#	ARTICLE	IF	CITATIONS
1	Understanding Barriers to Hepatitis C Virus Care and Stigmatization From a Social Perspective. <i>Clinical Infectious Diseases</i> , 2013, 57, S51-S55.	2.9	161
2	Knowledge and Attitudes about Treatment for Hepatitis C Virus Infection and Barriers to Treatment among Current Injection Drug Users in Australia. <i>Clinical Infectious Diseases</i> , 2005, 40, S313-S320.	2.9	133
3	Addiction stigma and the biopolitics of liberal modernity: A qualitative analysis. <i>International Journal of Drug Policy</i> , 2017, 44, 192-201.	1.6	109
4	Perceptions of discriminatory treatment by staff as predictors of drug treatment completion: Utility of a mixed methods approach. <i>Drug and Alcohol Review</i> , 2010, 29, 491-497.	1.1	108
5	The social production of hepatitis C risk among injecting drug users: a qualitative synthesis. <i>Addiction</i> , 2008, 103, 1593-1603.	1.7	103
6	Assessment and Treatment of Hepatitis C Virus Infection Among People Who Inject Drugs in the Opioid Substitution Setting: ETHOS Study. <i>Clinical Infectious Diseases</i> , 2013, 57, S62-S69.	2.9	97
7	Single index of multimorbidity did not predict multiple outcomes. <i>Journal of Clinical Epidemiology</i> , 2005, 58, 997-1005.	2.4	95
8	Uptake and delivery of hepatitis C treatment in opiate substitution treatment: perceptions of clients and health professionals. <i>Journal of Viral Hepatitis</i> , 2010, 17, 839-844.	1.0	92
9	Needle sharing in regular sexual relationships: An examination of serodiscordance, drug using practices, and the gendered character of injecting. <i>Drug and Alcohol Dependence</i> , 2010, 107, 182-187.	1.6	88
10	Hepatitis C elimination among people who inject drugs: Challenges and recommendations for action within a health systems framework. <i>Liver International</i> , 2019, 39, 20-30.	1.9	88
11	The Lived Experience of Hepatitis C and its Treatment Among Injecting Drug Users: Qualitative Synthesis. <i>Qualitative Health Research</i> , 2009, 19, 1321-1334.	1.0	85
12	Beyond interferon side effects: What residual barriers exist to DAA hepatitis C treatment for people who inject drugs?. <i>PLoS ONE</i> , 2018, 13, e0207226.	1.1	77
13	â€˜Spoiled identityâ€™ in hepatitis C infection: The binary logic of despair. <i>Critical Public Health</i> , 2006, 16, 99-110.	1.4	76
14	Trust and people who inject drugs: The perspectives of clients and staff of Needle Syringe Programs. <i>International Journal of Drug Policy</i> , 2016, 27, 138-145.	1.6	76
15	Restrictions for reimbursement of direct-acting antiviral treatment for hepatitis C virus infection in Canada: a descriptive study. <i>CMAJ Open</i> , 2016, 4, E605-E614.	1.1	74
16	Some characteristics of early-onset injection drug users prior to and at the time of their first injection. <i>Addiction</i> , 2006, 101, 548-555.	1.7	72
17	Blood and bioidentity: ideas about self, boundaries and risk among blood donors and people living with Hepatitis C. <i>Social Science and Medicine</i> , 2004, 59, 1461-1471.	1.8	70
18	Evaluation of two community-controlled peer support services for assessment and treatment of hepatitis C virus infection in opioid substitution treatment clinics: The ETHOS study, Australia. <i>International Journal of Drug Policy</i> , 2015, 26, 992-998.	1.6	65

#	ARTICLE	IF	CITATIONS
19	The gendered context of initiation to injecting drug use: evidence for women as active initiates. <i>Drug and Alcohol Review</i> , 2007, 26, 287-293.	1.1	63
20	Pleasure and drugs. <i>International Journal of Drug Policy</i> , 2008, 19, 349-352.	1.6	63
21	Knowledge and barriers associated with assessment and treatment for hepatitis C virus infection among people who inject drugs. <i>Drug and Alcohol Review</i> , 2012, 31, 918-924.	1.1	63
22	Treatment for hepatitis C virus infection among people who inject drugs attending opioid substitution treatment and community health clinics: the ETHOS Study. <i>Addiction</i> , 2016, 111, 311-319.	1.7	63
23	Deficit models and divergent philosophies: Service providers' perspectives on barriers and incentives to drug treatment. <i>Drugs: Education, Prevention and Policy</i> , 2006, 13, 367-382.	0.8	58
24	Laws prohibiting peer distribution of injecting equipment in Australia: A critical analysis of their effects. <i>International Journal of Drug Policy</i> , 2015, 26, 1198-1206.	1.6	58
25	"We are people too" Consumer participation and the potential transformation of therapeutic relations within drug treatment. <i>International Journal of Drug Policy</i> , 2015, 26, 30-36.	1.6	57
26	Acceptability and preferences of point-of-care finger-stick whole-blood and venepuncture hepatitis C virus testing among people who inject drugs in Australia. <i>International Journal of Drug Policy</i> , 2018, 61, 23-30.	1.6	57
27	Research priorities to achieve universal access to hepatitis C prevention, management and direct-acting antiviral treatment among people who inject drugs. <i>International Journal of Drug Policy</i> , 2017, 47, 51-60.	1.6	54
28	Equity of access to treatment, and barriers to treatment for illicit drug use in Australia. <i>Addiction</i> , 2007, 102, 958-969.	1.7	53
29	Barriers and facilitators for assessment and treatment of hepatitis C virus infection in the opioid substitution treatment setting: insights from the ETHOS study. <i>Journal of Viral Hepatitis</i> , 2014, 21, 560-567.	1.0	53
30	Elimination of hepatitis C virus infection among PWID: The beginning of a new era of interferon-free DAA therapy. <i>International Journal of Drug Policy</i> , 2017, 47, 26-33.	1.6	53
31	The rush to risk when interrogating the relationship between methamphetamine use and sexual practice among gay and bisexual men. <i>International Journal of Drug Policy</i> , 2018, 55, 242-248.	1.6	51
32	Evaluation of hepatitis C treatment-as-prevention within Australian prisons (SToP-C): a prospective cohort study. <i>The Lancet Gastroenterology and Hepatology</i> , 2021, 6, 533-546.	3.7	48
33	Ethical challenges and responses in harm reduction research: promoting applied communitarian ethics. <i>Drug and Alcohol Review</i> , 2005, 24, 449-459.	1.1	46
34	Valuing methadone takeaway doses: The contribution of service-user perspectives to policy and practice. <i>Drugs: Education, Prevention and Policy</i> , 2007, 14, 61-74.	0.8	45
35	Beyond cure: patient reported outcomes of hepatitis C treatment among people who inject drugs in Australia. <i>Harm Reduction Journal</i> , 2018, 15, 42.	1.3	45
36	Measuring Social Capital in the Prison Setting: Lessons Learned From the Inmate Social Capital Questionnaire. <i>Journal of Correctional Health Care</i> , 2018, 24, 407-417.	0.2	44

#	ARTICLE	IF	CITATIONS
37	Understanding facilitators and barriers of direct-acting antiviral therapy for hepatitis C virus infection in prison. <i>Journal of Viral Hepatitis</i> , 2018, 25, 1526-1532.	1.0	44
38	Factors affecting progress of Australian and international students in a problem-based learning medical course. <i>Medical Education</i> , 2000, 34, 708-715.	1.1	43
39	How to build trustworthy hepatitis C services in an opioid treatment clinic? A qualitative study of clients and health workers in a co-located setting. <i>International Journal of Drug Policy</i> , 2014, 25, 865-870.	1.6	43
40	Assessment and delivery of treatment for hepatitis C virus infection in an opioid substitution treatment clinic with integrated peer-based support in Newcastle, Australia. <i>International Journal of Drug Policy</i> , 2015, 26, 999-1006.	1.6	43
41	Progress Towards Elimination of Hepatitis C Infection Among People Who Inject Drugs in Australia: The ETHOS Engage Study. <i>Clinical Infectious Diseases</i> , 2021, 73, e69-e78.	2.9	43
42	Factors associated with hepatitis C knowledge among a sample of treatment naive people who inject drugs. <i>Drug and Alcohol Dependence</i> , 2011, 116, 52-56.	1.6	42
43	Perceived discrimination and injecting risk among people who inject drugs attending Needle and Syringe Programmes in Sydney, Australia. <i>Drug and Alcohol Dependence</i> , 2014, 144, 274-278.	1.6	42
44	Destabilising the "problem" of chemsex: Diversity in settings, relations and practices revealed in Australian gay and bisexual men's crystal methamphetamine use. <i>International Journal of Drug Policy</i> , 2020, 78, 102697.	1.6	42
45	Hepatitis C and injecting-related discrimination in New South Wales, Australia. <i>Drugs: Education, Prevention and Policy</i> , 2006, 13, 61-75.	0.8	41
46	Initiators: An Examination of Young Injecting Drug Users Who Initiate Others to Injecting. <i>AIDS and Behavior</i> , 2008, 12, 885-890.	1.4	40
47	Multiple stigmas, shame and historical trauma compound the experience of Aboriginal Australians living with hepatitis C. <i>Health Sociology Review</i> , 2016, 25, 18-32.	1.7	40
48	Elimination of hepatitis C virus infection among people who use drugs: Ensuring equitable access to prevention, treatment, and care for all. <i>International Journal of Drug Policy</i> , 2019, 72, 1-10.	1.6	40
49	The Experience of Interferon-Based Treatments for Hepatitis C Infection. <i>Qualitative Health Research</i> , 2005, 15, 635-646.	1.0	39
50	Hepatitis C virus testing, liver disease assessment and treatment uptake among people who inject drugs pre- and post-universal access to direct-acting antiviral treatment in Australia: The LiveRLife study. <i>Journal of Viral Hepatitis</i> , 2020, 27, 281-293.	1.0	39
51	Information exchange among injecting drug users: a role for an expanded peer education workforce. <i>International Journal of Drug Policy</i> , 2005, 16, 46-53.	1.6	38
52	Chronic Illness Experiences, Clinical Markers and Living with Hepatitis C. <i>Journal of Health Psychology</i> , 2007, 12, 330-340.	1.3	38
53	Public opinion on needle and syringe programmes: avoiding assumptions for policy and practice. <i>Drug and Alcohol Review</i> , 2007, 26, 355-361.	1.1	38
54	"œl can't do this, it's too much": building social inclusion in cancer diagnosis and treatment experiences of Aboriginal people, their carers and health workers. <i>International Journal of Public Health</i> , 2014, 59, 373-379.	1.0	37

#	ARTICLE	IF	CITATIONS
55	Critical appraisal checklist for qualitative research studies. <i>Indian Journal of Pediatrics</i> , 2000, 67, 347-351.	0.3	35
56	Barriers to use of Needle and Syringe Programmes in a high drug use area of Sydney, New South Wales. <i>International Journal of Drug Policy</i> , 2005, 16, 308-315.	1.6	35
57	How can hepatitis C be prevented in the long term?. <i>International Journal of Drug Policy</i> , 2007, 18, 338-340.	1.6	35
58	Exploring the role of consumer participation in drug treatment. <i>Drug and Alcohol Dependence</i> , 2009, 105, 172-175.	1.6	33
59	Rethinking safety and fidelity: The role of love and intimacy in hepatitis C transmission and prevention. <i>Health Sociology Review</i> , 2012, 21, 272-286.	1.7	33
60	Expanding access to prevention, care and treatment for hepatitis C virus infection among people who inject drugs. <i>International Journal of Drug Policy</i> , 2015, 26, 893-898.	1.6	33
61	“Naloxone works”: The politics of knowledge in “evidence-based” drug policy. <i>Health (United Kingdom)</i> , 2017, 21, 278-294.	0.9	33
62	Drug treatment clients' readiness for hepatitis C treatment: implications for expanding treatment services in drug and alcohol settings. <i>Australian Health Review</i> , 2008, 32, 570.	0.5	33
63	Indigenous Australian medical students' perceptions of their medical school training. <i>Medical Education</i> , 2009, 43, 1047-1055.	1.1	32
64	Diffraction adding binaries: An analysis of personal accounts of alcohol and other drug “addiction”. <i>Health (United Kingdom)</i> , 2017, 21, 519-537.	0.9	32
65	The politics of place(ment): Problematising the provision of hepatitis C treatment within opiate substitution clinics. <i>Social Science and Medicine</i> , 2012, 74, 245-253.	1.8	31
66	Health literacy in relation to cancer: addressing the silence about and absence of cancer discussion among Aboriginal people, communities and health services. <i>Health and Social Care in the Community</i> , 2013, 21, n/a-n/a.	0.7	31
67	Do women with complex alcohol and other drug use histories want women-only residential treatment?. <i>Addiction</i> , 2018, 113, 989-997.	1.7	31
68	Making sense of “side effects”: Counterpublic health in the era of direct-acting antivirals. <i>International Journal of Drug Policy</i> , 2019, 72, 77-83.	1.6	31
69	The role of social support in moderating the relationship between HIV centrality, internalised stigma and psychological distress for people living with HIV. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2020, 32, 850-857.	0.6	31
70	Comparison of needle and syringe programme attendees and non-attendees from a high drug-using area in Sydney, New South Wales. <i>Drug and Alcohol Review</i> , 2006, 25, 439-444.	1.1	30
71	Rethinking the relationship between sex work, mental health and stigma: a qualitative study of sex workers in Australia. <i>Social Science and Medicine</i> , 2021, 268, 113468.	1.8	30
72	Infection Control in the Context of Hepatitis C Disclosure: Implications for Education of Healthcare Professionals. <i>Education for Health: Change in Learning and Practice</i> , 2004, 17, 183-191.	0.1	30
