 2.1 | 68        |
| 57 | A Randomized Controlled Trial of Adjunctive Family Therapy and Treatment as Usual Following Inpatient Treatment for Anorexia Nervosa Adolescents. <i>PLoS ONE</i> , 2012, 7, e28249.   | 1.1 | 88        |
| 58 | Evaluation of a Cognitive Remediation Therapy Group for Adolescents with Anorexia Nervosa: Pilot Study. <i>European Eating Disorders Review</i> , 2012, 20, 321-325.   | 2.3 | 60        |
| 59 | Testing a cognitive model of generalized anxiety disorder in the eating disorders. <i>Journal of Anxiety Disorders</i> , 2011, 25, 864-869.  | 1.5 | 29        |
| 60 | Therapeutic processes in multi-family groups for major depression: Results of an interpretative phenomenological study. <i>Journal of Affective Disorders</i> , 2011, 134, 226-234.  | 2.0 | 23        |
| 61 | Risk factors, correlates, and markers in early-onset bulimia nervosa and EDNOS. <i>International Journal of Eating Disorders</i> , 2011, 44, 287-294.  | 2.1 | 21        |
| 62 | An off-line pilot evaluation of a web-based systemic cognitive-behavioral intervention for carers of people with anorexia nervosa. <i>International Journal of Eating Disorders</i> , 2011, 44, 708-715.   | 2.1 | 38        |
| 63 | Family-based treatment increases full remission at 1-year follow-up compared with adolescent-focused individual therapy in adolescents with anorexia nervosa. <i>Evidence-Based Mental Health</i> , 2011, 14, 27-27.                                   | 2.2 | 3         |
| 64 | A randomized controlled trial of an Internet-based cognitive-behavioural skills package for carers of people with anorexia nervosa. <i>Psychological Medicine</i> , 2011, 41, 2581-2591.   | 2.7 | 96        |
| 65 | Effects of Interventions Involving the Family in the Treatment of Adult Patients with Chronic Physical Diseases: A Meta-Analysis. <i>Psychotherapy and Psychosomatics</i> , 2010, 79, 136-148.   | 4.0 | 219       |
| 66 | The Effects on Mood of Adjunctive Single-Family and Multi-Family Group Therapy in the Treatment of Hospitalized Patients with Major Depression. <i>Psychotherapy and Psychosomatics</i> , 2009, 78, 98-105.  | 4.0 | 58        |
| 67 | Therapeutic factors in a systemic multi-family group treatment for major depression: patients' and partners' perspectives. <i>Journal of Family Therapy</i> , 2009, 31, 250-269.   | 0.5 | 19        |
| 68 | Cognitive-behavioural therapy for adolescents with bulimic symptomatology: The acceptability and effectiveness of internet-based delivery. <i>Behaviour Research and Therapy</i> , 2009, 47, 729-736.  | 1.6 | 84        |
| 69 | Family Interventions in Adolescent Anorexia Nervosa. <i>Child and Adolescent Psychiatric Clinics of North America</i> , 2009, 18, 159-173.   | 1.0 | 85        |
| 70 | Diagnosing eating disorders in adolescents: A comparison of the eating disorder examination and the development and well-being assessment. <i>International Journal of Eating Disorders</i> , 2008, 41, 535-541.                                       | 2.1 | 34        |
| 71 | Do adolescents with eating disorder not otherwise specified or full-syndrome bulimia nervosa differ in clinical severity, comorbidity, risk factors, treatment outcome or cost?. <i>International Journal of Eating Disorders</i> , 2008, 41, 498-504. | 2.1 | 64        |
| 72 | Strengthening the Voice of Family Therapy. <i>Journal of Family Therapy</i> , 2008, 30, 1-4.   | 0.5 | 1         |
