#	ARTICLE	IF	CITATIONS
1	Knowledge and beliefs about hepatitis B virus infection and associated factors among Chinese migrants in Australia: The result of a quantitative study. <i>Health and Social Care in the Community</i> , 2022, 30, 918-925.	0.7	9
2	“That was quick, simple, and easy” Patient perceptions of acceptability of point-of-care hepatitis C RNA testing at a reception prison. <i>International Journal of Drug Policy</i> , 2022, 99, 103456.	1.6	14
3	“It’s a revolving door” Ego-depletion among prisoners with injecting drug use histories as a barrier to post-release success. <i>International Journal of Drug Policy</i> , 2022, 101, 103571.	1.6	7
4	Hepatitis C cure as a “gathering”: Attending to the social and material relations of hepatitis C treatment. <i>Sociology of Health and Illness</i> , 2022, 44, 830-847.	1.1	11
5	A gender lens is needed in hepatitis C elimination research. <i>International Journal of Drug Policy</i> , 2022, 103, 103654.	1.6	10
6	Peer-facilitated treatment access for hepatitis C: the Live Hep C Free project. <i>Harm Reduction Journal</i> , 2022, 19, 40.	1.3	4
7	Declining prevalence of current HCV infection and increased treatment uptake among people who inject drugs: The ETHOS Engage study. <i>International Journal of Drug Policy</i> , 2022, 105, 103706.	1.6	14
8	A Testing Campaign Intervention Consisting of Peer-Facilitated Engagement, Point-of-Care HCV RNA Testing, and Linkage to Nursing Support to Enhance Hepatitis C Treatment Uptake among People Who Inject Drugs: The ETHOS Engage Study. <i>Viruses</i> , 2022, 14, 1555.	1.5	7
9	Prevalence and factors associated with hospitalisation for bacterial skin infections among people who inject drugs: The ETHOS Engage Study. <i>Drug and Alcohol Dependence</i> , 2022, 237, 109543.	1.6	6
10	Can a new formulation of opiate agonist treatment alter stigma?: Place, time and things in the experience of extended-release buprenorphine depot. <i>International Journal of Drug Policy</i> , 2022, 107, 103788.	1.6	18
11	The role of social capital in facilitating hepatitis C treatment scale-up within a treatment-as-prevention trial in the male prison setting. <i>Addiction</i> , 2021, 116, 1162-1171.	1.7	6
12	Rethinking the relationship between sex work, mental health and stigma: a qualitative study of sex workers in Australia. <i>Social Science and Medicine</i> , 2021, 268, 113468.	1.8	30
13	People in prison who inject drugs: who is trusted when it comes to information about hepatitis C?. <i>Addiction Research and Theory</i> , 2021, 29, 247-254.	1.2	3
14	Comparing Australian health worker and student attitudes and concerns about providing care to people living with hepatitis B. <i>Health Promotion Journal of Australia</i> , 2021, , .	0.6	3
15	Expert stakeholder perspectives on the acceptability of treatment-as-prevention in prison: a qualitative substudy of the “Surveillance and Treatment of Prisoners with Hepatitis C” project (SToPâ€C). <i>Addiction</i> , 2021, 116, 2761-2769.	1.7	5
16	Considering treatment-as-prevention scale-up for Australian prisons: a qualitative sub-study of expert stakeholders from the Australian “surveillance and treatment of prisoners with hepatitis C” project (SToP-C). <i>Harm Reduction Journal</i> , 2021, 18, 46.	1.3	2
17	Australian health and medical workers’ concerns around providing care to people living with hepatitis B. <i>Health and Social Care in the Community</i> , 2021, 29, e431-e439.	0.7	4
18	Online interventions to reduce stigma towards population groups affected by blood borne viruses in Australia. <i>International Journal of Drug Policy</i> , 2021, 96, 103292.	1.6	12

#	ARTICLE	IF	CITATIONS
19	“I Wouldn’t Call the Cops if I was Being Bashed to Death”: Sex Work, Whore Stigma and the Criminal Legal System. <i>International Journal for Crime, Justice and Social Democracy</i> , 2021, 10, .	0.9	15
20	Evaluation of hepatitis C treatment-as-prevention within Australian prisons (SToP-C): a prospective cohort study. <i>The Lancet Gastroenterology and Hepatology</i> , 2021, 6, 533-546.	3.7	48
21	Priorities and practices of risk reduction among gay and bisexual men in Australia who use crystal methamphetamine for sex. <i>International Journal of Drug Policy</i> , 2021, 93, 103163.	1.6	16
22	Stigma as understood by key informants: A social ecological approach to gay and bisexual men's use of crystal methamphetamine for sex. <i>International Journal of Drug Policy</i> , 2021, 94, 103229.	1.6	16
23	Health service utilization and experiences of stigma amongst people who inject drugs in Melbourne, Australia. <i>Journal of Viral Hepatitis</i> , 2021, 28, 1738-1743.	1.0	9
24	Structural competency in the post-prison period for people who inject drugs: A qualitative case study. <i>International Journal of Drug Policy</i> , 2021, 95, 103261.	1.6	15
25	“It’s timely”: A qualitative exploration of the acceptability of hepatitis C notification systems to help eliminate hepatitis C. <i>International Journal of Drug Policy</i> , 2021, 97, 103280.	1.6	2
26	Positive effects of community attachment on internalised stigma and wellbeing among people who inject drugs. <i>International Journal of Drug Policy</i> , 2021, 97, 103323.	1.6	8
27	Progress Towards Elimination of Hepatitis C Infection Among People Who Inject Drugs in Australia: The ETHOS Engage Study. <i>Clinical Infectious Diseases</i> , 2021, 73, e69-e78.	2.9	43
28	Feasibility of a Mobile Health App for Routine Outcome Monitoring and Feedback in SMART Recovery Mutual Support Groups: Stage 1 Mixed Methods Pilot Study. <i>Journal of Medical Internet Research</i> , 2021, 23, e25217.	2.1	8
29	Progress and remaining challenges to address hepatitis C, other infectious diseases, and drug-related harms to improve the health of people who use drugs. <i>International Journal of Drug Policy</i> , 2021, 96, 103469.	1.6	7
30	Commentary on the harm reduction reference group of justice health and forensic mental health network and corrective services NSW, Australia. <i>International Journal of Prisoner Health</i> , 2021, ahead-of-print, .	0.5	0
31	A qualitative exploration of SMART Recovery meetings in Australia and the role of a digital platform to support routine outcome monitoring. <i>Addictive Behaviors</i> , 2020, 101, 106144.	1.7	14
32	“Can’t the potential: needle and syringe programs as hepatitis C treatment sites. <i>Drugs: Education, Prevention and Policy</i> , 2020, 27, 92-94.	0.8	3
33	“Behind closed doors, no one sees, no one knows”: hepatitis C, stigma and treatment-as-prevention in prison. <i>Critical Public Health</i> , 2020, 30, 130-140.	1.4	4
34	The role of social support in moderating the relationship between HIV centrality, internalised stigma and psychological distress for people living with HIV. <i>AIDS Care - Psychological and Socio-Medical Aspects of AIDS/HIV</i> , 2020, 32, 850-857.	0.6	31
35	Hepatitis C virus testing, liver disease assessment and treatment uptake among people who inject drugs pre- and post-universal access to direct-acting antiviral treatment in Australia: The LiveRLife study. <i>Journal of Viral Hepatitis</i> , 2020, 27, 281-293.	1.0	39
36	HIV stigma by association among Australian gay and bisexual men. <i>Aids</i> , 2020, 34, S53-S61.	1.0	11

#	ARTICLE	IF	CITATIONS
37	Applying a diffusion of innovations framework to the scale-up of direct-acting antiviral therapies for hepatitis C virus infection: Identified challenges for widespread implementation. <i>International Journal of Drug Policy</i> , 2020, 86, 102964.	1.6	5
38	Identifying risk and protective factors, including culture and identity, for methamphetamine use in Aboriginal and Torres Strait Islander communities: Relevance of the "communities that care" model. <i>Social Science and Medicine</i> , 2020, 266, 113451.	1.8	10
39	Perceptions and concerns of hepatitis C reinfection following prison-wide treatment scale-up: Counterpublic health amid hepatitis C treatment as prevention efforts in the prison setting. <i>International Journal of Drug Policy</i> , 2020, 77, 102693.	1.6	12
40	Stigmatising attitudes towards people who inject drugs, and people living with blood borne viruses or sexually transmissible infections in a representative sample of the Australian population. <i>PLoS ONE</i> , 2020, 15, e0232218.	1.1	25
41	Destabilising the "problem" of chemsex: Diversity in settings, relations and practices revealed in Australian gay and bisexual men's crystal methamphetamine use. <i>International Journal of Drug Policy</i> , 2020, 78, 102697.	1.6	42
42	Feasibility of a Mobile Health App for Routine Outcome Monitoring and Feedback in Mutual Support Groups Coordinated by SMART Recovery Australia: Protocol for a Pilot Study. <i>JMIR Research Protocols</i> , 2020, 9, e15113.	0.5	8
43	Violence and hepatitis C transmission in prison: A modified social ecological model. <i>PLoS ONE</i> , 2020, 15, e0243106.	1.1	4
44	"Fighting a losing battle": prisoners' perspectives of treatment as prevention for hepatitis C with inadequate primary prevention measures. <i>Drugs: Education, Prevention and Policy</i> , 2019, 26, 502-507.	0.8	3
45	Elimination of hepatitis C virus infection among people who use drugs: Ensuring equitable access to prevention, treatment, and care for all. <i>International Journal of Drug Policy</i> , 2019, 72, 1-10.	1.6	40
46	Involving peers in research: the UNSW community reference panel. <i>Harm Reduction Journal</i> , 2019, 16, 52.	1.3	3
47	Making sense of "side effects": Counterpublic health in the era of direct-acting antivirals. <i>International Journal of Drug Policy</i> , 2019, 72, 77-83.	1.6	31
48	Enhancing engagement in hepatitis C care among people who inject drugs. <i>Addiction</i> , 2019, 114, 2104-2106.	1.7	4
49	Hepatitis C virus testing, liver disease assessment and direct-acting antiviral treatment uptake and outcomes in a service for people who are homeless in Sydney, Australia: The LiveRLife homelessness study. <i>Journal of Viral Hepatitis</i> , 2019, 26, 969-979.	1.0	25
50	Predictors of health care workers' support for discriminatory treatment and care of people who inject drugs. <i>Psychology, Health and Medicine</i> , 2019, 24, 439-445.	1.3	17
51	Priorities and recommended actions for how researchers, practitioners, policy makers, and the affected community can work together to improve access to hepatitis C care for people who use drugs. <i>International Journal of Drug Policy</i> , 2019, 66, 87-93.	1.6	20
52	Hepatitis C elimination among people who inject drugs: Challenges and recommendations for action within a health systems framework. <i>Liver International</i> , 2019, 39, 20-30.	1.9	88
53	Acceptability of Patient-Reported Outcome and Experience Measures for Hepatitis C Treatment Among People Who Use Drugs. <i>Patient</i> , 2019, 12, 259-265.	1.1	9
54	Lives of Substance: a mixed-method evaluation of a public information website on addiction experiences. <i>Drugs: Education, Prevention and Policy</i> , 2019, 26, 140-147.	0.8	3

#	ARTICLE	IF	CITATIONS
55	Evidence-making controversies: the case of hepatitis C treatment and the promise of viral elimination. <i>Critical Public Health</i> , 2019, 29, 260-273.	1.4	14
56	A Web-Based Therapeutic Program (We Can Do This) for Reducing Methamphetamine Use and Increasing Help-Seeking Among Aboriginal and Torres Strait Islander People: Protocol for a Randomized Wait-List Controlled Trial. <i>JMIR Research Protocols</i> , 2019, 8, e14084.	0.5	4
57	The rush to risk when interrogating the relationship between methamphetamine use and sexual practice among gay and bisexual men. <i>International Journal of Drug Policy</i> , 2018, 55, 242-248.	1.6	51
58	Evaluation of the Deadly Liver Mob program: insights for roll-out and scale-up of a pilot program to engage Aboriginal Australians in hepatitis C and sexual health education, screening, and care. <i>Harm Reduction Journal</i> , 2018, 15, 5.	1.3	24
59	Do women with complex alcohol and other drug use histories want women-only residential treatment?. <i>Addiction</i> , 2018, 113, 989-997.	1.7	31
60	Who goes first? Understanding hepatitis C risk among injecting networks in the prison setting. <i>Drug and Alcohol Dependence</i> , 2018, 183, 96-101.	1.6	18
61	Practices of partnership: Negotiated safety among couples who inject drugs. <i>Health (United Kingdom)</i> , 2018, 22, 3-19.	0.9	29
62	Health protection and Australian prisons, 2018. <i>Medical Journal of Australia</i> , 2018, 209, 460.	0.8	3
63	Responding to a national policy need: development of a stigma indicator for bloodborne viruses and sexually transmissible infections. <i>Australian and New Zealand Journal of Public Health</i> , 2018, 42, 513-515.	0.8	25
64	Beyond interferon side effects: What residual barriers exist to DAA hepatitis C treatment for people who inject drugs?. <i>PLoS ONE</i> , 2018, 13, e0207226.	1.1	77
65	Acceptability and preferences of point-of-care finger-stick whole-blood and venepuncture hepatitis C virus testing among people who inject drugs in Australia. <i>International Journal of Drug Policy</i> , 2018, 61, 23-30.	1.6	57
66	Measuring Social Capital in the Prison Setting: Lessons Learned From the Inmate Social Capital Questionnaire. <i>Journal of Correctional Health Care</i> , 2018, 24, 407-417.	0.2	44
67	Beyond cure: patient reported outcomes of hepatitis C treatment among people who inject drugs in Australia. <i>Harm Reduction Journal</i> , 2018, 15, 42.	1.3	45
68	Building on feminist achievements to enhance choice for women seeking treatment. <i>Addiction</i> , 2018, 113, 1001-1002.	1.7	0
69	Understanding facilitators and barriers of direct-acting antiviral therapy for hepatitis C virus infection in prison. <i>Journal of Viral Hepatitis</i> , 2018, 25, 1526-1532.	1.0	44
70	A policy analysis exploring hepatitis C risk, prevention, testing, treatment and reinfection within Australia's prisons. <i>Harm Reduction Journal</i> , 2018, 15, 39.	1.3	8
71	HCV knowledge among a sample of HCV positive Aboriginal Australians residing in New South Wales. <i>Psychology, Health and Medicine</i> , 2017, 22, 625-632.	1.3	3
72	Don't think I'm going to leave you over it: Accounts of changing hepatitis C status among couples who inject drugs. <i>Drug and Alcohol Dependence</i> , 2017, 173, 78-84.	1.6	17

#	ARTICLE	IF	CITATIONS
73	“Naloxone works”: The politics of knowledge in “evidence-based” drug policy. <i>Health (United Kingdom)</i> , 2017, 21, 278-294.	0.9	33
74	New developments and opportunities for preventing hepatitis C virus (HCV) among people who use and inject drugs-announcing an <i>Addiction</i> series. <i>Addiction</i> , 2017, 112, 1126-1127.	1.7	2
75	Addiction stigma and the biopolitics of liberal modernity: A qualitative analysis. <i>International Journal of Drug Policy</i> , 2017, 44, 192-201.	1.6	109
76	The intimate relationship as a site of social protection: Partnerships between people who inject drugs. <i>Social Science and Medicine</i> , 2017, 180, 125-134.	1.8	26
77	“Affording” new approaches to couples who inject drugs: A novel fitpack design for hepatitis C prevention. <i>International Journal of Drug Policy</i> , 2017, 50, 19-35.	1.6	17
78	Afterword. <i>International Journal of Drug Policy</i> , 2017, 49, 171-172.	1.6	3
79	Young people at risk of transitioning to injecting: what do they know about where to get sterile needles?. <i>Vulnerable Children and Youth Studies</i> , 2017, 12, 138-146.	0.5	1
80	Evaluation of an online injecting drug use stigma intervention targeted at health providers in New South Wales, Australia. <i>Health Psychology Open</i> , 2017, 4, 205510291770718.	0.7	29
81	Elimination of hepatitis C virus infection among PWID: The beginning of a new era of interferon-free DAA therapy. <i>International Journal of Drug Policy</i> , 2017, 47, 26-33.	1.6	53
82	Depression, Anxiety, and Stress Among People With Chronic Hepatitis C Virus Infection and a History of Injecting Drug Use in New South Wales, Australia. <i>Journal of Addiction Medicine</i> , 2017, 11, 10-18.	1.4	9
83	“I didn’t want to let it go too far.” The decisions and experiences of people who inject drugs who received a liver disease assessment as part of a liver health promotion campaign: The LiveRLife study. <i>International Journal of Drug Policy</i> , 2017, 47, 153-160.	1.6	10
84	“œ Had a Little Bit of a Bloke Meltdown” But the Next Day, I Was Up. <i>Cancer Nursing</i> , 2017, 40, E1-E8.	0.7	7
85	“It’s Fast, It’s Quick, It Stops Me Being Sick”: How to influence preparation of opioid tablets for injection. <i>Drug and Alcohol Review</i> , 2017, 36, 651-657.	1.1	4
86	Research priorities to achieve universal access to hepatitis C prevention, management and direct-acting antiviral treatment among people who inject drugs. <i>International Journal of Drug Policy</i> , 2017, 47, 51-60.	1.6	54
87	Listening to the consumer voice: developing multilingual cancer information resources for people affected by liver cancer. <i>Health Expectations</i> , 2017, 20, 171-182.	1.1	8
88	Diffracting addicting binaries: An analysis of personal accounts of alcohol and other drug “addiction”. <i>Health (United Kingdom)</i> , 2017, 21, 519-537.	0.9	32
89	The Prison Economy of Needles and Syringes: What Opportunities Exist for Blood Borne Virus Risk Reduction When Prices Are so High?. <i>PLoS ONE</i> , 2016, 11, e0162399.	1.1	23
90	Sexual identity and its relationship to injecting in a sample of disadvantaged young drug users. <i>Drug and Alcohol Review</i> , 2016, 35, 218-222.	1.1	3

#	ARTICLE	IF	CITATIONS
91	Restrictions for reimbursement of direct-acting antiviral treatment for hepatitis C virus infection in Canada: a descriptive study. <i>CMAJ Open</i> , 2016, 4, E605-E614.	1.1	74
92	Hepatitis C prevention and convenience: why do people who inject drugs in sexual partnerships "run out" of sterile equipment?. <i>Critical Public Health</i> , 2016, 26, 294-306.	1.4	11
93	Harm reduction workers and the challenge of engaging couples who inject drugs in hepatitis C prevention. <i>Drug and Alcohol Dependence</i> , 2016, 168, 170-175.	1.6	4
94	Experiences of diagnosis, care and treatment among Aboriginal people living with hepatitis C. <i>Australian and New Zealand Journal of Public Health</i> , 2016, 40, S59-S64.	0.8	21
