#	Paper	IF	Citations
266	Best Practices for Developing and Validating Scales for Health, Social, and Behavioral Research: A Primer. <i>Frontiers in Public Health</i> , 2018 , 6, 149	6	727
265	Measurement and standardization protocols for anthropometry used in the construction of a new international growth reference. <i>Food and Nutrition Bulletin</i> , 2004 , 25, S27-36	1.8	551
264	Food insecurity affects school children's academic performance, weight gain, and social skills. <i>Journal of Nutrition</i> , 2005 , 135, 2831-9	4.1	511
263	Relationship of hunger and food insecurity to food availability and consumption. <i>Journal of the American Dietetic Association</i> , 1996 , 96, 1019-24; quiz 1025-6		314
262	Food Insufficiency and American School-Aged Children's Cognitive, Academic, and Psychosocial Development. <i>Pediatrics</i> , 2001 , 108, 44-53	7.4	311
261	The WHO Multicentre Growth Reference Study: planning, study design, and methodology. <i>Food and Nutrition Bulletin</i> , 2004 , 25, S15-26	1.8	293
260	Conceptual framework for understanding the bidirectional links between food insecurity and HIV/AIDS. <i>American Journal of Clinical Nutrition</i> , 2011 , 94, 1729S-1739S	7	279
259	Measuring household food insecurity: why it's so important and yet so difficult to do. <i>Journal of Nutrition</i> , 2006 , 136, 1404S-1408S	4.1	268
258	Family food insufficiency, but not low family income, is positively associated with dysthymia and suicide symptoms in adolescents. <i>Journal of Nutrition</i> , 2002 , 132, 719-25	4.1	250
257	Commonalities in the experience of household food insecurity across cultures: what are measures missing?. <i>Journal of Nutrition</i> , 2006 , 136, 1438S-1448S	4.1	238
256	Nutritional and health consequences are associated with food insecurity among U.S. elderly persons. <i>Journal of Nutrition</i> , 2001 , 131, 1503-9	4.1	235
255	Food insecurity, depression and the modifying role of social support among people living with HIV/AIDS in rural Uganda. <i>Social Science and Medicine</i> , 2012 , 74, 2012-9	5.1	216
254	Food insecurity and HIV/AIDS: current knowledge, gaps, and research priorities. <i>Current HIV/AIDS Reports</i> , 2009 , 6, 224-31	5.9	211
253	Low family income and food insufficiency in relation to overweight in US children: is there a paradox?. <i>JAMA Pediatrics</i> , 2001 , 155, 1161-7		193
252	Validation of measures of food insecurity and hunger. <i>Journal of Nutrition</i> , 1999 , 129, 506S-509S	4.1	193
251	Food insecurity as a barrier to sustained antiretroviral therapy adherence in Uganda. <i>PLoS ONE</i> , 2010 , 5, e10340	3.7	188
250	Measuring the Food Access Dimension of Food Security: A Critical Review and Mapping of Indicators. <i>Food and Nutrition Bulletin</i> , 2015 , 36, 167-95	1.8	176

249	Food insecurity is associated with incomplete HIV RNA suppression among homeless and marginally housed HIV-infected individuals in San Francisco. <i>Journal of General Internal Medicine</i> , 2009 , 24, 14-20	4	167
248	Children are aware of food insecurity and take responsibility for managing food resources. <i>Journal of Nutrition</i> , 2011 , 141, 1114-9	4.1	166
247	Marital status changes and body weight changes: a US longitudinal analysis. <i>Social Science and Medicine</i> , 2003 , 56, 1543-55	5.1	165
246	Socioeconomic and demographic factors are associated with worldwide patterns of stunting and wasting of children. <i>Journal of Nutrition</i> , 1997 , 127, 2302-9	4.1	155
245	Understanding the experience of food insecurity by elders suggests ways to improve its measurement. <i>Journal of Nutrition</i> , 2003 , 133, 2762-9	4.1	140
244	Development and validation of an experience-based measure of household food insecurity within and across seasons in northern Burkina Faso. <i>Journal of Nutrition</i> , 2006 , 136, 1409S-1419S	4.1	139
243	Food insecurity among homeless and marginally housed individuals living with HIV/AIDS in San Francisco. <i>AIDS and Behavior</i> , 2009 , 13, 841-8	4.3	132
242	Marital status, fatness and obesity. <i>Social Science and Medicine</i> , 1992 , 35, 915-23	5.1	128
241	Effects of prenatal micronutrient and early food supplementation on maternal hemoglobin, birth weight, and infant mortality among children in Bangladesh: the MINIMat randomized trial. <i>JAMA - Journal of the American Medical Association</i> , 2012 , 307, 2050-9	27.4	127
240	Appropriate infant feeding practices result in better growth of infants and young children in rural Bangladesh. <i>American Journal of Clinical Nutrition</i> , 2008 , 87, 1852-9	7	124
239	Food insecurity is associated with morbidity and patterns of healthcare utilization among HIV-infected individuals in a resource-poor setting. <i>Aids</i> , 2012 , 26, 67-75	3.5	122
238	Nutrition agenda setting, policy formulation and implementation: lessons from the Mainstreaming Nutrition Initiative. <i>Health Policy and Planning</i> , 2012 , 27, 19-31	3.4	121
237	Comparative effectiveness of plant-based diets for weight loss: a randomized controlled trial of five different diets. <i>Nutrition</i> , 2015 , 31, 350-8	4.8	119
236	Participation in food assistance programs modifies the relation of food insecurity with weight and depression in elders. <i>Journal of Nutrition</i> , 2007 , 137, 1005-10	4.1	117
235	Linear growth deficit continues to accumulate beyond the first 1000 days in low- and middle-income countries: global evidence from 51 national surveys. <i>Journal of Nutrition</i> , 2014 , 144, 1460-6	4.1	113
234	Understanding Food Insecurity in the Elderly: A Conceptual Framework. <i>Journal of Nutrition Education and Behavior</i> , 1996 , 28, 92-100		113
233	Perspective: What Does Stunting Really Mean? A Critical Review of the Evidence. <i>Advances in Nutrition</i> , 2019 , 10, 196-204	10	101
232	Considering the value of dietary assessment data in informing nutrition-related health policy. <i>Advances in Nutrition</i> , 2014 , 5, 447-55	10	96

231	Maternal and child dietary diversity are associated in Bangladesh, Vietnam, and Ethiopia. <i>Journal of Nutrition</i> , 2013 , 143, 1176-83	4.1	88
230	Questionnaire-based measures are valid for the identification of rural households with hunger and food insecurity. <i>Journal of Nutrition</i> , 1997 , 127, 699-705	4.1	83
229	Household food security is associated with growth of infants and young children in rural Bangladesh. <i>Public Health Nutrition</i> , 2009 , 12, 1556-62	3.3	80
228	Combining Intensive Counseling by Frontline Workers with a Nationwide Mass Media Campaign Has Large Differential Impacts on Complementary Feeding Practices but Not on Child Growth: Results of a Cluster-Randomized Program Evaluation in Bangladesh. <i>Journal of Nutrition</i> , 2016 , 146, 2075-2084	4.1	77
227	The Household Water InSecurity Experiences (HWISE) Scale: development and validation of a household water insecurity measure for low-income and middle-income countries. <i>BMJ Global Health</i> , 2019 , 4, e001750	6.6	75
226	Child experience of food insecurity is associated with child diet and physical activity. <i>Journal of Nutrition</i> , 2015 , 145, 499-504	4.1	74
225	Food insecurity, chronic illness, and gentrification in the San Francisco Bay Area: An example of structural violence in United States public policy. <i>Social Science and Medicine</i> , 2015 , 143, 154-61	5.1	71
224	Household food security is associated with infant feeding practices in rural Bangladesh. <i>Journal of Nutrition</i> , 2008 , 138, 1383-90	4.1	67
223	Impacts on Breastfeeding Practices of At-Scale Strategies That Combine Intensive Interpersonal Counseling, Mass Media, and Community Mobilization: Results of Cluster-Randomized Program Evaluations in Bangladesh and Viet Nam. <i>PLoS Medicine</i> , 2016 , 13, e1002159	11.6	67
222	Food Insecurity is Longitudinally Associated with Depressive Symptoms Among Homeless and Marginally-Housed Individuals Living with HIV. <i>AIDS and Behavior</i> , 2015 , 19, 1527-34	4.3	66
221	Household food insecurity was prevalent in Java during Indonesia's economic crisis. <i>Journal of Nutrition</i> , 2001 , 131, 2685-91	4.1	65
220	Using height-for-age differences (HAD) instead of height-for-age z-scores (HAZ) for the meaningful measurement of population-level catch-up in linear growth in children less than 5 years of age. <i>BMC Pediatrics</i> , 2015 , 15, 145	2.6	63
219	Exposure to Large-Scale Social and Behavior Change Communication Interventions Is Associated with Improvements in Infant and Young Child Feeding Practices in Ethiopia. <i>PLoS ONE</i> , 2016 , 11, e0164800	3.7	61
218	Altered social cohesion and adverse psychological experiences with chronic food insecurity in the non-market economy and complex households of Burkina Faso. <i>Social Science and Medicine</i> , 2012 , 74, 444-451	5.1	58
217	Randomization to plant-based dietary approaches leads to larger short-term improvements in Dietary Inflammatory Index scores and macronutrient intake compared with diets that contain meat. <i>Nutrition Research</i> , 2015 , 35, 97-106	4	58
216	Indicators of family care for development for use in multicountry surveys. <i>Journal of Health, Population and Nutrition</i> , 2012 , 30, 472-86	2.5	57
215	Food Insecurity Is Associated with Subjective Well-Being among Individuals from 138 Countries in the 2014 Gallup World Poll. <i>Journal of Nutrition</i> , 2017 , 147, 680-687	4.1	56
214	Effects of prenatal food and micronutrient supplementation on child growth from birth to 54 months of age: a randomized trial in Bangladesh. <i>Nutrition Journal</i> , 2011 , 10, 134	4.3	56

213	Differential improvement among countries in child stunting is associated with long-term development and specific interventions. <i>Journal of Nutrition</i> , 2005 , 135, 1415-22	4.1	56
212	Perspective: Randomized Controlled Trials Are Not a Panacea for Diet-Related Research. <i>Advances in Nutrition</i> , 2016 , 7, 423-32	10	56
211	Use of stable-isotope techniques to validate infant feeding practices reported by Bangladeshi women receiving breastfeeding counseling. <i>American Journal of Clinical Nutrition</i> , 2007 , 85, 1075-82	7	55
210	Children live, feel, and respond to experiences of food insecurity that compromise their development and weight status in peri-urban Venezuela. <i>Journal of Nutrition</i> , 2012 , 142, 1343-9	4.1	54
209	Food insecurity in California's public university system: What are the risk factors?. <i>Journal of Hunger and Environmental Nutrition</i> , 2018 , 13, 1-18	1.5	53
208	Understanding the experience of household food insecurity in rural Bangladesh leads to a measure different from that used in other countries. <i>Journal of Nutrition</i> , 2003 , 133, 4158-62	4.1	52
207	The comparative effects of group prenatal care on psychosocial outcomes. <i>Archives of Women's Mental Health</i> , 2016 , 19, 259-69	5	50
206	Household food insecurity is associated with less physical activity among children and adults in the U.S. population. <i>Journal of Nutrition</i> , 2014 , 144, 1797-802	4.1	49
205	Development and Validation of a Child Report Assessment of Child Food Insecurity and Comparison to Parent Report Assessment. <i>Journal of Hunger and Environmental Nutrition</i> , 2013 , 8, 128-145	1.5	47
204	Development and validation protocol for an instrument to measure household water insecurity across cultures and ecologies: the Household Water InSecurity Experiences (HWISE) Scale. <i>BMJ Open</i> , 2019 , 9, e023558	3	46
203	Shamba Maisha: randomized controlled trial of an agricultural and finance intervention to improve HIV health outcomes. <i>Aids</i> , 2015 , 29, 1889-94	3.5	44
202	A program impact pathway analysis identifies critical steps in the implementation and utilization of a behavior change communication intervention promoting infant and child feeding practices in Bangladesh. <i>Journal of Nutrition</i> , 2013 , 143, 2029-37	4.1	44
201	Prospective analysis of the development of the national nutrition agenda in Vietnam from 2006 to 2008. <i>Health Policy and Planning</i> , 2012 , 27, 32-41	3.4	44
200	Poverty, Food Insecurity and Nutritional Deprivation in Rural China: Implications for Children's Literacy Achievement. <i>International Journal of Educational Development</i> , 2014 , 34, 90-97	1.6	43
199	Constructing maternal knowledge frameworks. How mothers conceptualize complementary feeding. <i>Appetite</i> , 2012 , 59, 377-84	4.5	43
198	Comprehensive and Medically Appropriate Food Support Is Associated with Improved HIV and Diabetes Health. <i>Journal of Urban Health</i> , 2017 , 94, 87-99	5.8	42
197	Integrating Nutrition Interventions into an Existing Maternal, Neonatal, and Child Health Program Increased Maternal Dietary Diversity, Micronutrient Intake, and Exclusive Breastfeeding Practices in Bangladesh: Results of a Cluster-Randomized Program Evaluation. <i>Journal of Nutrition</i> , 2017 , 147, 2326-2337	4.1	41
196	How food insecurity contributes to poor HIV health outcomes: Qualitative evidence from the San Francisco Bay Area. <i>Social Science and Medicine</i> , 2016 , 170, 228-236	5.1	41

195	Food insecurity in children but not in their mothers is associated with altered activities, school absenteeism, and stunting. <i>Journal of Nutrition</i> , 2014 , 144, 1619-26	4.1	38
194	Understanding obesity and program participation in the context of poverty and food insecurity. <i>Journal of Nutrition</i> , 2003 , 133, 2117-8	4.1	36
193	Evaluating brief measures of fruit and vegetable consumption frequency and variety: cognition, interpretation, and other measurement issues. <i>Journal of the American Dietetic Association</i> , 2001 , 101, 311-8		36
192	Exposure to mass media and interpersonal counseling has additive effects on exclusive breastfeeding and its psychosocial determinants among Vietnamese mothers. <i>Maternal and Child Nutrition</i> , 2016 , 12, 713-25	3.4	34
191	Severity of household food insecurity and lifetime racial discrimination among African-American households in South Carolina. <i>Ethnicity and Health</i> , 2018 , 23, 276-292	2.2	33
190	Best Practices for Conducting and Interpreting Studies to Validate Self-Report Dietary Assessment Methods. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 1801-1816	3.9	33
189	Measures and indicators for assessing impact of interventions integrating nutrition, health, and early childhood development. <i>Annals of the New York Academy of Sciences</i> , 2014 , 1308, 68-88	6.5	33
188	Development and validation of measure of household food insecurity in urban Costa Rica confirms proposed generic questionnaire. <i>Journal of Nutrition</i> , 2008 , 138, 587-92	4.1	33
187	Impact of participation in Home-Delivered Meals on nutrient intake, dietary patterns, and food insecurity of older persons in New York state. <i>Journal of Nutrition in Gerontology and Geriatrics</i> , 2010 , 29, 293-310		32
186	Experiences with food insecurity and risky sex among low-income people living with HIV/AIDS in a resource-rich setting. <i>Journal of the International AIDS Society</i> , 2015 , 18, 20293	5.4	31
185	Acculturation, Food Consumption, and Diet-related Factors among Korean Americans. <i>Journal of Nutrition Education and Behavior</i> , 1999 , 31, 321-330		31
184	The influence of change in marital status on weight change over one year. <i>Obesity</i> , 1995 , 3, 319-27		31
183	Statistical Design Features of the Healthy Communities Study. <i>American Journal of Preventive Medicine</i> , 2015 , 49, 624-30	6.1	30
182	Risk profiles associated with postnatal depressive symptoms among women in a public sector hospital in Mexico: the role of sociodemographic and psychosocial factors. <i>Archives of Women's Mental Health</i> , 2015 , 18, 463-71	5	29
181	Operational Implementation of the Healthy Communities Study: How Communities Shape Children's Health. <i>American Journal of Preventive Medicine</i> , 2015 , 49, 631-5	6.1	29
180	Scripted messages delivered by nurses and radio changed beliefs, attitudes, intentions, and behaviors regarding infant and young child feeding in Mexico. <i>Journal of Nutrition</i> , 2013 , 143, 915-22	4.1	29
179	Food insecurity is associated with anxiety, stress, and symptoms of posttraumatic stress disorder in a cohort of women with or at risk of HIV in the United States. <i>Journal of Nutrition</i> , 2019 , 149, 1393-1403	4.1	28
178	Understanding the Coexistence of Food Insecurity and Obesity. <i>Current Pediatrics Reports</i> , 2014 , 2, 284-290		28

177	Qualitative Comparison of Women's Perspectives on the Functions and Benefits of Group and Individual Prenatal Care. <i>Journal of Midwifery and Women's Health</i> , 2016 , 61, 224-34	2.2	28
176	Perspective: The Importance of Water Security for Ensuring Food Security, Good Nutrition, and Well-being. <i>Advances in Nutrition</i> , 2021 , 12, 1058-1073	10	26
175	Large-Scale Behavior-Change Initiative for Infant and Young Child Feeding Advanced Language and Motor Development in a Cluster-Randomized Program Evaluation in Bangladesh. <i>Journal of Nutrition</i> , 2017 , 147, 256-263	4.1	25
174	Food Insecurity of Children and Shame of Others Knowing They Are Without Food. <i>Journal of Hunger and Environmental Nutrition</i> , 2016 , 11, 180-194	1.5	25
173	Food Insecurity, Internalized Stigma, and Depressive Symptoms Among Women Living with HIV in the United States. <i>AIDS and Behavior</i> , 2018 , 22, 3869-3878	4.3	25
172	Infant and young child feeding in developing countries. <i>Child Development</i> , 2012 , 83, 32-45	4.9	24
171	Understanding needs is important for assessing the impact of food assistance program participation on nutritional and health status in U.S. elderly persons. <i>Journal of Nutrition</i> , 2001 , 131, 765-773	4.1	24
170	Establishing Validity and Cross-Context Equivalence of Measures and Indicators. <i>Journal of the Academy of Nutrition and Dietetics</i> , 2019 , 119, 1817-1830	3.9	24
169	Behavior Change Interventions Delivered through Interpersonal Communication, Agricultural Activities, Community Mobilization, and Mass Media Increase Complementary Feeding Practices and Reduce Child Stunting in Ethiopia. <i>Journal of Nutrition</i> , 2019 , 149, 1470-1481	4.1	23
168	Micronutrient supplementation affects maternal-infant feeding interactions and maternal distress in Bangladesh. <i>American Journal of Clinical Nutrition</i> , 2009 , 90, 141-8	7	23
167	Restricting snacks in U.S. elementary schools is associated with higher frequency of fruit and vegetable consumption. <i>Journal of Nutrition</i> , 2009 , 139, 142-4	4.1	23
166	Food Insecurity Is More Strongly Associated with Poor Subjective Well-Being in More-Developed Countries than in Less-Developed Countries. <i>Journal of Nutrition</i> , 2019 , 149, 330-335	4.1	23
165	Large-Scale Social and Behavior Change Communication Interventions Have Sustained Impacts on Infant and Young Child Feeding Knowledge and Practices: Results of a 2-Year Follow-Up Study in Bangladesh. <i>Journal of Nutrition</i> , 2018 , 148, 1605-1614	4.1	23
164	Food insecurity is associated with high risk glycemic control and higher health care utilization among youth and young adults with type 1 diabetes. <i>Diabetes Research and Clinical Practice</i> , 2018 , 138, 128-137	7.4	22
163	Social Franchising and a Nationwide Mass Media Campaign Increased the Prevalence of Adequate Complementary Feeding in Vietnam: A Cluster-Randomized Program Evaluation. <i>Journal of Nutrition</i> , 2017 , 147, 670-679	4.1	22
162	Food Insecurity is Associated with Poor HIV Outcomes Among Women in the United States. <i>AIDS and Behavior</i> , 2017 , 21, 3473-3477	4.3	22
161	Infant Formula Feeding at Birth Is Common and Inversely Associated with Subsequent Breastfeeding Behavior in Vietnam. <i>Journal of Nutrition</i> , 2016 , 146, 2102-2108	4.1	21
160	Family Care Behaviors and Early Childhood Development in Low- and Middle-Income Countries. <i>Journal of Child and Family Studies</i> , 2017 , 26, 3036-3044	2.3	21

159	Adequacy of and satisfaction with delivery and use of home-delivered meals. <i>Journal of Nutrition in Gerontology and Geriatrics</i> , 2010 , 29, 211-26		21
158	Food Insecurity and Health: A Conceptual Framework 2015 , 23-50		21
157	Precarity and health: Theorizing the intersection of multiple material-need insecurities, stigma, and illness among women in the United States. <i>Social Science and Medicine</i> , 2020 , 245, 112683	5.1	21
156	Food insecurity reported by children, but not by mothers, is associated with lower quality of diet and shifts in foods consumed. <i>Maternal and Child Nutrition</i> , 2016 , 12, 546-57	3.4	20
155	Effects of Group Prenatal Care on Food Insecurity during Late Pregnancy and Early Postpartum. <i>Maternal and Child Health Journal</i> , 2016 , 20, 1014-24	2.4	20
154	Food insecurity and violence in a prospective cohort of women at risk for or living with HIV in the U.S. <i>PLoS ONE</i> , 2019 , 14, e0213365	3.7	19
153	Individual and structural environmental influences on utilization of iron and folic acid supplementation among pregnant women in Harare, Zimbabwe. <i>Maternal and Child Nutrition</i> , 2017 , 13,	3.4	19
152	Women's rank modifies the relationship between household and women's food insecurity in complex households in northern Burkina Faso. <i>Food Policy</i> , 2012 , 37, 217-225	5	19
151	Body mass index trajectories from adolescence to midlife: differential effects of parental and respondent education by race/ethnicity and gender. <i>Ethnicity and Health</i> , 2012 , 17, 337-62	2.2	19
150	Persistent Food Insecurity Is Associated with Adverse Mental Health among Women Living with or at Risk of HIV in the United States. <i>Journal of Nutrition</i> , 2019 , 149, 240-248	4.1	19
149	Very Low Food Security in US Households Is Predicted by Complex Patterns of Health, Economics, and Service Participation. <i>Journal of Nutrition</i> , 2017 , 147, 1992-2000	4.1	18
148	Sociocultural Influences on Food Choices and Implications for Sustainable Healthy Diets. <i>Food and Nutrition Bulletin</i> , 2020 , 41, 59S-73S	1.8	18
147	Changes in Underlying Determinants Explain Rapid Increases in Child Linear Growth in Alive & Thrive Study Areas between 2010 and 2014 in Bangladesh and Vietnam. <i>Journal of Nutrition</i> , 2017 , 147, 462-469	4.1	17
146	Cohort Profile: The Maternal and Infant Nutrition Interventions in Matlab (MINIMat) cohort in Bangladesh. <i>International Journal of Epidemiology</i> , 2018 , 47, 1737-1738e	7.8	17
145	Gaps between breastfeeding awareness and practices in Vietnamese mothers result from inadequate support in health facilities and social norms. <i>Journal of Nutrition</i> , 2014 , 144, 1811-7	4.1	17
144	Documenting large-scale programs to improve infant and young child feeding is key to facilitating progress in child nutrition. <i>Food and Nutrition Bulletin</i> , 2013 , 34, S143-5	1.8	17
143	Policy instruments used by States seeking to improve school food environments. <i>American Journal of Public Health</i> , 2012 , 102, 222-9	5.1	17
142	Body mass index trajectories during infancy and pediatric obesity at 6 years. <i>Annals of Epidemiology</i> , 2017 , 27, 708-715.e1	6.4	16

141	Appropriate Use of Linear Growth Measures to Assess Impact of Interventions on Child Development and Catch-Up Growth. <i>Advances in Nutrition</i> , 2019 , 10, 372-379	10	16
140	Early invitation to food and/or multiple micronutrient supplementation in pregnancy does not affect body composition in offspring at 54 months: follow-up of the MINIMat randomised trial, Bangladesh. <i>Maternal and Child Nutrition</i> , 2015 , 11, 385-97	3.4	16
139	Enhancements to nutrition program in Indian integrated child development services increased growth and energy intake of children. <i>Journal of Nutrition</i> , 2011 , 141, 680-4	4.1	16
138	Nutrition in adolescent growth and development. <i>Lancet, The</i> , 2021 ,	40	16
137	Household Food Insecurity is Associated With Greater Growth in Body Mass Index Among Female Children from Kindergarten Through Eighth Grade. <i>Journal of Hunger and Environmental Nutrition</i> , 2016 , 11, 227-241	1.5	16
136	Engagement of Husbands in a Maternal Nutrition Program Substantially Contributed to Greater Intake of Micronutrient Supplements and Dietary Diversity during Pregnancy: Results of a Cluster-Randomized Program Evaluation in Bangladesh. <i>Journal of Nutrition</i> , 2018 , 148, 1352-1363	4.1	16
